Dear sir/madam,

I write to reiterate my fierce objections to the proposed gigantic power plant which will ruin all of the villages affected by this scheme. none of the recent answers given by sunnica or natural england have changed my mind, it is too big, too close residential areas, the batteries are unsafe and have been proven to cause serious fires. It will also cover huge areas of prime farmland, which has grown good crops for the 47 years I have lived here. It will completely destroy our beautiful landscape and the wildlife that inhabit it.
