The Rt Hon Claire Coutinho MP
Secretary of State for Energy Security and Net Zero
Department for Energy Security and Net Zero
55 Whitehall
London
SW1A 2HP

16 April 2024

Dear Claire,

DCO reference: EN010106, Sunnica Energy Farm

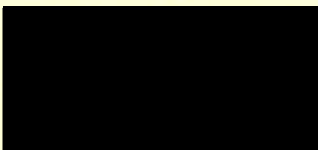

We are writing to express our disappointment that a verdict on the Sunnica Energy Farm has been delayed further to 20 June 2024.

Our constituents have campaigned tirelessly to highlight the many flaws of this application and they are determined to move on past this process.

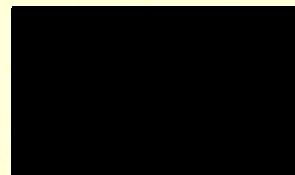

As you will know from our various written representations, we have consistently held that the location and size of this proposal are inappropriate and that it should be refused.

We look forward to receiving more information when you are able to provide it.

Yours ever,

Lucy Frazer MP

Matt Hancock MP
