Subject: REF EN EN010106 ON BEHALF OF WORLINGTON PARISH COUNCIL
Date: 18 May 2022 21:36:42

Cllr. Paula MacKenzie, I am writing this on behalf of Worlington parish Council worlingtonparishcouncil@live.com
We are in agreement with the Parish Alliance (which we are part of) and the Say NO to Sunnica Action Group responses, further to the statements in their emails, Worlington parish council would like to add the following;

A. Whether the Preliminary Meeting should be delayed until Mid-July 2022

We do not agree to the Preliminary meeting being delayed until mid July 2022.

If a delay is to be passed, we feel any delays should be pushed back, at least to the second week of September 2022. Overlapping summer holidays where many interested parties will not be present isn't an ideal situation.

B. The Applicant's proposed timetable to consult further on amendments intended to form the formal Change Request to be made to the ExA

We feel, with the changes being proposed by Sunnica that a full Public consultation should be held.

Lastly- Please note I have submitted two responses via this email. One being from Worlington Parish Council, I am their representative. This is due to the clerk, who has the only access to our registered email is currently unavailable.

Cllr Paula MacKenzie
