Dear Mr Upton

Planning Act 2008 (as amended)

Application by Sunnica Ltd for an Order Granting Development Consent for Sunnica Energy Farm

Thank you for your letter regarding the delayed decision on the above application. The timing of decisions on Development Consent Order applications is a matter for the relevant Secretary of State (SoS). The legislation does not specify the number of times a SoS can request a delay. As you will note from the information on the project webpage of the National Infrastructure Planning website a statement confirming the new deadline of 20 June 2024 for a decision will be made as soon as possible. The statement may include the reasons for the delay. However please note that this is a matter for the SoS.

We understand that this is a stressful time, please be assured that we will notify all Interested Parties as soon as more information becomes available.

Yours sincerely

Michele Gregory
Case Manager
