00:00:00.700 --> 00:00:01.000

Okay.

1

00:00:01.800 --> 00:00:04.400

I think that's better right? Thank you everyone.

2

00:00:04.400 --> 00:00:08.400

It's 13:47 preliminary

3

00:00:07.400 --> 00:00:09.400

meeting is reconvened.

4

00:00:11.200 --> 00:00:15.700

We've given some thought to what's taking

5

00:00:14.700 --> 00:00:17.200

place earlier this morning.

6

00:00:20.200 --> 00:00:23.200

The first point we'd like to make is that had the

7

00:00:23.200 --> 00:00:26.700

panel been seized of the change request as

8

00:00:26.700 --> 00:00:29.100

expected sometime during last week.

9

00:00:30.500 --> 00:00:33.500

It was possible. We could have made a procedural decision

10

00:00:33.500 --> 00:00:36.600

whether or not to accept the change request.

11

00:00:37.500 --> 00:00:40.500

And or to assess the materiality of the

12

00:00:40.500 --> 00:00:41.100

changes.

13

00:00:42.300 --> 00:00:45.900

For example, whether the proposed changes individually or cumulatively

14

00:00:45.900 --> 00:00:48.500

constituted a materially different project.

15

00:00:50.100 --> 00:00:53.900

It does not appear likely that we will be able to do that just now.

16

00:00:56.200 --> 00:00:59.000

There is then a question mark over whether there would be

17

00:00:59.400 --> 00:01:00.900

sufficient time within the examination.

18

00:01:01.900 --> 00:01:04.600

If it is to start in advance of receipt

19

00:01:04.600 --> 00:01:07.600

of those changes for the changes

20

00:01:07.600 --> 00:01:10.300

and the revised application, should that be accepted

21

00:01:10.300 --> 00:01:13.500

to be properly unfairly examined?

22

00:01:16.400 --> 00:01:19.300

Given the revised timing of the formal change request which

23

00:01:19.300 --> 00:01:22.700

the applicant now indicates will not be until 30 August

24

00:01:22.700 --> 00:01:26.100

2022. We would

25

00:01:25.100 --> 00:01:26.600

wish to give

26

00:01:27.800 --> 00:01:31.200  
others at this meeting and indeed other

27  
00:01:30.200 --> 00:01:33.800  
interested parties not present the opportunity

28  
00:01:33.800 --> 00:01:36.700  
to comment on the matters that the applicant has

29  
00:01:36.700 --> 00:01:37.300  
raised.

30  
00:01:39.400 --> 00:01:39.700  
firstly however

31  
00:01:41.500 --> 00:01:44.700  
We should say that in view of the representations received

32  
00:01:44.700 --> 00:01:46.500  
today and beforehand.

33  
00:01:48.100 --> 00:01:51.700  
We do not consider it appropriate to start the examination over

34  
00:01:51.700 --> 00:01:52.300  
the summer.

35  
00:01:53.100 --> 00:01:56.800  
given the problems which various people have referred to in meeting

36  
00:01:56.800 --> 00:02:00.000  
deadlines and arranging delegation authorities

37  
00:01:59.800 --> 00:02:02.400  
and so forth over that

38  
00:02:02.400 --> 00:02:03.200  
summer period

39  
00:02:05.300 --> 00:02:06.300  
so that's the first point.

40

00:02:07.600 --> 00:02:10.900

Secondly, we are clear that the examination

41

00:02:10.900 --> 00:02:14.300

should not at least start before

42

00:02:13.300 --> 00:02:16.600

the date on which the applicant

43

00:02:16.600 --> 00:02:19.400

has now stated. It would formally submit the

44

00:02:19.400 --> 00:02:20.400

change request.

45

00:02:21.400 --> 00:02:22.400

however

46

00:02:23.700 --> 00:02:26.200

There is an application that must if it is

47

00:02:26.200 --> 00:02:28.200

not withdrawn be examined.

48

00:02:29.300 --> 00:02:33.100

Our aim is to get the best balance. We can between the

49

00:02:32.100 --> 00:02:35.500

need to enable Preparatory work to

50

00:02:35.500 --> 00:02:38.400

occur as against bringing the application

51

00:02:38.400 --> 00:02:41.100

to an early examination on the

52

00:02:41.100 --> 00:02:43.100

basis of the current documentation.

53

00:02:45.800 --> 00:02:48.300  
Therefore after consideration of the remaining

54  
00:02:48.300 --> 00:02:51.500  
items on the agenda. The preliminary meeting

55  
00:02:51.500 --> 00:02:52.500  
will be adjourned.

56  
00:02:53.300 --> 00:02:57.700  
And we will issue a procedural decision inviting interested

57  
00:02:57.700 --> 00:03:00.500  
parties to comment on the proposals of

58  
00:03:00.500 --> 00:03:03.400  
the applicant as heard today and in particular

59  
00:03:03.400 --> 00:03:06.500  
expressive view on the contents of the letters

60  
00:03:06.500 --> 00:03:09.500  
of 21st, July 2022.

61  
00:03:10.900 --> 00:03:13.500  
That will inform the examining authorities

62  
00:03:13.500 --> 00:03:16.800  
view of what the revised timetable should

63  
00:03:16.800 --> 00:03:16.900  
be.

64  
00:03:18.100 --> 00:03:20.800  
And the appropriate start date of the examination.

65  
00:03:22.300 --> 00:03:25.600  
We will issue that procedural decision letter this

66  
00:03:25.600 --> 00:03:28.600  
week and allow submissions to

67

00:03:28.600 --> 00:03:32.900  
be made up to minute for

68

00:03:32.900 --> 00:03:36.100  
midnight 23:59 on Monday 8th of

69

00:03:36.100 --> 00:03:36.300  
August.

70

00:03:39.200 --> 00:03:42.300  
so that is

71

00:03:43.300 --> 00:03:45.900  
Our intention to proceed the way forward

72

00:03:47.900 --> 00:03:50.500  
Now before I move on to the next

73

00:03:50.500 --> 00:03:53.200  
item on the agenda, is anybody have

74

00:03:53.200 --> 00:03:56.300  
any comments on that or wish

75

00:03:56.300 --> 00:03:56.900  
to add anything?

76

00:03:57.900 --> 00:04:00.600  
At this stage so say that letter will

77

00:04:00.600 --> 00:04:03.300  
go out later this week, Mr. Griffiths. Yes.

78

00:04:03.300 --> 00:04:05.800  
Thank you, sir. I can't be clear that.

79

00:04:06.600 --> 00:04:09.100  
the letter the letters that we

80

00:04:09.100 --> 00:04:12.200  
submitted one was summarizing the

81  
00:04:13.700 --> 00:04:17.100  
Change application including the additional over sailing

82  
00:04:16.100 --> 00:04:19.400  
and the second was obviously revised timetable.

83  
00:04:20.200 --> 00:04:24.100  
Which clearly second one is no longer applicable because you're

84  
00:04:23.100 --> 00:04:25.900  
the timetable we amended.

85  
00:04:26.500 --> 00:04:30.700  
With a timetable that started the

86  
00:04:30.700 --> 00:04:33.300  
examination tomorrow. So the second letter

87  
00:04:33.300 --> 00:04:36.100  
21st should not be does no longer need to be coming on

88  
00:04:36.100 --> 00:04:39.300  
so that on the first letter which is the change application. I just

89  
00:04:39.300 --> 00:04:42.200  
want to make we're not on we're not being examined yet on the

90  
00:04:42.200 --> 00:04:46.100  
procedure on the change application. I assume it's purely  
observations on

91  
00:04:45.100 --> 00:04:48.600  
timetable from parties

92  
00:04:48.600 --> 00:04:51.000  
to inform your decision or when to

93  
00:04:51.300 --> 00:04:55.000

issue the procedural decision with a new timetable that you're

94

00:04:54.300 --> 00:04:57.700

asking questions on you put it with Clarity Mr.

95

00:04:57.700 --> 00:05:00.500

Griffith. So I'm grateful for that that is indeed

96

00:05:00.500 --> 00:05:04.300

what the panel intend to do. Thank you

97

00:05:04.300 --> 00:05:07.500

referring to those lessons. I'm referring holistically to the situation.

98

00:05:07.500 --> 00:05:10.600

We now find ourselves in as a

99

00:05:10.600 --> 00:05:16.200

result of the description of those changes and the the proposed

100

00:05:14.200 --> 00:05:17.500

submission date

101

00:05:17.500 --> 00:05:19.600

of the change request.

102

00:05:20.300 --> 00:05:23.200

If they make clear in your in the procedure decision, we'll make

103

00:05:23.200 --> 00:05:26.600

our procedure relating to timetabling rather than

104

00:05:26.600 --> 00:05:29.400

anything of the content of the proceed

105

00:05:29.400 --> 00:05:32.300

of the changes itself because that will follow and submit the formal

106

00:05:32.300 --> 00:05:32.500

change.

107

00:05:33.500 --> 00:05:36.300

You again? You're right. We we're obviously not

108

00:05:36.300 --> 00:05:39.300

into examination of the evidence search. We are

109

00:05:39.300 --> 00:05:43.300

still the Foothills as it were so

110

00:05:42.300 --> 00:05:45.200

that's what we will

111

00:05:45.200 --> 00:05:45.400

do.

112

00:05:46.400 --> 00:05:48.000

Thank you, Mr. Griffiths.

113

00:05:48.900 --> 00:05:51.400

Thank you. Everybody. We'll now move yes,

114

00:05:51.400 --> 00:05:52.200

Mr. Steele.

115

00:05:53.200 --> 00:05:56.800

Forgive me certified. I mean anyway, trespassing upon a

116

00:05:56.800 --> 00:05:59.500

decision already made but I just been thinking and

117

00:05:59.500 --> 00:06:02.700

mulling over what you've been putting forward. Okay, don't

118

00:06:02.700 --> 00:06:05.500

in any way disagree with may I say, but it would may I

119

00:06:05.500 --> 00:06:08.100

just put forward this potential and it may well be

120

00:06:08.100 --> 00:06:11.400

disagree with it and just say thank you very much, but no we won't go on this particular

121

00:06:11.400 --> 00:06:11.700

route.

122

00:06:12.600 --> 00:06:15.200

Because we're all here together in this thing

123

00:06:15.200 --> 00:06:15.800

the same room.

124

00:06:16.700 --> 00:06:17.400

It may be.

125

00:06:18.300 --> 00:06:21.300

That we can get some form of

126

00:06:21.300 --> 00:06:24.400

consensus on one side by people putting

127

00:06:24.400 --> 00:06:27.300

forward their views if they do have

128

00:06:27.300 --> 00:06:30.300

their views about the timetable because you made it clear not this summer. So

129

00:06:30.300 --> 00:06:33.600

when is it because otherwise everybody would

130

00:06:33.600 --> 00:06:36.600

have to contact everybody else just to see what their views

131

00:06:36.600 --> 00:06:38.800

are if there's going to be a consensus later on.

132

00:06:39.700 --> 00:06:42.500

And it would be helpful for you and the examining

133

00:06:42.500 --> 00:06:45.500

Authority. I would have thought that you might get just preliminary views.

134

00:06:45.500 --> 00:06:48.200

It may be sir. Obviously, I haven't spoken to anybody else about this

135

00:06:48.200 --> 00:06:51.600

that they can say, we just don't know and we we agree that

136

00:06:51.600 --> 00:06:54.800

we just can't say anything at the moment and we put the whole thing off. But

137

00:06:54.800 --> 00:06:57.200

it may be that people are saying well what we

138

00:06:57.200 --> 00:07:00.600

want to avoid and I've been looking at the position as

139

00:07:00.600 --> 00:07:03.300

well over Christmas and so on is avoiding the Christmas

140

00:07:03.300 --> 00:07:06.900

period and then looking at the time table and just

141

00:07:06.900 --> 00:07:09.200

getting some indication of

142

00:07:09.200 --> 00:07:10.800

when it might be able to start.

143

00:07:11.800 --> 00:07:14.100

And if Mrs. Griffis was said it was to say

144

00:07:14.100 --> 00:07:17.400

well if it was by this particular date, which a long-stop date

145

00:07:17.400 --> 00:07:20.300

then that is the date when we would look at a long

146

00:07:20.300 --> 00:07:24.000

stop date, which is not just with some degree of

147

00:07:23.800 --> 00:07:26.500

of hopefulness, but

148

00:07:26.500 --> 00:07:29.300

also almost finality and I we can't hold him

149

00:07:29.300 --> 00:07:32.200

absolutely do everything. We know that because it's not possible.  
But if

150

00:07:32.200 --> 00:07:35.300

we had that then at least we know what it might

151

00:07:35.300 --> 00:07:38.500

run into this bound to go into the new year now

152

00:07:38.500 --> 00:07:41.100

as a result it is we've been looking at

153

00:07:41.100 --> 00:07:45.000

the whole of the dates and that's including the hearings and there

154

00:07:44.300 --> 00:07:47.900

may be times when we get into difficulties then in

155

00:07:47.900 --> 00:07:50.200

the new year are we looking towards one of

156

00:07:50.200 --> 00:07:53.700

the questions is avoidance of the Christmas period between

157

00:07:53.700 --> 00:07:56.200

say I make this up I didn't

158

00:07:56.200 --> 00:08:00.300

look to the diary say about the 18th of December maybe

159

00:07:59.300 --> 00:08:02.500

the fifth of January or something. Are we

160

00:08:02.500 --> 00:08:05.500

going to sit between Christmas and New Year now if there

161

00:08:05.500 --> 00:08:08.400

are those sorts of points which we can clarify now

162

00:08:08.400 --> 00:08:11.500

it may narrow the field of the

163

00:08:11.800 --> 00:08:14.500

Later on and therefore in those circumstances.

164

00:08:14.500 --> 00:08:17.400

We might be able to come forward with it. There's any of you said I

165

00:08:17.400 --> 00:08:20.400

don't in any way insist obviously upon this as a

166

00:08:20.400 --> 00:08:23.500

matter of fairness or otherwise, but it just means that we can get  
move forward

167

00:08:23.500 --> 00:08:26.500

a little bit. Yes. Well, I I mean that's helpful

168

00:08:26.500 --> 00:08:29.300

Mr. Steel, you know to mention those

169

00:08:29.300 --> 00:08:32.800

matters. I think it would be premature at

170

00:08:32.800 --> 00:08:35.200

this stage to give a definite indication that

171

00:08:35.200 --> 00:08:38.700

we will for example, not sit between two

172

00:08:38.700 --> 00:08:42.600  
specific dates over Christmas, although obviously over

173  
00:08:41.600 --> 00:08:44.300  
the Christmas period we would not

174  
00:08:44.300 --> 00:08:48.100  
wish to cause difficulties on

175  
00:08:47.100 --> 00:08:50.900  
that score. So we will

176  
00:08:50.900 --> 00:08:52.200  
take full account of that.

177  
00:08:52.600 --> 00:08:55.500  
What what we have been able to say quite

178  
00:08:55.500 --> 00:08:58.600  
clearly is that the examination should not

179  
00:08:58.600 --> 00:09:01.300  
start in our view until the summer period is

180  
00:09:01.300 --> 00:09:04.500  
over that then leaves us with the issue of whether

181  
00:09:04.500 --> 00:09:07.800  
the examination can start. Timiously

182  
00:09:07.800 --> 00:09:09.200  
after.

183  
00:09:11.200 --> 00:09:14.300  
Well, there are two issues though. The first we must consider  
whether we have

184  
00:09:14.300 --> 00:09:17.300  
sufficient confidence in the change requests being submitted by

185  
00:09:17.300 --> 00:09:20.600

the by the new date and whether

186

00:09:20.600 --> 00:09:25.800

an examination date can be set around

187

00:09:23.800 --> 00:09:27.200

what I

188

00:09:27.200 --> 00:09:27.800

just used the word.

189

00:09:28.600 --> 00:09:31.300

Loosely at this stage around that date

190

00:09:31.300 --> 00:09:34.900

so I mean that point doesn't

191

00:09:34.900 --> 00:09:38.400

it towards September doesn't it?

192

00:09:38.400 --> 00:09:41.300

Really I think and I think I think we adverted to

193

00:09:41.300 --> 00:09:44.200

us in in our in our letter that we published on

194

00:09:44.200 --> 00:09:47.500

the website. So that in itself is helpful. May I

195

00:09:47.500 --> 00:09:50.800

say, all right. Well starting point. Okay. Well as

196

00:09:50.800 --> 00:09:54.200

I say that we did publish that on the website it's

197

00:09:53.200 --> 00:09:56.200

not cast in tablets of stone

198

00:09:56.200 --> 00:09:59.500

because I do want to get comments from

199

00:09:59.500 --> 00:10:02.900

people not just here but who must

200

00:10:02.900 --> 00:10:07.000

have an opportunity to go through these issues. So

201

00:10:05.500 --> 00:10:08.400

I think we'll stick

202

00:10:08.400 --> 00:10:11.000

to the to the way forward in terms

203

00:10:11.200 --> 00:10:14.600

of issuing that to that letter this week and then

204

00:10:14.600 --> 00:10:15.900

we'll go forward on that basis.

205

00:10:17.500 --> 00:10:17.900

Okay.

206

00:10:19.700 --> 00:10:22.700

Good. Well, thank you. Everyone will move

207

00:10:22.700 --> 00:10:26.400

now to agenda item

208

00:10:25.400 --> 00:10:29.100

for and I'll

209

00:10:28.100 --> 00:10:32.300

hand over to Mr. Rigby who will look

210

00:10:31.300 --> 00:10:34.400

at various issues to do

211

00:10:34.400 --> 00:10:38.300

with timetabling in a more General sense. Clearly. We

212

00:10:38.300 --> 00:10:42.100

cannot go into the details of specific dates, but it

213

00:10:41.100 --> 00:10:44.100

may be of some help and you may have views that

214

00:10:44.100 --> 00:10:47.700

you wish to express to the panel on that as well

215

00:10:47.700 --> 00:10:49.800

as the issue site inspections.

216

00:10:53.300 --> 00:10:56.200

Thank you, Mr. Keane. Good afternoon. Everyone, Mr. Rigby here.

217

00:10:57.100 --> 00:10:59.500

As Mr. Keen said at the start of this meeting.

218

00:11:00.200 --> 00:11:03.700

The examining Authority has decided to postpone the

219

00:11:03.700 --> 00:11:05.600

hearings scheduled for later this week.

220

00:11:06.400 --> 00:11:09.300

And we've now also decided to

221

00:11:09.300 --> 00:11:11.300

postpone the start of the examination.

222

00:11:12.300 --> 00:11:16.100

So consequently the dates given in Alex D. Don't

223

00:11:15.100 --> 00:11:16.300

Supply.

224

00:11:17.200 --> 00:11:20.200

but the principles of

225

00:11:21.300 --> 00:11:24.300

the hearings and some questions

226

00:11:24.300 --> 00:11:27.700

and written questions and other things do and so

227

00:11:27.700 --> 00:11:30.000

does the logic because there is a logic behind.

228

00:11:31.100 --> 00:11:34.500

The draft timetable you've got in Annex day.

229

00:11:35.100 --> 00:11:38.700

Relating to time needed for notification of hearings

230

00:11:38.700 --> 00:11:41.000

for submission of written responses and so on.

231

00:11:42.900 --> 00:11:45.500

So there are still rarest General matters

232

00:11:45.500 --> 00:11:48.300

pertaining to the timetabling of these amination in general

233

00:11:48.300 --> 00:11:49.300

which are now going to cover.

234

00:11:50.600 --> 00:11:54.300

So firstly talking about site inspections

235

00:11:53.300 --> 00:11:56.800

and accompanied inspections.

236

00:11:58.100 --> 00:12:01.500

These are so that we the examining Authority are able

237

00:12:01.500 --> 00:12:04.400

to gain a proper understanding of the proposed development

238

00:12:04.400 --> 00:12:07.800

within its site and surroundings

239

00:12:07.800 --> 00:12:09.300

as well as its effects.

240

00:12:10.600 --> 00:12:13.400

We've already undertaken on a company's site

241

00:12:13.400 --> 00:12:16.500

inspections. We undertook them on 10th

242

00:12:16.500 --> 00:12:17.300

and 11th of April.

243

00:12:18.400 --> 00:12:21.300

24th and 25th are very pro this year

244

00:12:21.300 --> 00:12:23.300

and the 10th of 11th of May.

245

00:12:24.700 --> 00:12:27.600

And we did this from public accessible land

246

00:12:27.600 --> 00:12:28.000

only.

247

00:12:29.700 --> 00:12:32.600

So we've had a bit of a look around already the notes are

248

00:12:32.600 --> 00:12:35.300

available to view on the project page of the website.

249

00:12:36.300 --> 00:12:37.600

So you can see where we've been already.

250

00:12:38.900 --> 00:12:41.600

They explained that the inspection was undertaken

251

00:12:41.600 --> 00:12:45.000

principally in order to view the location of the various components

252

00:12:44.900 --> 00:12:47.900

of the overall site where

253

00:12:47.900 --> 00:12:50.600

the panels are proposed to be cited and the

254

00:12:50.600 --> 00:12:52.300

substation area substation areas.

255

00:12:53.300 --> 00:12:56.900

But quite a lot of the order land is not publicly accessible.

256

00:12:56.900 --> 00:12:58.000

So

257

00:12:59.200 --> 00:13:02.600

An accompanied site inspection would in any case be required?

258

00:13:03.700 --> 00:13:06.300

And we already have a lot of useful suggestions.

259

00:13:08.200 --> 00:13:12.100

Bearing in mind that started examination will now

260

00:13:11.100 --> 00:13:14.300

be delayed. We seat your views

261

00:13:14.300 --> 00:13:17.900

on when accompanied site inspection might be

262

00:13:17.900 --> 00:13:20.600

and any further locations. We should

263

00:13:20.600 --> 00:13:23.000

expect in the lights of

264

00:13:23.900 --> 00:13:25.100

discussions this morning

265

00:13:26.900 --> 00:13:29.200

The revised timetable will adopt the same

266

00:13:29.200 --> 00:13:32.600

logic as the draft timetable. So it'll include

267

00:13:32.600 --> 00:13:36.300

the new date by which noticeably by parties

268

00:13:35.300 --> 00:13:38.200

to indicate in writing if they wish

269

00:13:38.200 --> 00:13:42.200

to attend a future accompanied site inspection and

270

00:13:41.200 --> 00:13:44.200

to give suggested locations for us

271

00:13:44.200 --> 00:13:44.800

to visit.

272

00:13:46.500 --> 00:13:49.400

The applicant will then be requested to prepare a draft

273

00:13:49.400 --> 00:13:52.000

itinerary based on suggested locations.

274

00:13:53.200 --> 00:13:56.500

Comments on the applicant's draft accompanied site inspection

275

00:13:56.500 --> 00:13:59.100

arrangements and itinerary can then be

276

00:13:59.100 --> 00:14:02.500

made by interested parties. So this is the logic we'd

277

00:14:02.500 --> 00:14:05.900

normally apply in any case and the final itinerary will

278

00:14:05.900 --> 00:14:09.300

be published in advance of the event taking place. So just

279

00:14:09.300 --> 00:14:12.300

gives you an idea of the steps we go through before we actually go

280

00:14:12.300 --> 00:14:15.700

out and do it bearing in mind proposed change

281

00:14:15.700 --> 00:14:16.400

application.

282

00:14:17.200 --> 00:14:18.300

Do please nodes?

283

00:14:19.100 --> 00:14:22.800

If you haven't submitted anything yet. It doesn't preclude you

284

00:14:22.800 --> 00:14:25.900

in any case from doing so later provided. You've

285

00:14:25.900 --> 00:14:28.500

got good reason particularly after you've

286

00:14:28.500 --> 00:14:31.900

had the opportunity to review what's been said hearings

287

00:14:31.900 --> 00:14:34.400

at as any additional documentation for

288

00:14:34.400 --> 00:14:37.800

instance has come in and in this this instance, of

289

00:14:37.800 --> 00:14:40.500

course reference to the proposed change application

290

00:14:40.500 --> 00:14:43.700

to be submitted or before 30th of

291

00:14:43.700 --> 00:14:44.800

August by the applicant.

292

00:14:47.400 --> 00:14:50.800

It's likely that we as the examining Authority.

293

00:14:51.900 --> 00:14:54.300

Would carry out further on a completed site

294

00:14:54.300 --> 00:14:57.300

inspections. What's the change request has been

295

00:14:57.300 --> 00:14:57.600

submitted?

296

00:14:58.800 --> 00:15:01.800

And these can be at any point in the examination and

297

00:15:01.800 --> 00:15:04.900

we'll place any notes from these inspections on

298

00:15:04.900 --> 00:15:07.500

the project page of the website in the interests of

299

00:15:07.500 --> 00:15:08.800

fairness and transparency.

300

00:15:10.600 --> 00:15:13.500

So in terms of the general principles, does

301

00:15:13.500 --> 00:15:16.400

anybody have any comments or questions in relation

302

00:15:16.400 --> 00:15:19.600

to site inspections they want

303

00:15:19.600 --> 00:15:20.400

to make

304

00:15:26.100 --> 00:15:30.500

Nope fine. So just one Mr.

305

00:15:29.500 --> 00:15:33.000

Mohammed here on behalf

306

00:15:32.200 --> 00:15:35.400

yesterday behind also just the

307

00:15:35.400 --> 00:15:38.400

one which may or may not be on your list. But our suggestion

308

00:15:38.400 --> 00:15:42.500

would be West site be that's West

309

00:15:41.500 --> 00:15:45.200

Side speed for Bravo. Mm-hmm

310

00:15:44.200 --> 00:15:47.200

for you to to inspect that

311

00:15:47.200 --> 00:15:51.500

accompanied and for obviously access

312

00:15:50.500 --> 00:15:53.700

to private Landing due

313

00:15:53.700 --> 00:15:56.300

course, that's my already will be

314

00:15:56.300 --> 00:15:58.900

on your list. If it is, I apologize for repeating. That's the only

315

00:15:59.700 --> 00:16:01.300

Contribution we have on this.

316

00:16:02.800 --> 00:16:05.100

It's not thank you Mr. Mohammed. That's that's

317

00:16:05.100 --> 00:16:05.500

very helpful.

318

00:16:06.600 --> 00:16:09.400

Anybody else have anything they want to say now, but do very

319

00:16:09.400 --> 00:16:13.500

mind that you've got time to make further submissions.

320

00:16:14.800 --> 00:16:16.700

So I'll move on to hearings.

321

00:16:17.900 --> 00:16:20.700

And we haven't made any assumptions about how future

322

00:16:20.700 --> 00:16:24.000

hearings will be held we've sponed

323

00:16:23.100 --> 00:16:26.000

the hearings planned for later this week.

324

00:16:26.700 --> 00:16:30.100

But their postpone they're not canceled and we

325

00:16:29.100 --> 00:16:32.300

will make a decision in due course as

326

00:16:32.300 --> 00:16:33.800

to when those hearings will take place.

327

00:16:36.100 --> 00:16:39.300

You haven't made any assumptions about

328

00:16:39.300 --> 00:16:39.700

how?

329

00:16:40.700 --> 00:16:44.200

Future hearings will be held. But currently we anticipate they

330

00:16:43.200 --> 00:16:46.300

take place as a blended event, which is

331

00:16:46.300 --> 00:16:46.900

like today.

332

00:16:47.900 --> 00:16:50.500

or else as a fully virtual event via Microsoft

333

00:16:50.500 --> 00:16:51.000

teams

334

00:16:52.300 --> 00:16:55.200

And as normal the agendas for those

335

00:16:55.200 --> 00:16:57.200

hearings will be published near the time.

336

00:16:58.600 --> 00:16:59.000

So

337

00:17:00.800 --> 00:17:03.200

I'd like to know if anyone's got any views. They

338

00:17:03.200 --> 00:17:07.200

want to express now about how future

339

00:17:06.200 --> 00:17:09.300

hearings would be held and in

340

00:17:09.300 --> 00:17:12.500

particular on whether you have a preference for them

341

00:17:12.500 --> 00:17:15.600

to be Blended like today or fully virtual.

342

00:17:17.500 --> 00:17:20.300

Does anybody have anything they want to say this is

343

00:17:20.300 --> 00:17:20.800

still?

344

00:17:22.400 --> 00:17:25.300

Blended if there's a choice, please we think

345

00:17:25.300 --> 00:17:27.300

that the ability for

346

00:17:28.500 --> 00:17:31.400

there to be a hearing where people are

347

00:17:31.400 --> 00:17:34.200

present as a significant amount to the

348

00:17:34.200 --> 00:17:37.400

appreciation of all the facts and matters which

349

00:17:37.400 --> 00:17:39.400

are discussed. Thank you. Thank you.

350

00:17:41.100 --> 00:17:41.300

Yes.

351

00:17:42.500 --> 00:17:45.300

Paula McKenzie Wellington Parish Council, I agree

352

00:17:45.300 --> 00:17:48.200

with that should be Blended. I will also stay as well

353

00:17:48.200 --> 00:17:52.600

being in the countryside in the villages. We have intermittent internet

354

00:17:51.600 --> 00:17:54.700

connection at times so it might be problematic

355

00:17:54.700 --> 00:17:55.300

having it.

356

00:17:56.700 --> 00:17:58.500

Thank you for that. Thank you for mentioning that.

357

00:18:03.100 --> 00:18:07.800

Thank you very much. We'll take a count obviously of any suggestions and that'll

358

00:18:07.800 --> 00:18:10.500

be part of the procedural decision

359

00:18:10.500 --> 00:18:13.200

which Mr. Keen referred to earlier.

360

00:18:14.200 --> 00:18:17.600

So we can take them forward to when we resume the

361

00:18:17.600 --> 00:18:20.300

position the deeper and room meeting as and

362

00:18:20.300 --> 00:18:23.300

when we be convenient, so I

363

00:18:23.300 --> 00:18:26.400

think that's all I've got to say on those issues our hand you back to Mr.

364

00:18:26.400 --> 00:18:26.700

King.

365

00:18:27.800 --> 00:18:30.700

Thank you, Mr. Rigby. Hmm. I'll let you

366

00:18:30.700 --> 00:18:33.500

so okay. Well, I'm going to hand over

367

00:18:33.500 --> 00:18:36.700

now to Mrs. Taylor who will deal

368

00:18:36.700 --> 00:18:39.700

with the next item on the agenda, which is

369

00:18:39.700 --> 00:18:43.500

item five the initial

370

00:18:42.500 --> 00:18:45.600

assessment of preliminary issues.

371

00:18:45.600 --> 00:18:48.700

Thank you very much Mr. King, I

372

00:18:48.700 --> 00:18:48.700

think.

373

00:18:51.100 --> 00:18:55.000

NXT from our rule six letter in front of you for

374

00:18:54.300 --> 00:18:55.800  
this item, please.

375

00:18:57.900 --> 00:19:00.800  
So we've placed the main headings of the principal issues

376

00:19:00.800 --> 00:19:02.700  
in this list.

377

00:19:04.100 --> 00:19:04.100  
um

378

00:19:05.500 --> 00:19:08.100  
And it provides an initial framework of issues for

379

00:19:08.100 --> 00:19:10.100  
the examination of this proposal.

380

00:19:11.100 --> 00:19:14.300  
It doesn't preclude us from amending the list by removing or

381

00:19:14.300 --> 00:19:17.100  
adding to the proposed principal issues at a

382

00:19:17.100 --> 00:19:20.500  
later stage in the process and I should emphasize that

383

00:19:20.500 --> 00:19:23.300  
the issues are listed in alphabetical order not in

384

00:19:23.300 --> 00:19:26.100  
order of priority. Also, this is

385

00:19:26.100 --> 00:19:29.400  
not necessarily the order that we will consider issues in

386

00:19:29.400 --> 00:19:33.000  
particularly as there are very clear linkages and overlaps

387

00:19:32.200 --> 00:19:35.400  
between different issues. And so

388  
00:19:35.400 --> 00:19:38.500  
it may help us at a later stage to

389  
00:19:38.500 --> 00:19:41.400  
group some of them together for the purposes of

390  
00:19:41.400 --> 00:19:43.200  
the actual examination hearings.

391  
00:19:45.200 --> 00:19:48.200  
In terms of the applicants proposed change which we

392  
00:19:48.200 --> 00:19:51.800  
await formal submission of we intend

393  
00:19:51.800 --> 00:19:54.800  
to consider that under the relevant issue heading

394  
00:19:54.800 --> 00:19:57.500  
so for example transport visual impact

395  
00:19:57.500 --> 00:20:00.300  
rather than as a separate issue in its

396  
00:20:00.300 --> 00:20:00.700  
own, right?

397  
00:20:02.700 --> 00:20:05.100  
A number of comments on the principal issues have already

398  
00:20:05.100 --> 00:20:08.700  
been made in deadline a responses and we'll

399  
00:20:08.700 --> 00:20:11.500  
be taking these into account when we review the list.

400  
00:20:12.700 --> 00:20:16.200  
So I have nothing further to add at this stage nevertheless

participants

401

00:20:15.200 --> 00:20:18.400

here today may wish to

402

00:20:18.400 --> 00:20:21.700

comment on either the broad headings or the

403

00:20:21.700 --> 00:20:22.600

individual matters.

404

00:20:23.100 --> 00:20:26.500

So I will invite you to speak but please do remember that.

405

00:20:26.500 --> 00:20:29.300

We're not looking for submissions on the merits of the

406

00:20:29.300 --> 00:20:32.800

scheme as Mr. Keane explained earlier as that

407

00:20:32.800 --> 00:20:35.300

will form part of the detailed examination of the

408

00:20:35.300 --> 00:20:38.500

application which commences when we start the actual.

409

00:20:39.500 --> 00:20:40.200

examination

410

00:20:41.300 --> 00:20:44.700

so we are only considering comments on the broad principle

411

00:20:44.700 --> 00:20:47.400

issues as identified at this

412

00:20:47.400 --> 00:20:47.800

stage.

413

00:20:48.900 --> 00:20:51.900

So is that in mind I will now invite submissions

414

00:20:51.900 --> 00:20:54.400  
both from people present in the

415

00:20:54.400 --> 00:20:57.500  
room. And from those who are who are joining us virtually.

416

00:21:05.100 --> 00:21:06.600  
Anyone wish to make it look.

417

00:21:07.300 --> 00:21:10.300  
Mister Mr. Mohammad here online and

418

00:21:10.300 --> 00:21:13.200  
Mr. Married. Yes, we can hear thank you

419

00:21:13.200 --> 00:21:16.400  
to very brief comments one is obviously you have

420

00:21:16.400 --> 00:21:19.900  
the letters of the 30th of July from Cambridge

421

00:21:19.900 --> 00:21:22.800  
accounting Council and he's Cambridge account

422

00:21:22.800 --> 00:21:25.100  
District Council setting out the issues that

423

00:21:25.100 --> 00:21:28.300  
are important for us to consider. Some

424

00:21:28.300 --> 00:21:31.500  
of them you've got picked up not necessarily in very specific

425

00:21:31.500 --> 00:21:35.000  
terms, but you picked up in those lists. There

426

00:21:34.200 --> 00:21:37.200  
are just two elements of that. I

427

00:21:37.200 --> 00:21:40.100

just wanted to under score as being

428

00:21:40.100 --> 00:21:43.300

quite important both to the local community and to

429

00:21:43.300 --> 00:21:46.300

the council and one is in relation to the best and

430

00:21:46.300 --> 00:21:49.300

most versatile land in other words what will

431

00:21:49.300 --> 00:21:50.000

happen to that.

432

00:21:51.200 --> 00:21:55.100

And the second is a relation to the issue around safety

433

00:21:54.100 --> 00:21:57.600

of the batteries again, I would

434

00:21:57.600 --> 00:22:00.300

have never imagined the situation where the

435

00:22:00.300 --> 00:22:03.200

examination would have taken place without you examining those two

436

00:22:03.200 --> 00:22:06.500

issues. But I only mentioned them to underscore the strength

437

00:22:06.500 --> 00:22:08.500

of feeling on the ground on those two issues.

438

00:22:14.500 --> 00:22:15.000

the duration

439

00:22:16.700 --> 00:22:19.300

Further comments from yes Mr.

440

00:22:19.300 --> 00:22:19.800

Steele

441

00:22:20.900 --> 00:22:23.500

I'm sorry, it's over. It was Mr. Mohammed and myself who seemed

442

00:22:23.500 --> 00:22:26.600

to be addressing this and certainly myself. I didn't speak from  
smack it

443

00:22:26.600 --> 00:22:29.600

obviously the letter which

444

00:22:29.600 --> 00:22:33.200

we have actually said which date which

445

00:22:32.200 --> 00:22:35.500

was sent on the

446

00:22:35.500 --> 00:22:36.300

13th of July.

447

00:22:37.600 --> 00:22:40.500

Does have a number of points made of

448

00:22:40.500 --> 00:22:44.400

paragraph 17 onwards Madam and therefore

449

00:22:43.400 --> 00:22:46.300

I just stick to those if I may

450

00:22:46.300 --> 00:22:49.300

draw those two attention anything is anything further. I need to  
add to this stage.

451

00:22:49.300 --> 00:22:52.400

Is there unless you wish me to add to those? Yes, Mr.

452

00:22:52.400 --> 00:22:55.000

Stew. Yes, we're aware of thank you very letters that have come in  
so

453

00:22:55.300 --> 00:22:58.400

far and they've we've already made note of those points. I most

454

00:22:58.400 --> 00:22:58.900  
grateful. Thank you very much.

455

00:23:01.400 --> 00:23:04.400  
Madam could I interject for his Michael Bedford

456

00:23:04.400 --> 00:23:07.200  
Suffolk County Council. I'm on your

457

00:23:07.200 --> 00:23:10.900  
screen or should be on your screen. So I mister Bedford.

458

00:23:10.900 --> 00:23:13.200  
Yes it is. Could you possibly

459

00:23:13.200 --> 00:23:16.900  
speak up a little bit, please? Yeah. Oh, sorry.

460

00:23:16.900 --> 00:23:17.500  
I apologize.

461

00:23:20.100 --> 00:23:23.700  
It's Michael Bedford Suffolk County Council. For some

462

00:23:23.700 --> 00:23:26.700  
reason the yellow raised hand function doesn't seem

463

00:23:26.700 --> 00:23:30.100  
to be operating at least on my machine. So

464

00:23:29.100 --> 00:23:33.400  
I had been trying to indicate a

465

00:23:35.400 --> 00:23:38.800  
I wish to speak but only briefly we raised

466

00:23:38.800 --> 00:23:41.900  
in our representation to points for

467

00:23:41.900 --> 00:23:46.200  
your consideration about your list

468  
00:23:44.200 --> 00:23:47.900  
of issues. The first

469  
00:23:47.900 --> 00:23:50.100  
of those is already been overtaken by

470  
00:23:50.100 --> 00:23:53.200  
then that was the issue about statements of

471  
00:23:53.200 --> 00:23:56.700  
Common Ground including landscape matters. And I

472  
00:23:56.700 --> 00:23:59.300  
say that's been picked up by the applicant the other

473  
00:23:59.300 --> 00:24:03.000  
issue which remains is

474  
00:24:02.300 --> 00:24:05.700  
that we have identified that we considered that

475  
00:24:05.700 --> 00:24:06.600  
desire in

476  
00:24:07.400 --> 00:24:10.300  
And obviously good design as a

477  
00:24:10.300 --> 00:24:14.200  
statutory requirement should

478  
00:24:13.200 --> 00:24:16.900  
itself be included as

479  
00:24:16.900 --> 00:24:19.300  
a discrete part of

480  
00:24:19.300 --> 00:24:22.800  
the issues to ensure that

481

00:24:22.800 --> 00:24:26.000  
element of both the legislation.

482

00:24:25.800 --> 00:24:29.500  
Obviously, you're aware of section 10 subsection

483

00:24:28.500 --> 00:24:31.900  
3 and section 5 of

484

00:24:31.900 --> 00:24:33.400  
the 2008 Act

485

00:24:33.900 --> 00:24:36.600  
Are addressed and also?

486

00:24:37.800 --> 00:24:40.500  
The policy implications of that as

487

00:24:40.500 --> 00:24:43.300  
set out in en1 particularly at section

488

00:24:43.300 --> 00:24:46.700  
4.5. So that's why

489

00:24:46.700 --> 00:24:49.400  
we think it's an important issue in its

490

00:24:49.400 --> 00:24:53.200  
own right how you choose to bring that

491

00:24:52.200 --> 00:24:56.300  
into the examination and as

492

00:24:55.300 --> 00:24:58.700  
to how you wish to examine that is entirely

493

00:24:58.700 --> 00:25:01.100  
a massive really for your discretion, but we just

494

00:25:01.100 --> 00:25:05.000

wanted to make sure that good design as a topic is really

495

00:25:04.500 --> 00:25:07.500

identified as a discrete topic.

496

00:25:08.100 --> 00:25:12.300

So those were the issues we wanted to raise on this agenda

497

00:25:11.300 --> 00:25:13.100

item. Thank you.

498

00:25:13.900 --> 00:25:14.400

Thank you very much.

499

00:25:19.900 --> 00:25:22.800

I I note Mr. Bedford uses words discrete.

500

00:25:22.800 --> 00:25:27.000

I would just make a point that design does and

501

00:25:26.300 --> 00:25:31.200

design particularly this type of project does fall

502

00:25:30.200 --> 00:25:34.100

with a number of the topics you've already identified. So

503

00:25:33.100 --> 00:25:36.700

for example, the Landscaping is design.

504

00:25:37.500 --> 00:25:40.600

Biodiversity net gave is desire is design how

505

00:25:40.600 --> 00:25:43.800

we've had regard to cultural heritage is design. So

506

00:25:43.800 --> 00:25:46.300

I think we've had to be bit careful of we have no problem with design

507

00:25:46.300 --> 00:25:49.700

being covered in the examination, but I just want to make a point that design does

508

00:25:49.700 --> 00:25:53.100

of course fall within various subtopics that you

509

00:25:52.100 --> 00:25:55.200

have already identified. So we took the view that you don't

510

00:25:55.200 --> 00:25:58.300

you no doubt ask is questions under those

511

00:25:58.300 --> 00:26:01.100

topics about design because we can't some talk about

512

00:26:01.100 --> 00:26:04.200

design without talking about how the Landscaping it for example

513

00:26:04.200 --> 00:26:05.200

has been developed.

514

00:26:07.700 --> 00:26:08.400

Thank you very much.

515

00:26:09.700 --> 00:26:11.000

Are there any more comments?

516

00:26:12.400 --> 00:26:12.900

from the room

517

00:26:15.200 --> 00:26:18.400

Any more comments from people listening virtually?

518

00:26:19.200 --> 00:26:22.600

I can I just mention one point that's

519

00:26:22.600 --> 00:26:26.400

been in my mind. I don't

520

00:26:26.400 --> 00:26:29.600

know if parties have a view on it. I think

521

00:26:29.600 --> 00:26:33.100

reference has been made previously in

522

00:26:32.100 --> 00:26:35.300

some of the relevant representations.

523

00:26:37.300 --> 00:26:39.700

to the issue of what's called food security

524

00:26:42.300 --> 00:26:45.200

I've equally seen and I think

525

00:26:45.200 --> 00:26:48.500

maybe wrong I think it's Mr. Griffiths. It's

526

00:26:48.500 --> 00:26:51.700

in the applicants planning statement.

527

00:26:51.700 --> 00:26:54.400

If not, it could be

528

00:26:54.400 --> 00:26:58.800

somewhere I think in in your representations to

529

00:26:58.800 --> 00:26:59.000

date.

530

00:27:01.300 --> 00:27:04.900

That deals with the applicant's view as to

531

00:27:04.900 --> 00:27:07.700

this issue of food security

532

00:27:07.700 --> 00:27:11.000

being a

533

00:27:10.300 --> 00:27:12.800

relevant topic.

534

00:27:13.700 --> 00:27:17.400  
That can or should be examined as

535  
00:27:16.400 --> 00:27:18.700  
part of the application.

536  
00:27:20.500 --> 00:27:23.500  
And I'm equally aware

537  
00:27:23.500 --> 00:27:26.300  
that there have been views expressed using that

538  
00:27:26.300 --> 00:27:26.900  
phrase.

539  
00:27:27.700 --> 00:27:31.300  
From from other parties that

540  
00:27:30.300 --> 00:27:33.700  
that is a a discreet

541  
00:27:33.700 --> 00:27:35.600  
issue that ought to be looked at.

542  
00:27:36.400 --> 00:27:40.300  
and the panel hasn't

543  
00:27:41.300 --> 00:27:45.500  
Come to a definitive view on that yet and would welcome any

544  
00:27:44.500 --> 00:27:47.200  
comments that parties may

545  
00:27:47.200 --> 00:27:47.400  
have.

546  
00:27:48.200 --> 00:27:52.600  
on the relevance of that issue as opposed

547  
00:27:52.600 --> 00:27:56.000  
to for example more

548

00:27:56.900 --> 00:27:59.600  
generalized references to

549

00:27:59.600 --> 00:28:03.000  
land use and the land use implications of

550

00:28:02.700 --> 00:28:05.800  
of the proposed development.

551

00:28:07.100 --> 00:28:11.700  
So I'll just leave that there in case anybody wants to add anything

552

00:28:11.700 --> 00:28:12.500  
at this stage.

553

00:28:13.400 --> 00:28:17.200  
That equally there will be an opportunity to to

554

00:28:16.200 --> 00:28:19.600  
follow up in the in the

555

00:28:19.600 --> 00:28:22.500  
time that we're allowing for submissions following on

556

00:28:22.500 --> 00:28:23.200  
this meeting.

557

00:28:25.900 --> 00:28:26.300  
Okay.

558

00:28:28.100 --> 00:28:32.600  
Well, if there are no further comments at this point, I'll hand

559

00:28:32.600 --> 00:28:35.600  
back to Mr. King and just remind people please

560

00:28:35.600 --> 00:28:38.700  
that if you do have any comments in due

561

00:28:38.700 --> 00:28:42.100

course, please submit them in writing To Us by procedural deadline

562

00:28:41.100 --> 00:28:42.400

be

563

00:28:43.200 --> 00:28:44.600

thank you back to you Mr. King.

564

00:28:45.500 --> 00:28:46.300

Thank you very much.

565

00:28:47.300 --> 00:28:50.600

And so I haven't had any matters notified

566

00:28:50.600 --> 00:28:53.200

to me for the last agenda, right

567

00:28:53.200 --> 00:28:56.600

and any of the matters, are there any other items

568

00:28:56.600 --> 00:28:56.800

that?

569

00:28:57.800 --> 00:29:00.500

People would wish to raise procedural or other

570

00:29:00.500 --> 00:29:03.600

relevant matters that anyone wishes to raise after what

571

00:29:03.600 --> 00:29:04.800

they've heard today?

572

00:29:07.700 --> 00:29:10.300

If not then so again, I'm

573

00:29:10.300 --> 00:29:13.500

afraid I say I don't seemed sorry, Michael Bedford

574

00:29:13.500 --> 00:29:16.700

Suffolk County other guys. You're not visible on

575

00:29:16.700 --> 00:29:18.900

the screen there. Yeah, it's bad.

576

00:29:19.400 --> 00:29:22.500

I'm not even visible. Let alone no yellow hand. I'm

577

00:29:22.500 --> 00:29:25.200

now not not able to be seen either. Well, I can't

578

00:29:25.200 --> 00:29:28.500

your cameras not on so I can't wait to

579

00:29:28.500 --> 00:29:32.100

I think it is on my laptop. It's known

580

00:29:31.100 --> 00:29:34.500

to be on but obviously something's happening

581

00:29:34.500 --> 00:29:37.800

with the technology. That means I'm not physically appearing

582

00:29:37.800 --> 00:29:38.400

in front of you.

583

00:29:39.200 --> 00:29:42.600

So I apologize that but no never mind if you

584

00:29:42.600 --> 00:29:46.500

can hear me that I think very well. Yes. Yes. Thank

585

00:29:45.500 --> 00:29:48.500

you, sir. Sorry Michael Bedford Suffolk

586

00:29:48.500 --> 00:29:51.400

County Council, and it was simply to

587

00:29:51.400 --> 00:29:53.600

seek a point of clarification.

588

00:29:54.800 --> 00:29:57.800  
Please in relation to

589  
00:29:57.800 --> 00:30:00.200  
obviously the circumstance that

590  
00:30:00.200 --> 00:30:04.100  
we're now in with tomorrow's hearing

591  
00:30:03.100 --> 00:30:06.300  
having been postponed and the

592  
00:30:06.300 --> 00:30:09.700  
Open Floor hearings being postpaid.

593  
00:30:10.900 --> 00:30:13.400  
And I this isn't

594  
00:30:13.400 --> 00:30:17.400  
the place to deal with questions of costs and matters

595  
00:30:16.400 --> 00:30:20.000  
of that nature. But there is a point on the

596  
00:30:19.800 --> 00:30:22.200  
procedural guidance in relation to

597  
00:30:22.200 --> 00:30:25.300  
costs. That's the cost guidance of

598  
00:30:25.300 --> 00:30:29.100  
July 2013 and a paragraphs

599  
00:30:28.100 --> 00:30:31.800  
31 and 32. It gives

600  
00:30:31.800 --> 00:30:34.900  
some reference to when any applications or

601  
00:30:34.900 --> 00:30:37.300  
to be made in the context of

602

00:30:37.300 --> 00:30:38.100  
an examination.

603

00:30:39.700 --> 00:30:42.300  
And I was reading it on the

604

00:30:42.300 --> 00:30:45.700  
basis that you were not expecting any

605

00:30:45.700 --> 00:30:48.900  
applications that might be made for costs

606

00:30:48.900 --> 00:30:51.400  
relating to postponement of

607

00:30:51.400 --> 00:30:51.800  
hearings.

608

00:30:52.600 --> 00:30:55.500  
until 28 days after the close of

609

00:30:55.500 --> 00:30:56.100  
the examination

610

00:30:57.300 --> 00:31:00.400  
as opposed to some earlier date eg 28 days

611

00:31:00.400 --> 00:31:02.000  
of the postponement themselves.

612

00:31:02.800 --> 00:31:05.700  
That was the only point I was just seeking clarification

613

00:31:05.700 --> 00:31:09.100  
on so that if any applications

614

00:31:08.100 --> 00:31:11.400  
cost worse be made they would follow

615

00:31:11.400 --> 00:31:14.900  
the guidance at paragraph 31, which

616  
00:31:14.900 --> 00:31:17.300  
is that they would not be expected until the

617  
00:31:17.300 --> 00:31:21.200  
end of the examine. Yeah, you're

618  
00:31:20.200 --> 00:31:23.200  
quite correct Mr. Bedford and that is my

619  
00:31:23.200 --> 00:31:26.500  
understanding of the guidance. It says

620  
00:31:26.500 --> 00:31:29.100  
precious little other than that in terms

621  
00:31:29.100 --> 00:31:33.200  
of timing of the applications, so

622  
00:31:35.400 --> 00:31:38.500  
He it's up to each individual

623  
00:31:38.500 --> 00:31:41.600  
party what to do in that regard, but the

624  
00:31:41.600 --> 00:31:44.200  
the time limit is set out

625  
00:31:44.200 --> 00:31:47.300  
there and it is 28 days from the end of the examination.

626  
00:31:48.400 --> 00:31:51.600  
Thank you. So I'm grateful and then just a final point and

627  
00:31:51.600 --> 00:31:54.300  
it's really an observation if I can make it

628  
00:31:54.300 --> 00:31:57.900  
more for the ears of the applicant as

629

00:31:57.900 --> 00:32:01.400

much as anything else. It was substantial

630

00:32:00.400 --> 00:32:02.700

surprise to us.

631

00:32:03.400 --> 00:32:06.300

To see the events that unfolded on the

632

00:32:06.300 --> 00:32:09.900

22nd of July. I last

633

00:32:09.900 --> 00:32:12.900

Friday in terms of the postpayment

634

00:32:12.900 --> 00:32:15.800

that's in no way criticism of the examining Authority

635

00:32:15.800 --> 00:32:18.600

because clearly you reacted to matters

636

00:32:18.600 --> 00:32:22.200

which were raised with you very much as soon

637

00:32:22.200 --> 00:32:25.700

as you could but it was a surprise to us

638

00:32:25.700 --> 00:32:28.300

that we had no forewarning we

639

00:32:28.300 --> 00:32:31.800

had no indication that for

640

00:32:31.800 --> 00:32:34.900

example a basic procedural matter such as

641

00:32:34.900 --> 00:32:37.100

the serving of notices and placing of

642

00:32:37.100 --> 00:32:40.400  
adverts had not happened as it

643  
00:32:40.400 --> 00:32:44.700  
should have happened and the applicants awareness

644  
00:32:43.700 --> 00:32:49.500  
of not being able to complete consultation

645  
00:32:48.500 --> 00:32:51.300  
on the changes because of

646  
00:32:51.300 --> 00:32:54.300  
new information available to them about the over

647  
00:32:54.300 --> 00:32:58.100  
sailing again, that was all news to us. And

648  
00:32:57.100 --> 00:33:01.000  
and it's really just as we're urging

649  
00:33:00.500 --> 00:33:03.100  
the examination from our point.

650  
00:33:03.300 --> 00:33:06.800  
We feel and we feel you would be more assisted by

651  
00:33:06.800 --> 00:33:09.400  
a greater degree of transparency and openness.

652  
00:33:10.300 --> 00:33:13.200  
On the part of the applicant in a sense a heads up

653  
00:33:13.200 --> 00:33:16.700  
when things are likely to happen would have allowed

654  
00:33:16.700 --> 00:33:20.300  
us. I think a little bit more time to absorb changes

655  
00:33:19.300 --> 00:33:23.300  
and to deal with evolving circumstances.

656

00:33:22.300 --> 00:33:25.600

So that's I say it's more an observation

657

00:33:25.600 --> 00:33:28.100

rather than asking you to do anything but I

658

00:33:28.100 --> 00:33:31.900

just felt that I wanted to say that because we did feel somewhat disappointed

659

00:33:31.900 --> 00:33:34.300

by the way that events unfolded last week.

660

00:33:35.400 --> 00:33:38.500

Okay. Thank you for those submissions Mr.

661

00:33:38.500 --> 00:33:41.600

Bedford. I think it probably right that I give

662

00:33:41.600 --> 00:33:44.200

Mr. Griffith. It's an opportunity to respond to that. Thank you.

663

00:33:44.200 --> 00:33:47.700

So before Heritage interrupt

664

00:33:47.700 --> 00:33:50.000

Mr. Griffiths, I just before he responds to

665

00:33:50.200 --> 00:33:53.300

that. I just want to add Mr. Mohammed here on behind us

666

00:33:53.300 --> 00:33:56.500

to authorities that I associate myself with

667

00:33:56.500 --> 00:33:59.400

everything that Mr. Bedford has just said in all the

668

00:33:59.400 --> 00:34:02.600

pointy is made both in terms of clarifying the costs questioning

669

00:34:02.600 --> 00:34:05.100

but also about the surprise in relation to

670

00:34:05.100 --> 00:34:08.400

what has transpired in the past week. So I just went before

671

00:34:08.400 --> 00:34:11.500

Mr. Crickets replied associate myself at

672

00:34:11.500 --> 00:34:14.400

this stage. Thank you. Yes. Thank you Mr. Mohammad.

673

00:34:14.400 --> 00:34:17.400

Yes. Thank you. We receive

674

00:34:17.400 --> 00:34:20.200

notice the postponement to this actually same time as everyone

675

00:34:20.200 --> 00:34:23.300

else. So we didn't have advanced warning

676

00:34:23.300 --> 00:34:25.200

that they were to be postponed.

677

00:34:25.800 --> 00:34:28.100

So we're in the same boat. That's no

678

00:34:28.100 --> 00:34:31.300

good quiz an examine authority. Of course, it's just I'd made that clear. We were not given

679

00:34:31.300 --> 00:34:32.200

any advanced warning.

680

00:34:33.100 --> 00:34:36.200

The regarding the reason for the postponement is very clear and

681

00:34:36.200 --> 00:34:39.200

examining thought is letter which is the delay in

682

00:34:39.200 --> 00:34:42.200

the changes application. Our position has been very clear. We have not

683

00:34:42.200 --> 00:34:45.200

asked for the postponement of the issue specific hearings. We

684

00:34:45.200 --> 00:34:48.800

were fully prepared for the examination to commence after the

685

00:34:48.800 --> 00:34:51.400

closure of this polymer meeting prepared to be

686

00:34:51.400 --> 00:34:54.800

a part in issue specific hearing tomorrow and the

687

00:34:54.800 --> 00:34:57.300

April hearings the following day. I note they

688

00:34:57.300 --> 00:35:00.800

are only postponed. So of course any preparation for those or simply

689

00:35:00.800 --> 00:35:04.400

be ready for when the examination can beans

690

00:35:03.400 --> 00:35:06.200

and regarding the

691

00:35:06.200 --> 00:35:09.500

the reason for the postponement was therefore just

692

00:35:09.500 --> 00:35:12.400

to do the change application as I say, we we were

693

00:35:12.400 --> 00:35:15.800

paired to we've even published a revised timetable

694

00:35:15.800 --> 00:35:18.500

that showed how the examination could

695

00:35:18.500 --> 00:35:21.100  
have taken place tomorrow. I'm not

696  
00:35:21.100 --> 00:35:24.500  
going to comment on any Merit of costs. We haven't

697  
00:35:24.500 --> 00:35:27.200  
seen them yet. But I want to make that point that it was only

698  
00:35:27.200 --> 00:35:30.300  
due to post changes and we submitted that

699  
00:35:30.300 --> 00:35:30.800  
the application.

700  
00:35:32.200 --> 00:35:35.200  
These permanent meeting could be closed today and with the

701  
00:35:35.200 --> 00:35:36.900  
issue specific hearing on the dco tomorrow.

702  
00:35:37.700 --> 00:35:40.400  
Yes, thank you, Mr. Griffith, and I think

703  
00:35:40.400 --> 00:35:41.300  
it fair to say that.

704  
00:35:42.900 --> 00:35:45.700  
Given the change in circumstances that obtained last

705  
00:35:45.700 --> 00:35:48.300  
week. There was a

706  
00:35:48.300 --> 00:35:51.900  
degree of likelihood that the examination might not

707  
00:35:51.900 --> 00:35:55.600  
and could not start tomorrow, which we

708  
00:35:54.600 --> 00:35:57.100  
have. In fact found to be the case

709

00:35:57.100 --> 00:36:00.300

and given the interconnectedness in

710

00:36:00.300 --> 00:36:00.300

the

711

00:36:01.400 --> 00:36:05.400

rules as I'm sure you'll appreciate whereby the examination

712

00:36:04.400 --> 00:36:07.900

starts after the

713

00:36:07.900 --> 00:36:11.400

preliminary meeting finishes. Then one

714

00:36:10.400 --> 00:36:13.600

finds on self in a procedural difficulty.

715

00:36:13.600 --> 00:36:16.600

If one's trying to go through

716

00:36:16.600 --> 00:36:19.700

the processes that end up

717

00:36:19.700 --> 00:36:22.600

with a fair and effective examination

718

00:36:22.600 --> 00:36:25.900

and so from that point of view and we've

719

00:36:25.900 --> 00:36:28.800

set out our position in in the letter

720

00:36:28.800 --> 00:36:29.900

that we published on the website.

721

00:36:31.700 --> 00:36:35.100

Um, so that said we are

722

00:36:35.100 --> 00:36:38.100  
where we are unless there are

723  
00:36:38.100 --> 00:36:41.600  
any other issues that people want to raise and I noticed

724  
00:36:41.600 --> 00:36:44.800  
Mr. Steele's hands up. So yes, I I only

725  
00:36:44.800 --> 00:36:47.100  
raise this because I assume it's taken into

726  
00:36:47.100 --> 00:36:50.700  
account by you in all the other message you have dealt with

727  
00:36:50.700 --> 00:36:52.800  
and that's the issue specific hearings.

728  
00:36:54.200 --> 00:36:57.800  
And I assume that that is connected with the

729  
00:36:57.800 --> 00:37:00.500  
key subject matters, which we dealt with

730  
00:37:00.500 --> 00:37:03.100  
earlier on that. We have made

731  
00:37:03.100 --> 00:37:07.100  
our position clear on our letter the 13th of of July

732  
00:37:06.100 --> 00:37:09.400  
paragraphs 22 onwards. We

733  
00:37:09.400 --> 00:37:12.200  
don't need to say anymore about that but they are in

734  
00:37:12.200 --> 00:37:15.200  
the timetable they're built in and it's just question

735  
00:37:15.200 --> 00:37:18.700  
whether you wished us in the timetabling to

736

00:37:18.700 --> 00:37:21.200

make representations about that in certain days

737

00:37:21.200 --> 00:37:24.200

or whether that's a matter which has taken as red and

738

00:37:24.200 --> 00:37:27.500

leave it to you to deal with that particular Point are you talking

739

00:37:27.500 --> 00:37:30.100

on are you are you speaking is that we're on behalf of

740

00:37:30.100 --> 00:37:33.300

the Horseman's group or both? Yeah both

741

00:37:33.300 --> 00:37:37.100

there are matters which for example issue

742

00:37:36.100 --> 00:37:39.800

specific hearings concerning agriculture ecology and

743

00:37:39.800 --> 00:37:42.100

so on so forth the nails see which is taken out,

744

00:37:42.100 --> 00:37:44.000

which is an issue specifically Hearing in itself.

745

00:37:44.800 --> 00:37:47.200

And we're interested in that and on behalf

746

00:37:47.200 --> 00:37:50.600

of the Horseman's group. Yes, that was under the economic considerations in

747

00:37:50.600 --> 00:37:53.200

your list, but actually taken out in relation to

748

00:37:53.200 --> 00:37:57.200

that particular one for a hearing and and

749

00:37:56.200 --> 00:37:59.800

so on if I make good it that way. Yes, but

750

00:37:59.800 --> 00:38:02.300

we would certainly wish to examine those

751

00:38:02.300 --> 00:38:05.200

matters. But particularly we wish to

752

00:38:05.200 --> 00:38:08.300

examine matters that are

753

00:38:09.300 --> 00:38:12.400

Clearly matters of dispute and that are outstanding

754

00:38:12.400 --> 00:38:15.700

and that is why I make

755

00:38:15.700 --> 00:38:18.800

no apology for reemphasizing the need

756

00:38:18.800 --> 00:38:21.500

during the examination to try and hone in

757

00:38:21.500 --> 00:38:25.700

on where the real disputes lie, and

758

00:38:24.700 --> 00:38:27.600

to that end documents like

759

00:38:27.600 --> 00:38:31.600

the statements of Common Ground are in

760

00:38:30.600 --> 00:38:33.500

an valuable asset to the

761

00:38:33.500 --> 00:38:37.000

panel in deciding on

762

00:38:36.400 --> 00:38:40.600

a continuous review basis of what

763

00:38:39.600 --> 00:38:43.600  
particular issues we set

764

00:38:43.600 --> 00:38:47.100  
out on a detailed gender for forthcoming

765

00:38:46.100 --> 00:38:48.600  
issues specific hearings.

766

00:38:49.300 --> 00:38:52.500  
So that's generally how we would we would we would proceed

767

00:38:52.500 --> 00:38:55.500  
that is helpful. So thank you very much and Mr.

768

00:38:55.500 --> 00:38:58.100  
Mohammed. I think you wish to add something.

769

00:38:59.000 --> 00:38:59.700  
Yeah.

770

00:39:00.700 --> 00:39:03.500  
Just a point of clarification. If I if

771

00:39:03.500 --> 00:39:06.700  
I may could you help me understand Mr. Griffiths just

772

00:39:06.700 --> 00:39:09.200  
made the point that that matters could

773

00:39:09.200 --> 00:39:11.300  
have proceeded this week say for

774

00:39:12.100 --> 00:39:15.300  
The Amendments that he has mentioned and we've

775

00:39:15.300 --> 00:39:18.400  
been discussing. But if I may just take a moment

776

00:39:18.400 --> 00:39:21.700

to look at the left so that the examining

777

00:39:21.700 --> 00:39:24.900

Authority sent out last week.

778

00:39:24.900 --> 00:39:27.500

I'm afraid it's not paginated and

779

00:39:27.500 --> 00:39:31.300

there are no paragraph numbers but on the third page.

780

00:39:32.300 --> 00:39:34.100

the second part from this fall

781

00:39:34.900 --> 00:39:37.700

you specifically highlight the second paragraph

782

00:39:37.700 --> 00:39:40.600

where halfway you say

783

00:39:40.600 --> 00:39:43.400

specifically a failure to post site notices

784

00:39:43.400 --> 00:39:44.000

of the hearing.

785

00:39:44.800 --> 00:39:47.500

And to place advertisements in the local press

786

00:39:47.500 --> 00:39:51.900

as required by the particular rules. Can

787

00:39:50.900 --> 00:39:53.600

I just be clear about what

788

00:39:53.600 --> 00:39:56.200

Mr. Griffiths are saying is he suggesting that

789

00:39:56.200 --> 00:39:59.300

that is something that could not

790

00:39:59.300 --> 00:40:02.600

have stopped these hearings from taking place because when

791

00:40:02.600 --> 00:40:05.500

you get around to explaining what happens next and

792

00:40:05.500 --> 00:40:08.700

why the hearings and I've been postponed it's my

793

00:40:08.700 --> 00:40:11.500

understanding that that's a material consideration that

794

00:40:11.500 --> 00:40:14.900

had a significant part to play. Yes, why hearings have

795

00:40:14.900 --> 00:40:15.500

been exposed?

796

00:40:19.100 --> 00:40:21.200

So Mr. Griffith, thank you. So my

797

00:40:22.700 --> 00:40:25.800

so the second paragraph the letter summarizes the

798

00:40:28.400 --> 00:40:31.900

consequences of the change application being delayed

799

00:40:31.900 --> 00:40:34.500

to the end of August it is it is

800

00:40:34.500 --> 00:40:38.100

within the and I think my recollection my memories

801

00:40:37.100 --> 00:40:40.200

good enough and go back

802

00:40:40.200 --> 00:40:43.800

to the calling. I think you mentioned in your procedural decision

803

00:40:43.800 --> 00:40:46.700

earlier that if we hadn't have issued the

804

00:40:46.700 --> 00:40:49.200

if we haven't delayed the chains application you would have

805

00:40:49.200 --> 00:40:50.100

found examination.

806

00:40:52.700 --> 00:40:55.200

Could have started coach of this I have

807

00:40:55.200 --> 00:40:58.400

that's the record if that's I think that was a cut the conclusion  
the

808

00:40:58.400 --> 00:41:01.100

examining Authority that if we if we'd submitted the app to change  
the application

809

00:41:01.100 --> 00:41:04.500

before the preliminary meeting. This would have examination was  
started and

810

00:41:04.500 --> 00:41:08.300

it is within the power of these owning Authority and it's quite  
frequent in

811

00:41:07.300 --> 00:41:10.200

the case where it's unusual for

812

00:41:10.200 --> 00:41:13.700

issue specific hearings to start straight off the preliminary  
meeting, but when they

813

00:41:13.700 --> 00:41:16.500

have done sometimes the notices have been missed and of

814

00:41:16.500 --> 00:41:20.400

course it's in the examining Authority gift to agree a

815

00:41:20.400 --> 00:41:23.400  
shorter time frame for notices to

816  
00:41:23.400 --> 00:41:26.500  
publish and that is exactly what we requested. So my point

817  
00:41:26.500 --> 00:41:29.800  
was that should the examination examining

818  
00:41:29.800 --> 00:41:32.300  
Authority had agreed the examination could have

819  
00:41:32.300 --> 00:41:35.100  
commenced after close this preliminary meeting today. Then I would

820  
00:41:35.100 --> 00:41:38.600  
have thought at the same time. The summing Authority would have  
issued a procedure decision

821  
00:41:38.600 --> 00:41:41.300  
to allow the seven days

822  
00:41:41.300 --> 00:41:44.100  
whatever it was notice for a shorter time period

823  
00:41:44.100 --> 00:41:47.300  
for the notices to make everything in order. Yeah. So that

824  
00:41:47.300 --> 00:41:50.400  
was the that was my reasoning. Yes. I understand

825  
00:41:50.400 --> 00:41:52.300  
why you're both coming from it's

826  
00:41:52.700 --> 00:41:56.300  
A sense of hypothetical point and I think

827  
00:41:56.300 --> 00:41:59.200  
I would be better advised to leave

828  
00:41:59.200 --> 00:42:02.400

it there time for a bridgement is

829

00:42:02.400 --> 00:42:05.600

allowed under the rules whether that would happen or

830

00:42:05.600 --> 00:42:08.800

not has been overtaken by the events. Yeah. Does

831

00:42:08.800 --> 00:42:10.300

that answer your question Mr. Mohammad?

832

00:42:11.500 --> 00:42:14.800

Albeit not in a perhaps in a as concrete.

833

00:42:14.800 --> 00:42:15.000

Yes.

834

00:42:18.500 --> 00:42:18.700

Yes.

835

00:42:19.700 --> 00:42:21.000

Thank you. Okay.

836

00:42:23.100 --> 00:42:24.400

I understand it. Thank you.

837

00:42:26.100 --> 00:42:29.100

Okay. Thank you very much, right.

838

00:42:31.900 --> 00:42:35.300

Any more for any more if there are no more

839

00:42:34.300 --> 00:42:37.900

comments, then I will move to a journey

840

00:42:37.900 --> 00:42:40.700

meeting and just thank you very much for attending both in

841

00:42:40.700 --> 00:42:43.200

person and virtually today and for your

842

00:42:43.200 --> 00:42:44.100  
contributions.

843

00:42:44.800 --> 00:42:47.500  
And we look forward in due course to commencing

844

00:42:47.500 --> 00:42:49.300  
the examination of this application.

845

00:42:50.400 --> 00:42:53.400  
Digital recording of the proceedings will be made available

846

00:42:53.400 --> 00:42:56.300  
as soon as practical on the project page of

847

00:42:56.300 --> 00:42:58.500  
the national infrastructure website.

848

00:42:59.400 --> 00:43:02.600  
So to reiterate the next stage of the process, we

849

00:43:02.600 --> 00:43:05.000  
will issue a procedural decision.

850

00:43:06.600 --> 00:43:10.200  
This week inviting interested parties

851

00:43:09.200 --> 00:43:12.300  
and parties to

852

00:43:12.300 --> 00:43:17.400  
comment on the revised what

853

00:43:16.400 --> 00:43:19.300  
the revised timetable should be and

854

00:43:19.300 --> 00:43:21.700  
the appropriate start date of the examination.

855

00:43:22.900 --> 00:43:25.500

Will issue that letter this week and allow submissions

856

00:43:25.500 --> 00:43:29.200

to be made up to 2359 on

857

00:43:28.200 --> 00:43:30.400

Monday the 8th of August.

858

00:43:33.500 --> 00:43:37.700

Um, so the time is now 1431 and

859

00:43:36.700 --> 00:43:39.600

this preliminary meeting on Seneca

860

00:43:39.600 --> 00:43:42.300

solar farm project is now adjourned. Thank

861

00:43:42.300 --> 00:43:42.600

you very much.
