Sheringham Shoal Extension Project and Dudgeon Extension Project Offshore Wind Farms. Consultation on a Non-Material Change application ("The NMC Application") under Regulation 7 of The Infrastructure Planning (Changes to, and Revocation of, Development Consent Orders) Regulations 2011.

Just to confirm that Historic England do not object in principle to the proposed changes, and we do not have any additional comments at this time. We do not consider this would change our overall position and we refer to our previous letters and statements.

Kind regards
Will Fletcher
