You don't often get email from [REDACTED]

Dear Sir/Madam

I am disgusted and **suspicious** of this ploy to block objections to this plan. You are requesting responses to her letter of the 14th December, but amazing you don't send letters out until the 22nd January and ask for responses by 26th. I only received this letter on the 25th.

I wish to make a formal objection as consultation as due time to allow a proper response has not been allowed, due to what I have highlighted above.

From your website this update was only posted on the 15th January.

My objections to this plan still stand, it will destroy natural habitats, farm land, reducing our ability to provide food security and making living here like living in a factory.

I believe mine and many others mental wellbeing will be damaged by the building and operations of this project.

I look forward to your reply.

Yours sincerely,

Ian Braybrooke
