Planning Inspectorate Scheme Reference	EN010106
Application Document Reference	EN010106/APP/4.4
Author	Sunnica Energy Farm Project Team

Version	Date	Status of Version
Rev 00	18 November 2021	Application Version
Rev 01	30 August 2022	Change Application August 2022

Contact Name	Plot Number	Category of Interest	Works Number(s)	Reason of Acquisition or Possession	Negotiations
A.G. Wright & Son (Farms) Limited	8-03	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	<p>Sunnica has been in correspondence with the landowner, their agent and solicitor since March 2019. Discussions regarding the acquisition of the necessary land interests began in June 2021.</p> <p>Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowners interests within the land could be confirmed. A site visit was undertaken on 27 August 2020 and Sunnica's agents met with Mrs Wright and provided an overview of the Scheme and the Development Consent Order (DCO) process.</p> <p>Sunnica entered into negotiations in respect of a environmental survey access licence but were unable to reach an agreement with the landowner.</p> <p>Sunnica issued Head of Terms to the landowner on 29 June 2021 with a view to reach a voluntary agreement for the acquisition of the required rights.</p> <p>Sunnica's agents offered to meet with the landowner and their agent on 20 July 2021, but the offer was not accepted. Emails were also sent on 9 August 2021 and 6 September 2021 asking if the landowners agent would be willing to meet to discuss the Heads of Terms. The offers were not accepted.</p> <p>To date the landowner has not entered into negotiations with the Applicant.</p>
	8-04	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
	8-05	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
	8-06	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
	9-01	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
Airwave Solutions Limited	9-06	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	<p>Sunnica issued a Request for Information (RFI) on 16 September 2020 so that the landowners interests within the land could be confirmed. An email was sent on 29 September 2021 to the Cambridgeshire Asset Manager with a view to confirm the company's interest within the land.</p> <p>To date Airwave Solutions Limited has not entered into negotiations with the Applicant. In any event, the draft DCO includes protective provisions for the benefit of telecommunications operators.</p>
Alfred Oliver Badcock	18-15	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	<p>Sunnica has been in correspondence with Mr Badcock since March 2019. Discussions regarding the acquisition of the necessary land interests began with the Badcock family in June 2021.</p>
	18-16	2	4, 9	4 Required for the laying down, maintenance and replacement and use of electrical cables	

				9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	<p>Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowners interests within the land could be confirmed.</p> <p>Initially the landowner was not willing to engage. However, that position changed on 2 September 2020 and Mr K A Badcock has been appointed as the primary contact for the family and negotiations have continued in that regard</p> <p>Sunnica issued Head of Terms to Mr Badcock on 29 June 2021 with a view of reaching a voluntary agreement for the acquisition of the required rights. .</p> <p>Negotiations continue with Mr K A Badcock and the family's agent.</p>
18-19	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables

	21-02	2	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
CH Tompsett Farms	16-09	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	Sunnica has been in correspondence with the land interest since October 2020. Sunnica issued a Request for Information (RFI) on 16 October 2020 to confirm any interests which are held within the land. Sunnica has commenced commercial discussions with the tenants landlord and is presently arranging a site meeting so further discussions can take place surrounding the necessary terms which may need to be included within the Heads of Terms. Sunnica issued correspondence to the land interest on 16 November 2021 with a view to reach a voluntary agreement for the rights over the land which they have an interest in.
	16-10	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
	16-12	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
Cadent Gas Limited	5-03	2	1B, 4, 6B, 7B, 9, 10	1B Required for the construction, maintenance and replacement, use and decommissioning of solar modules, mounting structures, solar stations and associated electrical cables 4 Required for the laying down, maintenance and replacement and use of electrical cables 6B Required to create, enhance existing and maintain green infrastructure including access tracks 7B Required for the construction, maintenance, use and decommissioning of temporary construction laydown areas 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development 10 Required to create and maintain stone curlew reserve	Sunnica has been in correspondence with the land interest since March 2019. Sunnica's legal team has been in contact with Cadent's lawyers since February 2021 to negotiate protective provisions. The parties' lawyers have exchanged regular correspondence in relation to the terms of the protective provisions, including a call to discuss outstanding points on 1 July 2021. The parties have narrowed the outstanding issues significantly, and the documents are at an advanced stage of negotiation.

Cambridgeshire County Council	8-06	2	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	Sunnica has been in correspondence with Cambridgeshire County Council's rural management department since March 2019. Discussions regarding the acquisition of the necessary land interests began in June 2021. Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowners interests within the land could be confirmed. A survey access license was also issued on 14 June 2019. The licence was issued to Cambridgeshire County Council's agent for signatures on 2 February 2021. Despite agreeing terms, the licence was never signed and completed. Sunnica issued Heads of Terms to Cambridgeshire County Council on 29 June 2021 with a view to reach a voluntary agreement for the acquisition of the required interests. An email was issued on 8 August 2021 offering to meet on site to discuss the Heads of Terms. On 8 September 2021 Cambridgeshire County Council confirmed receipt of the Heads of Terms and said that their estates team will soon be in touch to discuss the possibility of a site meeting. Negotiations are ongoing.
	9-03	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development

Charles Donald Crole	6-02	1	1B(iii), 9	1B(iii) Required for the laying down, maintenance and replacement and use of electrical cables 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	Sunnica has been in correspondence with the landowners and their solicitors since 2019 with regards to the negotiation of an Option Agreement for lease and easement. Initial draft documentation was issued to the landowners' solicitor in June 2019. Negotiation has been undertaken during the course of 2019, 2020
	6-03	1	7B, 1B, 6B	1B Required for the construction, maintenance and replacement, use and decommissioning of solar modules, mounting structures, solar stations and associated electrical cables 6B Required to create, enhance existing and maintain green infrastructure including access tracks 7B Required for the construction, maintenance, use and decommissioning of temporary construction laydown areas	and 2021 by way of face-to-face meetings, email correspondence and conference calls. Drafts are now at an advanced stage with final commercial terms being discussed between the parties so that the parties can proceed to signature of engrossments and exchange.
	6-04	1	1B(iii)	1B(iii) Required for the laying down, maintenance and replacement and use of electrical cables	
	6-05	1	n/a		
	6-07	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
	6-08	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
Charlotte Caroline Tilbrook	9-03	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	Sunnica has been in correspondence with the Tilbrook Family and their solicitors since 2019. Heads of terms were signed in August 2019. Sunnica completed an access licence with the Tilbrook Family and subsequently commenced negotiations on an Option Agreement for lease and easement. Draft documents were issued to the landowners' solicitor in February 2020. Negotiations were undertaken by email and telephone throughout 2020 taking the documentation to an advanced stage. Negotiations stopped in November 2020 and recommenced in April 2021. Negotiations were undertaken by email and telephone from April to September 2021. At the request of the landowners the Option Agreement is now being dealt with by way of two Option Agreements and negotiations are at an advanced stage.
	9-04	1	4, 9	4 Required for the laying down, maintenance and replacement and use of electrical cables 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
	9-05	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
	9-06	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
	9-07	1	6C	6C Required to create, enhance existing and maintain green infrastructure including access tracks	
	10-17	1	1C(iii)	1C(iii) Required for the laying down, maintenance and replacement and use of electrical cables	
	10-19	1	1C(iii)	1C(iii) Required for the laying down, maintenance and replacement and use of electrical cables	

	10-28	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	Drafts are nearing final form and are currently with the landowners and their solicitor for final comment and approval so that we can proceed to signing of engrossments and exchange.

	11-02	1	4, 9	4 Required for the laying down, maintenance and replacement and use of electrical cables 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
	11-03	1	1C(iii), 4, 9	1C(iii) Required for the laying down, maintenance and replacement and use of electrical cables 4 Required for the laying down, maintenance and replacement and use of electrical cables 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
	11-04	1	1C(iii), 4, 9	1C(iii) Required for the laying down, maintenance and replacement and use of electrical cables 4 Required for the laying down, maintenance and replacement and use of electrical cables 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
	11-05	1	1C(iii), 4, 6C	1C(iii) Required for the laying down, maintenance and replacement and use of electrical cables 4 Required for the laying down, maintenance and replacement and use of electrical cables 6C Required to create, enhance existing and maintain green infrastructure including access tracks	

	11-06	1	6C, 9	6C Required to create, enhance existing and maintain green infrastructure including access tracks 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
Clive Alfred Badcock	18-15	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	Sunnica has been in correspondence with Mr Badcock since March 2019. Discussions regarding the acquisition of the necessary land interests began in June 2021.
	19-15	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
	20-01	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowners interests within the land could be confirmed. Initially the landowner was not willing to engage. However, that position changed on 2 September 2020 and Mr K A Badcock has been appointed as the primary contact for the family and negotiations have continued in that regard Sunnica issued Head of Terms to Mr Badcock on 29 June 2021 with a view of reaching a voluntary agreement for the acquisition of the required rights. Negotiations continue with Mr K A Badcock and the family's agent.
	20-02	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
David Charles Drain	8-02	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	Sunnica has been in correspondence with Mr Drain, his land agent and solicitor since March 2019. Discussions regarding the acquisition of the necessary land interests began in June 2021. Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowners interests within the land could be confirmed. A survey access license was also completed on 29 June 2021. Sunnica issued Head of Terms to Mr Drain on 29 June 2021 with a view to reaching a voluntary agreement for the acquisition of the required rights. Sunnica's agents offered to meet with Mr Drain and their agent on 20 July 2021, but the offer was not accepted. Emails were also sent on 9 August 2021 and 6 September 2021 asking if the landowners agent would be willing to meet to discuss the Heads of Terms. The offers were not accepted. To date no progress has been made in negotiations to acquire the rights required.
	8-03	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
David Norman Chastel De Boinville	9-07	1	6C	6C Required to create, enhance existing and maintain green infrastructure including access tracks	Sunnica has been in correspondence with the landowners and their solicitors since 2019 with regards to the negotiation of an Option Agreement for lease and easement.
	9-08	1	6C	6C Required to create, enhance existing and maintain green infrastructure including access tracks	

9-09	1	6C	6C Required to create, enhance existing and maintain green infrastructure including access tracks	<p>Initial draft documentation was issued to the landowners' solicitor in June 2019. Negotiation has been undertaken during the course of 2019, 2020 and 2021 by way of face-to-face meetings, email correspondence and conference calls.</p> <p>Drafts are now at an advanced stage with final commercial terms being discussed between the parties so that the parties can proceed to signature of engrossments and exchange.</p>
10-19	1	1C(iii)	1C(iii) Required for the laying down, maintenance and replacement and use of electrical cables

David William Barclay	9-07	1	6C	6C Required to create, enhance existing and maintain green infrastructure including access tracks	<p>Sunnica has been in correspondence with the landowners and their solicitors since 2019 with regards to the negotiation of an Option Agreement for lease and easement.</p> <p>Initial draft documentation was issued to the landowners' solicitor in June 2019. Negotiation has been undertaken during the course of 2019, 2020 and 2021 by way of face-to-face meetings, email correspondence and conference calls.</p> <p>Drafts are now at an advanced stage with final commercial terms being discussed between the parties so that the parties can proceed to signature of engrossments and exchange.</p> <p>In respect of plot 15-08 this is a recent addition to the Order limits and to date negotiations have not related to this plot. However, it is expected that negotiations can be undertaken with the discussions referred to above. The Applicant therefore expects to secure the necessary land interests prior to the commencement of the examination</p>

15-12	2	1D, 4, 6D	1D Required for the construction, maintenance and replacement, use and decommissioning of solar modules, mounting structures, solar stations and associated electrical cables 4 Required for the laying down, maintenance and replacement and use of electrical cables

				6D Required to create, enhance existing and maintain green infrastructure including access tracks	
	16-01	2	1D, 4, 6D	1D Required for the construction, maintenance and replacement, use and decommissioning of solar modules, mounting structures, solar stations and associated electrical cables 4 Required for the laying down, maintenance and replacement and use of electrical cables 6D Required to create, enhance existing and maintain green infrastructure including access tracks	
	16-02	2	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
Donald Seymour Tuke	1-03	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	Sunnica has been in correspondence with the Tuke family, their agent and solicitor since January 2019.
	1-04	1	4, 9	4 Required for the laying down, maintenance and replacement and use of electrical cables 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	Discussions regarding the acquisition of the necessary land interests initially began in February 2019, however, the landowners subsequently requested for their land to be removed from the Scheme limits as they no longer wished to be a site provider for the solar array sites. However, part of the family's land remains within the proposed Order limits to be used for the purposes of the cable route. Discussions regarding the acquisition of the necessary land interests over this smaller area recommenced in June 2021.
	1-05	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
	3-08	2	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	A survey access licence agreement was completed on 23 April 2019; however, the landowners rescinded the licence agreement on 3 July 2019.
	4-02	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	Access licence discussions recommenced in December 2020 and a non-intrusive survey access licence was completed on 12 February 2021.
	4-03	1	1A(iii), 4, 6A, 9	1A(iii) Required for the laying down, maintenance and replacement and use of electrical cables 4 Required for the laying down, maintenance and replacement and use of electrical cables 6A Required to create, enhance existing and maintain green infrastructure including access tracks 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	Sunnica issued Head of Terms to Mr Tuke on 29 June 2021 with a view to reaching a voluntary agreement for the acquisition of the of the required interests. Sunnica's agents met with the Tuke's land agent and farm advisor on 20 July 2021, to discuss the Scheme and the Heads of Terms. Negotiations are ongoing.
	4-04	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development

Garry Peter Chapman	18-09	2	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	<p>Sunnica has been in correspondence with Mr Chapman since March 2019. Discussions regarding the acquisition of the necessary land interests began in July 2021.</p> <p>Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowner's interests within the land could be confirmed. A survey access licence agreement was issued to the landowner's on 14 June 2019 for completion. A copy was returned on 26 June 2019 but was not signed by all the necessary proprietors. A subsequent copy was re-issued on 14 May 2020 for review.</p> <p>The landowner's raised concerns on 19 June 2020 about the loss of grazing income owing to the works incurred by the Scheme. Sunnica confirmed on 19 June 2020 that loss of grazing income would be compensated until such time as the ground becomes suitable for grazing. Chaser emails were sent on 29 June, 20 July and 10 August 2020 to confirm if the landowner's would be willing to enter into the mentioned licence agreement. On 10 August 2020 Mr Chapman confirmed that they will not be completing the survey access licence.</p> <p>A follow up site visit took place on 28 August 2020 and the landowner's were provided with an overview of the Scheme. On 20 November 2020, Mr Chapman advised via email that he did not wish for Sunnica to access his land for survey purposes and that he will prevent any access attempts.</p> <p>Sunnica issued Head of Terms to Mr Chapman on 23 July 2021 with a view to reach a voluntary agreement for the acquisition of the required rights. Following this, Sunnica's agents attempted to contact the landowner's by way of email on 9 August 2021 to arrange a site meeting to discuss the Heads of Terms. It was agreed in principle on 9 August 2021 that Sunnica's</p>
	18-11	1	4, 9	<p>4 Required for the laying down, maintenance and replacement and use of electrical cables</p> <p>9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development</p>

Harry Sidebottom	16-04	2	4, 9	4 Required for the laying down, maintenance and replacement and use of electrical cables 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	Sunnica has been in correspondence with Dr Sidebottom and his solicitor since March 2019. Discussions regarding the acquisition of the necessary land interests began in June 2021. Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowner's interests within the land could be confirmed. Sunnica also attempted to complete a survey access licence with the landowner in 2020, however, it was not possible to agree an undertaking with their solicitor to review and complete the licence. Sunnica issued Head of Terms to the landowner on 29 June 2021 with a view to reach a voluntary agreement for the acquisition of the required rights. An email was issued on 10 August 2021 offering to meet on site in early September to discuss the Scheme and the Heads of Terms. A response was received on 30 August 2021 and the meeting was deferred. Sunnica's agents are presently looking to arrange a site meeting in order to discuss the Scheme and associated Heads of Terms. Negotiations are ongoing.

Huw Norman Neal	19-08	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	Sunnica has been in correspondence with Mr Neal since March 2019. Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowners interests within the land could be confirmed. Sunnica agreed an access licence with Mr and Ms Neal in January 2020 and have been in regular correspondence with regards to the impacts of the cable corridor on their land. Sunnica issued correspondence to Mr Neal on 16 November 2021 with a view to reach a voluntary agreement for the required rights on their land.
	19-09	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
	19-10	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
Jacqueline Ruth Reeve	20-09	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	Sunnica has been in correspondence with Ms Reeve since March 2019. Discussions regarding the acquisition of the necessary land interests began in June 2021. Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowners interests within the land could be confirmed. A survey access licence agreement was issued on 14 June 2019. A site visit was carried out by Sunnica's agents on 13 August 2020 and Mr Reeve confirmed he did not wish to engage or cooperate with Sunnica. This was reconfirmed during further discussions relating to a survey access licence between February and March 2021. Mr Reeve confirmed in March 2021 that he and Ms Reeve will not allow access, nor will he be signing any agreement. The landowner stated that monies and compensation were not an issue. Sunnica issued initial drafts of Heads of Terms to Ms Reeve on 29 June 2021 with a view to reach a voluntary agreement for the acquisition of the required rights for the cable corridor. Heads of Terms for substation site Option 2 were also issued to the landowner on 18 November 2021 with the hope of further discussing the land required for the substation development. To date no progress has been made in negotiations to acquire the necessary rights and interests required.

Mavis Dove	18-16	1	4, 9	4 Required for the laying down, maintenance and replacement and use of electrical cables 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	Sunnica has been attempting to liaise with Ms Dove since March 2019. Discussions regarding the acquisition of the necessary land interests began in June 2021. Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowners interests within the land could be confirmed. Sunnica has attempted to agree a licence agreement with the landowners.
	19-06	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
	19-07	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	A site visit took place on 22 October 2020 and Ms Earl confirmed that the family do not wish to cooperate with Sunnica with regards to the Scheme and that all correspondence they receive is discarded. Sunnica issued Head of Terms to Ms Dove on 29 June 2021 with a view to reach a voluntary agreement for the acquisition of the required rights. To date no progress has been made in negotiations a voluntary agreement to acquire the rights required.
	19-08	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables

Michael Robert Palmer	18-08	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	<p>Sunnica has been in correspondence with Mr Palmer since March 2019.</p> <p>Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowners interests within the land could be confirmed. A site visit took place on 2 October 2020 where Mr Palmer confirmed that he is happy to liaise with Sunnica and has provisionally appointed an agent for the matter.</p> <p>Sunnica issued correspondence to Mr Palmer on 16 November 2021 with a view to reach a voluntary agreement for the acquisition of the require rights.</p>
Mills & Reeve Trust Corporation Limited	9-07	1	6C	6C Required to create, enhance existing and maintain green infrastructure including access tracks	<p>Sunnica has been in correspondence with the landowners and their solicitors since 2019 with regards to the negotiation of an Option Agreement for lease and easement.</p> <p>Initial draft documentation was issued to the landowners' solicitor in June 2019. Negotiation has been undertaken during the course of 2019, 2020 and 2021 by way of face-to-face meetings, email correspondence and conference calls.</p> <p>Drafts are now at an advanced stage with final commercial terms being discussed between the parties so that the parties can proceed to signature of engrossments and exchange.</p> <p>In respect of plot 15-08 this is a recent addition to the Order limits and to date negotiations has not related to this plot. However, it is expected that negotiations can be undertaken with the discussions referred to above. The Applicant therefore expects to secure the necessary land interests prior to the commencement of the examination</p>

	20-11	2	5A, 5C	5A Required for the construction, maintenance and replacement, use and decommissioning of an extension to the existing Burwell Substation 5C Required to enable the construction, maintenance and replacement, use and decommissioning of the electrical connection to the existing Burwell substation	Option Agreement discussions commenced in March 2020 by way of a meeting to discuss Head of Terms. A further meeting took place on 8 April 2021 where terms and financial considerations were outlined for the land at the Burwell main substation. Heads of Terms were issued by National Grid on 18 May 2021. Comments were provided by Sunnica's agents and legal team on 22 June 2021 and subsequent comments were exchanged. A follow up meeting took place on 4 November 2021 and discussions continue.
	20-12	1, 2	5A, 5C	5A Required for the construction, maintenance and replacement, use and decommissioning of an extension to the existing Burwell substation 5C Required to enable the construction, maintenance and replacement, use and decommissioning of the electrical connection to the existing Burwell substation	Sunnica is currently in the advanced stages of negotiating the Heads of Terms for the Lease and Easement at Burwell main substation and has also been discussing protective provisions for the landowner's assets across the Scheme.
	20-13	1, 2	5C, 9	5C Required to enable the construction, maintenance and replacement, use and decommissioning of the electrical connection to the existing Burwell substation 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	Negotiations are ongoing.

Network Rail Limited	3-01	1	1A, 6A, 7A	1A Required for the construction, maintenance and replacement, use and decommissioning of solar modules, mounting structures, solar stations and associated electrical cables 6A Required to create, enhance existing and maintain green infrastructure including access tracks 7A Required for the construction, maintenance, use and decommissioning of temporary construction laydown areas	Sunnica has been in correspondence with the land interests' agents since March 2019. Discussions regarding the scheme and the acquisition of the necessary land interests initially began in July 2019 and became more involved since May 2021. Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowners interests within the land could be confirmed. Meetings took place with Network Rail, Sunnica and their agents on 1 July 2019, 23 April 2020, 15 October 2020 and 10 May 2021 to discuss the requirements for the easement for the cable crossing.
	3-03	1	6A, 10	6A Required to create, enhance existing and maintain green infrastructure including access tracks	
				10 Required to create and maintain stone curlew reserve	Head of Terms for the rail crossing and proposed consideration payment details were initially issued by Network Rail on 28 April 2021. Following a meeting on 10 May 2021, Network Rail provided comparative easement consideration detail from other renewable schemes on 4 June 2021 to clarify the consideration contained within the Heads of Terms. An updated version of the Heads of Terms was also issued to Sunnica's agent on 13 July 2021 for review. Sunnica's agents reverted on 29 July 2021 explaining that the comparative considerations lacked context due to the NSIP status of the Scheme. Further comparable data, revised consideration payments and revised Heads of Terms were also provided by Sunnica's agents. Chaser emails were sent on 11 August, 19 August and 6 September requesting a response on the revised consideration and Heads of Terms. Network Rail responded on 22 September 2021 rejecting the revised Heads of Terms. Following advanced discussions in September and October 2021, notification of technical clearance relating to the railway crossing was provided in November 2021 and is now subject to business and legal agreement. Sunnica's legal team also contacted Network Rail in January 2021 in
	3-11	1	1A, 6A	1A Required for the construction, maintenance and replacement, use and decommissioning of solar modules, mounting structures, solar stations and associated electrical cables 6A Required to create, enhance existing and maintain green infrastructure including access tracks

Paul Brown	20-04	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	<p>Sunnica has been in correspondence with Mr Brown since March 2019. Discussions regarding the acquisition of the necessary land interests began in June 2021.</p> <p>Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowners interests within the land could be confirmed. Sunnica liaised with Mr Brown with a view to agree a survey licence, however Mr Brown declined all approaches due to the licence fee not being comparable to a consideration which was recently paid for an easement.</p> <p>Sunnica issued Heads of Terms to Mr Brown on 29 June 2021 with a view to reach a voluntary agreement for the acquisition of the required rights. A site meeting with the landowners agent took place on 21 July 2021. During the meeting the agent advised that their clients would be willing to cooperate with Sunnica and requested that the red line boundary be altered, the requested amend was subsequently applied to the Order limits.</p> <p>During a phone conversation on 22 September 2021 Mr Brown's agent expressed that his clients were interested in progressing matters relating to the Heads of Terms. Following this conversation, Sunnica's agents issued revised Heads of Terms by email and explained the consideration breakdown which his clients would receive.</p> <p>A site visit was also undertaken on 4 October 2021 and Mr Brown provided further comments on the recent changes to the Order limits.</p>
	20-05	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
	20-06	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
	20-07	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
	20-08	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
	20-09	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	

					Negotiations are ongoing and Sunnica's agents are drafting amended Heads of Terms in order to reach an agreement for the acquisition of the required rights. Negotiations continue.
Rebecca May Nicolle	9-07	1	6C	6C Required to create, enhance existing and maintain green infrastructure including access tracks	Sunnica has been in correspondence with the landowners and their solicitors since 2019 with regards to the negotiation of an Option Agreement for lease and easement. Initial draft documentation was issued to the landowners' solicitor in June 2019. Negotiation has been undertaken during the course of 2019, 2020 and 2021 by way of face-to-face meetings, email correspondence and conference calls. Drafts are now at an advanced stage with final commercial terms being discussed between the parties so that the parties can proceed to signature of engrossments and exchange. In respect of plots 15-06 and 15-09 these are a later addition to the Order limits and to date negotiations have not related to these plots. However, it is expected that negotiations can be undertaken with the discussions referred to above. The Applicant therefore expects to secure the necessary land interests prior to the commencement of the examination
	9-08	1	6C	6C Required to create, enhance existing and maintain green infrastructure including access tracks	
	9-09	1	6C	6C Required to create, enhance existing and maintain green infrastructure including access tracks

				9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
	11-05	1	1C(iii), 4, 6C	1C(iii) Required for the laying down, maintenance and replacement and use of electrical cables 4 Required for the laying down, maintenance and replacement and use of electrical cables 6C Required to create, enhance existing and maintain green infrastructure including access tracks	
	11-06	1	6C, 9	6C Required to create, enhance existing and maintain green infrastructure including access tracks 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
Richard Seymour Paley Tuke	1-03	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	Sunnica has been in correspondence with the Tuke family, their agent and solicitor since January 2019. Discussions regarding the acquisition of the necessary land interests initially began in February 2019, however, the landowners subsequently requested that their land is to be removed from the Scheme limits as they no longer wished to be a site provider for the solar array sites. However, part of the family's land remains within the proposed Order limits to be used for the purposes of the cable route. Discussions regarding the acquisition of the necessary land interests over this smaller area recommenced in June 2021. A survey access licence agreement was eventually completed on 23 April 2019; however, the landowners rescinded the licence agreement on 3 July 2019. Access licence discussions recommenced in December 2020 and a non-intrusive survey access licence was completed on 12 February 2021. Sunnica issued Head of Terms to Mr Tuke on 29 June 2021 with a view to reaching a voluntary agreement for the acquisition of the of the required interests. Sunnica's agents met with the Tuke's land agent and farm advisor on 20 July 2021, to discuss the Scheme and the Heads of Terms. Negotiations are ongoing.
	1-04	1	4, 9	4 Required for the laying down, maintenance and replacement and use of electrical cables 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development

Rosemary Forsythe Hutton	1-03	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	Sunnica has been in correspondence with Ms Hutton since October 2019. Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowners interests within the land could be confirmed. Sunnica has also attempted multiple site visits to Ms Hutton's property in order to discuss the Scheme and confirm their interests with the land. During a site visit on 3 September 2020 Ms Hutton requested the reissuance of an RFI, however the correspondence was not returned. Sunnica issued correspondence to Ms Hutton on 16 November 2021 with a view to reach a voluntary agreement for the required interests on her land.
	1-04	1	4, 9	4 Required for the laying down, maintenance and replacement and use of electrical cables 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development

				and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	<p>A survey access licence agreement was issued to the landowner's on 14 June 2021 for completion. A copy was returned on 26 June 2019 but was not signed by all the necessary proprietors. A subsequent copy was re-issued on 14 May 2020 for review.</p> <p>The landowner's raised concerns on 19 June 2020 about the loss of grazing income owing to the works incurred by the Scheme. Sunnica confirmed on 19 June 2020 that loss of grazing income would be compensated until such time as the ground becomes suitable for grazing. Chaser emails were sent on 29 June, 20 July and 10 August 2020 to confirm if the landowner's would be willing to enter into the mentioned licence agreement. On 10 August 2020 the Mr Chapman confirmed that they will not be completing the survey access licence.</p> <p>A follow up site visit took place on 28 August 2020 and the landowner's were provided with an overview of the Scheme. On 20 November 2020, Mr Chapman advised via email that he did not wish for Sunnica to access his land for survey purposes and that he will prevent any access attempts.</p> <p>Sunnica issued Head of Terms to Ms Chapman on 23 July 2021 with a view to reach a voluntary agreement for the acquisition of the required rights. Following this, Sunnica's agents attempted to contact the landowner's by way of email on 9 August 2021 to arrange a site meeting to discuss the Heads of Terms. It was agreed in principle on 9 August 2021 that Sunnica's agents could meet on site to review the required works as long a prior notice is provided. A subsequent email was sent on 6 September 2021 requesting to meet in October, however, a response is yet to be received.</p> <p>To date no progress has been made in negotiating a voluntary agreement to acquire the necessary land interests.</p>

Teresa Anne Mitcham	18-16	1	4, 9	4 Required for the laying down, maintenance and replacement and use of electrical cables 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	Sunnica has been attempting to liaise with the landowner since July 2020. Discussions regarding the acquisition of the necessary land interests began in July 2021. Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowners interests within the land could be confirmed. Sunnica has also been attempting to agree an access licence agreement with the landowner. Despite multiple emails dated 22 June 2020, 29 June 2020 and 20 November 2020 and phone calls dated 4 December 2020, 5 January 2021 and 6 January 2021 it has not been possible to reach an arrangement as the landowner has not been responsive. A site visit also took place on 21 August 2020 and Mr and Mrs Mitcham confirmed that they were not willing to cooperate with Sunnica. Sunnica issued Heads of Terms to Ms Mitcham on 23 July 2021 with a view to reach a voluntary agreement for the acquisition of the required rights. Following this, Sunnica's agents attempted to contact Mr Mitcham by way of email on 6 July, 13 July, 9 August and 6 September 2021 to arrange a site meeting to discuss the Heads of Terms. A response is yet to be received. To date no progress has been made in negotiating a voluntary agreement to acquire the necessary land interests.
	18-17	1	4, 9	4 Required for the laying down, maintenance and replacement and use of electrical cables 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
	18-18	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
	19-02	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
	19-03	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
	19-04	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	

The Charity of Katharine Shore	21-02	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	Sunnica has been in correspondence with the landowner since August 2019.
	21-03	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	It was confirmed on 14 August 2019 by way of Request for Information (RFI) that the Charity is the freeholder of the unregistered land on the north side of Mildenhall Road, Bury Saint Edmunds.
	21-04	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	<p>Sunnica issued correspondence to the Charity on 16 November 2021 with a view to reach a voluntary agreement for the required interests on their land.</p> <p>Whilst reviewing the Abnormal Indivisible Load (AIL) requirements for Change 3 of the DCO Change Report it was confirmed that the land on the north side of Mildenhall Road would be required for temporary possession to transport the amended substation and transformer arrangement to Sunnica East Site A. A letter was subsequently issued on 25 July 2022 providing information on the change, asking for comments and suggesting negotiations commence by way of license agreement.</p> <p>Further comments on the new AIL data were received on 1 August 2022 and a more detailed plan was provided to the landowner on the same day. A formal response to the consultation letter was received on 24 August 2022 and discussions are ongoing.</p>

The Secretary of State for Transport	4-03	1	6A, 9, 1A(iii), 4	<p>1A(iii) Required for the laying down, maintenance and replacement and use of electrical cables</p> <p>4 Required for the laying down, maintenance and replacement and use of electrical cables</p> <p>6A Required to create, enhance existing and maintain green infrastructure including access tracks</p> <p>9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development</p>	<p>Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowners interests within the land could be confirmed. The RFI's were forwarded to the land interests agent on 16 September 2020 and a phone call was received on 29 September 2020 explaining that the Department for Transport would be able to further advise on the interests within the Scheme limits. A formal response was provided by the land interests agent on 15 October 2020 confirming that all interest identified were held by National Highways Limited.</p> <p>A further RFI was issued on 20 October 2020 following the identification of a potential new interest within the Scheme limits. Chaser emails were sent between November 2020 and February 2021 and a response was received on 1 February 2021 stating that the land was owned by National Highways Historic Railways Estate and managed by National Highways Limited. This was reconfirmed on 16 March 2021 following a query raised by Sunnica's agents.</p> <p>Following the issuance of the final RFI prior to the DCO submission, the land interests agent provided substantive evidence on 26 October 2021 to suggest that the Secretary of State for Transport own the freehold for the bridge and grass verges between Beck Road and Isleham Road (Suffolk). This means that the land in question is classified as Crown land. Sunnica's agents have now commenced formal discussions relating to the acquisition of rights over the land which the Secretary of State for Transport own.</p> <p>Conversations are ongoing with the Senior Civil Engineer at National Highways Historic Railway Estate as they are representing the landowner on this matter.</p>
Thomas Assheton	15-07	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	The land interest has been a later addition to the Order limits and to date negotiations have not commenced. However, the landowner is one of the Sites landowners where negotiations are well advanced and it is expected that acquisition of the necessary land interests can be included within those negotiations. The Applicant therefore expects to secure the necessary land interests prior to the commencement of the examination.
	15-09	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	

Turners (Soham) Limited	16-16	1	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	<p>Sunnica has been in correspondence with the land interest, their agent and solicitor since March 2019. Discussions regarding the acquisition of the necessary land interests began in July 2021.</p> <p>Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the company's interests within the land could be confirmed. Following negotiations with their solicitor, an access licence agreement was completed on 20 January 2021.</p> <p>Sunnica issued Head of Terms to the landowner on 23 July 2021 with a view to reach a voluntary agreement for the acquisition of the required rights. An email was issued on 12 July 2021 offering to meet on site with the company's agent to discuss the project and proposed cable route, however the dates provided were not feasible. A follow-up email was issued on 9 August 2021 and then a chaser email on 6 September 2021 requesting a date to meet on site and to confirm receipt of the Heads of Terms. A response was received on 12 September 2021 stating that the Heads of Terms has not been directed to the company's agent, despite being issued to the registered address. Heads of Terms were subsequently reissued electronically in September 2021.</p> <p>Negotiations are ongoing.</p>
UK Power Networks Limited	20-08	2	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	<p>Sunnica has been in correspondence with the land interest since March 2019.</p> <p>Sunnica has issued multiple Requests for Information (RFIs) and Statutory Undertaker Letters in order to confirm their interests within the land.</p> <p>UKPN and EPN have been dealt with together at their request, as they are part of the same group of companies (UKPN is the distribution network managing EPN's network). It would also be prudent to note that UKPN have adopted Lightsource SPV 115 Limited service cable.</p> <p>Sunnica's lawyers have been negotiating protective provisions for UKPN/EPN with lawyers acting jointly for UKPN and EPN. The protective provisions in the draft DCO submitted with the application were agreed by the parties on 9 June 2021.</p>
	20-09	2	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
	20-10	2	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	
	20-11	2	5A, 5C	<p>5A Required for the construction, maintenance and replacement, use and decommissioning of an extension to the existing Burwell Substation</p> <p>5C Required to enable the construction, maintenance and replacement, use and decommissioning of the electrical connection to the existing Burwell substation</p>

				and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
	20-21	2	5C, 9	5C Required to enable the construction, maintenance and replacement, use and decommissioning of the electrical connection to the existing Burwell substation 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
Unknown	5-04	1	9, 1B, 4, 6B	1B Required for the construction, maintenance and replacement, use and decommissioning of solar modules, mounting structures, solar stations and associated electrical cables 4 Required for the laying down, maintenance and replacement and use of electrical cables 6B Required to create, enhance existing and maintain green infrastructure including access tracks 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
	5-06	1	1B(iii), 4, 6B	1B(iii) Required for the laying down, maintenance and replacement and use of electrical cables 4 Required for the laying down, maintenance and replacement and use of electrical cables 6B Required to create, enhance existing and maintain green infrastructure including access tracks	
	7-02	1	1B(iii), 4, 6B	1B(iii) Required for the laying down, maintenance and replacement and use of electrical cables 4 Required for the laying down, maintenance and replacement and use of electrical cables 6B Required to create, enhance existing and maintain green infrastructure including access tracks	
Vodafone Limited	19-03	2	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	Sunnica has been in correspondence with the land interest and their agents since March 2019. Sunnica has sought to confirm whether any apparatus is affected and
	20-10	2	4	4 Required for the laying down, maintenance and replacement and use of electrical cables	

	20-11	2	5A, 5C	5A Required for the construction, maintenance and replacement, use and decommissioning of an extension to the existing Burwell Substation 5C Required to enable the construction, maintenance and replacement, use and decommissioning of the electrical connection to the existing Burwell substation	whether protective provisions are required. Draft protective provisions were provided on 4 February 2021 and a meeting was held on 19 February in relation to interaction with Vodafone assets. The outcome of that
	20-14	2	5C	5C Required to enable the construction, maintenance and replacement, use and decommissioning of the electrical connection to the existing Burwell substation	meeting was that Vodafone did not consider their assets would be affected by the Scheme.
	20-21	2	9, 5C	5C Required to enable the construction, maintenance and replacement, use and decommissioning of the electrical connection to the existing Burwell substation 9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	
	20-28	2	5C	5C Required to enable the construction, maintenance and replacement, use and decommissioning of the electrical connection to the existing Burwell substation	
Willa Anne Philippa Bailey	14-05	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development	Sunnica has been in correspondence with Ms Bailey, their land agent and solicitors since March 2019 with regards to the Scheme. Discussions regarding the acquisition of the necessary land interests began in July 2021. Sunnica has issued multiple Requests for Information (RFIs) which were sent so that the landowner's interests within the land could be confirmed. Sunnica issued Head of Terms to Ms Bailey on 23 July 2021 with a view to reach a voluntary agreement for the acquisition of the required rights. Negotiations are ongoing.
	14-06	1	9	9 Required for the construction, improvement and replacement and use of new accesses to the authorised development or the use of existing accesses to access the authorised development
