PPV	Peak Particle Velocity
PRA	Preliminary Risk Assessment
SEL	Scira Extension Limited
SEP	Sheringham Offshore Wind Farm Extension Project
SNC	South Norfolk Council
SNS	Southern North Sea
SoS	Secretary of State
SOW	Sheringham Shoal Offshore Wind Farm
TEU	Treaty of the European Union
UK	United Kingdom
UN	United Nations

Glossary of Terms

Dudgeon Offshore Wind Farm Extension Project (DEP)	The Dudgeon Offshore Wind Farm Extension onshore and offshore sites including all onshore and offshore infrastructure.
DEP onshore site	The Dudgeon Offshore Wind Farm Extension onshore area consisting of the DEP onshore substation site, onshore cable corridor, construction compounds, temporary working areas and onshore landfall area.
Horizontal directional drilling (HDD) zones	The areas within the onshore cable route which would house HDD entry or exit points.
Integrated Grid Option	Transmission infrastructure which serves both extension projects.
Jointing bays	Underground structures constructed at regular intervals along the onshore cable route to join sections of cable and facilitate installation of the cables into the buried ducts.
Landfall	The point at the coastline at which the offshore export cables are brought onshore, connecting to the onshore cables at the transition joint bay above mean high water
Offshore cable corridors	This is the area which will contain the offshore export cables or interlink cables, including the adjacent Offshore Temporary Works Area.
Offshore export cable corridor	This is the area which will contain the offshore export cables between offshore substation platform/s and landfall, including the adjacent Offshore Temporary Works Area.
Offshore export cables	The cables which would bring electricity from the offshore substation platform(s) to the landfall. 220 – 230kV.
Onshore cable corridor	The area between the landfall and the onshore substation sites, within which the onshore cable circuits will be installed along with other temporary works for construction.
Onshore export cables	The cables which would bring electricity from the landfall to the onshore substation. 220 – 230kV.
Onshore Substation	Compound containing electrical equipment to enable connection to the National Grid.
Order Limits	The area subject to the application for development consent, including all permanent and temporary works for SEP and DEP.

PEIR boundary	The area subject to survey and preliminary impact assessment to inform the PEIR.
Separated Grid Option	Transmission infrastructure which allows each project to transmit electricity entirely separately.
Sheringham Shoal Offshore Wind Farm Extension Project (SEP)	The Sheringham Shoal Offshore Wind Farm Extension onshore and offshore sites including all onshore and offshore infrastructure.
SEP offshore site	Sheringham Shoal Offshore Wind Farm Extension consisting of the SEP wind farm site and offshore export cable corridor (up to mean high water springs).
SEP onshore site	The Sheringham Shoal Wind Farm Extension onshore area consisting of the SEP onshore substation site, onshore cable corridor, construction compounds, temporary working areas and onshore landfall area.
SEP wind farm site	The offshore area of SEP within which wind turbines, infield cables and offshore substation platform/s will be located and the adjacent Offshore Temporary Works Area.
Study area	Area where potential impacts from the project could occur, as defined for each individual Environmental Impact Assessment (EIA) topic.
The Applicant	Equinor New Energy Limited. As the owners of SEP and DEP, Scira Extension Limited and Dudgeon Extension Limited are the named undertakers that have the benefit of the DCO. References in this document to obligations on, or commitments by, 'the Applicant' are given on behalf of SEL and DEL as the undertakers of SEP and DEP.

1 Explanatory Text

1. This CA Schedule includes all Category 1 Owners or Reputed Owners within the **Book of Reference (Revision EB)** [~~D~~Document ~~R~~Reference 4.1] where acquisition of land and rights is required, and the Land Interest is able to provide proof of title. Where no interest has come forward declaring or proving ownership of unregistered plots, negotiations are not ongoing, and the plots have not been included in the CA Schedule.
- ~~4.2.~~ Tenants, Lessees and Occupiers identified as Category 1 interests in the **Book of Reference (Revision EB)** [~~D~~Document ~~r~~Reference 4.1] are not included in the CA Schedule as the Applicant is requesting such interests be signatories to voluntary agreements.
- ~~2.3.~~ All Category 2 interests identified in the **Book of Reference (Revision EB)** [~~D~~Document ~~r~~Reference 4.1] as having rights and/or apparatus within the Order Land are either protected within Owner or Reputed Owner voluntary agreements where applicable or are addressed within the [update of statutory undertaker negotiations].
- ~~3.4.~~ The Applicant is not seeking to acquire any rights within land owned by Category 3 interests identified in the Book of Reference as they are outside the Order Land. Category 3 interests therefore have been excluded from this CA Schedule.
- ~~4.5.~~ Where a Land Interest is identified within the **Book of Reference (Revision BE)** [~~D~~Document ~~R~~Reference 4.1] as having an interest in respect of subsoil beneath a public highway, such plots are excluded from this CA Schedule as the Applicant will obtain the required rights through the New Roads and Street Works Act 1991.
6. The stages of negotiation include Heads of Terms in respect of an Option Agreement where the in principle terms are agreed but at this point are not legally binding. Following signed Heads of Terms, legal advisors are instructed and the generic draft Option Agreement issued for further negotiation. Upon completion of negotiations of the Option Agreement, both parties can then exchange contracts. At this point, the Option Agreement becomes legally binding.
- ~~5.7.~~ In all cases where Heads of Terms are agreed and respective legal advisors have been instructed, the Applicant is hopeful to conclude any relevant voluntary agreements by the close of examination. The Applicant will continue to progress with voluntary agreements after the Examination has concluded, and beyond the Secretary of State's decision on the DCO application should any not be signed by that stage.
8. The Applicant has amended the descriptions with the status key- -to more accurately reflect the Applicant's position through the different stages of negotiations.
9. This document has been updated and submitted at Deadline 3 to reflect the most up to date position on negotiations and to better distinguish between negotiations in relation to acquisition of rights, acquisition of freehold and those in respect of temporary possession.

Table 1-14-1: Status Key

Status Key	
	Option Agreement signed
	Heads of Terms agreed, Option Agreement in negotiation
	No objection* and Heads of Terms negotiations ongoing
	No objection* and Heads of Terms negotiations not commenced
	No objection* but Heads of Terms negotiations unsuccessful
	Objection* and agreement unlikely before close of Examination
	No Land Interest response so far to correspondence from the Applicant

*The Applicant does not consider a relevant representation as an objection unless explicitly stated
