Dear Secretary of State,

I am writing as chair of a local community group called "East Cambridgeshire Climate Action Network" to support approval of this development. While we feel that this application would have been greeted more warmly by local people in East Cambridgeshire if Sunica had involved the community at an earlier stage of planning, we have to weigh that against the urgent need for energy security, the scale of the challenge that is decarbonising our economy and the potential for more solar energy to help reduce people's energy bills in the middle of a cost of living crisis.

We have looked at the consultation documents and consider the proposed mitigation in relation to wildlife and landscape impacts to be well thought through and hope it can be allowed to proceed and help the UK on the road to a 100% clean electricity grid.

Many thanks,

Dr John Gould

Chair
