

Nick Wright

8th August 2022

Dear Sirs

Sunnica - Procedural Decision (PD -011) - by the ExA dated 28th July 2022

I am part of the Say No To Sunnica Action Group Ltd. I support the representation they have submitted, but also comment as follows:

1/ I agree there is insufficient time within the Examination timetable for it to start without the 'Change' Application being submitted and fully understood by the local communities. I therefore would ask that the Examination process is not started until the Changed Application has been submitted and sufficient time has been allowed for us to consider the changes proposed and have taken advise on it. This will ensure our Written Representations are as useful and informed as they can be.

2/ Following on from the Preliminary Meeting of 26th July I would ask that the following topics are added to the list of Issue Specific Hearings

- a/ Food Security
- b/ Assessment of Alternatives

Regards

Nick Wright
