Dear Mr Kean

I should like to point out an erroneous statement in Environmental Statement 6.1
Chapter 12: Socio-Economics and Land Use
Ref: EN010106 Application Document Ref: SUNNICA EN010106/APP/6.1

To the west of Sunnica East Site B the B1102 provides a footway for a section along the northern carriageway, alongside vehicles travelling eastbound, which is approximately 2m wide between North Street and East View.

Possibly the applicant assumed the 'verges' are owned by the local authority. This is incorrect, this is private land up to the edge of B1102. The tarmac footway is a right of way through the front gardens of Nos 1, 3, 5 & 7 Mildenhall Road.

Yours sincerely
