Dear Sirs,

Thank you for your email of 4 May 2022 and the opportunity to comment on the request and options by Sunnica set out in Pinsent Masons' email of 28 April 2022.

The new proposals submitted by Sunnica are so fundamentally different from the original application they will have additional hugely detrimental ramifications for the local community. Because of this they need to be subjected to a further Statutory Consultation before their viability can be considered.

This obviously cannot be achieved within the time-frame suggested by Sunnica and it is hoped that any new plans presented after Consultation will be more robustly and thoroughly investigated before submission e.g. agreement with the National Grid must be confirmed as it is obviously a vital necessity for the whole proposed project.

Yours faithfully,
L. Breeze
