Dear Sir/ Madam

EN010107 South Humber Bank Energy Centre
The Planning Act 2008 – Section 89 and The Infrastructure Planning (Examination Procedure) Rules 2010 – Rule 8
Application by EP Waste Management Limited for an Order Granting Development Consent for the South Humber Bank Energy Centre

Thank you for the opportunity to comment on the above proposed development. The site is within the North East Lindsey Drainage Board area.

The Board has no comments on the questions.

As a matter for correction on the 'Key Watercourses & Direction' drawing 'Land Drain 3' is shown as flowing towards 'Oldfleet Drain' this is incorrect all flows from the catchment flow to the gravity outfall/Middle Drain pumping station.

As a matter of record it is noted that surface water discharge will be limited to the greenfield rate.

Under the terms of the Land Drainage Act. 1991 the prior written consent of the Board is required for any proposed temporary or permanent works or structures within any watercourse including infilling or a diversion. This includes any outfalls. As noted in the Document Reference: 5.4 Other Consents and Licences.

Regards
