1 Introduction

1.1 Purpose of document

1. This document relates to the Applicant's material change request to the application made for a Development Consent Order (DCO) for the Sheringham and Dudgeon Extension Projects.
2. The proposed changes are described and assessed in a number of updates and addenda to the originally submitted application documents. The purpose of this document is to provide a full schedule of all application documents and plans listing consequential revisions to each document and plan or a 'no change' annotation.
3. This document should be read alongside the **Guide to the Application (and Glossary) (Revision E)** [document reference 1.3].
