Subject: Sunnica Energy Farm

Dear Claire Coutinho,

I write to express my concern at the repeated delays to a decision on the proposed Sunnica Energy Farm in West Suffolk and East Cambs. This is a development which if approved would have a massive impact on my own environment and that of entire local communities. This particular

scheme has no doubt lead to further questions about how and where to organise the nation's energy needs.

As such, I am concerned that the repeated delays are indicative that the project is being discussed and possibly amended behind closed doors. Should this be the case I believe it would be contrary to the government's obligations to allow the local population to consider the proposals and have their opinion taken into consideration. I therefore seek your assurance that if an amended scheme is being considered, that the proposal is returned to the public planning process for further scrutiny.

Yours sincerely,

Mrs Josie Ann Jennings
