**INFRASTRUCTURE PLANNING (EXAMINATIONS PROCEDURE) RULES 2010
THE SHERINGHAM SHOAL AND DUDGEON EXTENSIONS OFFSHORE WINDFARM
ORDER**

**SUMMARY WRITTEN REPRESENTATION ON BEHALF OF NATIONAL GRID
ELECTRICITY TRANSMISSION PLC**

REF: TWHI/MLOF/2026502.413

**SUMMARY WRITTEN REPRESENTATION ON BEHALF OF NATIONAL GRID
ELECTRICITY TRANSMISSION PLC ("NGET")**

- 1 NGET does not object in principle to the Authorised Development proposed by Equinor New Energy Limited (the "**Promoter**").
- 2 NGET does, however, object to the Authorised Development being carried out in close proximity to its apparatus in the area unless and until suitable protective provisions and related agreements have been secured to its satisfaction.
- 3 NGET also objects to any compulsory acquisition powers for land or rights or other related powers to acquire land temporarily, override or otherwise interfere with easements or rights or stop up public or private rights of access being invoked which would affect its land interests, rights, apparatus, or right to access and maintain its apparatus. This is unless and until suitable protective provisions and any other necessary and related amendments have been agreed and included in the Draft Order.
- 4 Discussions regarding site-specific interactions and impacts are ongoing between NGET and the Promoter, and NGET reserves the right to draw the Examining Authority's attention to other matters of concern as these conversations progress.
- 5 NGET also includes its responses to the Examining Authority's First Written Questions as an appendix to the Written Representation.
