

[REDACTED]. I am therefore unable to attend any hearing in person. I request therefore that all hearings are blended allowing virtual participation.

As previously advised I consider the examination timetable to be prejudicial to the ability of local people to participate by placing a key deadline of the submission on written representations during school holidays.

I would like there to be Issue Specific Hearings on Design, Battery Storage, Carbon and Agriculture. The Design ISH should cover how the paucity of information in the Application will be dealt with if consent is recommended.
