At the Preliminary Meeting Day 1 Mr Kean invited comments on if Food Security and Land Use Implications should form part of the Examination. We consider that they should form part of the Examination as there is a clear tension between Food Security in the UK and the loss of agricultural land to large scale solar energy projects.

Regarding the Issue Specific Hearings, we would like to request that the ExA considers Issue Specific Hearings on:

- 1) Food Security (there are issues relating to this that are separate to other agricultural points)
- 2) Assessment of Alternatives
