Dear Sirs,

You ask for comments on the matter referenced in the subject line above, specifically:

- The issue of whether the Preliminary Meeting should be delayed until mid-July 2022
- The Applicant's proposed timetable to consult further on amendments intended to form the formal Change Request to be made to the ExA.

In response my comments are:

The meeting should not be delayed. All parties have had adequate time to manage all issues and contingencies.

The Applicant's proposed timetable should be ignored and the original timetable should be respected for the same reasons as above.

Yours Faithfully  
Paul Mangell
