

Planning Act 2008

The Infrastructure Planning (Compulsory Acquisition) Regulations 2010

Certificate under Regulation 9(b) certifying compliance with regulations 7 and 8

I certify that, in compliance with the requirements of regulations 7 and 8 of the Infrastructure Planning (Compulsory Acquisition) Regulations 2010 -

- (a) notice of the proposed provision was given to the required persons identified in accordance with regulation 7;
- (b) a copy of the proposed provision and accompanying documents and information was made available to the required persons; and
- (c) the proposed provision was published in the required manner

in relation to the proposed provision to authorise the compulsory acquisition of additional land in connection with the material change sought to:

- amend the Order Limits for the Application to include additional land where the cable corridor passes through the FEP Phase 2 site;
- reduce the Order Limits slightly in the northern part of the FEP Phase 2 site;
- utilise the existing FEP access road and remove the separate new access that was proposed through to the FEP Phase 2 site; and
- include the option to use trenchless crossing under Church Lane to the south of the FEP Phase 2 site. This would also involve a small increase to the area of land over which rights are sought, which were previously subject to temporary possession only

as shown on the updated Land Plans submitted to the Examining Authority [document reference AS-048] in connection with the Sheringham Shoal and Dudgeon Offshore Wind Farm Extension Projects.

The deadline date for all representations to be received by the Planning Inspectorate under regulations 7 and 8 was 23:59 on 26 May 2023.
