Our reference: C282-EQ-Z-GA-00068
Your reference: EN010109
26 April 2024

Dear Secretary of State,

**The Sheringham Shoal and Dudgeon Extensions Offshore Wind Farm Order 2024 – Proposed
Non-Material Change Application
Regulation 7(3) – Request for Approval of the Consultee List**

Background

1. Equinor New Energy Limited, on behalf of Scira Extension Limited (SEL) and Dudgeon Extension Limited (DEL), submitted an application for development consent for the Sheringham Shoal Offshore Wind Farm Extension Project (SEP) and Dudgeon Offshore Wind Farm Extension Project (DEP) on 02 September 2022.
2. On 17 April 2024 the Secretary of State for the Department for Energy Security and Net Zero (DESNZ) granted the Sheringham Shoal and Dudgeon Extensions Offshore Wind Farm Order 2024 (the as made Order) for the development of an offshore wind turbine generating station(s) (i.e., SEP and / or DEP) with a gross electrical output capacity of more than 100 megawatts. The Order grants consent for SEP and DEP to be constructed, maintained and decommissioned under any of scenarios 1(a), 1(b), 1(c), 1(d), 2, 3, or 4, as defined in the as made Order.
3. The SEP and DEP wind farm sites are located approximately 15.8 and 26.5 km respectively from the North Norfolk coast. SEP and DEP will be connected to shore by offshore export cables installed to the landfall at Weybourne on the North Norfolk coast. From there, the onshore export cables travel approximately 60 km inland to a new high voltage alternating current (HVAC) onshore substation near to the existing Norwich Main substation.

Non-Material Change Application

4. SEL and DEL are intending to apply for a non-material change (NMC) to the as made Order in relation to the offshore works of the projects.

5. SEL and DEL have been in discussion with The Crown Estate with respect to the potential for an increase in the generating capacity of the projects, to be delivered within the existing areas of seabed as defined within the agreements for lease with The Crown Estate and within the Order Limits of the as made Order.
6. The proposed NMC application is intended to allow for this increase to the maximum generation capacity of SEP and DEP.
7. To realise the increase in generating capacity there is a need to amend design envelope parameters with respect to:
 - An increase to the wind turbine rotor swept area (from 1.00 km² to up to 1.42km² for SEP and from 1.30 km² to up to 1.85 km² for DEP) and the subsequent requirement for a potential increase in the minimum air gap between the lowest point of the rotating blade of the wind turbine generator and highest astronomical tide to ensure ornithology collision risk effects are no greater than those assessed as part of the Development Consent Order (DCO) application;
 - An increase in the maximum number of interlink cables from seven to eight in the event one Offshore Substation Platform (OSP) is constructed for SEP and DEP (in the SEP wind farm site, Scenario 4 in the DCO) and from three to four in the event two OSPs are constructed (Scenarios 1(c), 1(d), 2 or 3 in the DCO) or in the case that only DEP is constructed (scenario 1(b) in the DCO); and
 - Increases to the maximum area and volume of external cable protection and to the maximum number of cable crossings for scenarios 1(b), 1(c), 1(d), 2, 3, and 4, associated with the increased maximum number of interlink cables.
8. It should be noted that the upper limits of the wind turbine design envelope with respect to the number of wind turbines, rotor diameter and blade tip height will not be amended by the NMC application.
9. No amendments to the upper limits of the foundation parameters (e.g., pile diameter, hammer energy) will be sought in the NMC application. In addition, the application will not seek any changes to the onshore elements of SEP and DEP. There is no requirement for additional land, nor for any change to the Order Limits. Furthermore, there is no requirement for any change to the **Works Plans (Offshore) (Revision D)** [document reference 2.7] or the **Works Plans (Onshore) (Revision D)** [document reference 2.6].
10. A parallel application to the Marine Management Organisation (MMO) will also be made to vary the associated Deemed Marine Licences (DML) in accordance with the changes sought in the NMC application.

Consultation

11. In accordance with Regulation 7(3) of the Infrastructure Planning (Changes to, and Revocation of, Development Consent Orders) Regulations 2011, SEL and DEL are seeking the consent of the Secretary of State for a focused and targeted consultation for the proposed NMC application as the proposed amendments only affect the offshore works.
12. In identifying the consultee list, consideration has been given to those stakeholders who reserve an interest in the offshore environment alongside infrastructure asset owners and other users of the sea who are considered to have a clear interest in the nature of the proposed change.
13. Details of the consultees that are proposed to be consulted with on the NMC application are provided in Appendix 1 to this letter. Appendix 2 lists those stakeholders that the Projects do not intend to consult with and sets out the Projects' reasons for excluding them.

14. In addition, formal public consultation will be undertaken, with a notice of the NMC application being published in accordance with Regulation 6 of the Infrastructure Planning Regulations 2011. This notice will be published for two consecutive weeks in the following publications:
- Eastern Daily Press
 - North Norfolk News
15. We would be grateful if you can confirm approval of the consultee list provided in Appendix 1 and that the publication proposals as outlined above are acceptable. SEL and DEL intend to submit the NMC application as soon as possible.

If you have any queries or require any further information, please do not hesitate to get in touch.

Yours sincerely,

Mark Jones
Development & Consents Manager, SEP&DEP
Equinor

Appendix 1 – NMC consultee list

Table 1-1 NMC consultee list

ID	Organisation name	Reason for consulting
S42 Prescribed Consultees		
1	Natural England	Included as a consultee in relation to offshore ornithology, benthic ecology and other relevant topics within the Supplementary Environmental Report to be prepared in support of the non-material change (NMC) application.
2	Historic England	Included as a consultee in relation to offshore archaeology relating to the additional interlink cable.
3	Joint Nature Conservation Committee	Included as a consultee in relation to offshore ornithology, benthic ecology and other relevant topics within the Supplementary Environmental Report.
4	Marine Management Organisation	Included as a consultee in relation to offshore ornithology, benthic ecology and other relevant topics within the Supplementary Environmental Report.
5	The Crown Estate	Included as a consultee in relation to the additional seabed area requirements related to the additional interlink cable, cable crossings and external cable protection.
6	Health and Safety Executive	Included as a consultee in relation to the stakeholder's statutory role with regards to health and safety.
7	TC Dudgeon OFTO plc	Included due to the stakeholder's assets being crossed by the additional interlink cable under the NMC, in particular the Dudgeon offshore export cables.
8	Kelling Parish Council	Included as a coastal parish council in relation to SVIA.
9	Sheringham Town Council	Included as a coastal parish council in relation to SVIA.
10	Upper Sheringham Parish Council	Included as a coastal parish council in relation to SVIA.
11	Weybourne Parish Council	Included as a coastal parish council in relation to SVIA.
S43 Local Planning Authorities		
12	Norfolk County Council	Included as a coastal local authority in relation to SVIA.
13	North Norfolk District Council	Included as a coastal local authority in relation to SVIA.
Other Stakeholders		
14	CEFAS	Included as a consultee in relation to offshore ornithology, benthic ecology and other relevant topics within the Supplementary Environmental Report.

ID	Organisation name	Reason for consulting
15	Fishing – Nick Bright	Fisheries stakeholders included in relation to the additional seabed area required for external cable protection and cable crossings.
16	Greater Wash Fishing Industry Group	Fisheries stakeholders included in relation to additional seabed area required for external cable protection and cable crossings.
17	Holderness Fishing Industry Group	Fisheries stakeholders included in relation to additional seabed area required for external cable protection and cable crossings.
18	Norfolk Independent Fishermen's Association	Fisheries stakeholders included in relation to additional seabed area required for external cable protection and cable crossings.
19	Wells and District Inshore Fishermen's Association	Fisheries stakeholders included in relation to additional seabed area required for external cable protection and cable crossings.
20	Eastern Fisheries Joint Committee	Fisheries stakeholders included in relation to additional seabed area required for external cable protection and cable crossings.
21	Independent Fishermen	Fisheries stakeholders included in relation to additional seabed area required for external cable protection and cable crossings.
22	Eastern Inshore Fisheries and Conservation Authorities (IFCA)	Fisheries stakeholders included in relation to additional seabed area required for external cable protection and cable crossings.
23	Eastern Sea Fisheries JC	Fisheries stakeholders included in relation to additional seabed area required for external cable protection and cable crossings.
24	National Federation of Fishermen's Organisations	Fisheries stakeholders included in relation to additional seabed area required for external cable protection and cable crossings.
25	Norfolk Independent Fishermen's Association	Fisheries stakeholders included in relation to additional seabed area required for external cable protection and cable crossings.
26	North Norfolk Fishermen's Society	Fisheries stakeholders included in relation to additional seabed area required for external cable protection and cable crossings.
27	REAF CIC	Fisheries stakeholders included in relation to additional seabed area required for external cable protection and cable crossings.

ID	Organisation name	Reason for consulting
28	Eastern England Fish Producers Organisation Ltd	Fisheries stakeholders included in relation to additional seabed area required for external cable protection and cable crossings.
29	Wash and North Norfolk Marine Partnership	Included as a consultee in relation to offshore ornithology.
30	Norfolk Wildlife Trust	Included as a consultee in relation to offshore ornithology, benthic ecology and other relevant topics within the Supplementary Environmental Report.
31	National Trust	Included as a consultee in relation to offshore ornithology.
32	RSPB	Included as a consultee in relation to offshore ornithology.
33	Norfolk Coast Partnership	Included as a consultee in relation to SVIA.
34	British Trust for Ornithology	Included as a consultee in relation to offshore ornithology.
35	Duncan Baker MP	Included as an MP of a coastal constituency in relation to SVIA.
36	Perenco	Included in relation to additional cable crossings of the stakeholder's infrastructure, in particular the Lancelot to Bacton gas pipeline.
37	Shell	Included in relation to additional cable crossings of the stakeholder's infrastructure, in particular the Shearwater to Bacton gas pipeline.

Appendix 2 – Stakeholders not intended to be consulted

Table 2-1 Stakeholders not intended to be consulted

ID	Organisation name	Reason for not consulting
S42 Prescribed Consultees		
1	UK Health Security Agency	The non-material change (NMC) generates no additional impact to public health. The stakeholder's relevant representation noted that "we are satisfied that the proposed development should not result in any significant adverse impact on public health." [RR-118]
2	Public Health England	The NMC generates no additional impact to human health. Public Health England has been superseded by the UK Health Security Agency.
3	NHS England	The NMC generates no additional impact to human health. The stakeholder did not submit a relevant representation.
4	East of England Ambulance Service	The NMC generates no additional impact to human health. A final Statement of Common Ground (SoCG) has been reached with the stakeholder [REP3-116 and REP8-086] with agreement on all issues.
5	NHS North Norfolk CCG	The NMC generates no additional impact to human health. The North Norfolk Clinical commissioning group (CCG) has been replaced by the NHS Norfolk and Waveney Integrated Care System (ICS).
6	NHS Norwich CCG	The NMC generates no additional impact to human health. The Norwich CCG has been replaced by the NHS Norfolk and Waveney ICS.
7	NHS Norfolk and Waveney CCG	The NMC generates no additional impact to human health. The Norfolk and Waveney CCG has been replaced by the NHS Norfolk and Waveney ICS.
8	NHS Norfolk and Waveney Integrated Care System	The NMC generates no additional impact to human health. The stakeholder and its predecessor organisations did not submit a relevant representation.
9	Norfolk Fire and Rescue Service	The NMC generates no additional impact to the operation of the fire and rescue services. The stakeholder did not submit a relevant representation.
10	The Police and Crime Commissioner for Norfolk	The NMC generates no additional impact to policing. The stakeholder did not submit a relevant representation.
11	Environment Agency	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. A final statement of common ground has been

ID	Organisation name	Reason for not consulting
		reached with the stakeholder with agreement on all matters [REP8-029] and bespoke protective provisions for the protection of the Environment Agency have been included in the as made DCO Schedule 14 Part 4.
12	Maritime and Coastguard Agency	The NMC generates no additional impact to shipping and navigation. There is no change proposed to the Order limits nor to the obstacle free zone as defined in Requirement 35 of the as made DCO. The maximum number of wind turbine generators (WTG) and the maximum WTG height and rotor diameter remain unchanged. A draft SoCG was submitted at Deadline 3 [REP3-079] and the stakeholder made further submissions throughout the examination process. [RR-054, AS-044, REP1-117, REP1-118, REP3-134, REP4-047, REP5-081, REP6-027, REP7-096, REP8-093]
13	Civil Aviation Authority	The NMC generates no additional impact to aviation and radar. There is no change proposed to the Order limits nor to the obstacle free zone as defined in Requirement 35 of the as made DCO. The maximum number of WTGs and the maximum WTG height and rotor diameter remain unchanged. Civilian radar is protected by Requirement 28 of the as made DCO. The stakeholder did not submit a relevant representation.
14	National Highways	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. A final SoCG was submitted at Deadline 8 [REP8-097] and bespoke protective provisions for the protection of National Highways Limited have been included in the as made DCO Schedule 14 Part 13.
15	The Coal Authority	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder submitted a relevant representation [RR-125CR] stating that "as the site is located off the coalfield, we have no further comments to make."
16	Norfolk Rivers Internal Drainage Board	The stakeholder's interests only pertain to the onshore elements of the projects in relation to drainage. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. Protective provisions for the protection of drainage authorities have been included in the as made DCO Schedule 14 Part 5.

ID	Organisation name	Reason for not consulting
17	Waveney Lower Yare & Lothingland Internal Drainage Board	The stakeholder's interests only pertain to the onshore elements of the projects in relation to drainage. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of drainage authorities have been included in the as made DCO Schedule 14 Part 5.
18	Broads Internal Drainage Board	The stakeholder's interests only pertain to the onshore elements of the projects in relation to drainage. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of drainage authorities have been included in the as made DCO Schedule 14 Part 5.
19	East Hardling Internal Drainage Board	The stakeholder's interests only pertain to the onshore elements of the projects in relation to drainage. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of drainage authorities have been included in the as made DCO Schedule 14 Part 5.
20	The Canal and River Trust	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation.
21	Trinity House	The NMC generates no additional impact to shipping and navigation. There is no change proposed to the Order limits nor to the obstacle free zone as defined in Requirement 35 of the as made DCO. The maximum number of WTGs and the maximum WTG height and rotor diameter remain unchanged. The stakeholder submitted a relevant representation [RR-025] and made further submissions throughout the examination [REP1-163, REP5-096, REP7-124, REP7-125, REP8-119, REP8-119]. A final SoCG has been reached with the stakeholder [REP7-044] with agreement on all topics.
22	Forestry Commission	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation.
23	Ministry of Defence	The NMC generates no additional impact to relevant interest areas, i.e., aviation and radar and shipping and navigation. There is no change proposed to the Order limits nor to the

ID	Organisation name	Reason for not consulting
		obstacle free zone as defined in Requirement 35 of the as made DCO. The maximum number of WTGs and the maximum WTG height and rotor diameter remain unchanged. Ministry of Defence radar is protected by Requirement 27 of the as made DCO. The stakeholder made submissions throughout the examination [AS-035, REP1-119, REP1-120, REP1-121, REP5-082, REP7-097, REP7-098, REP7-099] and a final SoCG has been reached [REP7-046] with agreement on all topics.
24	Department for Transport	The NMC generates no additional impact to relevant offshore interest areas, i.e., aviation and radar and shipping and navigation. There is no change proposed to the Order limits nor to the obstacle free zone as defined in Requirement 35 of the as made DCO. The maximum number of WTGs and the maximum WTG height and rotor diameter remain unchanged. The stakeholder did not submit a relevant representation.
25	NATS En-route safeguarding	The NMC generates no additional impact to aviation and radar. There is no change proposed to the Order limits nor to the obstacle free zone as defined in Requirement 35 of the as made DCO. The maximum number of WTGs and the maximum WTG height and rotor diameter remain unchanged. The stakeholder's radar assets are protected by Requirement 28 of the as made DCO. The stakeholder responded to the Secretary of State's 22 November 2023 consultation indicating that an agreement had been entered into for "suitable requirements and the implementation of an identified and defined mitigation solution in relation to the development".
26	Royal Mail Group	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC.
27	Network Rail Infrastructure Ltd	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder submitted a relevant representation [RR-002] and made submissions throughout the examination [REP1-140, REP1-141, REP3-148, REP8-109, REP8-110]. Bespoke protective provisions for the protection of Network Rail have been included in the as made DCO Schedule 14 Part 3.
28	Highways England (Historical Railways Estate)	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant

ID	Organisation name	Reason for not consulting
		to the NMC. The stakeholder did not submit a relevant representation.
29	London & Continental Railways Ltd	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation.
30	Homes England	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation.
31	Anglian Water	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder submitted a relevant representation [RR-045], made submissions during the examination [REP1-105, REP7-092], and a final SoCG has been reached [REP7-092] with agreement on all topics. Bespoke protective provisions for the protection of Anglian Water Services Limited have been included in the as made DCO Schedule 14 Part 9.
32	Cadent Gas Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder submitted a relevant representation [RR-018] and a further submission to the examination [REP8-085]. Bespoke protective provisions for the protection of Cadent Gas Limited have been included in the as made DCO Schedule 14 Part 8.
33	Energetics Gas Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
34	Energy Assets Pipelines Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of

ID	Organisation name	Reason for not consulting
		electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
35	ES Pipelines Ltd	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
36	ESP Connections Ltd	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
37	ESP Networks Ltd	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
38	ESP Pipelines Ltd	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
39	Fulcrum Pipelines Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
40	Harlaxton Gas Networks Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of

ID	Organisation name	Reason for not consulting
		electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
41	GTC Pipelines Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
42	Independent Pipelines Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
43	Indigo Pipelines Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
44	Mua Gas Networks Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
45	Quadrant Pipelines Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
46	National Grid Gas Plc	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder submitted a relevant representation [RR-059] and made further submissions during examination [REP1-125, REP8-095]. Bespoke protective

ID	Organisation name	Reason for not consulting
		provisions for the protection of National Grid Gas plc have been included in the as made DCO Schedule 14 Part 6.
47	Scotland Gas Networks Plc	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
48	Southern Gas Networks Plc	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
49	Scira Offshore Energy Limited	The NMC does not impact the stakeholder's assets. There is no overlap of the stakeholder's assets with the Order limits, nor any additional cable crossings required by the NMC. The stakeholder did not submit a relevant representation.
50	Dudgeon Offshore Wind Limited	The NMC does not impact the stakeholder's assets. TC Dudgeon OFTO plc has been included as a consultee as operator of the Dudgeon offshore export cables, for which additional crossings are required. There is no overlap of the stakeholder's assets with the Order limits. The stakeholder did not submit a relevant representation.
51	Vattenfall Wind Power Ltd	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder submitted a relevant representation [RR-120] and made a further submission to the examination [REP8-122]. Bespoke protective provisions for the protection of Norfolk Boreas & Norfolk Vanguard have been included in the as made DCO Schedule 14 parts 10 and 11.
52	Orsted Hornsea Project Three (UK) Limited	The NMC does not impact the stakeholder's assets. The crossings of the Hornsea Project 3 offshore export cables by the SEP and DEP offshore export cables remain unchanged. The stakeholder submitted a relevant representation [RR-072] and made further submissions during examination [PDA-012, REP1-154, REP6-033, REP7-118, REP8-114]. The stakeholder responded to the Secretary of State's 22 November 2023 consultation indicating that a cooperation

ID	Organisation name	Reason for not consulting
		agreement had been completed and that "objections of OH3 and OH4 to [SEP and DEP] are withdrawn".
53	Eclipse Power Network Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
54	Energetics Electricity Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
55	Energy Assets Networks Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
56	Energy Assets Power Networks Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
57	ESP Electricity Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
58	Fulcrum Electricity Assets Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of

ID	Organisation name	Reason for not consulting
		electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
59	Harlaxton Energy Networks Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
60	Independent Power Networks Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
61	Leep Electricity Networks Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
62	Mua Power Distribution Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
63	The Electricity Network Company Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
64	UK Power Distribution Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of

ID	Organisation name	Reason for not consulting
		electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
65	Utility Assets Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. Protective provisions for the protection of electricity, gas, water and sewerage undertakers have been included in the as made DCO Schedule 14 Part 1.
66	UK Power Networks Limited	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. UK Power Networks owns Eastern Power Networks and bespoke protective provisions for Eastern Power Networks were negotiated jointly with UK Power Networks and Eastern Power Network and are included in the as made DCO Schedule 14, Part 12.
67	Eastern Power Networks PLC	The stakeholder's interests only pertain to the onshore elements of the projects. They do not operate any assets in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation. The stakeholder made a Deadline 8 submission confirming agreement on bespoke protective provisions for the protection of Eastern Powers Network Plc, which have been included in the as made DCO Schedule 14 Part 12. [REP8-090]
68	Blue Transmission Sheringham Shoal	The NMC does not impact the stakeholder's assets. There is no overlap of the stakeholder's assets with the Order limits and no crossings of the Sheringham Shoal export cables are required by the NMC. The stakeholder submitted a relevant representation [RR-034] which was subsequently withdrawn [REP7-103].
69	National Grid Electricity Transmission Plc	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder submitted a relevant representation [RR-058] and made further submissions during examination. [REP1-127, REP1-128, REP1-130, REP5-084, REP8-096] Bespoke protective provisions for the protection of National Grid Electricity Transmission plc have been included in the as made DCO Schedule 14 Part 7.
70	Attlebridge Parish Council	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the

ID	Organisation name	Reason for not consulting
		offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation.
71	Baconsthorpe Parish Council	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation.
72	Barford and Wramplingham Parish Council	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder made a relevant representation [RR-006], followed by submissions on deadlines 1 and 3 [REP1-065, REP3-120] in relation to onshore matters.
73	Bodham Parish Council	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation.
74	Brandiston Parish Council	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation.
75	Cawston Parish Council	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder made a relevant representation [RR-006], followed by submissions on deadlines 1, 3, 5 and 8 in relation to onshore matters. [REP1-072, REP3-122, and REP5-074]
76	Corpusty with Saxthorpe Parish Council	The stakeholder did not make a relevant representation but submitted representations on deadlines 1, 3, 4 and 5 in relation to health [REP1-073, REP3-123, REP4-057, REP5-075 & REP5-076]. The NMC does not generate additional impacts on human health.
77	East Carleton & Ketteringham Parish Council	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation.

ID	Organisation name	Reason for not consulting
78	East and West Beckham Parish Council	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder made a relevant representation in relation to onshore matters. [RR-028]
79	Easton Parish Council	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation.
80	Great Melton Parish Council	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation.
81	Hempstead Parish Council	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder made a relevant representation in relation to onshore matters. [RR-039]
82	Hethersett Parish Council	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder did not submit a relevant representation.
83	Hevingham Parish Council	The stakeholder's interests only pertain to the onshore elements of the projects. They do not have an interest in the offshore area within or in proximity to the Order limits relevant to the NMC. The stakeholder made a relevant representation in relation to onshore matters.
