

Sheringham Shoal and Dudgeon Offshore Wind Farm Extension Projects

Environmental Statement

Volume 3

Appendix 4.1 – Crossing Schedule (Revision C)
(Tracked)

Revision C

Deadline 3

May 2023

Document Reference: 6.3.4.1.1

APFP Regulation: 5(2)(a)

Title:	
Sheringham Shoal and Dudgeon Offshore Wind Farm Extension Projects Examination submission Appendix 4.1 - Crossing Schedule (Revision C) (Tracked)	
PINS document no.: 6.3.4.1.1	
Document no.: C282-RH-Z-GA-00065	
Date:	Classification
May 2023	Final
Prepared by:	
Equinor	
Approved by:	Date:
Sheery Atkins, Equinor	May 2023

Introduction

The purpose of this crossing schedule is to provide a mechanism to identify the indicative location of a range of obstacles along the onshore export cable and note how they are proposed to be crossed (i.e. by way of open cut, trenchless, and trenchless / open cut where a decision is yet to be made). The schedule has been developed using GIS datasets (cropped to the onshore cable corridor) and supporting data labels as provided by third parties.

Where multiple obstacles are crossed within the same crossing, the obstacle that dictates the crossing technique is prioritised and selected as the primary crossing. A primary crossing has a Crossing Reference Number, is shown in bold on the schedule and has associated coordinates which allows the schedule to be saved in CSV format and loaded in to cross-platform software. Where more than one obstacle is classified as a primary, these have also been allocated a Crossing Reference Number, shown in bold and have associated coordinates.

Secondary obstacles which form part of a primary crossing are listed, quantified and allocated Unique ID numbers.

Table A1 - Crossing Schedule Headings

ID No.	Local Authority	Crossing Ref. No.	Unique ID	Obstacles	Obstacle Description	No. of Secondary Obstacles	Chainage	Proposed Crossing Technique	Hedgerow Crossing Technique
Sequential identification number assigned	Local Planning Authority:	Primary crossing reference number assigned sequentially starting at the landfall	Unique identification number assigned sequentially starting at the landfall for each obstacle crossed	Type of obstacle: A-Road B-Road Minor Road Track Infrastructure Mains River Watercourse Railway Woodland Hedgerow Pipe Cables Public Right of Way	Further description of obstacle	Number of secondary obstacles crossed	Distance to the crossing location relative to the transition joint bay	Method by which the obstacle(s) is proposed to be crossed	Access strategy associated with each of the hedgerow crossings. Typical widths of devegetation for each strategy has been included below: Trenchless - Lockout - 0m Trenchless - Access Bellmouth - 20m Trenchless - Cross Over - 8m Open cut - Central Haul Road - 15m

Table A1.1 - Abbreviations

Local Authority	Crossing Ref. No.	Unique ID			
North Norfolk District Council (NNDC)	Road Crossing (RDX)	The unique identification number is made up of four fields and provides information relating to the assets owner and type of obstacle being crossed.			
Broadland District Council (BDC)	Track Crossing (TRX)	Field one - Asset Owner Description	Field two - Obstacle Description	Field three - Further Obstacle Info.	Field four - Numerical Identifier
South Norfolk District Council (SNDC)	Infrastructure Crossing (INF)				
	Mains River Crossing (RVX)	Anglian Water (AW)	Overhead (OH)	A-Road (AR)	001, 002 etc.
	Railway Crossing (RLX)	British Telecommunication (BT)	Under Ground (UG)	Abandoned Pipe (AP)	
	Woodland Crossing (WDX)	Cadent Gas (CG)		Access Track (AT)	
	Hedgerow Crossing (HRX)	Environmental Agency (EA)		B-Road (BR)	
	Watercourse Crossing (DKX)	Highways England (HE)		Electrical Cables (EC)	
	Utility Crossing (UTX)	Internal Drainage Board (IDB)		Footpath (FP)	
	Public Right of Way Crossing (PRoW)	National Grid (NG)		Gas Pipeline (GP)	
		National Highways (NH)		Hedgerow (HR & H0) - add spiel	
		Network Rail (NR)		High Voltage Cables (CBL)	
		Norfolk County Council (NCC)		Main River (MR)	
		Ørsted (OR)		Minor Road (MR)	
		Private Asset Owner (PAO)		Power Cables (PW)	
		Stark Energy (SE)		Watercourse (WC)	
		UK Power Networks (UKPN)		Water Pipe (WP)	
		Vattenfall (VF)		Woodland (WD)	
		Virgin Media (VM)		Railway (RW)	
				Sewer Pipe (SW)	
				Telecommunication Cables (TC)	

Note: Asset owners indicated on the schedule are indicative and are based on the information available at the time of preparation. Investigations should be undertaken to confirm the owner of each individual asset
