00:00:18.100 --> 00:00:18.800  
everyone

1

00:00:27.200 --> 00:00:30.800  
Thank you. It's a 10 minutes past 12. The preliminary

2

00:00:30.800 --> 00:00:32.900  
meeting is reconvened.

3

00:00:33.800 --> 00:00:36.000  
So I think I'd like

4

00:00:36.500 --> 00:00:40.800  
at this stage to ask the statutory

5

00:00:39.800 --> 00:00:42.200  
post Mr. Griffith. Yes. Sorry

6

00:00:42.200 --> 00:00:45.500  
for you. Ask that question and I thought I'd be helpful

7

00:00:45.500 --> 00:00:48.300  
to go back to your letter the reference the letter the 28th of

8

00:00:48.300 --> 00:00:51.100  
April 2022 to clarify that

9

00:00:51.100 --> 00:00:54.800  
question. You posed to me that's helpful. So we

10

00:00:54.800 --> 00:00:58.400  
looked at the letter of the 28th of April and the

11

00:00:57.400 --> 00:01:00.500  
table we refer to Simply describes the

12

00:01:00.500 --> 00:01:02.300  
proposed changes doesn't list the documents.

13

00:01:03.300 --> 00:01:06.100

It's a description approach changes. I can confirm that

14

00:01:06.100 --> 00:01:09.700

that list set out in that it lets of April 22

15

00:01:09.700 --> 00:01:13.000

is accurate and reflects the changes at

16

00:01:12.400 --> 00:01:15.900

that time and will be in the pose change application what

17

00:01:15.900 --> 00:01:18.300

that table does not include as you alluded to

18

00:01:18.300 --> 00:01:22.600

would be the over sailing land that's

19

00:01:21.600 --> 00:01:24.500

only risen as a result of last week. That

20

00:01:24.500 --> 00:01:27.600

would be the only additional change in

21

00:01:27.600 --> 00:01:28.100

that table.

22

00:01:29.900 --> 00:01:33.200

And as I mentioned earlier, the application will include both

23

00:01:32.200 --> 00:01:35.500

track changes and clean versions of

24

00:01:35.500 --> 00:01:38.200

the documents that we consider would need to be amended. Should you accept

25

00:01:38.200 --> 00:01:40.000

the proposed change application?

26

00:01:45.900 --> 00:01:47.400  
Thank you. Thank you.

27  
00:01:51.700 --> 00:01:52.600  
So you got there?

28  
00:01:53.900 --> 00:01:56.400  
microphones on mute

29  
00:01:58.900 --> 00:02:03.100  
okay, so I want to ask strategy

30  
00:02:01.100 --> 00:02:05.600  
parties and interested parties whether

31  
00:02:04.600 --> 00:02:08.200  
they would like to respond to the

32  
00:02:07.200 --> 00:02:10.400  
applicants statements and I think

33  
00:02:10.400 --> 00:02:14.800  
the easiest thing is to go around the table, I think so we'll

34  
00:02:14.800 --> 00:02:15.500  
start with

35  
00:02:17.800 --> 00:02:20.400  
But I've got Cambridge Cambridge County

36  
00:02:20.400 --> 00:02:20.900  
Council.

37  
00:02:23.300 --> 00:02:26.400  
The yes, you will

38  
00:02:26.400 --> 00:02:30.100  
have the benefit of me. Could you just give you I

39  
00:02:29.100 --> 00:02:32.400  
said Mr. Bedford? No, it's

40

00:02:32.400 --> 00:02:35.600

Mr. Mohamed. Sorry I should have said it's Mr. Mohammed

41

00:02:35.600 --> 00:02:37.700

online. Yes.

42

00:02:38.600 --> 00:02:42.000

Yes, I'll be after Cambridge account Council and East Cambridge

43

00:02:41.500 --> 00:02:44.000

District Council. Where are you

44

00:02:44.100 --> 00:02:47.300

now? You still on the train? No, I actually I actually got off

45

00:02:47.300 --> 00:02:50.300

stevenage where the train that was supposed to be taking me

46

00:02:50.300 --> 00:02:53.400

to Cambridge has gone back to backwards and

47

00:02:53.400 --> 00:02:56.400

they stopped at stevenage and I've got office stevenage and

48

00:02:56.400 --> 00:02:59.700

I'm sitting in a brutalist building trying to

49

00:02:59.700 --> 00:03:02.300

find a way way back

50

00:03:02.300 --> 00:03:05.700

but I don't think I'm gonna make it tonight because they're offering they're

51

00:03:05.700 --> 00:03:08.900

offering us the bus services to Cambridge.

52

00:03:10.300 --> 00:03:14.600

Right. Okay, so if you're comfortable to so it's

53

00:03:14.600 --> 00:03:17.200

comfortable as you can be to proceed. Thank you. Thank you,

54

00:03:17.200 --> 00:03:20.700

sir. I'm next to a theater. So it may be that you might hear some performances,

55

00:03:20.700 --> 00:03:27.400

but but I am comfortable for now. So I'll

56

00:03:25.400 --> 00:03:29.700

just take the letter

57

00:03:28.700 --> 00:03:32.100

that I've heard everything that Mr.

58

00:03:31.100 --> 00:03:32.600

Griffiths.

59

00:03:33.100 --> 00:03:37.200

said on behalf of the just of

60

00:03:36.200 --> 00:03:39.100

Sonic are here, but I'm going to guide my

61

00:03:39.100 --> 00:03:41.500

thoughts based on the letter that you

62

00:03:42.500 --> 00:03:45.700

As the examining Authority released on the 22nd of

63

00:03:45.700 --> 00:03:48.200

July, which I think is very helpful in terms of

64

00:03:48.200 --> 00:03:51.400

setting out the dates that have

65

00:03:51.400 --> 00:03:54.400

happened along the way. I'm very mindful of

66

00:03:54.400 --> 00:03:57.500

the fact that we're not here to discuss any substance and so

67

00:03:57.500 --> 00:04:00.500

my overarching points are going to go towards

68

00:04:01.200 --> 00:04:02.800

two of two themes

69

00:04:03.500 --> 00:04:06.500

The first actions it picks up something that you said which

70

00:04:06.500 --> 00:04:09.400

was about how much confidence can we have?

71

00:04:10.200 --> 00:04:14.000

In relation to what Sonicare

72

00:04:13.100 --> 00:04:16.300

is proposing to do in the next couple of

73

00:04:16.300 --> 00:04:16.400

months.

74

00:04:17.800 --> 00:04:18.900

and the second theme

75

00:04:20.300 --> 00:04:23.800

relates to processes that need

76

00:04:23.800 --> 00:04:26.700

to take place within the County Council

77

00:04:26.700 --> 00:04:27.800

and the District Council

78

00:04:29.700 --> 00:04:32.400

in the day in the dates that are

79

00:04:32.400 --> 00:04:35.800

to come which will have to be taken into

80

00:04:35.800 --> 00:04:38.700

account very carefully in order for both of

81

00:04:38.700 --> 00:04:42.200

the authorities to be able to make meaningful contributions

82

00:04:41.200 --> 00:04:43.600

to this examination.

83

00:04:44.300 --> 00:04:47.500

So Guided by those two

84

00:04:47.500 --> 00:04:51.200

two themes. So the

85

00:04:50.200 --> 00:04:54.000

first thing I would say is that the council's the

86

00:04:53.200 --> 00:04:56.200

district and and the county are being

87

00:04:56.200 --> 00:04:56.800

quite troubled by.

88

00:04:58.100 --> 00:05:01.300

What we've seen so far in terms of how the dates have

89

00:05:01.300 --> 00:05:04.300

been allowed to slip and what we

90

00:05:04.300 --> 00:05:07.700

consider to be quite basic checks around

91

00:05:07.700 --> 00:05:10.400

notices and the extra land

92

00:05:10.400 --> 00:05:13.200

that's going to be required and for example

93

00:05:13.200 --> 00:05:16.700  
things such as putting the right advertisement in

94  
00:05:16.700 --> 00:05:18.100  
in the Press.

95  
00:05:19.600 --> 00:05:23.200  
And so I don't know whether the question is for the applicant

96  
00:05:22.200 --> 00:05:26.000  
to start thinking about whether at this

97  
00:05:25.200 --> 00:05:28.900  
stage. It may be necessary to allocate additional

98  
00:05:28.900 --> 00:05:31.400  
resources or to think about how much more

99  
00:05:31.400 --> 00:05:34.100  
time they're going to need but it seems

100  
00:05:34.100 --> 00:05:35.300  
to us that

101  
00:05:37.100 --> 00:05:40.300  
It is quite ambitious for all of these changes to be

102  
00:05:40.300 --> 00:05:43.300  
done and consulted upon and for the dates

103  
00:05:43.300 --> 00:05:46.300  
that are being currently proposed to be met at this current

104  
00:05:46.300 --> 00:05:49.400  
stage. Now Sonica may be

105  
00:05:49.400 --> 00:05:52.700  
able to meet those dates, but the only contribution we

106  
00:05:52.700 --> 00:05:56.600  
have on is that to date that's next

107

00:05:56.600 --> 00:05:59.600

actions and what they have done doesn't feel

108

00:05:59.600 --> 00:06:02.100

us with much confidence that that's going to be possible.

109

00:06:03.200 --> 00:06:07.300

Now then thinking about the processes

110

00:06:06.300 --> 00:06:09.600

within the local Authority if I

111

00:06:09.600 --> 00:06:12.500

just take a structure District Council, for

112

00:06:12.500 --> 00:06:12.700

example

113

00:06:15.300 --> 00:06:19.100

You could put the lir is an

114

00:06:18.100 --> 00:06:21.900

action that can be taken by the officers.

115

00:06:23.300 --> 00:06:27.600

To give an impact report to assess

116

00:06:27.600 --> 00:06:30.400

find them by officers as

117

00:06:30.400 --> 00:06:33.500

the professional body of the authority in

118

00:06:33.500 --> 00:06:34.900

responding to these things.

119

00:06:36.400 --> 00:06:40.200

and that obviously takes time

120

00:06:39.200 --> 00:06:42.600  
and that will have to take account of

121  
00:06:42.600 --> 00:06:45.700  
the next few weeks and months that will

122  
00:06:45.700 --> 00:06:48.500  
have to take account of what where

123  
00:06:48.500 --> 00:06:51.600  
we are in terms of resources and the like

124  
00:06:52.700 --> 00:06:55.600  
Now when it comes to the written rep

125  
00:06:55.600 --> 00:06:56.200  
stage.

126  
00:06:57.700 --> 00:07:00.700  
The district council is taking

127  
00:07:00.700 --> 00:07:04.400  
the approach that it requires its members

128  
00:07:04.400 --> 00:07:07.600  
to effectively ratify what those written

129  
00:07:07.600 --> 00:07:09.300  
representations. You look like.

130  
00:07:09.900 --> 00:07:13.800  
And that means that certain meetings.

131  
00:07:14.800 --> 00:07:17.400  
Sometimes extraordinary meetings of members

132  
00:07:17.400 --> 00:07:17.800  
meeting.

133  
00:07:18.800 --> 00:07:21.400  
Need to be placed in the diary with all the

134

00:07:21.400 --> 00:07:23.800  
statutory dates and notifications.

135

00:07:25.100 --> 00:07:29.000  
Which also need to align with your own deadlines and

136

00:07:28.400 --> 00:07:31.400  
those that are to be met by Seneca?

137

00:07:33.600 --> 00:07:36.800  
And what that effectively means is that the local impact

138

00:07:36.800 --> 00:07:39.900  
report can be released mindful of leave and

139

00:07:39.900 --> 00:07:42.500  
other pressures that the local Authority is

140

00:07:42.500 --> 00:07:42.600  
facing.

141

00:07:43.400 --> 00:07:46.500  
But the written representation will require a

142

00:07:46.500 --> 00:07:50.900  
democratic process locally, then effectively

143

00:07:50.900 --> 00:07:53.000  
also endorses the local impact.

144

00:07:54.100 --> 00:07:58.800  
Now all that to say that when

145

00:07:57.800 --> 00:08:00.400  
you all three

146

00:08:00.400 --> 00:08:03.500  
of you sit down and start thinking about what the timetable looks

147

00:08:03.500 --> 00:08:06.500

like and whether we can have confidence in what Sonicare is

148

00:08:06.500 --> 00:08:06.800

telling us.

149

00:08:08.200 --> 00:08:11.800

It is absolutely critical that you understand that certainly

150

00:08:11.800 --> 00:08:13.900

for East Cambridge or District Council.

151

00:08:15.800 --> 00:08:17.500

There are many sort of.

152

00:08:19.400 --> 00:08:22.300

plates that need to be spun at the same time in order for

153

00:08:22.300 --> 00:08:23.400

the deadlines to be met

154

00:08:27.200 --> 00:08:30.200

And so that that covers what I wanted to share with you in terms of the

155

00:08:30.200 --> 00:08:33.900

the district council as far as the County Council

156

00:08:33.900 --> 00:08:34.400

in a way.

157

00:08:36.400 --> 00:08:38.200

Their processes are slightly simpler.

158

00:08:39.200 --> 00:08:41.000

and their processes

159

00:08:41.800 --> 00:08:45.200

and the hopefully a

160

00:08:44.200 --> 00:08:47.300

slightly easier to manage when it

161

00:08:47.300 --> 00:08:51.200

comes to the aspects that I've just described that are important

162

00:08:50.200 --> 00:08:53.600

to the district council, but there

163

00:08:53.600 --> 00:08:56.100

are still important aspects to

164

00:08:56.100 --> 00:08:59.200

all of this for the County Council namely that they want

165

00:08:59.200 --> 00:09:00.900

to be as transparent as possible.

166

00:09:02.100 --> 00:09:06.700

They want to make sure that the process is as public as possible.

They

167

00:09:05.700 --> 00:09:09.300

will be exercising delegated powers.

168

00:09:08.300 --> 00:09:11.900

But at the same time those delegated powers

169

00:09:11.900 --> 00:09:14.100

have to be exercised in a way

170

00:09:14.100 --> 00:09:18.000

that is proportionate and especially in

171

00:09:17.300 --> 00:09:20.600

a way that ensures that there is

172

00:09:20.600 --> 00:09:23.700

sufficient time to make meaningful

173

00:09:23.700 --> 00:09:27.100

contributions to the forthcoming changes.

174

00:09:29.200 --> 00:09:32.100

And they will need time to digest that inclination.

175

00:09:32.900 --> 00:09:35.600

And then put together a coherent response

176

00:09:35.600 --> 00:09:36.200

that helps you.

177

00:09:39.800 --> 00:09:40.200

and so

178

00:09:42.100 --> 00:09:45.300

putting those pieces together. We have seen

179

00:09:45.300 --> 00:09:48.400

the history that you have laid out in your letter

180

00:09:48.400 --> 00:09:51.800

very helpfully from April to May to

181

00:09:51.800 --> 00:09:54.100

June to July. We are now

182

00:09:54.100 --> 00:09:58.400

moving on to August September and potentially even

183

00:09:58.400 --> 00:10:02.000

with the local impact reports not really going

184

00:10:01.200 --> 00:10:03.700

to be completed until October.

185

00:10:04.800 --> 00:10:07.600

You couple that with the question about what confidence we

186

00:10:07.600 --> 00:10:10.300

can have you then layer on top

187

00:10:10.300 --> 00:10:13.600  
of that the local Democratic processes and the

188  
00:10:13.600 --> 00:10:17.000  
need for time to make country, you know meaningful contributions.

189  
00:10:18.600 --> 00:10:19.700  
and it all brings us to

190  
00:10:20.800 --> 00:10:24.100  
the door the door of saying what what

191  
00:10:23.100 --> 00:10:26.400  
really do those dates now look like

192  
00:10:27.700 --> 00:10:30.100  
and how realistic are the dates that we

193  
00:10:30.100 --> 00:10:33.300  
are now going to decide upon in this preliminary meeting going

194  
00:10:33.300 --> 00:10:37.500  
to be if the Sonic has suggestions are

195  
00:10:37.500 --> 00:10:38.100  
to be followed.

196  
00:10:39.700 --> 00:10:42.600  
A try very hard and panel

197  
00:10:42.600 --> 00:10:45.400  
to not stay into the substance because I've

198  
00:10:45.400 --> 00:10:48.600  
heard everything that Mr. Griffiths talked about in relation to  
various

199  
00:10:48.600 --> 00:10:51.900  
aspects about the Junctions and the over sailing

200  
00:10:51.900 --> 00:10:54.900

and whether they might be controversial issues, but I

201

00:10:54.900 --> 00:10:57.200

I finished where I started which is

202

00:10:57.200 --> 00:11:00.300

about your question about confidence, and I finished with another question

203

00:11:00.300 --> 00:11:04.100

you asked about for example, unforeseen issues

204

00:11:03.100 --> 00:11:06.400

or environmental impacts that

205

00:11:06.400 --> 00:11:09.300

we haven't seen or controversial issues that may come

206

00:11:09.300 --> 00:11:13.300

forward in the future and and that's unless

207

00:11:12.300 --> 00:11:15.500

you have any particular questions is is the

208

00:11:15.500 --> 00:11:18.700

brief submissions on what we are thinking at

209

00:11:18.700 --> 00:11:21.800

this precise Moment In Time on behalf of the East

210

00:11:21.800 --> 00:11:25.700

Cambridge District Council and Cambridge accounting

211

00:11:25.700 --> 00:11:26.500

Council. Thank you.

212

00:11:27.500 --> 00:11:30.400

Yes, thank you, Mr. Mohammed. Those submissions are noted.

213

00:11:31.900 --> 00:11:34.700

I'll turn now, I think to Suffolk County

214

00:11:34.700 --> 00:11:37.400

Council Mr. Bedford. Are you there?

215

00:11:38.700 --> 00:11:41.800

Thank you, sir. Yes, Michael Bedford Suffolk County Council.

216

00:11:43.100 --> 00:11:46.900

So I think for key points

217

00:11:46.900 --> 00:11:49.900

that we would want to make at this

218

00:11:49.900 --> 00:11:52.800

stage. The first

219

00:11:52.800 --> 00:11:55.700

is that we consider that

220

00:11:55.700 --> 00:11:58.400

it is strongly preferable that the

221

00:11:58.400 --> 00:12:02.200

change request needs to be submitted

222

00:12:01.200 --> 00:12:05.300

to the examination and accepted.

223

00:12:04.300 --> 00:12:07.300

It values. Obviously your

224

00:12:07.300 --> 00:12:11.400

decision before the examination

225

00:12:10.400 --> 00:12:13.900

itself star.

226

00:12:15.500 --> 00:12:19.200

And we consider that that

227

00:12:18.200 --> 00:12:22.000  
is strongly preferable in.

228  
00:12:27.600 --> 00:12:31.000  
Ensures that everybody understands. What

229  
00:12:30.200 --> 00:12:33.200  
is the application which is being

230  
00:12:33.200 --> 00:12:34.000  
examined.

231  
00:12:35.600 --> 00:12:39.300  
Before any of the deadlines for submissions in

232  
00:12:39.300 --> 00:12:42.600  
the examination coming to pass and people

233  
00:12:42.600 --> 00:12:45.200  
can therefore focus on the examination.

234  
00:12:46.200 --> 00:12:50.000  
As changed in both their

235  
00:12:49.700 --> 00:12:52.700  
proprietary work and in the submissions that

236  
00:12:52.700 --> 00:12:53.900  
they make to you.

237  
00:12:54.600 --> 00:12:58.000  
We think that that simple approach best

238  
00:12:57.600 --> 00:13:00.700  
reflects. I think the points made by

239  
00:13:00.700 --> 00:13:04.000  
the examining Authority in your letter of the 22nd of

240  
00:13:03.300 --> 00:13:06.500  
July and obviously

241

00:13:06.500 --> 00:13:09.300

there's a number of paragraphs where you have as it were

242

00:13:09.300 --> 00:13:14.100

referred to your thinking that the change application

243

00:13:12.100 --> 00:13:15.100

or sorry. The

244

00:13:15.100 --> 00:13:18.300

change request would be with you by the time of

245

00:13:18.300 --> 00:13:21.500

the preliminary meeting. It also

246

00:13:21.500 --> 00:13:24.400

reflects what the applicants preferred position was our

247

00:13:24.400 --> 00:13:28.100

set out in their letter of the 19th of April of 2022.

248

00:13:27.100 --> 00:13:30.200

That's as 17

249

00:13:33.200 --> 00:13:36.800

And we think the day as it

250

00:13:36.800 --> 00:13:39.600

were a suboptimal way would be to start the

251

00:13:39.600 --> 00:13:43.100

examination but start pushing the deadlines

252

00:13:42.100 --> 00:13:46.500

and in particular deadline one back to

253

00:13:45.500 --> 00:13:49.200

allow for the

254

00:13:48.200 --> 00:13:50.400  
outstanding matters to happen.

255  
00:13:51.300 --> 00:13:53.700  
Is really just a recipe for complication.

256  
00:13:54.500 --> 00:13:55.400  
and confusion

257  
00:13:56.700 --> 00:13:59.800  
and it also puts the examination as it

258  
00:13:59.800 --> 00:14:02.700  
were at the risk that if Mr.

259  
00:14:02.700 --> 00:14:05.400  
Griffiths confidence turns out to be misplaced.

260  
00:14:06.800 --> 00:14:09.500  
Once the able to see the examination has started as

261  
00:14:09.500 --> 00:14:14.600  
you know, well, sir, you're six month deadline automatically  
applies.

262  
00:14:15.400 --> 00:14:19.600  
And so obviously the flexibility to deal with untoward events

263  
00:14:19.600 --> 00:14:21.100  
is very much diminished.

264  
00:14:22.200 --> 00:14:25.500  
So that sir is our first and overarching point

265  
00:14:25.500 --> 00:14:28.500  
that we suggest that the change request is

266  
00:14:28.500 --> 00:14:31.500  
made and accepted before the examination starts.

267  
00:14:32.100 --> 00:14:36.500

Secondly, we would ask you to note obviously in

268

00:14:35.500 --> 00:14:38.200

terms of the consultation that has been

269

00:14:38.200 --> 00:14:39.800

undertaken thus far.

270

00:14:40.700 --> 00:14:45.700

On the change request but you rightly

271

00:14:43.700 --> 00:14:46.100

drew attention

272

00:14:46.100 --> 00:14:50.800

the fact that you haven't actually seen that consultation documentation. We

273

00:14:49.800 --> 00:14:51.600

obviously have

274

00:14:52.400 --> 00:14:55.200

I I don't trouble you with it, but just to note

275

00:14:55.200 --> 00:14:57.100

it was more in the form of a brochure.

276

00:14:58.100 --> 00:15:02.300

Rather than providing the supporting documentation.

277

00:15:04.200 --> 00:15:07.300

Which is included in the list of

278

00:15:07.300 --> 00:15:10.400

material that Mr. Griffith is outlined will be

279

00:15:10.400 --> 00:15:13.300

submitted to you as part of the formal change request.

280

00:15:15.300 --> 00:15:18.500

now opposite it's the applicant's choice is to how it wanted to

281

00:15:18.500 --> 00:15:22.400

carry out that consultation, but it does mean that

282

00:15:21.400 --> 00:15:24.600

because there was lesser detail

283

00:15:24.600 --> 00:15:28.100

than there might have been provided obviously

284

00:15:27.100 --> 00:15:30.100

consultation responses were limited by

285

00:15:31.300 --> 00:15:34.700

What was presented which carries

286

00:15:34.700 --> 00:15:37.600

with it the risk that when we see the full documentation

287

00:15:37.600 --> 00:15:40.400

with the change request. It may

288

00:15:40.400 --> 00:15:43.800

well be that it exposes issues

289

00:15:43.800 --> 00:15:44.900

that weren't apparent.

290

00:15:46.100 --> 00:15:50.000

From the brochure type consultation that was

291

00:15:49.500 --> 00:15:51.800

undertaken in June through July.

292

00:15:54.400 --> 00:15:58.200

Again, that possibly has residency or point about confidence in

293

00:15:57.200 --> 00:16:01.800

achieving matters. Obviously the

294

00:16:01.800 --> 00:16:04.200  
second element to the consultation, which is

295  
00:16:04.200 --> 00:16:07.100  
just starting in relation to the

296  
00:16:07.100 --> 00:16:08.100  
over sailing.

297  
00:16:08.800 --> 00:16:11.500  
That is a matter. Which

298  
00:16:11.500 --> 00:16:14.700  
to the County Council a Suffolk County Council has

299  
00:16:14.700 --> 00:16:17.400  
probably a stronger interest because it

300  
00:16:17.400 --> 00:16:20.300  
impacts on mildenhall road for which

301  
00:16:20.300 --> 00:16:22.500  
the County Council is the local Highway Authority.

302  
00:16:25.500 --> 00:16:25.700  
and

303  
00:16:27.900 --> 00:16:31.100  
we remain to be

304  
00:16:30.100 --> 00:16:33.800  
persuaded that all issues

305  
00:16:33.800 --> 00:16:37.800  
have yet been adequately addressed so

306  
00:16:36.800 --> 00:16:40.600  
as to safeguard Highway interests.

307  
00:16:41.900 --> 00:16:45.000  
And it's not just there for an issue of temporary possession

308

00:16:44.400 --> 00:16:48.000

and possible rights issues that

309

00:16:47.500 --> 00:16:51.700

will need to be addressed. So we

310

00:16:50.700 --> 00:16:53.500

have to reserve our position.

311

00:16:54.600 --> 00:16:57.500

On the effects of what is proposed?

312

00:17:00.200 --> 00:17:05.700

And that then brings me to show I

313

00:17:04.700 --> 00:17:07.600

think I probably straight slightly. My

314

00:17:07.600 --> 00:17:11.000

second point to my third point of probably that combined because

315

00:17:10.300 --> 00:17:14.200

the second Point probably putting it clearly is that

316

00:17:13.200 --> 00:17:17.400

in relation to the existing consultation. We

317

00:17:16.400 --> 00:17:20.300

haven't seen sufficient detail

318

00:17:20.300 --> 00:17:25.200

to enable us to give clear answers as

319

00:17:24.200 --> 00:17:27.200

to all effects that we reserve

320

00:17:27.200 --> 00:17:30.100

Obsession on that so far as over sailing and this

321

00:17:30.100 --> 00:17:33.300  
is the third point I say I make that point the Milton Hall

322  
00:17:33.300 --> 00:17:37.100  
Road issue is a matter where we do need to see full documentation

323  
00:17:36.100 --> 00:17:39.700  
to understand what extent

324  
00:17:39.700 --> 00:17:42.400  
there are consequences for the

325  
00:17:42.400 --> 00:17:42.600  
highway.

326  
00:17:43.700 --> 00:17:46.200  
And then fourthly and it's probably

327  
00:17:46.200 --> 00:17:49.400  
a summation of those preceding points. We're simply

328  
00:17:49.400 --> 00:17:52.300  
not in a position to express a view

329  
00:17:52.300 --> 00:17:55.800  
on the degree of confidence that the applicant has

330  
00:17:55.800 --> 00:17:59.600  
in whether it can meet it timetable of

331  
00:17:58.600 --> 00:18:01.400  
end of August for the

332  
00:18:01.400 --> 00:18:04.800  
change request or not because

333  
00:18:04.800 --> 00:18:08.000  
we simply haven't seen sufficient to enable

334  
00:18:07.200 --> 00:18:10.000  
us to former and informed view on that.

335

00:18:11.300 --> 00:18:14.500

Such that those are our 4 Points.

336

00:18:14.500 --> 00:18:17.800

I should say perhaps just by way of completeness that the

337

00:18:17.800 --> 00:18:20.400

County Council Cambridge. Sorry the Suffolk County

338

00:18:20.400 --> 00:18:23.900

Council does have delegated Arrangements in

339

00:18:23.900 --> 00:18:24.400

place.

340

00:18:25.300 --> 00:18:29.500

So the process issues that Mr. Mohammed

341

00:18:28.500 --> 00:18:31.700

referred to our probably more

342

00:18:31.700 --> 00:18:34.400

manageable for Suffolk County

343

00:18:34.400 --> 00:18:37.300

Council, but I save

344

00:18:37.300 --> 00:18:41.000

the content of representations. We return

345

00:18:40.300 --> 00:18:43.000

to the point. We all ought

346

00:18:43.100 --> 00:18:46.700

to be clear what the application is before we have to address it,  
and

347

00:18:46.700 --> 00:18:49.300

we don't want to engage in abortive work. Thank you,

348

00:18:49.300 --> 00:18:49.600

sir.

349

00:18:50.700 --> 00:18:53.600

Thank you very much, Mr. Bedford. Those submissions are noted.

350

00:18:53.600 --> 00:18:56.800

I'll go to West Suffolk

351

00:18:56.800 --> 00:18:59.100

Council. Now if you wish to

352

00:18:59.100 --> 00:19:02.600

say anything on yes, yes, please. Thank you, sir. Julie

353

00:19:02.600 --> 00:19:06.400

Barry for West Suffolk Council and just

354

00:19:05.400 --> 00:19:08.200

like it in general to concur with the

355

00:19:08.200 --> 00:19:12.000

points that have been made on behalf of the the other local authorities

356

00:19:11.800 --> 00:19:14.600

in respect of West Suffolk Council. And

357

00:19:14.600 --> 00:19:17.500

we do believe there are resource implications for us

358

00:19:17.500 --> 00:19:20.700

in terms of dealing with an additional

359

00:19:20.700 --> 00:19:23.200

consultation. Which whilst Suffolk County

360

00:19:23.200 --> 00:19:27.000

Council are the highway Authority. The overseeing issue

361

00:19:26.100 --> 00:19:29.600  
is within the District of West Suffolk. So no doubt we

362  
00:19:29.600 --> 00:19:32.600  
and our members want to have time to review

363  
00:19:32.600 --> 00:19:35.600  
that information and we do feel that we we need

364  
00:19:35.600 --> 00:19:38.600  
to see that detail together with the full change

365  
00:19:38.600 --> 00:19:41.900  
request before we could fully put

366  
00:19:41.900 --> 00:19:44.800  
together a local impact report and and take

367  
00:19:44.800 --> 00:19:47.800  
them out of forward. We do have delegated authority

368  
00:19:47.800 --> 00:19:49.900  
to issue decisions.

369  
00:19:51.100 --> 00:19:54.400  
But they are still subjects to democratic processes that

370  
00:19:54.400 --> 00:19:58.000  
we need to go through and we do need to allow time in

371  
00:19:57.200 --> 00:20:00.100  
the the timetable for us to be

372  
00:20:00.100 --> 00:20:03.600  
able to do that. So that as I say there are also resourcing and

373  
00:20:03.600 --> 00:20:06.400  
timing implications for us but

374  
00:20:06.400 --> 00:20:09.100  
in general so we would concur with

375

00:20:09.100 --> 00:20:11.300

the opinions of the other influence.

376

00:20:12.400 --> 00:20:12.500

Thank you.

377

00:20:20.700 --> 00:20:24.000

So I've got the views of the local authorities.

378

00:20:25.600 --> 00:20:27.400

Parish councils

379

00:20:28.500 --> 00:20:31.600

to somebody from Parish Council which to

380

00:20:33.500 --> 00:20:35.600

respond at this at this time.

381

00:20:37.100 --> 00:20:38.100

If not

382

00:20:38.900 --> 00:20:42.500

Yes. Yes, Madam. Yeah, I'm Fiona

383

00:20:41.500 --> 00:20:44.200

Maxwell. I'm chipping and Parish

384

00:20:44.200 --> 00:20:47.400

Council. I'm charged chip in Paris Council and also chair

385

00:20:47.400 --> 00:20:50.700

of the parish council's Alliance which represents the interests of

386

00:20:50.700 --> 00:20:53.600

14 parish and town councils with

387

00:20:53.600 --> 00:20:55.200

regard to the Sanchez scheme.

388

00:20:55.900 --> 00:20:58.900  
I'm concerned by the time table currently proposed.

389  
00:20:59.500 --> 00:21:02.500  
As it stands interested parties have been given one month

390  
00:21:02.500 --> 00:21:05.400  
August to prepare detailed written responses

391  
00:21:05.400 --> 00:21:08.500  
and that simply not adequate for us to achieve.

392  
00:21:08.500 --> 00:21:11.500  
There are many aspects to this complex scheme and

393  
00:21:11.500 --> 00:21:12.700  
most of us are not experts.

394  
00:21:13.700 --> 00:21:16.200  
There are too many things to do at once in a short

395  
00:21:16.200 --> 00:21:20.200  
time frame. August is the peak holiday period schools are

396  
00:21:19.200 --> 00:21:22.200  
closed and children are at home. Most of us have

397  
00:21:22.200 --> 00:21:25.700  
holiday plans. It seems a little cynical to arrange

398  
00:21:25.700 --> 00:21:28.300  
for the most crucial time for interested parties to form

399  
00:21:28.300 --> 00:21:30.300  
a response when so many will be unavailable.

400  
00:21:31.500 --> 00:21:35.200  
Further Parish councils do not meet in August again, as

401  
00:21:34.200 --> 00:21:37.300  
many are away a parish

402

00:21:37.300 --> 00:21:40.200

or Town Council representation must be agreed by

403

00:21:40.200 --> 00:21:43.500

the council and this will not be possible that Chippenham Parish

404

00:21:43.500 --> 00:21:46.300

Council. We compared our Diaries and found that it was not possible to

405

00:21:46.300 --> 00:21:48.700

convene a meeting and be core it

406

00:21:50.500 --> 00:21:54.600

though through the alliance. I know this to be true of many other councils. I'm

407

00:21:53.600 --> 00:21:56.100

also concerned that we've been asked to

408

00:21:56.100 --> 00:21:57.700

write written representations.

409

00:21:59.400 --> 00:22:02.600

On an application, which is not yet been submitted due to

410

00:22:02.600 --> 00:22:05.400

the substance of change requested by the applicant.

411

00:22:06.400 --> 00:22:09.700

The time if the timetable is modified as the applicant

412

00:22:09.700 --> 00:22:12.400

has suggested this pushes their deadline

413

00:22:12.400 --> 00:22:15.600

back to the end of August to further five weeks and a deadline

414

00:22:15.600 --> 00:22:18.200

for written representations back to the 20th of September

415

00:22:18.200 --> 00:22:21.200

just under three weeks. So they would like to give

416

00:22:21.200 --> 00:22:24.700

themselves more time whilst reducing the time that interested

417

00:22:24.700 --> 00:22:27.700

parties have to respond. This Arrangement

418

00:22:27.700 --> 00:22:30.600

is simply unfair to the community. The timetable

419

00:22:30.600 --> 00:22:33.500

needs to be adjusted if necessary to take into account the

420

00:22:33.500 --> 00:22:36.600

changes but importantly to be first the community's

421

00:22:36.600 --> 00:22:40.100

impacted and I'd like to say that we support

422

00:22:39.100 --> 00:22:42.800

the county councils and District council's

423

00:22:42.800 --> 00:22:45.900

position that the change request made and

424

00:22:45.900 --> 00:22:48.300

accepted before the consultation starts.

425

00:22:49.400 --> 00:22:52.500

Thank you, sir. Thank you very much, Maxwell.

426

00:22:53.700 --> 00:22:53.900

and

427

00:22:56.300 --> 00:22:59.700

any comments from other Parish Council and Paula

428

00:22:59.700 --> 00:23:03.100  
McKenzie Wellington Parish Council. Yes McKenzie. I'm

429  
00:23:02.100 --> 00:23:05.700  
sorry which which Wellington Wellington.

430  
00:23:06.900 --> 00:23:09.200  
I would like to just say that for the

431  
00:23:09.200 --> 00:23:12.100  
record. I do agree with everything Fiona has just said we are

432  
00:23:12.100 --> 00:23:13.800  
part of the alliance as well.

433  
00:23:15.300 --> 00:23:18.300  
And we also support the action group and all

434  
00:23:18.300 --> 00:23:19.700  
the other County councils.

435  
00:23:21.200 --> 00:23:25.000  
As for the timeframe we are not due

436  
00:23:24.200 --> 00:23:28.400  
to have our next Parish meeting until September and

437  
00:23:27.400 --> 00:23:30.800  
if we were to discuss what we

438  
00:23:30.800 --> 00:23:33.600  
were going to be putting into our written representation.

439  
00:23:34.600 --> 00:23:37.500  
This would then need to be agreed and this could

440  
00:23:37.500 --> 00:23:40.400  
take another month after that before we agreed it,

441  
00:23:40.400 --> 00:23:42.900  
which will mostly be done via email.

442

00:23:44.900 --> 00:23:47.400

We're not professionals at this. I'm learning

443

00:23:47.400 --> 00:23:50.200

as I'm going along and we are trying our best

444

00:23:50.200 --> 00:23:51.000

we need the time.

445

00:23:52.600 --> 00:23:55.300

And we need the data as well. We need all

446

00:23:55.300 --> 00:23:58.900

our information to report on thank you. Thank you

447

00:23:58.900 --> 00:23:59.100

very much.

448

00:24:01.700 --> 00:24:01.900

right

449

00:24:04.200 --> 00:24:07.100

going along the table then. Let me see.

450

00:24:12.500 --> 00:24:15.200

Red Lodge that Mr. Swords

451

00:24:16.700 --> 00:24:21.300

Yeah, yes. I really

452

00:24:21.300 --> 00:24:24.600

can't add much more than there's been said by my colleagues

453

00:24:24.600 --> 00:24:28.200

either side. We have a similar scenario with our

454

00:24:27.200 --> 00:24:31.400

actual Parish meetings this evening long day

455

00:24:31.400 --> 00:24:34.400  
and follow up meeting

456  
00:24:34.400 --> 00:24:38.900  
will be in the September. We can create

457  
00:24:37.900 --> 00:24:40.700  
a quorum decorate in

458  
00:24:40.700 --> 00:24:44.000  
early September having looked at holidays, and

459  
00:24:43.700 --> 00:24:46.400  
we've certainly this evening going to start the process

460  
00:24:46.400 --> 00:24:49.800  
of a written representation but to

461  
00:24:49.800 --> 00:24:52.700  
finalize that and get it authorized signed

462  
00:24:52.700 --> 00:24:56.100  
up by the whole Irish Community will

463  
00:24:55.100 --> 00:24:58.700  
be at least second week

464  
00:24:58.700 --> 00:24:59.000  
of September.

465  
00:24:59.900 --> 00:25:02.200  
So really just to confirm what other members

466  
00:25:02.200 --> 00:25:02.600  
of said.

467  
00:25:05.100 --> 00:25:05.300  
Thank you.

468  
00:25:07.300 --> 00:25:10.400  
Right any of the parish councils wish to

469

00:25:10.400 --> 00:25:10.500  
comment?

470

00:25:12.500 --> 00:25:13.900  
as somebody at the back

471

00:25:17.300 --> 00:25:17.500  
some

472

00:25:18.700 --> 00:25:20.000  
Mr. Radcliffe, isn't it?

473

00:25:21.700 --> 00:25:25.700  
Richard Wright, if Iceland Parish Council my

474

00:25:24.700 --> 00:25:28.300  
counselors already expended colossal

475

00:25:27.300 --> 00:25:30.800  
resources on this ever-changing scheme

476

00:25:30.800 --> 00:25:33.100  
and one proposals over the last three years.

477

00:25:33.900 --> 00:25:37.000  
We want to do one rapid one written

478

00:25:36.500 --> 00:25:39.800  
representation when the final documentation is

479

00:25:39.800 --> 00:25:42.300  
available and requests that you

480

00:25:42.300 --> 00:25:45.800  
is examiners set the deadline to written responses when

481

00:25:45.800 --> 00:25:47.000  
that is actually received.

482

00:25:47.900 --> 00:25:49.900  
Thank you. Thank you, Mr. Franklin.

483  
00:25:56.200 --> 00:25:58.700  
Right. Okay, so

484  
00:26:00.700 --> 00:26:02.200  
Mr. Steele

485  
00:26:02.900 --> 00:26:06.000  
Yes, thank you,

486  
00:26:06.300 --> 00:26:09.100  
sir. Yes. Well much has been said and I don't

487  
00:26:09.100 --> 00:26:10.800  
want to repeat everything it has been said.

488  
00:26:11.900 --> 00:26:14.300  
And Mr. Mohammed has made to

489  
00:26:14.300 --> 00:26:17.000  
the position Fair as he was concerned of path of

490  
00:26:17.100 --> 00:26:20.500  
his Council Mr. Bedford on behalf of his and also

491  
00:26:20.500 --> 00:26:23.300  
others on behalf of their local authorities. We

492  
00:26:23.300 --> 00:26:26.600  
are totally in accordance with the points being

493  
00:26:26.600 --> 00:26:29.700  
made by them that things are getting out of

494  
00:26:29.700 --> 00:26:30.000  
hand.

495  
00:26:31.700 --> 00:26:35.000  
So you have an invidious position with your fellow members

496

00:26:34.200 --> 00:26:37.600

of the of the panel or the examining authority

497

00:26:37.600 --> 00:26:40.400

to be fair throughout?

498

00:26:41.600 --> 00:26:44.400

As well as trying to ensure that

499

00:26:44.400 --> 00:26:47.000

there is given to the applicant.

500

00:26:47.900 --> 00:26:51.000

Sufficient leeway says

501

00:26:50.100 --> 00:26:54.900

to promote their application fairly

502

00:26:53.900 --> 00:26:56.500

in accordance with government policy and

503

00:26:56.500 --> 00:26:57.000

the ACT.

504

00:26:58.200 --> 00:27:01.800

The act the 2008 Act is there to try

505

00:27:01.800 --> 00:27:03.000

to speed up the planning process.

506

00:27:04.900 --> 00:27:06.300

And is effectively a privilege.

507

00:27:08.100 --> 00:27:09.600

to applicants

508

00:27:10.400 --> 00:27:14.000

to adopt a different process to the normal process of

509

00:27:13.600 --> 00:27:16.700  
planning application, which we're all familiar with in the

510  
00:27:16.700 --> 00:27:17.100  
past.

511  
00:27:18.300 --> 00:27:18.700  
you

512  
00:27:19.800 --> 00:27:23.100  
the applicant in this case is taking

513  
00:27:22.100 --> 00:27:25.600  
things to what might

514  
00:27:25.600 --> 00:27:27.700  
be described as the extreme of fairness.

515  
00:27:29.200 --> 00:27:32.600  
That extreme of fairness is voicing upon

516  
00:27:32.600 --> 00:27:35.600  
a very large community strung over

517  
00:27:35.600 --> 00:27:37.700  
some 13.5 miles. I understand.

518  
00:27:39.500 --> 00:27:42.100  
And it said to be foresight is actually

519  
00:27:42.100 --> 00:27:44.300  
between 7 and 10 if you subdivide them.

520  
00:27:45.700 --> 00:27:48.400  
And the various Villages that have

521  
00:27:48.400 --> 00:27:51.400  
remained very much the same four hundreds of years and this

522  
00:27:51.400 --> 00:27:52.600  
is being imposed upon them.

523

00:27:54.400 --> 00:27:55.300

there's about

524

00:27:56.200 --> 00:27:59.100

I say this in pejorative terms, perhaps a handful of

525

00:27:59.100 --> 00:28:03.000

people in favor of this other than those who have interests in

526

00:28:02.100 --> 00:28:04.400

the actual development itself.

527

00:28:06.900 --> 00:28:09.500

Therefore that fairness when I say is

528

00:28:09.500 --> 00:28:11.000

going to that extreme.

529

00:28:12.600 --> 00:28:15.600

Is something which is now being dealt with today in terms

530

00:28:15.600 --> 00:28:18.100

of procedural fairness, I will obviously have much to say

531

00:28:18.100 --> 00:28:20.500

about the rest of it in due course now, I'm not going to go into that now.

532

00:28:22.300 --> 00:28:25.200

The group which I represent in two groups. I represent the

533

00:28:25.200 --> 00:28:26.400

new market Horseman's group.

534

00:28:27.400 --> 00:28:27.700

is

535

00:28:28.600 --> 00:28:31.500

first of all, perhaps the largest employer in the area in

536

00:28:31.500 --> 00:28:34.200

terms of the totality of what goes on in New Market.

537

00:28:34.200 --> 00:28:37.800

It's well known name New Market in racing circles

538

00:28:37.800 --> 00:28:38.400

one might know.

539

00:28:39.600 --> 00:28:42.300

and the say no to Sonica group

540

00:28:42.300 --> 00:28:44.200

is an umbrella organization including

541

00:28:45.300 --> 00:28:48.400

many of those who in Parish councils and in fact all the parish

542

00:28:48.400 --> 00:28:49.100

councils and others

543

00:28:50.600 --> 00:28:50.900

and

544

00:28:52.400 --> 00:28:55.200

what is becoming apparent is at the edges are

545

00:28:55.200 --> 00:28:59.400

being pushed here where not only a costs increasing

546

00:28:58.400 --> 00:29:01.100

but there are real difficulties.

547

00:29:02.100 --> 00:29:06.100

Which are being foisted upon the local population because they

548

00:29:05.100 --> 00:29:07.400

have to use their holidays.

549

00:29:09.200 --> 00:29:12.400

And also inadequate meetings which

550

00:29:12.400 --> 00:29:13.600

they would otherwise be able to have.

551

00:29:14.500 --> 00:29:17.700

To apply with procedural requirements which user

552

00:29:17.700 --> 00:29:20.400

have to impose a fairness to both sides and

553

00:29:20.400 --> 00:29:21.500

we understand that.

554

00:29:23.400 --> 00:29:26.400

I say you so if I may speak to you, obviously, it's it's the

555

00:29:26.400 --> 00:29:27.500

examining authorities at home.

556

00:29:29.600 --> 00:29:33.000

There needs to be procedural Clarity not procedural confusion.

557

00:29:36.300 --> 00:29:38.400

now if we go back to April, March April

558

00:29:39.400 --> 00:29:42.200

The first indication this year that things were starting to go wrong.

559

00:29:44.200 --> 00:29:47.900

I start off in this sort of situation by asking

560

00:29:47.900 --> 00:29:50.600

a rhetorical question. Is there any onus whatsoever upon

561

00:29:50.600 --> 00:29:51.500

an applicant?

562

00:29:52.700 --> 00:29:55.300

Who is going to use this procedure under the

563

00:29:55.300 --> 00:29:58.200

2008 act to get their tackling order before they start?

564

00:29:59.400 --> 00:30:02.000

I ask that rhetorically because the answer is clearly. Yes.

565

00:30:02.700 --> 00:30:04.500

Did they do say the answer is clearly? No.

566

00:30:06.300 --> 00:30:07.000

They had various options.

567

00:30:08.300 --> 00:30:11.500

Now they want another option is that option likely to result in?

568

00:30:12.800 --> 00:30:15.400

Clear agreement by a certain date they say yes,

569

00:30:15.400 --> 00:30:16.400

they said yes before.

570

00:30:17.800 --> 00:30:20.900

They now want over sailing of a Thousand tonne Crane.

571

00:30:20.900 --> 00:30:23.300

Is it the only implication they said there's no material

572

00:30:23.300 --> 00:30:23.600

change.

573

00:30:24.900 --> 00:30:27.100

In relation to what is going to be

574

00:30:27.100 --> 00:30:28.500

put forward?

575

00:30:29.800 --> 00:30:32.400

You'll note and I'm

576

00:30:32.400 --> 00:30:35.200  
not getting into the details of this now there wasn't

577  
00:30:35.200 --> 00:30:36.600  
a straight answer to the question you.

578  
00:30:37.700 --> 00:30:41.000  
Were asking no doubt

579  
00:30:40.100 --> 00:30:43.500  
it was Ms. Taylor as well who from her

580  
00:30:43.500 --> 00:30:46.500  
point of view was asking that is there any change in what is

581  
00:30:46.500 --> 00:30:49.800  
being proposed? No, it's not is within the parameters when it

582  
00:30:49.800 --> 00:30:52.400  
is a thousand tongue crane, which is coming in for the same bit of

583  
00:30:52.400 --> 00:30:56.000  
Kit. Then it's rather odd that they didn't decide that was going to  
be before it's

584  
00:30:55.100 --> 00:30:56.700  
not the same kid.

585  
00:30:57.400 --> 00:31:00.400  
It's different parameters might be different. So there's situation  
is different

586  
00:31:00.400 --> 00:31:03.600  
in terms of what we have to do and what we have to advise to

587  
00:31:03.600 --> 00:31:03.900  
be done.

588  
00:31:04.600 --> 00:31:07.900  
In terms of the assessments of

589

00:31:07.900 --> 00:31:08.200  
this.

590  
00:31:09.700 --> 00:31:11.800  
Invisible terms landscape and so on.

591  
00:31:12.700 --> 00:31:15.300  
How's it going to look? What's it going to go? What is there?

592  
00:31:15.300 --> 00:31:16.200  
We don't know yet.

593  
00:31:16.900 --> 00:31:19.900  
So we have an uncertainty situation

594  
00:31:19.900 --> 00:31:22.900  
a confusing situation the potentially

595  
00:31:22.900 --> 00:31:25.100  
unfair situation costs being

596  
00:31:25.100 --> 00:31:28.200  
expended this being going on and the highest

597  
00:31:28.200 --> 00:31:32.300  
it can be put is a high degree of confidence. It

598  
00:31:31.300 --> 00:31:34.500  
will be submitted by the end of August.

599  
00:31:35.500 --> 00:31:38.200  
Now, of course, I don't blame Mr. Griffiths because

600  
00:31:38.200 --> 00:31:41.800  
he is not the applicant. He is representing them.

601  
00:31:42.700 --> 00:31:45.500  
But when it comes to a high degree of

602  
00:31:45.500 --> 00:31:48.300  
confidence if this was a planning inquiry you say right by

603

00:31:48.300 --> 00:31:49.500

that date or you're out.

604

00:31:51.600 --> 00:31:54.300

And the situation has now become clear as far as

605

00:31:54.300 --> 00:31:57.600

we're concerned. I mean you'll be a little bit stronger perhaps in the authorities in

606

00:31:57.600 --> 00:31:59.900

saying this, but that should be the position.

607

00:32:01.300 --> 00:32:04.000

It's 30th of August and then we discover there's an extra day by the

608

00:32:04.700 --> 00:32:07.500

31st. It was 30th. This morning is now the 31st.

609

00:32:08.600 --> 00:32:11.400

So be it an extra day might say how long

610

00:32:11.400 --> 00:32:12.000

is it going to drift?

611

00:32:13.200 --> 00:32:17.800

That there needs to be Clarity certainty certainty.

612

00:32:18.800 --> 00:32:20.100

And no more confusion.

613

00:32:21.400 --> 00:32:25.200

And we have confusion inevitably potentially existing

614

00:32:24.200 --> 00:32:25.600

already.

615

00:32:26.600 --> 00:32:29.300

because there's overlapping in relation to

616

00:32:29.300 --> 00:32:32.900

the timetable being put forward at the moment of consultation on

617

00:32:32.900 --> 00:32:35.800

this consultation on that taking place overlapping

618

00:32:35.800 --> 00:32:38.700

with writing reports on something else which

619

00:32:38.700 --> 00:32:41.100

might have to be caveat in relation to what might be

620

00:32:41.100 --> 00:32:44.500

decided in your cause or might not be and then

621

00:32:44.500 --> 00:32:47.200

also consultation in due courses to

622

00:32:47.200 --> 00:32:50.700

whether it's going to be material or not taking into account by the examining Authority

623

00:32:50.700 --> 00:32:54.000

as to whether a decision is made about that consequent upon

624

00:32:53.200 --> 00:32:56.400

and subsequent to the decisions being made

625

00:32:56.400 --> 00:32:59.300

which are about the application which is going before and

626

00:32:59.300 --> 00:33:01.900

and not the same as that being sought

627

00:33:04.700 --> 00:33:07.300

Not you think you lived in Humpty Dumpty land actually if

628

00:33:07.300 --> 00:33:08.400

you put that all forward first.

629

00:33:10.100 --> 00:33:12.700  
The situation is getting worse and worse.

630  
00:33:14.800 --> 00:33:17.800  
And of course you have to decide what

631  
00:33:17.800 --> 00:33:18.200  
to do.

632  
00:33:19.600 --> 00:33:22.300  
But it is clear that if the 30th of

633  
00:33:22.300 --> 00:33:24.100  
August is not an absolute date.

634  
00:33:25.600 --> 00:33:25.900  
and

635  
00:33:27.100 --> 00:33:30.300  
it may be you are in legal difficulties of saying it's an absolute  
date

636  
00:33:30.300 --> 00:33:33.800  
and I don't really voice this upon you to say You must make that  
conclusion because

637  
00:33:33.800 --> 00:33:36.400  
I don't want to cause a legal

638  
00:33:36.400 --> 00:33:36.900  
difficulty.

639  
00:33:37.900 --> 00:33:40.400  
It must be the case that everything has

640  
00:33:40.400 --> 00:33:43.700  
to be determined before we start the examination.

641  
00:33:44.800 --> 00:33:45.900  
What are we examining?

642

00:33:47.700 --> 00:33:50.100  
Isn't it's rather odd question to ask when

643  
00:33:50.100 --> 00:33:53.100  
you read all the various advice notes. I never known so many advice  
and they

644  
00:33:53.100 --> 00:33:56.500  
tried again cut everything down when they produce nppf and

645  
00:33:56.500 --> 00:33:58.300  
now the number of advice notes about this is

646  
00:33:59.500 --> 00:34:00.000  
trebled

647  
00:34:01.200 --> 00:34:04.500  
and where have we got to we got to a situation? We don't know where  
we

648  
00:34:04.500 --> 00:34:04.600  
stand.

649  
00:34:05.900 --> 00:34:08.300  
You generally stand and dairy seems to Grievous

650  
00:34:08.300 --> 00:34:11.200  
doesn't know where he stands. It's rather odd situation.

651  
00:34:11.200 --> 00:34:11.800  
We're in.

652  
00:34:12.400 --> 00:34:15.500  
July mid-july past the date. If one

653  
00:34:15.500 --> 00:34:18.400  
recalls when it was going to be made clear that this

654  
00:34:18.400 --> 00:34:21.100  
was all going to be before us before the Pim. We

655

00:34:21.100 --> 00:34:21.800  
gone past that now

656  
00:34:22.800 --> 00:34:23.700  
and it's not before us.

657  
00:34:25.200 --> 00:34:27.900  
So where are we we're in a situation of flux.

658  
00:34:29.400 --> 00:34:34.000  
Not certainty and clear potential substantial

659  
00:34:32.000 --> 00:34:34.800  
confusion.

660  
00:34:36.400 --> 00:34:39.200  
The Only Way Forward is to start this

661  
00:34:39.200 --> 00:34:42.400  
examination if it starts and it's not withdrawn and

662  
00:34:42.400 --> 00:34:45.400  
I invite obviously the whole time then to think

663  
00:34:45.400 --> 00:34:46.500  
again start again.

664  
00:34:48.200 --> 00:34:51.600  
But I also asked that be the decision and that

665  
00:34:51.600 --> 00:34:53.300  
seems to chime also with the authorities.

666  
00:34:54.100 --> 00:34:55.600  
And may I also say sir?

667  
00:34:56.400 --> 00:34:59.600  
That this will not be the first time during the whole of this  
examination.

668  
00:34:59.600 --> 00:35:02.800

I will say they haven't got their tackling order and there's inadequate

669

00:35:02.800 --> 00:35:05.100  
information before you I just make

670

00:35:05.100 --> 00:35:08.800  
that point so that is quite clearly stated now today.

671

00:35:11.200 --> 00:35:11.500  
Thank you.

672

00:35:13.200 --> 00:35:13.900  
Thank you, Mr. Steel.

673

00:35:21.500 --> 00:35:21.800  
Thank you.

674

00:35:23.100 --> 00:35:27.200  
So I think we need

675

00:35:26.200 --> 00:35:30.000  
them to go to those your

676

00:35:29.600 --> 00:35:32.500  
representations on behalf of the say notice Seneca.

677

00:35:32.500 --> 00:35:34.000  
And the Horseman's group. Are they not?

678

00:35:34.500 --> 00:35:35.800  
Okay, so

679

00:35:39.400 --> 00:35:41.900  
Right just anybody else have any comments. They want to

680

00:35:43.500 --> 00:35:44.100  
to make

681

00:35:46.100 --> 00:35:47.200  
just check online.

682

00:35:57.900 --> 00:36:00.200

Right, and I think at this

683

00:36:00.200 --> 00:36:02.200

stage what we will do.

684

00:36:04.900 --> 00:36:05.100

is

685

00:36:08.100 --> 00:36:11.200

It's 12:46. I think we'll take a

686

00:36:11.200 --> 00:36:14.400

break for lunch here. So can I just come back

687

00:36:14.400 --> 00:36:17.700

on a couple of minutes, please in this one beg your

688

00:36:17.700 --> 00:36:20.700

pardon Mr. Griffith. So I was going to intending to do that and that's

689

00:36:20.700 --> 00:36:24.600

that's a mess of me not to do. That's thank you.

690

00:36:24.600 --> 00:36:29.100

Yes, you might have been starting to stray into examination and

691

00:36:27.100 --> 00:36:30.300

we have it for

692

00:36:30.300 --> 00:36:33.000

scone into a few other items on the agenda regarding the

693

00:36:33.600 --> 00:36:36.400

timetable because we know written representation is

694

00:36:36.400 --> 00:36:39.700

a difference to the changes application. So our

695

00:36:39.700 --> 00:36:42.200

two different points and I just want to say a few

696

00:36:42.200 --> 00:36:45.400

words and then no doubt the coming forward to

697

00:36:45.400 --> 00:36:48.000

make it it's decision.

698

00:36:48.700 --> 00:36:51.400

But in accordance with

699

00:36:51.400 --> 00:36:54.700

the vice-nosis advice note 16, the applicant

700

00:36:54.700 --> 00:36:57.400

did alert split the summing Authority as early

701

00:36:57.400 --> 00:37:00.300

as it knew about the post change and we informed

702

00:37:00.300 --> 00:37:02.400

you that a proposed change was happening.

703

00:37:03.200 --> 00:37:06.500

As we set out in our timelines, there's been a lot said that we haven't kept

704

00:37:06.500 --> 00:37:09.400

our deadlines. We have kept our deadlines in respect of the Constitution

705

00:37:09.400 --> 00:37:12.300

that we said we would take out between the carry out.

706

00:37:12.300 --> 00:37:15.400

Sorry between the sixth of June and the sixth of

707

00:37:15.400 --> 00:37:18.400

July that has happened and that has happened and

708

00:37:18.400 --> 00:37:21.700

we've looked at the responses and the assessment environmental

709

00:37:21.700 --> 00:37:24.300

assessment has been carried out and I have the document here on the

710

00:37:24.300 --> 00:37:26.700

desk during that process.

711

00:37:27.700 --> 00:37:31.900

The technical assessment of the ails the abdominal invisible

712

00:37:30.900 --> 00:37:33.500

loads show that

713

00:37:33.500 --> 00:37:36.500

in one location just one

714

00:37:36.500 --> 00:37:37.000

location.

715

00:37:37.900 --> 00:37:41.300

Whilst the wheels of the vehicle would remain

716

00:37:40.300 --> 00:37:43.400

within the highway the bed the vehicle had

717

00:37:43.400 --> 00:37:45.200

the potential to oversell that land.

718

00:37:45.900 --> 00:37:47.800

We could have submitted the application to you.

719

00:37:49.400 --> 00:37:50.400

We could have submitted it.

720

00:37:51.500 --> 00:37:52.400

and this examination

721

00:37:54.100 --> 00:37:58.000

we wouldn't be having the debate the examination with no doubt the starting

722

00:37:57.300 --> 00:38:00.200

in accordance with your original letter.

723

00:38:01.100 --> 00:38:03.800

And it may still do that. But we took the decision.

724

00:38:04.400 --> 00:38:07.500

To submit a cut one single change application

725

00:38:07.500 --> 00:38:11.200

that covered all the changes and results of installing a

726

00:38:10.200 --> 00:38:13.600

300 a 400 KV

727

00:38:13.600 --> 00:38:15.100

cable rather than 132.

728

00:38:16.900 --> 00:38:19.200

Rather than submitting another change during the examination.

729

00:38:20.700 --> 00:38:24.200

That has and it is regrettable resulting in

730

00:38:24.200 --> 00:38:27.500

additional consultation with the highway authorities with the Pash

731

00:38:27.500 --> 00:38:31.100

councils and with the affected person

732

00:38:30.100 --> 00:38:32.700

of that area sailing.

733

00:38:33.700 --> 00:38:36.200

As I mentioned that is being carried out with letters

734

00:38:36.200 --> 00:38:39.500

have been sent and the period the window is a 27th of July through

to

735

00:38:39.500 --> 00:38:42.500

the 24th of August you have certainty on

736

00:38:42.500 --> 00:38:42.700

that.

737

00:38:45.800 --> 00:38:48.400

We will then be seeking to engage with the relevant

738

00:38:48.400 --> 00:38:51.500

parties during that period so we can receive their comments during

739

00:38:51.500 --> 00:38:54.300

that period and not only last day of the 24th of

740

00:38:54.300 --> 00:38:54.400

August.

741

00:38:55.800 --> 00:38:58.700

We will have regard those comments and once

742

00:38:58.700 --> 00:39:01.300

you've had regard and written them up, we will submit the changes

743

00:39:01.300 --> 00:39:01.800

application.

744

00:39:04.200 --> 00:39:07.100

That is Our intention of 30th August.

745

00:39:07.100 --> 00:39:11.100

We mentioned the 30th of August simply because that was your original deadline too. I

746

00:39:10.100 --> 00:39:13.500

mentioned 31st earlier. That's the end of August. I mean

747

00:39:13.500 --> 00:39:16.500

we're talking about semantics there, but it is Our intention

748

00:39:16.500 --> 00:39:19.500

to submit the application after the consultation

749

00:39:19.500 --> 00:39:22.900

after you've had regard to it and by the end of August that

750

00:39:22.900 --> 00:39:24.600

is intention.

751

00:39:25.600 --> 00:39:28.400

I would always just make the point that of course propose changes can be

752

00:39:28.400 --> 00:39:31.100

submitted at any points during an examination subject to

753

00:39:31.100 --> 00:39:34.700

there being enough time and subject to you regarding further

754

00:39:34.700 --> 00:39:37.200

consultation in many. If not,

755

00:39:37.200 --> 00:39:40.900

all Development Center order applications. A proposed

756

00:39:40.900 --> 00:39:43.300

change may not be submitted before the examination has started

757

00:39:43.300 --> 00:39:46.300

but actually is submitted during the examination. It is not

758

00:39:46.300 --> 00:39:47.800

an common.

759

00:39:49.500 --> 00:39:52.100

Our positions is that as we set this out in a

760

00:39:52.100 --> 00:39:55.600

letter to the 21st of July with the revised timetable

761

00:39:55.600 --> 00:39:58.600

that we proposed which is a mixture which actually

762

00:39:58.600 --> 00:40:01.400

wasn't dealing with the change application. It was having regards to

763

00:40:01.400 --> 00:40:04.500

consultation responses from third parties

764

00:40:04.500 --> 00:40:07.200

who are concerned about your timetable panel's time interval and

765

00:40:07.200 --> 00:40:10.500

August and move for the written reps. The 20th. September

766

00:40:10.500 --> 00:40:13.400

was having regard to that. We were not and

767

00:40:13.400 --> 00:40:16.700

people the councils and local and interested

768

00:40:16.700 --> 00:40:19.400

parties can of course submit their written reps and

769

00:40:19.400 --> 00:40:23.300

they're local Port reserving their position on the

770

00:40:22.300 --> 00:40:24.300

changes application.

771

00:40:25.800 --> 00:40:28.500

And with comments on the changed application being

772

00:40:28.500 --> 00:40:31.600

required by you through another procedural decision

773

00:40:31.600 --> 00:40:34.100

to be for example submitted on the

774

00:40:34.100 --> 00:40:34.900  
fourth of October.

775  
00:40:35.900 --> 00:40:38.300  
We then in time for the procedure for

776  
00:40:38.300 --> 00:40:41.100  
the hearings the bank of hearings. You have programmed of course  
have

777  
00:40:41.100 --> 00:40:44.600  
to slip if you take into account a later date with written reps.

778  
00:40:44.600 --> 00:40:47.800  
I'm straying into timetable now myself, but that

779  
00:40:47.800 --> 00:40:50.300  
can still be heard in here and you still have three months left of  
the

780  
00:40:50.300 --> 00:40:51.000  
examination to go.

781  
00:40:53.300 --> 00:40:56.300  
Apologies for straying into your item four appreciate that

782  
00:40:56.300 --> 00:40:59.400  
but it does some kind of

783  
00:40:59.400 --> 00:41:02.500  
most but those are my submissions following the

784  
00:41:02.500 --> 00:41:05.500  
various representations. You've

785  
00:41:05.500 --> 00:41:07.200  
heard all right to some extent these

786  
00:41:07.900 --> 00:41:10.100  
Issues do inevitably overlap and I

787

00:41:10.100 --> 00:41:12.500  
thank you for your response, Mr. Griffiths.

788

00:41:13.300 --> 00:41:16.700  
And we will take a break now for lunch. Can

789

00:41:16.700 --> 00:41:19.700  
I just say something you're you mentioned you

790

00:41:19.700 --> 00:41:22.300  
sorry you address the panel, please?

791

00:41:22.300 --> 00:41:25.600  
Yes, Paula McKenzie Wellington Parish

792

00:41:25.600 --> 00:41:28.300  
Count Council. Yes, and you mentioned in your comments

793

00:41:28.300 --> 00:41:32.300  
about a consultation that you ran from July June

794

00:41:31.300 --> 00:41:34.700  
to July on the 6th. We're Suffolk.

795

00:41:34.700 --> 00:41:37.300  
We had no consultation in Suffolk.

796

00:41:38.400 --> 00:41:40.100  
That was all held in Cambridgeshire.

797

00:41:40.700 --> 00:41:43.800  
and not only that we had a parish meeting

798

00:41:43.800 --> 00:41:46.500  
on the 16th and some of our parishioners still

799

00:41:46.500 --> 00:41:49.200  
hadn't received a letter to inform them

800

00:41:49.200 --> 00:41:49.400  
that they

801

00:41:51.200 --> 00:41:54.200

that it was going to be held so I would just like

802

00:41:54.200 --> 00:41:57.500

the noted that some of our pressioners aren't

803

00:41:57.500 --> 00:42:00.100

even aware of the changes. They've only heard it through

804

00:42:00.100 --> 00:42:00.500

us.

805

00:42:01.400 --> 00:42:04.400

Right, the panel will take note of those

806

00:42:04.400 --> 00:42:07.000

comments. Yes, I can see no, thank you.

807

00:42:07.100 --> 00:42:09.400

And again, I would urge.

808

00:42:10.400 --> 00:42:13.300

And again, this is an opportunity that I adverted to

809

00:42:13.300 --> 00:42:16.300

earlier in the meeting since we are face to

810

00:42:16.300 --> 00:42:19.500

face the reason to engage if it's

811

00:42:19.500 --> 00:42:22.600

possible and I would encourage that on those

812

00:42:22.600 --> 00:42:24.800

sorts of issues. Thank you for that.

813

00:42:25.800 --> 00:42:28.200

So that's there any other comments at

814

00:42:28.200 --> 00:42:31.600  
this time? It's 10 to

815  
00:42:31.600 --> 00:42:34.500  
just gone ten to one. We'll take a break for lunch now

816  
00:42:34.500 --> 00:42:37.900  
and we will endeavor to

817  
00:42:37.900 --> 00:42:40.500  
provide some clarity. I

818  
00:42:40.500 --> 00:42:43.100  
think when we come back.

819  
00:42:45.300 --> 00:42:48.100  
In terms of the way forward. How long do people

820  
00:42:48.100 --> 00:42:49.400  
thinking for lunch?

821  
00:42:52.700 --> 00:42:55.100  
You want to know 30 minutes 30 minutes?

822  
00:42:56.300 --> 00:42:56.800  
45

823  
00:42:58.400 --> 00:43:01.300  
We need yeah, shall we?

824  
00:43:01.300 --> 00:43:06.200  
I think we've better bake it to Quarter Two. So

825  
00:43:04.200 --> 00:43:07.500  
shall we

826  
00:43:07.500 --> 00:43:10.500  
say to court 12 quarter to

827  
00:43:10.500 --> 00:43:12.000  
two? That's right with everyone.

828

00:43:12.800 --> 00:43:15.800

So we'll agenda for lunch now until 1:45. Thank

829

00:43:15.800 --> 00:43:16.200

you very much.
