#### PURPOSE OF OPEN FLOOR HEARING 1

The main purpose of the Open Floor Hearing is to provide an opportunity for parties to put their views forward verbally to the Examining Authority. Oral representations should provide further detail and explanation of matters previously made in written submissions and not simply repeat matters already covered.

#### HEARING FORMAT

The Hearing will be a blended event, whereby the principal means of conducting the Hearing will be face-to-face within the venue cited above. Participants may join online if they wish using the Microsoft Teams platform and, if you have registered to join using this format, the joining link for the virtual Issue Specific Hearing will be sent to parties the day before, or on the day of, each session. Observers may attend in person or can watch remotely via the livestream of the event, the link for which will be published on the project page of the National Infrastructure website on the day of the Hearing. The Examining Authority will not accept representations at the Hearing in the form of video or audio recordings.

The virtual event will be open 60 minutes prior to the start of the Hearing to enable a prompt start. Hearings will finish as soon as the Examining Authority deems that all those present have had their say and that all matters have been covered.

The agenda is for guidance only. It is not designed to be exclusive or exhaustive. The Examining Authority may add other issues for consideration, may alter the order in which issues are considered and will seek to allocate sufficient time to each issue to allow proper consideration of them. Any lack of discussion of a particular issue at a hearing does not preclude further examination of this issue, including the asking of further written questions.

## **AGENDA**

The Hearing will start promptly at the indicated time of 02:00 pm. All other times in the Agenda are indicative. The Examining Authority will close the Hearing when all relevant matters have been covered, no later than at 05:30 pm.
