Subject: The Sheringham Shoal and Dudgeon Extensions Offshore Windfarm Order - Update on behalf of National Gas Transmission Plc at Deadline 8

Dear Sirs,

We act on behalf of National Gas Transmission Plc ("**NGT**") in relation to the application for The Sheringham Shoal and Dudgeon Extensions Offshore Windfarm Order (the "**Application**").

We write to provide an update on behalf of NGT for the purposes of **Deadline 8** of the Examination.

NGT has previously submitted both a Relevant Representation [RR-059] and a Written Representation [REP1-125 / REP1-126] in this matter.

With reference to the agreed status update set out on page 12 of "*The Applicant's Statutory Undertakers Position Statement (Revision D)*" submitted for Deadline 7, we note that commercial terms between the Applicant and NGT have now been agreed but not yet fully formalised. The process for formalising those terms will take place in the coming weeks, following which NGT would intend to write to the Examining Authority and/or the Secretary of State in order to provide a further update and to withdraw its existing objection to the Application.

However, and for the avoidance of doubt, NGT must continue to maintain its objection to the Application until that further update is provided.

NGT would be pleased to provide the Examining Authority with any further information required in the intervening period.

Yours faithfully,

Bryan Cave Leighton Paisner LLP
