**CONTENTS**

**PART 1  
PRELIMINARY**

1. Citation and commencement
2. Interpretation

**PART 2  
WORK PROVISIONS**

Principal powers

3. Development consent granted by the Order
  4. Maintenance of authorised development
  5. Operation of the authorised development
  6. Disapplication of legislative provisions
  7. Benefit of this Order
  8. Consent to transfer benefit of the Order
  9. Security in respect of payment of compensation
- Streets
10. Street works
  11. Power to alter layout, etc., of streets
  12. Construction and maintenance of new or altered means of access
  13. Temporary prohibition or restriction of use of streets and public right of ways
  14. Use of private roads
  15. Access to works
  16. Agreements with street authorities
  17. Traffic regulation measures

Supplementary Powers

18. Discharge of water
19. Authority to survey and investigate the land
20. Protective work to buildings
21. Felling or lopping of trees

**PART 3**  
**POWERS OF ACQUISITION AND POSSESSION OF LAND**

Powers of Acquisition

22. Compulsory acquisition of land
23. Time limit for exercise of authority to acquire land compulsorily
24. Compulsory acquisition of rights and imposition of restrictive covenants
25. Acquisition of subsoil only
26. Private rights
27. Power to override easements and other rights
28. Application of the 1981 Act
29. Modification of Part 1 of the Compulsory Purchase Act 1965
30. Rights under or over streets

Temporary Possession of Land

31. Temporary use of land for carrying out the authorised development
32. Temporary use of land for maintaining the authorised development

Supplementary

33. Statutory undertakers
34. Apparatus and rights of statutory undertakers in stopped up streets
35. Recovery of costs of new connections

**PART 4**  
**MISCELLANEOUS AND GENERAL**

36. Electronic communications
37. Application of landlord and tenant law
38. Operational land for the purposes of the 1990 Act
39. Defence to proceedings in respect of statutory nuisance
40. Protective provisions
41. Certification of plans etc.
42. Service of notices
43. Procedure in relation to certain approvals etc.
44. No double recovery
45. Arbitration
46. Incorporation of the mineral code

---

**SCHEDULES**

- SCHEDULE 1 — AUTHORISED DEVELOPMENT
- SCHEDULE 2 — REQUIREMENTS
- SCHEDULE 3 — STREETS SUBJECT TO STREET WORKS
- SCHEDULE 4 — STREETS SUBJECT TO PERMANENT ALTERATION OF LAYOUT
- SCHEDULE 5 — STREETS SUBJECT TO TEMPORARY ALTERATION OF LAYOUT
- SCHEDULE 6 — ACCESS

- PART 1 — THOSE PARTS OF THE ACCESS TO BE MAINTAINED AT THE PUBLIC EXPENSE
- PART 2 — THOSE PARTS OF THE ACCESS TO BE MAINTAINED BY THE STREET AUTHORITY
- PART 3 — THOSE WORKS TO RESTORE THE TEMPORARY ACCESSES WHICH WILL BE MAINTAINED BY THE STREET AUTHORITY
- SCHEDULE 7 — TEMPORARY PROHIBITION OR RESTRICTION OF THE USE OF STREETS OR PUBLIC RIGHT OF WAYS
- SCHEDULE 8 — LAND IN WHICH ONLY NEW RIGHTS ETC. MAY BE ACQUIRED
- SCHEDULE 9 — MODIFICATION OF COMPENSATION AND COMPULSORY PURCHASE ENACTMENTS FOR CREATION OF NEW RIGHTS AND IMPOSITION OF NEW RESTRICTIVE COVENANTS
- SCHEDULE 10 — LAND OF WHICH TEMPORARY POSSESSION MAY BE TAKEN
- SCHEDULE 11 — PROTECTIVE PROVISIONS
  - PART 1 — FOR THE PROTECTION OF ELECTRICITY, GAS WATER AND SEWERAGE UNDERTAKERS
  - PART 2 — PROTECTION FOR OPERATORS OF ELECTRONIC COMMUNICATIONS CODE NETWORKS
  - PART 3 — FOR THE PROTECTION OF CADENT GAS LIMITED
  - PART 4 — FOR THE PROTECTION OF EASTERN POWER NETWORKS
  - PART 5 — FOR THE PROTECTION OF NATIONAL HIGHWAYS
  - PART 6 — FOR THE PROTECTION OF INTERNAL DRAINAGE BOARD
  - PART 7 — FOR THE PROTECTION OF ANGLIAN WATER
  - PART 8 — FOR THE PROTECTION OF RAILWAY INTERESTS
- SCHEDULE 12 — PROCEDURE FOR THE DISCHARGE OF REQUIREMENTS
- SCHEDULE 13 — DOCUMENTS AND PLANS TO BE CERTIFIED
- SCHEDULE 14 — MAXIMUM DESIGN PARAMETERS
- SCHEDULE 15 — ARBITRATION RULES

An application under section 37 of the Planning Act 2008(a) (the “2008 Act”) has been made to the Secretary of State for an order granting development consent in accordance with the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009(b).

The application has been examined by the Examining Authority appointed by the Secretary of State pursuant to Chapter 2 of Part 6 of the 2008 Act and carried out in accordance with Chapter 4 of Part 6 of the 2008 Act and the Infrastructure Planning (Examination Procedure) Rules 2010(c). The Examining Authority has submitted a report and recommendation to the Secretary of State under section 74(d) of the 2008 Act.

---

(a) 2008 c.29. The relevant provisions of the 2008 Act are amended by section 137(5) of, and schedule 13 to, the Localism Act 2011 (c. 20).

(b) S.I. 2009/2264, amended by S.I. 2010/439, S.I. 2010/602, S.I. 2012/635, S.I. 2012/2654, S.I. 2012/2732, S.I. 2013/522, S.I. 2013/755, S.I. 2014/469, S.I. 2014/2381, S.I. 2015/377, S.I. 2015/1682, S.I. 2017/524, S.I. 2017/572, S.I. 2018/378 and S.I. 2019/734

(c) S.I. 2010/103, amended by S.I. 2012/635.

(d) 2008 c.29. Section 74 was amended by the Localism Act 2011 (c.20) Schedule 13(1) and Schedule 25(20).

The Secretary of State has considered the report and recommendation of the Examining Authority, has taken into account the environmental information in accordance with regulation 4 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017(a) and has had regard to the documents and matters referred to in section 104(2) of the 2008 Act.

The Secretary of State, having decided the application, has determined to make an order giving effect to the proposals comprised in the application on terms that in the opinion of the Secretary of State are not materially different from those proposed in the application.

In accordance with section 127 of the 2008 Act(b), the Secretary of State has applied the relevant tests and is satisfied that they have been met.

Accordingly, the Secretary of State, in exercise of the powers in sections 114, 115, 120, 122, 123 and 140 of the 2008 Act, makes the following Order—

## PART 1

### PRELIMINARY

#### **Citation and commencement**

1. This Order may be cited as the Medworth Energy from Waste Combined Heat and Power Facility Order 202\* and comes into force on [\*\*\*] 202\*.

#### **Interpretation**

2.—(1) In this Order, unless otherwise stated—

“the 1961 Act” means the Land Compensation Act 1961(c);

“the 1965 Act” means the Compulsory Purchase Act 1965(d);

“the 1980 Act” means the Highways Act 1980(e);

“the 1981 Act” means the Compulsory Purchase (Vesting Declarations) Act 1981(f);

“the 1984 Act” means the Road Traffic Regulation Act 1984(g);

“the 1990 Act” means the Town and Country Planning Act 1990(h);

“the 1991 Act” means the New Roads and Street Works Act 1991(i);

“the 2003 Act” means the Communications Act 2003(j);

“the 2008 Act” means the Planning Act 2008(k);

“access and rights of way plans” means the plans of that name identified in Table 10 of Schedule 13 (documents and plans to be certified) and which is certified by the Secretary of State as the access and rights of way plans for the purposes of this Order under article 41 (certification of plans etc.);

---

(a) S.I. 2017/572.

(b) 2008 c.29. Section 127 was amended by sections 23(2)(a), 23(2)(b) and 23(2)(c) of the Growth and Infrastructure Act 2013 (c.27) and by paragraph 64(2) of Schedule 13(1) to the Localism Act 2011 (c.20).

(c) 1961 c.33.

(d) 1965 c.56.

(e) 1980 c.66.

(f) 1981 c.66.

(g) 1984 c.27.

(h) 1990 c.8.

(i) 1991 c.22.

(j) 2003 c.21.

(k) 2008 c.29.

“Anglian Water” means Anglian Water Services Limited (company number 02366656);

“AOD” means above ordnance datum;

“apparatus” has the same meaning as in Part 3 (street works in England and Wales) of the 1991 Act save that “apparatus” further includes pipelines (and parts of them), aerial markers, cathodic protection test posts, field boundary markers, transformer rectifier kiosks; electricity cables; telecommunications equipment and electricity cabinets;

“authorised development” means the development described in Schedule 1 (authorised development) and any other development authorised by this Order which is development within the meaning of section 32 (meaning of “development”) of the 2008 Act;

“book of reference” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the book of reference for the purposes of this Order under article 41;

“brown roof” means a roof which has a layer of material typically derived from on-site sources including crushed building materials and provides a growing medium for native pioneer plants and an ecological habitat;

“building” includes any structure or erection or any part of a building, structure or erection;

“carriageway” has the same meaning as in the 1980 Act;

“CHP statement” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the CHP statement for the purposes of this Order under article 41;

“commence” means beginning to carry out any material operation, as defined in section 155 of the 2008 Act (which explains when development begins), comprised in or carried out for the purposes of the authorised development other than the enabling activities and the words “commencement” and “commenced” and other cognate expressions are to be construed accordingly;

“commissioning” means the process of assuring that all systems and components of the authorised development or part of the authorised development (which are installed or installation is near to completion) are tested to verify that they function and are operable in accordance with design objectives, specifications and operational requirements of the undertaker and “commission” and other cognate expressions are to be construed accordingly;

“compulsory acquisition notice” means a notice served in accordance with section 134 (notice of authorisation of compulsory acquisition) of the 2008 Act;

“date of final commissioning” means the date on which the commissioning of the authorised development (or any part of the authorised development as the context requires) is completed as notified as such by the undertaker to the relevant planning authority pursuant to requirement 21 of Schedule 2 (requirements);

“design and access statement” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the design and access statement for the purposes of this Order under article 41;

“EPN” means Eastern Power Networks plc (company number 02366906);

“electronic transmission” means a communication transmitted—

- (a) by means of an electronic communications network; or
- (b) by other means provided it is in an electronic form;

“enabling activities” means operations consisting of site clearance, site mobilisation, pre-planting of landscaping works, ecological mitigation works, archaeological investigations, intrusive environmental surveys, environmental monitoring, investigations for the purpose of assessing ground conditions (including the making of trial boreholes), receipt and erection of construction plant and equipment, erection of construction welfare facilities, erection of any temporary means of enclosure, creation of site accesses, the temporary display of site notices or advertisements;

“environmental statement” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the environmental statement for the purposes of this Order under article 41;

“flood risk activity” has the same meaning as in the Environmental Permitting (England and Wales) Regulations 2016(a);

“flood risk assessment” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the flood risk assessment for the purposes of this Order;

“footpath” and “footway” have the same meaning as in the 1980 Act;

“green wall” means a vertical structure against which vegetation is grown;

“highway” and “highway authority” have the same meaning as in the 1980 Act;

“land plans” means the plans of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the land plans for the purposes of this Order;

“maintain” includes inspect, repair, adjust, alter, remove, refurbish, reconstruct, replace and improve any part, but not the whole of, the authorised development, but only insofar as such activities are unlikely to give rise to any materially new or materially different environmental effects from those identified in the environmental statement and “maintenance” and “maintaining” are to be construed accordingly;

“this Order” means the Medworth Energy from Waste Combined Heat and Power Facility Order 202\*;

“Order land” means the land which is required for, or is required to facilitate, or is incidental to, or is affected by, the authorised development shown on the land plans;

“Order limits” means the limits shown on the works plans within which the authorised development may be carried out;

“outline construction environmental management plan” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the outline construction environmental management plan for the purposes of this Order;

“outline construction traffic management plan” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the outline construction traffic management plan for the purposes of this Order;

“outline drainage strategy” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the outline drainage strategy for the purposes of this order;

“outline employment and skills strategy” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the outline employment and skills strategy for the purposes of this Order;

“outline fire prevention plan” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the outline fire prevention plan for the purposes of this Order;

“outline flood emergency management plan” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the outline flood emergency management plan for the purposes of this Order;

“outline landscape and ecology strategy” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the outline landscape plans and ecology strategy for the purposes of this Order;

“outline lighting strategy” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the outline lighting strategy for the purposes of this Order;

---

(a) S.I. 2016/1154.

“outline odour management plan” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the outline odour management plan for the purposes of this Order;

“outline operational noise management plan” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the outline operational noise management plan for the purposes of this Order;

“outline operational traffic management plan” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the outline operational traffic management plan for the purposes of this Order;

“outline operational travel plan” means the document of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the outline operational travel plan for the purposes of this Order;

“owner” in relation to land, has the same meaning as in section 7 of the Acquisition of Land Act 1981(a);

“relevant planning authority” means the waste planning authority for the area in which the land to which the provisions of this Order apply is situated;

“requirements” means those matters set out in Schedule 2;

“statutory undertaker” means any person falling within section 127(8) of the 2008 Act and includes a public communications provider defined by section 151(1) of the 2003 Act;

“street” means a street within the meaning of section 48 of the 1991 Act, together with land on the verge of a street or between two carriageways, and includes any footpath and “street” includes any part of a street;

“street authority”, in relation to a street, has the same meaning as in Part 3 of the 1991 Act;

“traffic authority” has the same meaning as in section 121A of the 1984 Act;

“undertaker” means Medworth CHP Limited (company number 13130012) or any other person who for the time being has the benefit of this Order in accordance with article 7 and 8 of this Order;

“watercourse” includes all rivers, streams, creeks, ditches, drains, canals, cuts, culverts, dykes, sluices, sewers and passages through which water flows except a public sewer or drain;

“working day” means any day other than a Saturday, Sunday or English bank or other public holiday; and

“works plans” means the plans of that name identified in Table 10 of Schedule 13 and which is certified by the Secretary of State as the works plans for the purposes of this Order.

(2) References in this Order to rights over land include references to rights to do or to place and maintain anything in, on or under land or in the airspace above its surface and to any trusts or incidents (including restrictive covenants) to which the land is subject and references in this Order to the imposition of restrictive covenants are references to the creation of rights over land which interfere with the interests or rights of another and are for the benefit of land which is acquired under this Order or over which rights are created and acquired under this Order or is otherwise comprised in this Order.

(3) All distances, directions heights, widths and lengths referred to in this Order are approximate and distances between points on a numbered work comprised in the authorised development and shown on the works plans and access rights of way plans are taken to be measured along that work.

(4) All areas described in square metres in the book of reference are approximate.

(5) References in this Order to numbered works are references to the works comprising the authorised development as numbered in Schedule 1.

---

(a) 1981. c.67. The definition of “owner” was amended by paragraph 9 of Schedule 15(I) to the Planning and Compensation Act 1991 (c.34). There are other amendments to section 7 which are not relevant to this Order.

- (6) References to “Schedule” are, unless otherwise stated, references to Schedules to this Order.
- (7) The expression “includes” is to be construed without limitation.
- (8) References to any statutory body include any body’s successor in respect of functions which are relevant to this Order.

## PART 2

### WORK PROVISIONS

#### *Principal powers*

#### **Development consent granted by the Order**

**3.**—(1) Subject to the provisions of this Order and to the requirements, the undertaker is granted development consent for the authorised development to be carried out within the Order limits.

(2) Each numbered work must be situated within the corresponding numbered area shown on the works plans.

#### **Maintenance of authorised development**

**4.**—(1) The undertaker may at any time maintain the authorised development except to the extent that this Order or an agreement made under this Order provides otherwise.

(2) This article only authorises the carrying out of maintenance works within the Order limits.

#### **Operation of the authorised development**

**5.**—(1) The undertaker is authorised to operate the generating station comprised in the authorised development.

(2) Other than as set out in this Order, this article does not relieve the undertaker of any requirement to obtain any permit or licence or any obligation under any legislation that may be required to authorise the operation of an electricity generating station.

#### **Disapplication of legislative provisions**

**6.**—(1) The following provisions do not apply in relation to the construction of any work or the carrying out of any operation required for the purposes of, or in connection with, the construction, operation or maintenance of any part of the authorised development—

- (a) section 24 (restriction on abstraction) of the Water Resources Act 1991(a);
- (b) the provisions of any byelaws made under, or having effect as if made under, paragraphs 5, 6 or 6A of Schedule 25 to the Water Resources Act 1991;
- (c) section 23 of the Land Drainage Act 1991 (prohibition of obstructions etc. in watercourses);
- (d) the provisions of any byelaws made under section 66 of the Land Drainage Act 1991 (powers to make byelaws); and
- (e) the provisions of the Neighbourhood Planning Act 2017(b) insofar as they relate to temporary possession of land under articles 31 (temporary use of land for carrying out the authorised development) and 32 (temporary use of land for maintaining the authorised development) of this Order.

---

(a) 1991 c. 57.

(b) 2017 c.20.

(2) Regulation 12 (requirement for environmental permit) of the Environmental Permitting (England and Wales) Regulations 2016 does not apply in respect of any flood risk activity carried out under the powers conferred by this order.

### **Benefit of this Order**

7.—(1) Subject to paragraph (2), paragraph (3) and article 8 (consent to transfer benefit of the Order), the provisions of this Order have effect solely for the benefit of the undertaker.

(2) Paragraph (1) does not apply to Work No. 6A and 6B in respect of which the provisions of this Order have effect for the benefit of the undertaker and Anglian Water.

(3) Paragraph (1) does not apply to Work No. 9 in respect of which the provisions of this Order have effect for the benefit of the undertaker and EPN.

### **Consent to transfer benefit of the Order**

8.—(1) Except where paragraph (4) applies, the undertaker may, with the consent of the Secretary of State—

- (a) transfer to another person (“the transferee”) all or any part of the benefit of the provisions of this Order (including any of the numbered works or any part of the numbered works) and such related statutory rights as may be agreed in writing between the undertaker and the transferee; or
- (b) grant to another person (“the lessee”), for a period agreed between the undertaker and the lessee, all or any part of the benefit of the provisions of this Order (including any of the numbered works or any part of the numbered works) and such related statutory rights as may be agreed between the undertaker and the lessee.

(2) Where an agreement has been made in accordance with paragraph (1)(a) or (1)(b) references in this Order to the undertaker, except paragraph (3), include references to the transferee or the lessee.

(3) The exercise by a person of any benefits or rights conferred in accordance with any transfer or grant under paragraph (1) is subject to the same restrictions, liabilities and obligations as would apply under this Order if those benefits or rights were exercised by the undertaker.

(4) This paragraph applies where—

- (a) the transferee or lessee holds a licence under section 6 of the Electricity Act 1989(a);
- (b) in relation to a transfer or lease of utility or other infrastructure connection works, the relevant statutory undertaker or licence holder;
- (c) in relation to a transfer or lease of any works within a highway, a highway authority responsible for the relevant highway; or
- (d) the time limits for all claims for compensation in respect of the acquisition of land or effects upon land under this Order have elapsed and—
  - (i) no such claims have been made;
  - (ii) any such claims that have been made have all been compromised or withdrawn;
  - (iii) compensation has been paid in final settlement of any claims made;
  - (iv) payment of compensation into court in lieu of settlement of all such claims has taken place; or
  - (v) it has been determined by a tribunal or court of competent jurisdiction in respect of all claims that no compensation is payable.

---

(a) 1989 c.29. Section 6 was amended by section 30 of the Utilities Act 2000 (c.27), sections 89(3), 136(1), 136(2), 145(5), 145(6), and 145(7), and paragraph 5 of Schedule 19 and paragraph 1 of Schedule 23(1) to the Energy Act 2004 (c.20), articles 6(2)(a), 6(2)(b), 6(3), 6(4) of the Electricity and Gas (Smart Meters Licensable Activity) Order 2012/2400, regulation 19 of the Electricity and Gas (Internal Markets) Regulations 2011/2704, and by paragraph 2 of Schedule 8 to the Climate Change Act 2008 (c.27).

(5) Where paragraph (4) applies the undertaker must notify the Secretary of State in writing before transferring or granting all or any part of the benefit of the provisions of this Order and such related statutory rights referred to in paragraph (1).

(6) The notification referred to in paragraph (5) must state—

- (a) the name and contact details of the person to whom the benefit of the powers will be transferred or granted;
- (b) subject to paragraph (7), the date on which the transfer will take effect;
- (c) the powers to be transferred or granted;
- (d) pursuant to paragraph (3), the restrictions, liabilities and obligations that will apply to the person exercising the powers transferred or granted; and
- (e) where relevant, a plan showing the works or areas to which the transfer or grant relates.

(7) The date specified under paragraph (6)(b) must not be earlier than the expiry of five working days from the date of the receipt of the notice.

(8) The notice given under paragraph (5) must be signed by the undertaker and the person to whom the benefit of the powers will be transferred or granted as specified in that notice.

### **Security in respect of payment of compensation**

**9.**—(1) The undertaker must not begin to exercise the powers conferred by the provisions referred to in paragraph (2) in relation to any part of the Order land unless it has first put in place, following approval by the Secretary of State, either—

- (a) a guarantee in respect of the liabilities of the undertaker to pay compensation pursuant to the provisions referred to in paragraph (2) in respect of the exercise of the relevant provision in relation to that part of the Order land; or
- (b) an alternative form of security in respect of the liabilities of the undertaker to pay compensation pursuant to the provisions referred to in paragraph (2) in respect of the exercise of the relevant provision in relation to that part of the Order land.

(2) The provisions are—

- (a) article 22 (compulsory acquisition of land);
- (b) article 24 (compulsory acquisition of rights and imposition of restrictive covenants);
- (c) article 25 (acquisition of subsoil only);
- (d) article 26 (private rights);
- (e) article 30 (rights under or over streets);
- (f) article 31 (temporary use of land for carrying out the authorised development);
- (g) article 32 (temporary use of land for maintaining the authorised development); and
- (h) article 33 (statutory undertakers).

(3) A guarantee or alternative form of security given in respect of any liability of the undertaker to pay compensation under this Order is to be treated as enforceable against the guarantor or person providing the alternative form of security by any person to whom such compensation is payable and must be in such a form as to be capable of enforcement by such a person.

(4) Nothing in this article requires a guarantee or alternative form of security to be in place for more than 15 years after the date on which the relevant power is exercised.

## *Streets*

### **Street works**

**10.**—(1) The undertaker may, for the purposes of the authorised development, enter on so much of any streets specified in Schedule 3 (streets subject to street works) and may—

- (a) break up or open the street, or any sewer, drain or tunnel within or under it;

- (b) drill, tunnel or bore under the street;
- (c) place and keep apparatus in the street;
- (d) maintain apparatus in the street, change its position or remove it; and
- (e) execute any works required for or incidental to any works referred to in sub-paragraphs (a), (b), (c) or (d).

(2) The authority given by paragraph (1) is a statutory right for the purposes of sections 48(3) (streets, street works and undertakers) and 51(1) (prohibition of unauthorised street works) of the 1991 Act.

(3) Where the undertaker is not the street authority, the provisions of sections 54 to 106 of the 1991 Act apply to any street works carried out under paragraph (1).

### **Power to alter layout, etc., of streets**

11.—(1) The undertaker may for the purposes of the authorised development alter the layout of or construct any works in the street in the case of permanent works as specified in column (2) of Schedule 4 (streets subject to permanent alteration) in the manner specified in relation to that street in column (3) of that Schedule and in the case of temporary works as specified in column (2) of Schedule 5 (streets subject to temporary alteration) in the manner specified in relation to that street in column (3) of that Schedule.

(2) Without prejudice to the powers conferred by paragraph (1) in respect of specific streets, but subject to paragraphs (3) and (4), the undertaker may, for the purposes of constructing, operating or maintaining the authorised development alter the layout of any street within the Order limits and, without limiting the scope of this paragraph, the undertaker may—

- (a) alter the level or increase the width of any kerb, footway, footpath, cycle track or verge;
- (b) make and maintain passing places.

(3) The undertaker must restore any street that has been temporarily altered under this article to the reasonable satisfaction of the street authority.

(4) The powers conferred by paragraph (2) must not be exercised without the consent of the street authority.

(5) Paragraphs (3) and (4) do not apply where the undertaker is the street authority for a street in which the works are being carried out.

### **Construction and maintenance of new or altered means of access**

12.—(1) Those parts of each means of access specified in Part 1 of Schedule 6 (access) to be constructed or altered under this Order must be completed to the reasonable satisfaction of the highway authority and must be maintained by and at the expense of the undertaker for a period of 12 months from completion and from the expiry of that period by and at the expense of the highway authority.

(2) Those parts of each means of access specified in Part 2 of Schedule 6 (access) to be constructed or altered under this Order and which are not intended to be a public highway must be completed to the reasonable satisfaction of the street authority and must be maintained by and at the expense of the undertaker for a period of 12 months from completion and from the expiry of that period by and at the expense of the street authority.

(3) Those restoration works carried out pursuant to article 11(3) (power to alter layout, etc., of streets) identified in Part 3 of Schedule 6 (access) which are not intended to be a public highway must be completed to the reasonable satisfaction of the street authority and must be maintained by and at the expense of the street authority.

(4) In any action against the undertaker in respect of loss or damage resulting from any failure by it to maintain a street under this article, it is a defence (without prejudice to any other defence or the application of the law relating to contributory negligence) to prove that the undertaker had taken such care as in all the circumstances was reasonably required to secure that the part of the street to which the action relates was not dangerous to traffic.

(5) For the purposes of a defence under paragraph (4), a court must in particular have regard to the following matters—

- (a) the character of the street including the traffic which was reasonably to be expected to use it;
- (b) the standard of maintenance appropriate for a street of that character and used by such traffic;
- (c) the state of repair in which a reasonable person would have expected to find the street;
- (d) whether the undertaker knew, or could reasonably have been expected to know, that the condition of the part of the street to which the action relates was likely to cause danger to users of the street; and
- (e) where the undertaker could not reasonably have been expected to repair that part of the street before the cause of action arose, what warning notices of its condition had been displayed,

but for the purposes of such a defence it is not relevant that the undertaker had arranged for a competent person to carry out or supervise the maintenance of that part of the street to which the action relates unless it is also proved that the undertaker had given that person proper instructions with regard to the maintenance of the street and that those instructions had been carried out.

### **Temporary prohibition or restriction of use of streets and public right of ways**

**13.—**(1) The undertaker may, during and for the purposes of constructing the authorised development, temporarily alter, divert, prohibit or restrict the use of any street or public right of way within the Order limits and may for any reasonable time—

- (a) divert the traffic from the street or public right of way; and
- (b) subject to paragraph (3), prevent all persons from passing along the street or public right of way.

(2) Without prejudice to the scope of paragraph (1), the undertaker may use any street or public right of way where the use has been prohibited or restricted under the powers conferred by this article and within the Order limits as a temporary working site.

(3) The undertaker must provide reasonable access for non-motorised users (including pedestrians) and vehicles going to or from premises abutting a street or public right of way affected by the temporary alteration, diversion, prohibition or restriction of a street or public right of way under this article if there would otherwise be no such access.

(4) Without prejudice to the generality of paragraph (1), the undertaker may temporarily alter, divert, prohibit or restrict the use of the streets or public right of ways specified in columns (1) and (2) of Schedule 7 (temporary prohibition or restriction of the use of streets or public right of ways) to the extent specified in column (3) of that Schedule.

(5) The undertaker must not temporarily alter, divert, prohibit or restrict the use of—

- (a) any street specified in paragraph (4) without first consulting the street authority; and
- (b) any other street without the consent of the street authority which may attach reasonable conditions to any consent.

(6) Any person who suffers loss by the suspension of any private right of way under this article is entitled to compensation to be determined, in case of dispute, under Part 1 (determination of questions of disputed compensation) of the 1961 Act.

### **Use of private roads**

**14.—**(1) The undertaker may use any private road within the Order limits for the passage of persons or vehicles (with or without materials, plant and machinery) for the purposes of, or in connection with, the construction or maintenance of the authorised development.

(2) The undertaker must compensate the person liable for the repair of a road to which paragraph (1) applies for any loss or damage which that person may suffer by reason of the exercise of the power conferred by paragraph (1).

(3) Any dispute as to a person's entitlement to compensation under paragraph (2), or as to the amount of such compensation, is to be determined under Part 1 (determination of questions of disputed compensation) of the 1961 Act.

### **Access to works**

**15.** The undertaker may, for the purposes of the authorised development—

- (a) form and layout the permanent means of access, or improve existing means of access in the location specified in Schedule 4 (streets subject to permanent alteration of layout);
- (b) form and layout the temporary means of access in the locations specified in Schedule 5 (streets subject to temporary alteration of layout); and
- (c) with the approval of the relevant planning authorities after consultation with the highway authority, form and lay out such other means of access or improve the existing means of access, at such locations within the Order limits as the undertaker reasonably requires for the purposes of the authorised development.

### **Agreements with street authorities**

**16.—**(1) A street authority and the undertaker may enter into agreements with respect to—

- (a) the construction of any new street including any structure carrying the street, whether or not over or under any part of the authorised development;
- (b) the strengthening, improvement, repair or reconstruction of any street under the powers conferred by this Order;
- (c) the maintenance of any street or structure of any bridge or tunnel carrying a street over or under the authorised development;
- (d) any alteration diversion, prohibition or restriction in the use of a street authorised by this Order;
- (e) the construction in the street of any of the authorised development; or
- (f) any such works as the parties may agree.

(2) Such an agreement may, without prejudice to the generality of paragraph (1)—

- (a) make provision for the street authority to carry out any function under this Order which relates to the street in question;
- (b) include an agreement between the undertaker and street authority specifying a reasonable time for the completion of the works; and
- (c) contain such terms as to payment and otherwise as the parties consider appropriate.

### **Traffic regulation measures**

**17.—**(1) Subject to the provisions of this article and the consent of the traffic authority in whose area the road concerned is situated, the undertaker may, in so far as may be expedient or necessary for the purposes of or in connection, or in consequence of, with the construction, maintenance and operation of the authorised development—

- (a) permit, prohibit or restrict the stopping, parking, waiting, loading or unloading of vehicles on any road;
- (b) make provision as to the direction or priority of vehicular traffic on any road;
- (c) permit, prohibit or restrict the use of any road;
- (d) permit, prohibit or restrict vehicular access to any road; and

- (e) revoke, amend or suspend in whole or in part any order made, or having effect as if made under the 1984 Act,

either at all times or at times, on days or during such periods as may be specified by the undertaker.

(2) The undertaker must not exercise the powers under paragraph (1) of this article unless it has—

- (a) given not less than four weeks' notice in writing of its intention so to do to the traffic authority in whose area the road is situated; and
- (b) advertised its intention in such manner as the traffic authority may specify in writing within seven days of its receipt of notice of the undertaker's intention in the case of sub-paragraph (a).

(3) Any prohibition, restriction or other provision made by the undertaker under article 13 (temporary prohibition or restriction of use of streets and public rights of way) or paragraph (1) of this article has effect as if duly made by, as the case may be—

- (a) the traffic authority in whose area the road is situated as a traffic regulation order under the 1984 Act; or
- (b) the local authority in whose area the road is situated as an order under section 32 (power of local authorities to provide parking places) of the 1984 Act,

and the instrument by which it is effected is deemed to be a traffic order for the purposes of Schedule 7 to the Traffic Management Act 2004 (road traffic contraventions subject to civil enforcement)(a).

(4) In this article—

- (a) subject to sub-paragraph (b) expressions used in this article and in the 1984 Act have the same meaning; and
- (b) a “road” means a road that is a public highway maintained by and at the expense of the traffic authority.

### *Supplementary Powers*

#### **Discharge of water**

**18.**—(1) Subject to sub-paragraphs (3) and (4), the undertaker may use any watercourse or any public sewer or drain for the drainage of water in connection with the construction or maintenance of the authorised development and for that purpose may lay down, take up and alter pipes and may, on any land within the Order limits, make openings into, and connections with, the watercourse, public sewer or drain.

(2) Any dispute arising from the making of connections to or the use of a public sewer or drain by the undertaker pursuant to paragraph (1) is to be determined as if it were a dispute under section 106 (right to communicate with public sewers) of the Water Industry Act 1991(b).

(3) The undertaker must not discharge any water into any watercourse, public sewer or drain except with the consent of the person to whom it belongs, whose consent may be given subject to such terms and conditions as that person may reasonably impose, but must not be unreasonably withheld or delayed.

(4) The undertaker must not make any opening into any public sewer or drain except—

- (a) in accordance with plans approved by the person to whom the sewer or drain belongs but approval must not be unreasonably withheld; and

---

(a) 2004 c.18. There are amendments to this Act not relevant to this Order.

(b) 1991 c.56. Section 106 was amended by sections 43(2) and 35(8)(a) and paragraph 1 of Schedule 2 to the Competition and Service (Utilities) Act 1992 (c.43) and sections 99(2), (3), (4), (5)(a), (5)(b), (5)(c) and 36(2) of the Water Act 2003 (c.37) and Schedule 3, paragraph 16(1) of the Flood and Water Management Act 2010 c.29.

(b) where that person has been given the opportunity to supervise the making of the opening.

(5) The undertaker must take such steps as are reasonably practicable to secure that any water discharged into a watercourse or public sewer or drain pursuant to this article is as free as may be practicable from gravel, soil or other solid substance, oil or matter in suspension.

(6) Nothing in this article overrides the requirement for an environmental permit under regulation 12(1)(b) of the Environmental Permitting (England and Wales) Regulations 2016(a).

(7) In this article—

(a) “public sewer or drain” means a sewer or drain which belongs to the Homes and Communities Agency, the Environment Agency, a harbour authority within the meaning of section 57 (interpretation) of the Harbours Act 1964(b), an internal drainage board, a joint planning board, a local authority, a National Park Authority, a sewerage undertaker or an urban development corporation; and

(b) other expressions, excluding watercourse, used both in this article and in the Water Resources Act 1991(c) have the same meaning as in that Act.

### **Authority to survey and investigate the land**

19.—(1) The undertaker may for the purposes of this Order enter on any land shown within the Order limits or enter on any land which may be affected by the authorised development and—

(a) survey or investigate the land;

(b) without limitation to the generality of sub-paragraph (a), make trial holes or bore holes in such positions on the land as the undertaker thinks fit to investigate the nature of the surface layer, subsoil and groundwater and remove soil and groundwater samples;

(c) without limitation to the generality of sub-paragraph (a), carry out ecological or archaeological investigations on such land, including the digging of trenches; and

(d) place on, leave on and remove from the land apparatus for use in connection with the survey and investigation of land and making of trial holes, bore holes or trenches.

(2) No land may be entered or equipment placed or left on or removed from the land under paragraph (1) unless at least 14 days’ notice has been served on every owner and occupier of the land.

(3) Any person entering land under this article on behalf of the undertaker—

(a) must, if so required before entering the land, produce written evidence of their authority to do so; and

(b) may take onto the land such vehicles and equipment as are necessary to carry out the survey or investigation or to make the trial holes, bore holes or trenches.

(4) No trial holes, bore holes or trenches are to be made under this article—

(a) in land located within the highway boundary without the consent of the highway authority; or

(b) in a private street without the consent of the street authority,

but such consent must not be unreasonably withheld or delayed.

(5) The undertaker must remove all temporary works and restore the land to the reasonable satisfaction of the owners of the land once it has ceased to use the land for the purposes authorised by this article.

(6) The undertaker must compensate the owners and occupiers of the land for any loss or damage arising by reason of the exercise of the authority conferred by this article, such compensation to be determined, in case of dispute, under Part 1 (determination of questions of disputed compensation) of the 1961 Act.

---

(a) S.I. 2016/1154.

(b) 1964 c.40.

(c) 1991 c.57.

(7) Section 13 (refusal to give possession to acquiring authority) of the 1965 Act applies to the entry onto, or possession of, land under this article to the same extent as it applies to the compulsory acquisition of land under this Order by virtue of section 125 (application of compulsory acquisition provisions) of the 2008 Act.

### **Protective work to buildings**

**20.**—(1) Subject to the following provisions of this article, the undertaker may at its own expense carry out such protective works to any building or structure lying within the Order land as the undertaker considers necessary or expedient.

(2) Protective works may be carried out—

- (a) at any time before or during the construction of any part of the authorised development in the vicinity of the building or structure; or
- (b) after the completion of that part of the authorised development in the vicinity of the building or structure at any time up to the end of the period of 5 years beginning with the day on which that part of the authorised development is first opened for use.

(3) For the purpose of determining how the powers under this article are to be exercised the undertaker may enter and survey any building or structure falling within paragraph (1) and any land within its curtilage.

(4) For the purpose of carrying out protective works under this article to a building or structure the undertaker may (subject to paragraphs (5) and (6))—

- (a) enter the building or structure and any land within its curtilage; and
- (b) where the works cannot be carried out reasonably conveniently without entering land which is adjacent to the building or structure but outside its curtilage, enter the adjacent land (but not any building erected on it) within the Order land.

(5) Before exercising—

- (a) a power under paragraph (1) to carry out protective works under this article to a building or structure;
- (b) a power under paragraph (3) to enter a building or structure and land within its curtilage;
- (c) a power under paragraph (4)(a) to enter a building or structure and land within its curtilage; or
- (d) a power under paragraph (4)(b) to enter and take possession of land,

the undertaker must, except in the case of emergency, serve on the owners and occupiers of the building, structure or land not less than 14 days' notice of its intention to exercise that power and, in a case falling within sub-paragraph (a) or (c), specifying the protective works proposed to be carried out.

(6) Where a notice is served under paragraph (5), the owner or occupier of the building, structure or land concerned may, by serving a counter-notice within the period of ten days beginning with the day on which the notice was served, require the question of whether it is necessary or expedient to carry out the protective works or to enter the building, structure or land to be referred to arbitration under article 45 (arbitration).

(7) The undertaker must compensate the owners and occupiers of any building, structure or land in relation to which powers under this article have been exercised for any loss or damage arising to them by reason of the exercise of those powers.

(8) Where—

- (a) protective works are carried out to a building or structure under this article; and
- (b) within five years, beginning with the date of final commissioning for that part of the authorised development in the vicinity of the building or structure, it appears that the protective works are inadequate to protect the building or structure against damage caused by the construction, operation or maintenance of that part of the authorised development,

the undertaker must compensate the owners and occupiers of the building or structure for any loss or damage sustained by them.

(9) Nothing in this article relieves the undertaker from any liability to pay compensation under section 10(2) (further provision as to compensation for injurious affection) of the 1965 Act.

(10) Any compensation payable under paragraph (7) or (8) must be determined, in case of dispute, under Part 1 (determination of questions of disputed compensation) of the 1961 Act.

(11) Section 13 (refusal to give possession to acquiring authority) of the 1965 Act applies to the entry onto, or possession of, land under this article to the same extent as it applies to the compulsory acquisition of land under this Order by virtue of section 125 (application of compulsory acquisition provisions) of the 2008 Act.

(12) In this article “protective works” in relation to a building means—

- (a) underpinning, strengthening and any other works the purpose of which is to prevent damage which may be caused to the building or structure by the construction, operation or maintenance of the authorised development; and
- (b) any works the purpose of which is to remedy any damage which has been caused to the building by the construction, operation or maintenance of the authorised development.

### **Felling or lopping of trees**

**21.**—(1) The undertaker may fell or lop any tree or shrub within or overhanging the Order land, or cut back its roots, if it reasonably believes it to be necessary to do so to prevent the tree or shrub—

- (a) from obstructing or interfering with the construction, maintenance or operation of the authorised development or any apparatus used in connection with the authorised development; or
- (b) from constituting a danger to persons using the authorised development; or
- (c) from obstructing or interfering with the passage of construction vehicles to the extent necessary for the purposes of construction of the authorised development.

(2) In carrying out any activity authorised by paragraph (1) the undertaker must do no unnecessary damage to any tree or shrub and must pay compensation to any person for any loss or damage arising from such activity.

(3) Any dispute as to a person’s entitlement to compensation under paragraph (2), or as to the amount of compensation, is to be determined under Part 1 (determination of questions of disputed compensation) of the 1961 Act.

(4) In carrying out any activity authorised by paragraph (1) the duty contained in section 206(1) of the 1990 Act(a) does not apply.

## **PART 3**

### **POWERS OF ACQUISITION AND POSSESSION OF LAND**

#### *Powers of Acquisition*

### **Compulsory acquisition of land**

**22.**—(1) The undertaker may acquire compulsorily so much of the Order land as is required for the authorised development or to facilitate it, or as is incidental to it.

(2) This article is subject to article 24 (compulsory acquisition of rights and imposition of restrictive covenants), article 25 (acquisition of subsoil only) and article 31 (temporary use of land for carrying out the authorised development).

---

(a) 1990 c.8. Section 206 was amended by paragraph 11 of Schedule 8 to the Planning Act 2008

### **Time limit for exercise of authority to acquire land compulsorily**

23.—(1) After the end of the period of five years beginning on the day on which this Order is made—

- (a) no notice to treat may be served under Part 1 (compulsory purchase under Acquisition of Land Act 1946) of the 1965 Act; and
- (b) no declaration may be executed under section 4 (execution of declaration) of the 1981 Act as applied by article 28 (application of the 1981 Act).

(2) The authority conferred by article 31 (temporary use of land for carrying out the authorised development) ceases at the end of the period referred to in paragraph (1), save that nothing in this paragraph prevents the undertaker remaining in possession of land after the end of that period if the land was entered and possession was taken before the end of that period.

### **Compulsory acquisition of rights and imposition of restrictive covenants**

24.—(1) Subject to paragraph (2) the undertaker may acquire compulsorily such rights over the Order land or impose such restrictive covenants affecting the land as may be required for any purpose for which that land may be acquired under article 22 (compulsory acquisition of land), by creating them as well as by acquiring rights already in existence.

(2) In the case of the Order land specified in column (1) of the table in Schedule 8 (land in which new rights etc. may be acquired) the undertaker's powers of compulsory acquisition are limited to the acquisition of existing rights and the benefit of restrictive covenants over that land and the creation and acquisition of such new rights and the imposition of such new restrictive covenants for the purpose specified in column (2) of the table in that Schedule.

(3) Subject to section 8 (other provisions as to divided land) of the 1965 Act and Schedule 2A (counter-notice requiring purchase of land not in notice to treat) of the 1965 Act (as substituted by paragraph (10) of Schedule 9) and section 12 (divided land) of the 1981 Act, where the undertaker creates or acquires a right over land or the benefit of a restrictive covenant under paragraph (1) or (2), the undertaker is not required to acquire a greater interest in that land.

(4) Schedule 9 has effect for the purpose of modifying the enactments relating to compensation and the provisions of the 1965 Act in their application in relation to the compulsory acquisition under this article of a right over land by the creation of a new right or the imposition of a restrictive covenant.

(5) In any case where the acquisition of new rights or the imposition of restrictive covenants under paragraph (1) or (2) is required for the purposes of diverting, replacing or protecting the apparatus of a statutory undertaker, the undertaker may, with the consent of the Secretary of State, transfer the power to create and acquire such rights or impose such restrictive covenants to the statutory undertaker in question.

(6) The exercise by a statutory undertaker of any power in accordance with a transfer under paragraph (5) is subject to the same restrictions, liabilities and obligations as would apply under this Order if that power were exercised by the undertaker.

(7) Subject to the modifications set out in Schedule 9 the enactments for the time being in force with respect to compensation for the compulsory purchase of land are to apply in the case of a compulsory acquisition under this Order in respect of a right by the creation of a new right or imposition of a restrictive covenant as they apply to the compulsory purchase of land and interests in land.

### **Acquisition of subsoil only**

25.—(1) The undertaker may acquire compulsorily so much of, or such rights in, the subsoil of the land referred to in paragraph (1) of article 22 (compulsory acquisition of land) and paragraph (1) of article 24 (compulsory acquisition of rights and imposition of restrictive covenants) as may be required for any purpose for which that land or rights over land may be created or acquired under that provision instead of acquiring the whole of the land.

(2) Where the undertaker acquires any part of, or rights in, the subsoil of land under paragraph (1), the undertaker is not to be required to acquire an interest in any other part of the land.

(3) The following do not apply in connection with the exercise of the power under paragraph (1) in relation to subsoil only—

- (a) Schedule 2A (counter-notice requiring purchase of land not in notice to treat) to the 1965 Act;
- (b) Schedule A1 (counter-notice requiring purchase of land not in general vesting declaration) to the 1981 Act; and
- (c) section 153(4A) (reference to objection to Upper Tribunal: general) of the 1990 Act.

(4) Paragraphs (2) and (3) do not apply where the undertaker acquires a cellar, vault, arch, or other construction forming part of a house, building or manufactory.

### **Private rights**

26.—(1) Subject to the provisions of this article, all private rights and restrictive covenants over land subject to compulsory acquisition under this Order are extinguished—

- (a) as from the date of acquisition of the land, by the undertaker, whether compulsorily or by agreement or through the grant of a lease of the land by agreement;
- (b) on the date of entry on the land by the undertaker under section 11(1) (power of entry) of the 1965 Act; or
- (c) on commencement of any activity authorised by the Order which interferes with or breaches those rights,

whichever is the earliest.

(2) Subject to the provisions of this article, all private rights and restrictive covenants over land subject to the compulsory acquisition of rights or the imposition of restrictive covenants under this Order are suspended and unenforceable or, where the owner of such rights or the person having the benefit of such restrictive covenants is notified by the undertaker, extinguished, in so far as the continuance of the right or the burden of the restrictive covenant would be inconsistent with the exercise of the right or burden of the restrictive covenant by the undertaker—

- (a) as from the date of acquisition of the right by the undertaker, whether compulsorily or by agreement or through the grant of a lease of the land by agreement; or
- (b) on the date of entry onto the land by the undertaker under section 11(1) (power of entry) of the 1965 Act in pursuance of the right,

whichever is the earliest.

(3) Subject to the provisions of this article, all private rights or restrictive covenants over land of which the undertaker takes temporary possession under this Order are suspended and unenforceable for as long as the undertaker remains in lawful possession of the land and so far as their continuance would be inconsistent with the exercise of the temporary possession of that land.

(4) Any person who suffers loss by the extinguishment or suspension of any private right or the imposition of a restrictive covenant under this Order is entitled to compensation to be determined, in case of dispute, under Part 1 (determination of questions of disputed compensation) of the 1961 Act.

(5) This article does not apply in relation to any right or apparatus to which section 138 (extinguishment of rights, and removal of apparatus, of statutory undertakers etc.) of the 2008 Act or article 33 (statutory undertakers) applies.

(6) Paragraphs (1) to (3) have effect subject to—

- (a) any notice given by the undertaker before—
  - (i) the completion of the acquisition of the land or the acquisition or creation of rights over land or the imposition of restrictive covenants over or affecting the land;
  - (ii) the undertaker's appropriation of it;

- (iii) the undertaker's entry onto it; or
  - (iv) the undertaker's taking temporary possession of it,
- that any or all of those paragraphs do not apply to any right specified in the notice; and
- (b) any agreement made at any time between the undertaker and the person in or to whom the right or restriction in question is vested or belongs.
- (7) If any such agreement as is referred to in paragraph (6)(b)—
- (a) is made with a person in or to whom the right is vested or belongs; and
  - (b) is expressed to have effect also for the benefit of those deriving title from or under that person,

it is effective in respect of the persons so deriving title, whether the title was derived before or after the making of the agreement.

(8) References in this article to private rights and restrictions over land includes any right of way, trust, incident, easement, liberty, privilege, right or advantage annexed to land and adversely affecting other land, including any natural right to support, and include restrictions as to the use of land arising by virtue of a contract, agreement or undertaking having that effect.

### **Power to override easements and other rights**

27.—(1) Any authorised activity which takes place on land within the Order limits (whether the activity is undertaken by the undertaker or by any person deriving title from the undertaker or by any contractor, servants or agents of the undertaker) is authorised by this Order if it is done in accordance with the terms of this Order, notwithstanding that it involves—

- (a) an interference with an interest or right to which this article applies; or
- (b) a breach of a restriction as to the user of land arising by virtue of a contract.

(2) In this article “authorised activity” means—

- (a) the erection, construction or maintenance of any part of the authorised development;
- (b) the exercise of any power authorised by this Order; or
- (c) the use of any land within the Order limits (including the temporary use of land).

(3) The interests and rights to which this article applies include any easement, liberty, privilege, right or advantage annexed to land and adversely affecting other land, including any natural right to support and include restrictions as to the user of land arising by the virtue of a contract.

(4) Where an interest, right or restriction is overridden by paragraph (1), compensation—

- (a) is payable under section 7 (measure of compensation in case of severance) or 10 (further provision as to compensation for injurious affection) of the 1965 Act; and
- (b) is to be assessed in the same manner and subject to the same rules as in the case of other compensation under those sections where—
  - (i) the compensation is to be estimated in connection with a purchase under that Act; or
  - (ii) the injury arises from the execution of works on or use of land acquired under that Act.

(5) Where a person is deriving title under the undertaker by whom the land in question was acquired—

- (a) is liable to pay compensation by virtue of paragraph (4); and
- (b) fails to discharge that liability,

the liability is enforceable against the undertaker.

(6) Nothing in this article is to be construed as authorising any act or omission on the part of any person which is actionable at the suit of any person on any grounds other than such an interference or breach as is mentioned in paragraph (1) of this article.

## **Application of the 1981 Act**

- 28.**—(1) The 1981 Act applies as if this Order were a compulsory purchase order.
- (2) The 1981 Act, as applied by paragraph (1), has effect with the following modifications.
- (3) In section 1 (application of the Act) for subsection (2) substitute—  
“This section applies to any Minister, any local or other public authority or any other body or person authorised to acquire land by means of a compulsory purchase order.”.
- (4) In section 5(2) (earliest date for execution of declaration), omit the words from “, and this subsection” to the end.
- (5) Omit section 5A (time limit for general vesting declaration).
- (6) In section 5B (extension of time limit during challenge) for “section 23 of the Acquisition of Land Act 1981 (application to High Court in respect of compulsory purchase order), the three year period mentioned in section 5A” substitute “section 118 (legal challenges relating to applications for orders granting development consent) of the Planning Act 2008, the five year period mentioned in article 23 (time limit for exercise of authority to acquire land compulsorily) of the Medworth Energy from Waste Combined Heat and Power Facility Order 202\*”.
- (7) In section 6 (notices after execution of declaration), in subsection (1)(b) for “section 15 of, or paragraph 6 of Schedule 1 to, the Acquisition of Land Act 1981” substitute “section 134 (notice of authorisation of compulsory acquisition) of the Planning Act 2008”.
- (8) In section 7 (constructive notice to treat), in subsection (1)(a), omit the words “(as modified by section 4 of the Acquisition of Land Act 1981)”.
- (9) In Schedule A1 (counter-notice requiring purchase of land not in general vesting declaration), for paragraph 1(2) substitute—  
“(2) But see article 25 (acquisition of subsoil only) of the Medworth Energy from Waste Combined Heat and Power Facility Order 202\*, which excludes the acquisition of subsoil only from this Schedule”.
- (10) References to the 1965 Act in the 1981 Act must be construed as references to that Act as applied by section 125 (application of compulsory acquisition provisions) of the 2008 Act (and as modified by article 29) to the compulsory acquisition of land under this Order.

## **Modification of Part 1 of the Compulsory Purchase Act 1965**

- 29.**—(1) Part 1 (compulsory purchase under Acquisition of Land Act 1946) of the 1965 Act, as applied to this Order by section 125 (application of compulsory acquisition provisions) of the 2008 Act, is modified as follows.
- (2) In section 4A(1) (extension of time limit during challenge) for “section 23 of the Acquisition of Land Act 1981 (application to High Court in respect of compulsory purchase order), the three year period mentioned in section 4” substitute “section 118 (legal challenges relating to applications for orders granting development consent) of the Planning Act 2008, the five year period mentioned in article 23 (time limit for exercise of authority to acquire land compulsorily) of the Medworth Energy from Waste Combined Heat and Power Facility Order 202\*”.
- (3) In section 11A (powers of entry: further notices of entry)—  
(a) in subsection (1)(a) after “land” insert “under that provision”; and  
(b) in subsection (2) after “land” insert “under that provision”.
- (4) In section 22(2) (expiry of time limit for exercise of compulsory purchase power not to affect acquisition of interests omitted from purchase), for “section 4 of this Act” substitute “article 23 (time limit for exercise of authority to acquire land compulsorily) of the Medworth Energy from Waste Combined Heat and Power Facility Order 202\*”.
- (5) In Schedule 2A (counter-notice requiring purchase of land not in notice to treat)—  
(a) for paragraphs 1(2) and 14(2) substitute—

“(2) But see article 25(3) (acquisition of subsoil only) of the Medworth Energy from Waste Combined Heat and Power Facility Order 202\*, which excludes the acquisition of subsoil only from this Schedule.”.

(b) after paragraph 29 insert—

## “PART 4

### INTERPRETATION

**30.** In this Schedule, references to entering on and taking possession of land do not include doing so under article 31 (temporary use of land for carrying out the authorised development) or article 32 (temporary use of land for maintaining the authorised development) or article 20 (protective works to buildings) of the Medworth Energy from Waste Combined Heat and Power Order 202\*.”.

#### **Rights under or over streets**

**30.**—(1) The undertaker may enter upon, appropriate and use so much of the subsoil of, or air-space over, any street within the Order limits as may be required for the purposes of the authorised development or for any other purpose ancillary to the authorised development.

(2) Subject to paragraph (3), the undertaker may exercise any power conferred by paragraph (1) in relation to a street without being required to acquire any part of the street or any easement or right in the street.

(3) Paragraph (2) is not to apply in relation to—

- (a) any subway or underground building; or
- (b) any cellar, vault, arch or other construction in, on or under a street which forms part of a building fronting onto the street.

(4) Subject to paragraph (5), any person who is an owner or occupier of land in respect of which the power of appropriation conferred by paragraph (1) is exercised without the undertaker acquiring any part of that person’s interest in the land, and who suffers loss as a result, is to be entitled to compensation to be determined, in case of dispute, under Part 1 (determination of questions of disputed compensation) of the 1961 Act.

(5) Compensation is not payable under paragraph (4) to any person who is an undertaker to whom section 85 (sharing cost of necessary measures) of the 1991 Act applies in respect of measures of which the allowable costs are to be borne in accordance with that section.

#### *Temporary Possession of Land*

#### **Temporary use of land for carrying out the authorised development**

**31.**—(1) The undertaker may, in connection with the construction of the authorised development—

- (a) enter on and take temporary possession of—
  - (i) so much of the land specified in columns (1) and (2) of Schedule 10 (land of which temporary possession may be taken) for the purpose specified in relation to that land in column (3) of that Schedule;
  - (ii) any other Order land in respect of which no notice of entry has been served under section 11 (powers of entry) of the 1965 Act (other than in connection with the acquisition of rights only) and no declaration has been made under section 4 (execution of declaration) of the 1981 Act;
- (b) remove any buildings, fences, drainage, debris and vegetation from that land;

- (c) construct temporary works (including the provision of means of access), security fencing, bridges, services, signage, structures and buildings on that land;
- (d) construct any works (including mitigation works), or use the land, for the purposes specified in Schedule 10 in relation to that land;
- (e) construct any works on that land as are mentioned in Schedule 1 (authorised development); and
- (f) carry out any mitigation works required pursuant to the requirements in Schedule 2 (requirements).

(2) Not less than 14 days before entering on and taking temporary possession of land under this article the undertaker must serve notice of the intended entry on the owners and occupiers of the land.

(3) The undertaker may not, without the agreement of the owners of the land, remain in possession of any land under this article—

- (a) in the case of land specified in paragraph (1)(a)(i) after the end of the period of one year beginning with the date of final commissioning of the authorised development; or
- (b) in the case of land referred to in paragraph (1)(a)(ii) after the end of the period of one year beginning with the date of final commissioning of the authorised development unless the undertaker has, before the end of that period served notice of entry under section 11 of the 1965 Act or made a declaration under section 4 of the 1981 Act or has otherwise acquired the land subject to temporary possession.

(4) Unless the undertaker has served notice of entry under section 11 of the 1965 Act or made a declaration under section 4 of the 1981 Act or has otherwise acquired the land subject to temporary possession, the undertaker must, before giving up possession of land of which temporary possession has been taken under this article, remove all temporary works and restore the land to the reasonable satisfaction of the owners of the land; but the undertaker is not to be required to—

- (a) replace a building, structure, drain or any debris removed under this article;
- (b) remove any drainage works installed by the undertaker under this article;
- (c) remove any new road surface or other improvements carried out under this article to any street specified in Schedule 3 (streets subject to street works), Schedule 4 (streets subject to permanent alteration of layout) or Schedule 5 (streets subject to temporary alteration of layout);
- (d) remove any fencing or boundary treatments installed by the undertaker under this article to replace or enhance existing fencing or boundary treatments; or
- (e) restore the land on which any works have been carried out under paragraph 31(1)(f) insofar as the works relate to mitigation works identified in the environmental statement or required pursuant to the requirements in Schedule 2 (requirements).

(5) The undertaker must pay compensation to the owners and occupiers of land of which temporary possession is taken under this article for any loss or damage arising from the exercise in relation to the land of the provisions of this article.

(6) Any dispute as to a person's entitlement to compensation under paragraph (5), or as to the amount of compensation, is to be determined under Part 1 (determination of questions of disputed compensation) of the 1961 Act.

(7) Nothing in this article affects any liability to pay compensation under section 10(2) (further provisions as to compensation for injurious affection) of the 1965 Act or under any other enactment in respect of loss or damage arising from the carrying out of the authorised development, other than loss or damage for which compensation is payable under paragraph (5).

(8) The undertaker may not compulsorily acquire under this Order the land referred to in paragraph (1)(a)(i).

(9) Nothing in this article precludes the undertaker from—

- (a) creating and acquiring new rights over any part of the Order land identified in Schedule 8 under article 24 (compulsory acquisition of rights and imposition of restrictive covenants); or
- (b) acquiring any right in the subsoil of any part of the Order land under article 25 (acquisition of subsoil only) or article 30 (rights under or over streets).

(10) Where the undertaker takes possession of land under this article, the undertaker is not to be required to acquire the land or any interest in it.

(11) Section 13 (refusal to give possession to acquiring authority) of the 1965 Act applies to the temporary use of land pursuant to this article to the same extent as it applies to the compulsory acquisition of land under this Order by virtue of section 125 (application of compulsory acquisition provisions) of the 2008 Act.

(12) Nothing in this article prevents the taking of temporary possession more than once in relation to any land specified in Schedule 8.

### **Temporary use of land for maintaining the authorised development**

**32.—**(1) Subject to paragraph (2), at any time during the maintenance period (as defined in paragraph (11)) relating to any part of the authorised development, the undertaker may—

- (a) enter on and take temporary possession of any land within the Order land if possession is reasonably required for the purpose of maintaining the authorised development;
- (b) enter on any land within the Order land for the purpose of gaining such access as is reasonably required for the purpose of maintaining the authorised development; and
- (c) construct such temporary works (including the provision of means of access) and buildings on the land as may be reasonably necessary for that purpose.

(2) Paragraph (1) does not authorise the undertaker to take temporary possession of—

- (a) any house; or
- (b) any building (other than a house) if it is for the time being occupied.

(3) Not less than 28 days before entering on and taking temporary possession of land under this article the undertaker must serve notice of the intended entry on the owners and occupiers of the land.

(4) The undertaker may only remain in possession of land under this article for so long as may be reasonably necessary to carry out the maintenance of the part of the authorised development for which possession of the land was taken.

(5) Before giving up possession of land of which temporary possession has been taken under this article, the undertaker must remove all temporary works and restore the land to the reasonable satisfaction of the owners of the land.

(6) The undertaker must pay compensation to the owners and occupiers of land of which temporary possession is taken under this article for any loss or damage arising from the exercise in relation to the land of the powers conferred by of this article.

(7) Any dispute as to a person's entitlement to compensation under paragraph (6), or as to the amount of the compensation, is to be determined under Part 1 (determination of questions of disputed compensation) of the 1961 Act.

(8) Nothing in this article affects any liability to pay compensation under section 10(2) Act (further provisions as to compensation for injurious affection) of the 1965 Act or under any other enactment in respect of loss or damage arising from the maintenance of the authorised development, other than loss or damage for which compensation is payable under paragraph (6).

(9) Where the undertaker takes possession of land under this article, the undertaker is not to be required to acquire the land or any interest in it.

(10) Section 13 (refusal to give possession to acquiring authority) of the 1965 Act applies to the temporary use of land pursuant to this article to the same extent as it applies to the compulsory

acquisition of land under this Order by virtue of section 125 (application of compulsory acquisition provisions) of the 2008 Act.

(11) In this article “the maintenance period” means the period of five years beginning with the date of final commissioning unless a different maintenance period is stated in the landscape and ecology management plan approved under requirement 5 in Schedule 2 (requirements).

### *Supplementary*

#### **Statutory undertakers**

**33.** Subject to the provisions of Schedule 11 (protective provisions), the undertaker may—

- (a) acquire compulsorily, or acquire new rights or impose restrictive covenants over, any land belonging to statutory undertakers within the Order land;
- (b) extinguish or suspend the rights of or restrictive covenants for the benefit of, and remove or reposition the apparatus belonging to, statutory undertakers on, under, over or within the Order land.

#### **Apparatus and rights of statutory undertakers in stopped up streets**

**34.** Where a street is altered or diverted or its use is temporarily prohibited or restricted under article 10 (street works), article 11 (power to alter layout, etc., of new streets), article 12 (construction and maintenance of new or altered means of access) or article 13 (temporary prohibition or restriction of use of streets and public right of ways) any statutory undertaker whose apparatus is under, in, on, along or across the street has the same powers and rights in respect of that apparatus, subject to Schedule 12, as if this Order had not been made.

#### **Recovery of costs of new connections**

**35.—(1)** Where any apparatus of a public utility undertaker or of a public communications provider is removed under article 33 (statutory undertakers) any person who is the owner or occupier of premises to which a supply was given from that apparatus is entitled to recover from the undertaker compensation in respect of expenditure reasonably incurred by that person, in consequence of the removal, for the purpose of effecting a connection between the premises and any other apparatus from which a supply is given.

(2) Paragraph (1) does not apply in the case of the removal of a public sewer but where such a sewer is removed under article 33 (statutory undertakers) any person who is—

- (a) the owner or occupier of premises the drains of which communicated with the sewer; or
- (b) the owner of a private sewer which communicated with that sewer,

is to be entitled to recover from the undertaker compensation in respect of expenditure reasonably incurred by that person, in consequence of the removal, for the purpose of making the drain or sewer belonging to that person communicate with any other public sewer or with a private sewerage disposal plant.

(3) This article does not have effect in relation to apparatus to which article 34 (apparatus and rights of statutory undertakers in stopped up streets) or Part 3 (street works in England and Wales) of the 1991 Act applies.

(4) In this article—

“public communications provider” has the same meaning as in section 151(1) of the Communications Act 2003(a); and

“public utility undertaker” has the same meaning as in the 1980 Act.

---

(a) 2003 c. 21. Section 151(1) was amended by paragraphs 90(a)(i), (ii), (iii), 90(b), 90(c) and 90(d) of Schedule 1 to the Electronic Communications and Wireless Telegraphy Regulations (2011/1210).

**PART 4**  
**MISCELLANEOUS AND GENERAL**

**Electronic communications**

**36.**—(1) In this Order, subject to article 41 (certification of plans etc.)—

- (a) references to documents, plans, drawings, certificates, or to copies, include references to them in electronic form; and
- (b) references to a form of communication being “in writing” include references to an electronic communication that satisfies the conditions in paragraph (3) and references to “written” and cognate expressions are to be construed accordingly.

(2) If an electronic communication is received outside the recipient’s business hours, it is to be taken to have been received on the next working day.

(3) The conditions are that the communication is—

- (a) capable of being accessed by the recipient;
- (b) legible in all material respects; and
- (c) sufficiently permanent to be used for subsequent reference.

(4) For the purposes of paragraph (3)(b), a communication is legible in all material respects if the information contained in it is available to the recipient to no lesser extent that it would be if transmitted by means of a document in printed form.

(5) In this article “electronic communication” has the meaning given in section 15(1) of the Electronic Communications Act 2000(a).

**Application of landlord and tenant law**

**37.**—(1) This article applies to—

- (a) any agreement for leasing to any person the whole or any part of the authorised development or the right to operate the same; and
- (b) any agreement entered into by the undertaker with any person for the construction, maintenance, use or operation of the authorised development, or any part of it,

so far as any such agreement relates to the terms on which any land which is the subject of a lease granted by or under that agreement is to be provided for that person’s use.

(2) No enactment or rule of law regulating the rights and obligations of landlords and tenants prejudices the operation of any agreement to which this article applies.

(3) Accordingly, no such enactment or rule of law applies in relation to the rights and obligations of the parties to any lease granted by or under any such agreement so as to—

- (a) exclude or in any respect modify any of the rights and obligations of those parties under the terms of the lease, whether with respect to the termination of the tenancy or any other matter;
- (b) confer or impose on any such party any right or obligation arising out of or connected with anything done or omitted on or in relation to land which is the subject of the lease, in addition to any such right or obligation provided for by the terms of the lease; or
- (c) restrict the enforcement (whether by action for damages or otherwise) by any party to the lease of any obligation of any other party under the lease.

---

(a) 2000 c.7. As amended by paragraph 158 of Schedule 17 to the Communications Act 2003 c.7.

## **Operational land for the purposes of the 1990 Act**

**38.** Development consent granted by this Order is to be treated as specific planning permission for the purposes of section 264(3)(a) (cases in which land is to be treated as not being operational land) of the 1990 Act.

## **Defence to proceedings in respect of statutory nuisance**

**39.—**(1) Where proceedings are brought under section 82(1) (summary proceedings by persons aggrieved by statutory nuisances) of the Environmental Protection Act 1990(a) in relation to a nuisance falling within paragraph (g) of section 79(1) (statutory nuisances and inspections therefor) of that Act no order is to be made, and no fine may be imposed, under section 82(2) of that Act if—

- (a) the defendant shows that the nuisance—
  - (i) relates to premises used by the undertaker for the purposes of or in connection with the construction or maintenance or decommissioning of the authorised development and that the nuisance is attributable to the construction of the authorised development in accordance with a notice served under section 60 (control of noise on construction sites), or a consent given under section 61 (prior consent for work on construction sites), of the Control of Pollution Act 1974(b); or
  - (ii) is a consequence of the construction or maintenance or decommissioning of the authorised development and that it cannot reasonably be avoided; or
- (b) the defendant shows that the nuisance—
  - (i) relates to premises used by the undertaker for the purposes of or in connection with the use of the authorised development and that the nuisance is attributable to the use of the authorised development which is being used in compliance with requirement 20 of Schedule 2 (requirements); or
  - (ii) is a consequence of the use of the authorised development and that it cannot reasonably be avoided.

(2) Section 61(9) (consent for work on construction site to include statement that it does not of itself constitute a defence to proceedings under section 82 of the Environment Protection Act 1990) of the Control of Pollution Act 1974 does not apply where the consent relates to the use of premises by the undertaker for the purposes of or in connection with the construction or maintenance or decommissioning of the authorised development.

## **Protective provisions**

**40.** Schedule 11 (protective provisions) has effect.

## **Certification of plans etc.**

**41.—**(1) The undertaker must, as soon as practicable after the making of this Order, submit to the Secretary of State copies of all documents and plans listed in Table 10 of Schedule 13 (documents and plans to be certified) to this Order for certification that they are true copies of those documents.

(2) A plan or document so certified is to be admissible in any proceedings as evidence of the contents of the document of which it is a copy.

(3) Where a plan or document certified under paragraph (1)—

---

(a) 1990 c.43. Section 82 was amended by section 103 of the Clean Neighbourhoods and Environment Act 2005 (c.16); Section 79 was amended by sections 101 and 102 of the same Act. There are other amendments not relevant to this Order.

(b) 1974 c.40. Sections 61(9) was amended by paragraph 1 of Schedule 24 to the Environment Act 1995 and by section 162(1) and paragraph 15(3) of Schedule 15 to the Environmental Protection Act 1990 c.25. There are other amendments to the 1974 Act which are not relevant to this Order.

- (a) refers to a provision of this Order (including any specified requirement) when it was in draft form; and
- (b) identifies that provision by number, or combination of numbers and letters, which is different from the number, or combination of numbers and letters by which the corresponding provision of this Order is identified in this Order as made;

the reference in the plan or document concerned must be construed for the purposes of this Order as referring to the provision (if any) corresponding to that provision in this Order as made.

### **Service of notices**

42.—(1) A notice or other document required or authorised to be served for the purposes of this Order may be served—

- (a) by post;
- (b) by delivering it to the person on whom it is to be served or to whom it is to be given or supplied; or
- (c) with the consent of the recipient and subject to paragraphs (6) to (8), by electronic transmission.

(2) Where the person on whom a notice or other document to be served for the purposes of this Order is a body corporate, the notice or document is duly served if it is served on the secretary or clerk of that body.

(3) For the purposes of section 7 (references to service by post) of the Interpretation Act 1978<sup>(a)</sup> as it applies for the purposes of this article, the proper address of any person in relation to the service on that person of a notice or document under paragraph (1) is, if that person has given an address for service, that address and otherwise—

- (a) in the case of the secretary or clerk of that body corporate, the registered or principal office of that body; and
- (b) in any other case, the last known address of that person at that time of service.

(4) Where for the purposes of this Order a notice or other document is required or authorised to be served on a person as having an interest in, or as the occupier of, land and the name or address of that person cannot be ascertained after reasonable enquiry, the notice may be served by—

- (a) addressing it to that person by the description of “owner”, or as the case may be “occupier” of the land (describing it); and
- (b) either leaving it in the hands of the person who is or appears to be resident or employed on the land or leaving it conspicuously affixed to some building or object on or near the land.

(5) Where a notice or other document required to be served or sent for the purposes of this Order is served or sent by electronic transmission the requirement is to be taken to be fulfilled only where—

- (a) the recipient of the notice or other document to be transmitted has given consent to the use of electronic transmission in writing or by electronic transmission;
- (b) the notice or document is capable of being accessed by the recipient;
- (c) the notice or document is legible in all material respects; and
- (d) in a form sufficiently permanent to be used for subsequent reference.

(6) Where the recipient of a notice or other document served or sent by electronic transmission notifies the sender within seven days of receipt that the recipient requires a paper copy of all or any part of that notice or other document the sender must provide such a copy as soon as reasonably practicable.

---

(a) 1978 c.30.

(7) Any consent to the use of an electronic transmission by a person may be revoked by that person in accordance with paragraph (8).

(8) Where a person is no longer willing to accept the use of electronic transmission for any of the purposes of this Order—

- (a) that person must give notice in writing or by electronic transmission revoking any consent given by that person for that purpose; and
- (b) such revocation is final and takes effect on a date specified by the person in the notice but that date must not be less than seven days after the date on which the notice is given.

(9) This article does not exclude the employment of any method of service not expressly provided for by it.

### **Procedure in relation to certain approvals etc.**

**43.**—(1) Where an application is made to or request is made of the relevant planning authority, a highway authority, a traffic authority, a street authority, or the owner of a watercourse, sewer or drain or the beneficiary of any of the protective provisions contained in Part 1 or Part 2 of Schedule 11 (protective provisions) for any consent, agreement or approval required or contemplated by any of the provisions of the Order (not including the requirements), such consent, agreement or approval to be validly given, must be given in writing and must not be unreasonably withheld or delayed.

(2) Save for applications made pursuant to Schedule 12 (procedure for the discharge of requirements), if, within eight weeks after the application or request has been submitted to an authority, beneficiary of protective provisions or an owner as referred to in paragraph (1) of this article (or such longer period as may be agreed with the undertaker in writing) it has not notified the undertaker of its decision (and if it a disapproval the grounds of the disapproval), it is deemed to have approved the application or request.

(3) Schedule 12 is to have effect in relation to all consents, agreements or approvals required from the relevant planning authority in respect of discharge of Requirements listed in Schedule 2.

### **No double recovery**

**44.** Compensation is not payable in respect of the same matter both under this Order and under any enactment, any contract or any rule of law.

### **Arbitration**

**45.**—(1) Any difference or dispute arising under any provision of this Order shall, unless otherwise agreed in writing between the undertaker and the party in question, be referred to and settled in arbitration in accordance with the rules at Schedule 15 of this Order, by a single arbitrator to be agreed upon by the parties within 14 days of receipt of the notice of arbitration, or if the parties fail to agree within the time period stipulated, to be appointed on application of either party (after giving written notice to the other) by the Secretary of State.

### **Incorporation of the mineral code**

**46.** Parts 2 and 3 of Schedule 2 (minerals) to the Acquisition of Land Act 1981(a) is incorporated in this order subject to the following modifications—

- (a) for “the acquiring authority” substitute “the undertaker”; and
- (b) for the “undertaking” substitute “authorised development”.

# SCHEDULES

## SCHEDULE 1

Article 3

### AUTHORISED DEVELOPMENT

In the County of Cambridgeshire and the County of Norfolk a nationally significant infrastructure project as defined in section 14(1)(a) (nationally significant infrastructure projects: general) and section 15 (generating stations) of the 2008 Act and associated development within the meaning of section 115(2) (development for which development consent may be granted) of the 2008 Act comprising all or part of—

#### **In the County of Cambridgeshire**

**Work No. 1** – an electricity generating station with a gross installed generating capacity of up to 60 MW and capacity to process up to 625,600 tonnes of residual waste per annum, including—

- (a) fuel reception and storage facilities consisting of tipping hall, tipping bays, tipping bunker, main waste bunker, shredder, waste chutes, cranes, cabin and handling and maintenance equipment;
- (b) a combustion system including boiler house, air cooled moving grates, boilers and water tanks;
- (c) air pollution control plant and monitoring systems including silos, reactors, filter houses, fans, cabins and loading and storage areas;
- (d) a steam turbine and generator including turbine hall and cooling system;
- (e) a bottom ash handling system, including ash storage bunker, conveyors, collection bays, cranes and handling and maintenance equipment;
- (f) air cooled condenser;
- (g) compressed air system;
- (h) tank(s) for the storage of urea;
- (i) switch gear building;
- (j) control room; and
- (k) water treatment and storage plant.

**Work No. 1A** – two chimneys and associated continuous emissions monitoring systems and platform.

**Work No. 1B** – administration building, including—

- (a) roof-mounted photovoltaic solar panels to supplement energy use within the administration building, generating approximately 50kW (0.05MW) of electricity;
- (b) brown roof and green walls;
- (c) natural cooling apparatus including brise soleil to eastern elevation;
- (d) bat and bird boxes; and
- (e) rain water harvesting apparatus.

**Work No. 2** – in connection with and in addition to Work Nos 1, 1A and 1B—

#### **Work No. 2A**

- (a) fire water tank and fire water pump cabin;
- (b) diesel generator and diesel storage tanks;

- (c) 132kV switching compound, transformers, switch gear, cabling, kiosk and associated telemetry;
- (d) workshop and stores; and
- (e) gatehouse and weighbridges; and

**Work No. 2B**

- (a) vehicle layby and queuing areas;
- (b) laydown and maintenance areas;
- (c) internal access roads and pedestrian walkways;
- (d) parking areas and electrical vehicle charging points;
- (e) pipes, cables, telecommunications and other services and associated infrastructure;
- (f) site drainage, including works to drains and culverts, potable and wastewater services and associated infrastructure;
- (g) hard and soft landscaping; and
- (h) biodiversity enhancement measures and environmental mitigation measures.

**Work No. 3** – associated development comprising combined heat and power equipment including heat exchangers, pipework, valving, pumps, pressurisation, water treatment systems and associated instrumentation and telemetry.

**Work No. 3A** – associated development comprising combined heat and power equipment including steam and condensate pipes, pipe racks, supports, pipe runs, valving, electrical supply cables and associated instrumentation and telemetry, vertical expansion loops and pipe bridges.

**Work No. 3B** – associated development comprising combined heat and power equipment including steam and condensate pipes, pipe racks, supports, pipe runs, valving, electrical supply cables and associated instrumentation and telemetry, bellows expansion connections, vertical expansion loops and pipe bridges.

**Work No. 4A** – associated development comprising a new site access and access improvements on New Bridge Lane including carriageway and footway widening, highway alteration works, culverts, drains, street lighting, services and utilities connections and compact substation.

**Work No. 4B** – associated development comprising a new site access and access improvements Algores Way including carriageway and footway widening, highway alteration work, culverts, drains, services and utilities connections and street lighting.

**Work No. 5** – associated development being a temporary construction compound and laydown area including—

- (a) hard standings;
- (b) materials storage and laydown areas;
- (c) construction fabrication areas;
- (d) generators;
- (e) vehicle parking areas;
- (f) wheel washing facilities;
- (g) accommodation, office and welfare buildings;
- (h) new or alteration to accesses;
- (i) internal haul roads; and
- (j) temporary pedestrian bridges.

**Work No. 6A** – comprising associated development for the potable water connection—

- (a) water pipe(s) and associated instrumentation and telemetry;
- (b) cable trenches, ducting, protection plates and jointing bays; and

(c) horizontal directional drilling compound.

**Work No. 6B** – comprising associated development for the foul water connection—

- (a) water pipe(s) and associated instrumentation and telemetry; and
- (b) cable trenches, ducting, protection plates and jointing bays.

**Work No. 7** – comprising associated development—

- (a) 132kV electrical underground cables and associated instrumentation and telemetry;
- (b) cable trenches, ducting, protection plates and jointing bays; and
- (c) temporary storage compounds in laybys on the A47.

### **In the County of Norfolk**

**Work No. 8** – comprising associated development—

- (a) 132kV electrical underground cables and associated instrumentation and telemetry;
- (b) cable trenches, ducting, protection plates and jointing bays; and
- (c) temporary storage compounds in laybys on the A47.

**Work No. 9** – comprising associated development—

- (a) electrical substation and compound including clean air switchgear, control room kiosks and monitoring kiosk;
- (b) cables and associated instrumentation and telemetry;
- (c) cable trenches, ducting, protection plates and jointing bays; and
- (d) new or alteration to accesses, internal pedestrian and vehicular access road and parking area.

**Work No. 10** – comprising associated development, being an acoustic fence.

In connection with and in addition to Work Nos 1, 1A, 1B, 2A, 2B, 3, 3A, 3B, 4A, 4B, 5, 6A, 6B, 7, 8, 9 and 10 and, to the extent that it does not otherwise form part of those Work Nos, further associated development within the Order limits including—

- (a) external lighting infrastructure, including lighting columns;
- (b) fencing, boundary treatment and other means of enclosure;
- (c) demolition of existing buildings and structures;
- (d) signage;
- (e) CCTV and other security measures;
- (f) surface and foul water drainage facilities;
- (g) potable water supply;
- (h) new telecommunications and utilities apparatus and connections;
- (i) hard and soft landscaping;
- (j) biodiversity enhancement measures and environmental mitigation measures;
- (k) works permanently to alter the position of existing telecommunications and utilities apparatus and connections;
- (l) works for the protection of buildings and land;
- (m) establishment of temporary construction compounds, vehicle parking areas, hard standing, materials storage and laydown areas, construction fabrication areas, construction related buildings, accommodation buildings, temporary offices, structures, plant and machinery, lighting and fencing, internal haul routes and wheel wash facilities; and
- (n) site establishment and preparation works, including site clearance (including temporary fencing and vegetation removal), earthworks (including soil stripping and storage and site

levelling) and excavations, the creation of temporary construction access points and the temporary alteration of the position of services and utilities apparatus and connections, and such other buildings, structures, works or operations and modifications to, or demolition of, any existing buildings, structures or works as may be necessary or expedient for the purposes of or in connection with the construction, operation and maintenance of the works in this Schedule 1, but only within the Order limits and insofar as they are unlikely to give rise to any materially new or materially different environmental effects from those assessed in the environmental statement.

## SCHEDULE 2 REQUIREMENTS

Article 3

### **Time limits**

1. The authorised development must not commence after the expiry of five years of the date on which this Order is made.

### **Detailed design approval**

2.—(1) No part of Work Nos. 1, 1A, 1B or 9 may commence until details of the layout, scale and external appearance for that Work No. have been submitted to and approved by the relevant planning authority.

(2) The details submitted for approval under sub-paragraph (1) must be substantially in accordance with the design principles set out in Appendix A of the design and access statement.

(3) Where a requirement requires the authorised development to be constructed in accordance with details approved by the relevant planning authority, the approved details are taken to include any amendments subsequently approved by the relevant planning authority.

(4) The authorised development must be carried out in accordance with the approved details.

### **Parameters of authorised development**

3. The elements of the authorised development listed in column (1) of the table in Schedule 14 (design parameters) must not exceed the maximum dimensions and levels set out in relation to that element in columns (3) to (5) of that table.

### **Biodiversity and landscape mitigation**

4.—(1) No part of the authorised development may commence until a written landscape and ecology strategy for that part has been submitted to and approved by the relevant planning authority. The landscape and ecology strategy must be substantially in accordance with the outline landscape and ecology strategy.

(2) The landscape and ecology strategy must be implemented as approved under sub-paragraph (1).

### **Landscape and ecology management plan**

5.—(1) Prior to the date of final commissioning a landscape and ecology management plan for Work No. 1, 1A, 1B, 2A, 2B and 9 must be submitted to and approved by the relevant planning authority for the operation of that part of the authorised development. The landscape and ecology management plan must be substantially in accordance with the outline landscape and ecology management plan.

(2) The landscape and ecology management plan must be implemented as approved under sub-paragraph (1).

### **Biodiversity net gain**

6. No part of the authorised development may commence until a biodiversity net gain strategy has been submitted to and approved by the relevant planning authority, in consultation with the relevant statutory nature conservation body.

### **Highway access**

7.—(1) Construction of any new permanent or temporary means of access to a highway, or alteration of an existing means of access to a highway, must not commence until an access plan for that access has been submitted to and approved by the relevant highway authority.

(2) No part of Work No. 4A or 4B may commence until written details of the access improvements for that Work No. have been submitted to and approved by the relevant planning authority.

(3) The highway accesses must be constructed or altered in accordance with the approved details.

### **Drainage strategy**

8.—(1) No part of Work No. 1, 1A, 1B, 2A, 2B, 4A, 4B, 6A, 6B and 9 may commence until written details of the drainage strategy for that Work No. has been submitted to and approved by the relevant planning authority in consultation with Anglian Water in respect of any discharge to a public sewer. The written details submitted for approval must be substantially in accordance with the outline drainage strategy.

(2) The drainage strategy must be implemented as approved under sub-paragraph (1).

### **Contamination and groundwater**

9.—(1) No part of the authorised development may commence until a scheme (which may be included in the construction environmental management plan to be submitted under requirement 10) to deal with the contamination of any land (including groundwater) for that part, which is likely to cause significant harm to persons or significant pollution of controlled waters or the environment has been submitted to and approved in writing by the relevant planning authority.

(2) The scheme must include an investigation and assessment report, prepared by a specialist consultant, to identify the extent of any contamination and any remedial measures to be taken to render the land fit for its intended purpose, together with a management plan which sets out long-term measures with respect to any contaminants remaining on the site.

(3) Any remedial measures must be carried out in accordance with the approved scheme.

### **Construction environmental management plan**

10.—(1) No part of the authorised development may commence until a construction environmental management plan for that part has been submitted to and approved by the relevant planning authority. The construction environmental management plan submitted for approval must be substantially in accordance with the outline construction environmental management plan.

(2) All construction works associated with the authorised development must be undertaken in accordance with the approved construction environmental management plan unless otherwise agreed with the relevant planning authority.

### **Construction traffic management plan**

11.—(1) No stage of the authorised development may commence until a construction traffic management plan for that stage has been submitted to and approved by the relevant planning authority in consultation with the highway authority. The construction traffic management plan must be substantially in accordance with the outline construction traffic management plan.

(2) The construction traffic management plan must be implemented as approved throughout the construction of the authorised development unless otherwise agreed by the relevant planning authority.

### **Operational traffic management plan**

12.—(1) Prior to the date of final commissioning, an operational traffic management plan must be submitted to the relevant planning authority for approval in consultation with the highway authority. The operational traffic management plan must be substantially in accordance with the outline operational traffic management plan.

(2) The operational traffic management plan must be implemented as approved throughout the operation of the authorised development unless otherwise agreed by the relevant planning authority.

### **Flood emergency management plan**

13.—(1) Prior to the date of final commissioning, a flood emergency management plan must be submitted to the relevant planning authority for approval. The flood emergency management plan submitted for approval must be substantially in accordance with the outline flood emergency management plan.

(2) The flood emergency management plan submitted and approved under sub-paragraph (1) must be implemented as approved and remain in place throughout the operation of the authorised development unless otherwise agreed by the relevant planning authority.

### **Waste hierarchy scheme**

14.—(1) Prior to the date of final commissioning, the undertaker must submit to the relevant planning authority for approval a scheme, which sets out arrangements for maintenance of the waste hierarchy and which aims to minimise recyclable and reusable waste received at the authorised development during the commissioning and operational period of the authorised development (the “waste hierarchy scheme”).

(2) The waste hierarchy scheme will include details of—

- (a) how waste transfer notes and weighbridge data detailing the sources of the residual waste will be collected and retained;
- (b) the types of waste and permitted EWC codes to be accepted at the authorised development as specified by the Environmental Permit;
- (c) how waste delivered to the authorised development will be checked to ensure compliance with the permitted EWC codes;
- (d) arrangements for ensuring that commercial suppliers deliver only those EWC codes which are permitted; and
- (e) records are to be kept for the purposes of demonstrating compliance with the waste hierarchy scheme and for allowing inspection of such records by the relevant planning authority.

(3) The waste hierarchy scheme must be implemented as approved under sub-paragraph (1).

### **Operational travel plan**

15.—(1) Prior to the date of final commissioning, an operational travel plan must be submitted to and approved by the relevant planning authority. The operational travel plan must set out measures to encourage staff working at Work No. 1, 1A, 1B, 2A and 2B to use sustainable modes of transport and must be substantially in accordance with the outline operational travel plan.

(2) The operational travel plan must be implemented as approved under sub-paragraph (1).

### **Odour management plan**

16.—(1) Prior to commissioning of any part of Work No. 1, an odour management plan must be submitted to the relevant planning authority for approval. The odour management plan submitted for approval must be substantially in accordance with the outline odour management plan.

(2) The odour management plan must be implemented as approved under sub-paragraph (1).

### **Fire prevention plan**

17.—(1) Prior to the date of final commissioning of any part of Work No. 1, a fire prevention plan must be submitted to and approved by the relevant planning authority. The fire prevention plan submitted for approval must be substantially in accordance with the outline fire prevention plan.

(2) The fire prevention plan must be implemented as approved under sub-paragraph (1).

### **Lighting strategy**

18.—(1) Prior to the installation of any permanent lighting for the authorised development, a written scheme for the management and mitigation of artificial light emissions for that part of the authorised development has been submitted to and approved by the relevant planning authority. The lighting strategy submitted for approval must be substantially in accordance with the outline lighting strategy.

(2) The written scheme for the management and mitigation of artificial light emissions must be implemented as approved under sub-paragraph (1).

### **Noise management**

19.—(1) No part of Work No. 4A may commence until the residential use at plot numbers 11/4a and 11/4b shown on the land plans and described in the book of reference has ceased unless otherwise agreed by the relevant planning authority.

(2) Plot numbers 11/4a and 11/4b shown on the land plans and described in the book of reference must not be used for residential purposes until the authorised development has been decommissioned in accordance with requirement 25 unless otherwise agreed by the relevant planning authority.

(3) No part of Work No. 4A may commence until Work No. 10 has been constructed. Work No. 10 must be maintained until the authorised development has been decommissioned in accordance with requirement 25 unless otherwise agreed by the relevant planning authority.

(4) Prior to the date of final commissioning of any part of Work No. 1, 1A, 2A and 2B, an operational noise management plan must be submitted to and approved by the relevant planning authority. The operational noise management plan submitted for approval must be substantially in accordance with the outline operational noise management plan.

(5) The operational noise management plan must be implemented as approved under sub-paragraph (4).

### **Notice of start of commissioning and notice of date of final commissioning**

20.—(1) Notice of the commencement of commissioning of Work No. 1 must be given to the relevant planning authority within 7 days of the date on which commissioning is commenced.

(2) Notice of the completion of commissioning of Work No. 1 must be given to the relevant planning authority within 7 days of the date on which commissioning is completed.

### **Employment and skills strategy**

21.—(1) No part of the authorised development may commence until an employment and skills strategy has been submitted to the relevant planning authority for approval. The employment and skills strategy submitted for approval must be substantially in accordance with the outline employment and skills strategy.

(2) The employment and skills strategy must be implemented as approved under sub-paragraph (1).

### **Community liaison manager**

22. Prior to the date of final commissioning, the undertaker must notify the relevant planning authority of the name of the community liaison manager appointed and thereafter must keep the relevant planning authority up to date on any changes.

### **Combined heat and power**

23.—(1) No later than the date that is 18 months after the date of final commissioning, the undertaker must submit to the relevant planning authority for its approval a report (“the CHP review”) updating the CHP assessment.

(2) The CHP review submitted must—

- (a) consider the opportunities that reasonably exist for the export of heat from Work No. 3, 3A and 3B at the time of submission of the CHP review; and
- (b) include a list of actions (if any) that the undertaker is reasonably and practicably able to take (without material additional cost to the undertaker) to increase the potential for the export of heat from Work No. 3, 3A and 3B.

(3) The undertaker must take such actions as are included, within the timescales specified, in the approved CHP review.

(4) On each date (or the first date thereafter which is a working day) during the operation of Work No. 1 that is five years after the date on which it last submitted the CHP review or a revised CHP review to the relevant planning authority, the undertaker must submit to the relevant planning authority for its approval a revised CHP review.

(5) Sub-paragraphs (2) and (3) apply in relation to a revised CHP review submitted under sub-paragraph (4) in the same way as they apply in relation to the CHP review submitted under sub-paragraph (5).

### **Air safety**

24.—(1) The information specified in sub-paragraph (2), that is required by the Defence Geographic Centre of the Ministry of Defence to chart the authorised development for aviation purposes, must be submitted to the relevant planning authority and the Ministry of Defence before any part of the authorised development is commenced.

(2) The information submitted to and approved under sub-paragraph (1) must include—

- (a) location of the authorised development;
- (b) date of commencement of construction;
- (c) anticipated date of completion of construction of tall structures including the chimneys;
- (d) height above ground level of tall structures including the chimneys;
- (e) maximum extension height of any construction equipment; and
- (f) details of aviation warning lighting to be fitted to the tall structures, which must include fitting the chimneys with an infra-red light fitted at the highest practicable point of the structure.

(3) The aviation warning lighting details submitted under sub-paragraph (2)(f) must be implemented in full before the construction of the chimneys is complete unless otherwise agreed by the relevant planning authority.

(4) At the earliest opportunity prior to the date of completion of the construction of the chimneys, the anticipated date of construction completion must be submitted to the relevant planning authority and provided in copy to the Ministry of Defence.

(5) All details submitted to and approved under this requirement must be implemented as approved and maintained throughout (to the extent relevant) the construction of the authorised development and the operation of the authorised development unless otherwise agreed by the relevant planning authority in consultation with the Ministry of Defence.

## **Decommissioning**

25.—(1) Within 24 months of the permanent cessation of the commercial operation of the authorised development, the undertaker must submit to the relevant planning authority for its approval a decommissioning plan for Work Nos. 1, 1A, 1B, 2A, 2B and 9, including a timetable for its implementation and a decommissioning environmental management plan.

(2) The plan submitted to and approved under sub-paragraph (1) must be implemented as approved unless otherwise agreed with the relevant planning authority.

## **Amendments to approved details**

26.—(1) With respect to the documents certified under article 41 (certification of plans etc.) the parameters specified in Table 11 of Schedule 14 and any other plans, details or schemes which require approval by the relevant planning authority pursuant to any requirement (together “Approved Documents, Plans, Parameters, Details or Schemes”), the undertaker may submit to the relevant planning authority for approval any amendments to the Approved Documents, Plans, Parameters, Details or Schemes and following any such approval by the relevant planning authority the Approved Documents, Plans, Parameters, Details or Schemes are to be taken to include the amendments approved by the relevant planning authority pursuant to this paragraph.

(2) Approval under sub-paragraph (1) for the amendments to Approved Documents, Plans, Parameters, Details or Schemes must not be given except where it has been demonstrated to the satisfaction of the relevant planning authority that the subject matter of the approval sought is unlikely to give rise to any materially new or materially different environmental effects from those assessed in the environmental statement.

SCHEDULE 3

Article 10

STREETS SUBJECT TO STREET WORKS

**Table 1**

<i>(1)</i> Area	<i>(2)</i> Streets subject to street works	<i>(3)</i> Description of the street works
In the County of Cambridgeshire and the County of Norfolk	A47	Street works to the extent of the A47 coloured light purple on the access and public rights of way plan
In the County of Cambridgeshire	Algores Way	Street works to the extent of Algores Way coloured yellow on the access and public rights of way plan
In the County of Norfolk	Broadend Road	Street works to the extent of Broadend Road coloured light green on the access and public rights of way plan
In the County of Cambridgeshire	Cromwell Road	Street works to the extent of Cromwell Road coloured pink on the access and public rights of way plan
In the County of Norfolk	Elm High Road	Street works to the extent of Elm High Road coloured turquoise on the access and public rights of way plan
In the County of Cambridgeshire	New Drove	Street works to the extent of New Drove coloured dark green on the access and public rights of way plan
In the County of Cambridgeshire	New Bridge Lane	Street works to the extent of New Bridge Lane coloured blue on the access and public rights of way plan
In the County of Cambridgeshire	Salters way	Street works to the extent of Salters Way coloured dark purple on the access and public rights of way plan
In the County of Cambridgeshire	Weasenham Lane	Street works to the extent of Weasenham Lane coloured red on the access and public rights of way plan

SCHEDULE 4

Article 11

STREETS SUBJECT TO PERMANENT ALTERATION OF LAYOUT

**Table 2**

<i>(1)</i> <i>Area</i>	<i>(2)</i> <i>Street subject to alteration of layout</i>	<i>(3)</i> <i>Description of alteration</i>
In the County of Cambridgeshire	Algores Way	Permanent alteration of layout to the extent of Algores Way coloured yellow on the access and public rights of way plan including carriageway and footway widening and highway alteration works
In the County of Cambridgeshire	Cromwell Road	Permanent alteration of layout to the extent of Cromwell Road coloured pink on the access and public rights of way plan including carriageway and footway widening and highway alteration works
In the County of Cambridgeshire	New Bridge Lane	Permanent alteration of layout to the extent of New Bridge Lane coloured blue on the access and public rights of way plan including carriageway and footway widening and highway alteration works
In the County of Cambridgeshire	Salters Way	Permanent alteration of layout to the extent of Salters Way coloured dark purple on the access and public rights of way plan including carriageway and footway widening and highway alteration works

SCHEDULE 5

Article 11

STREETS SUBJECT TO TEMPORARY ALTERATION OF LAYOUT

**Table 3**

<i>(1)</i> <i>Area</i>	<i>(2)</i> <i>Street subject to alteration of layout</i>	<i>(3)</i> <i>Description of alteration</i>
In the County of Cambridgeshire and the County of Norfolk	A47	Temporary alteration of layout to the extent of the A47 coloured light purple on the access and public rights of way plan
In the County of Norfolk	Broadend Road	Temporary alteration of layout to the extent of Broadend Road coloured light green on the access and public rights of way plan
In the County of Norfolk	Elm High Road	Temporary alteration of layout to the extent of Elm High Road coloured turquoise on the access and public rights of way plan
In the County of Cambridgeshire	New Bridge Lane	Temporary alteration of layout to the extent of New Bridge Lane coloured blue on the access and public rights of way plan
In the County of Cambridgeshire	New Drove	Temporary alteration of layout to the extent of New Drove coloured dark green on the access and public rights of way plan
In the County of Cambridgeshire	Weasenham Lane	Temporary alteration of the layout to the extent of Weasenham Lane coloured red on the access and public rights of way plan

SCHEDULE 6

Article 12

ACCESS

PART 1

THOSE PARTS OF THE ACCESS TO BE MAINTAINED AT THE PUBLIC EXPENSE

**Table 4**

<i>(1)</i> <i>Location</i>	<i>(2)</i> <i>Street</i>	<i>(3)</i> <i>Description of relevant part of access</i>
In the County of Cambridgeshire	Algores Way	Access to the area shown coloured yellow between the area shown coloured orange and marked A3 and the area shown coloured orange and marked A5 on sheet 1 of the access and public rights of way plan
In the County of Cambridgeshire	Algores Way	Access to the area shown coloured orange and marked A4 on sheet 1 of the access and public rights of way plan
In the County of Cambridgeshire	New Bridge Lane	Access to the area shown coloured orange and marked A8 on sheet 1 of the access and public rights of way plan
In the County of Cambridgeshire	New Bridge Lane	Access to the area shown coloured orange and marked A6 on sheet 1 of the access and public rights of way plan

PART 2

THOSE PARTS OF THE ACCESS TO BE MAINTAINED BY THE STREET AUTHORITY

**Table 5**

<i>(1)</i> <i>Location</i>	<i>(2)</i> <i>Street</i>	<i>(3)</i> <i>Description of relevant part of access</i>
In the County of Cambridgeshire	New Bridge Lane	Access to the area shown coloured orange and marked A7 on sheet 1 of the access and public rights of way plan

## PART 3

### THOSE WORKS TO RESTORE THE TEMPORARY ACCESSES WHICH WILL BE MAINTAINED BY THE STREET AUTHORITY

**Table 6**

<i>(1)</i> <i>Location</i>	<i>(2)</i> <i>Street</i>	<i>(3)</i> <i>Description of relevant part of access</i>
In the County of Cambridgeshire	Weasenham Lane	Access to the area shown coloured orange and marked A1 on sheet 2 of the access and public rights of way plan
In the County of Cambridgeshire	Weasenham Lane	Access to the area shown coloured orange and marked A2 on sheet 2 of the access and public rights of way plan
In the County of Cambridgeshire	New Bridge Lane	Access to the area shown coloured orange and marked A9 on sheet 1 of the access and public rights of way plan
In the County of Cambridgeshire	New Drove	Access to the area shown coloured orange and marked A10 on sheet 1 of the access and public rights of way plan
In the County of Cambridgeshire	New Bridge Lane	Access to the area shown coloured orange and marked A11 on sheet 1 of the access and public rights of way plan
In the County of Norfolk	Broadend Road	Access to the area shown coloured orange and marked A12 on sheet 4 of the access and public rights of way plan

SCHEDULE 7

Article 13

TEMPORARY PROHIBITION OR RESTRICTION OF THE USE OF  
STREETS OR PUBLIC RIGHT OF WAYS

**Table 7**

<i>(1)</i> <i>Area</i>	<i>(2)</i> <i>Street subject to temporary prohibition or restriction of use</i>	<i>(3)</i> <i>Extent of temporary prohibition or restriction of use of streets</i>
In the County of Cambridgeshire and the County of Norfolk	A47	Temporary stopping up of the extent of the A47 shown coloured light purple and hatched blue on the access and public rights of way plan
In the County of Cambridgeshire	Algores Way	Temporary stopping up of the extent of Algores Way shown coloured yellow and hatched blue on the access and public rights of way plan
In the County of Norfolk	Broadend Road	Temporary stopping up of the extent of Broadend Road shown coloured light green and hatched blue on the access and public rights of way plan
In the County of Cambridgeshire	Cromwell Road	Temporary stopping up of the extent of Cromwell Road shown coloured pink and hatched blue on the access and public rights of way plan
In the County of Norfolk	Elm High Road	Temporary stopping up of the extent of Elm High Road shown coloured turquoise and hatched blue on the access and public rights of way plan
In the County of Cambridgeshire	New Drove	Temporary stopping up of the extent of New Drove shown coloured dark green and hatched blue on the access and public rights of way plan
In the County of Cambridgeshire	New Bridge Lane	Temporary stopping up of the extent of New Bridge Lane shown coloured blue and hatched blue on the access and public rights of way plan
In the County of Cambridgeshire	Salters Way	Temporary stopping up of the extent of Salters way shown coloured dark purple and hatched blue on the access and public rights of way plan
In the County of Cambridgeshire	Weasenham Lane	Temporary stopping up of the extent of Weasenham Lane shown coloured red and hatched blue on the access and public rights of way plan

SCHEDULE 8

Article 24

LAND IN WHICH ONLY NEW RIGHTS ETC. MAY BE ACQUIRED

Table 8

<i>(1)</i> <i>Number of plot shown on the land plans</i>	<i>(2)</i> <i>Rights etc. which may be acquired</i>
1/1a, 1/1b, 1/1c, 1/1d, 1/1e, 1/2a, 2/1a, 2/1b, 3/1a, 3/1b, 4/1a, 4/1b, 5/1a, 5/1b, 5/1c, 6/1a, 6/1b, 6/1c, 6/1d, 6/1e, 6/1f, 6/1g, 6/1h, 6/1i, 6/1j, 6/1k, 6/2a, 6/2b, 7/1a, 8/1a, 8/1b, 8/2a, 9/1a, 9/1b, 9/1c, 10/1a, 10/2e, 10/2f, 10/5a, 11/1a, 11/2a	Rights to install, retain, use, maintain, inspect, alter, remove, refurbish, reconstruct, replace, protect and improve underground electricity cables, jointing bays, protection plates, ducting, telemetry and other ancillary apparatus (including but not limited to access chambers, manholes and marker posts) and any other works as necessary together with the right to fell, trim or lop trees and bushes which may obstruct or interfere with the said cables, telemetry and other ancillary apparatus
	Rights to pass and repass on foot, with or without vehicles, plant and machinery (including any temporary surface) for all purposes in connection with the construction, use, maintenance and decommissioning of the authorised development
	Rights to continuous vertical and lateral support for the authorised development
	Rights to install, retain, use, maintain, inspect, alter, remove, refurbish, reconstruct, replace, protect and improve sewers, drains, pipes, ducts, mains, conduits, services, flues and to drain into and manage waterflows in any drains, watercourses and culverts
	Rights to install, execute, implement, retain, repair, improve, renew, remove, relocate and plant trees, woodlands, shrubs, hedgerows, seeding, landscaping and other ecological measures together with the right to maintain, inspect and replant such trees, shrubs, hedgerows, landscaping and other ecological measures and the right to pass and repass on foot, with or without vehicles, plant and machinery for all purposes in connection with the implementation and maintenance of landscaping and ecological mitigation or enhancement works
	Rights to install, retain, use, maintain, inspect, alter, remove, refurbish, reconstruct, replace, protect and improve security fencing, gates, boundary treatment, public rights of way and any other ancillary apparatus and any other works as necessary
	Restrictions on erecting buildings or structures, altering ground levels, planting trees or carrying out operations or actions (including

	but not limited to blasting and piling) which may obstruct, interrupt, or interfere with the exercise of the rights or damage the authorised development
1/2a, 11/1a, 11/1b 11/2a, 12/1a, 12/1b, 12/1c, 12/1d, 12/1e, 12/1f, 12/1g, 12/1h, 12/1i, 12/1j, 12/1k, 12/1l, 12/2a, 12/4a, 12/5a	<p>Rights to construct, use, maintain and improve a permanent means of access including visibility splays, carriageway and footway widening, highway alteration works and lighting</p> <p>Rights to install, retain, use, maintain, inspect, alter, remove, refurbish, reconstruct, replace, protect and improve security fencing, gates, boundary treatment, public rights of way and any other ancillary apparatus and any other works as necessary</p> <p>Rights to pass and repass on foot, with or without vehicles, plant and machinery for all purposes in connection with the construction, use, maintenance and decommissioning of the authorised development</p> <p>Rights to install, retain, use, maintain, inspect, alter, remove, refurbish, reconstruct, replace, protect and improve pipes, ducts, mains, wires, cables, conduits, flues, fibre optic cables and other conducting media of whatsoever nature</p> <p>Rights to install, retain, use, maintain, inspect, alter, remove, refurbish, reconstruct, replace, protect and improve sewers, drains, pipes, ducts, mains, conduits, services, flues and to drain into and manage waterflows in any drains, watercourses and culverts</p> <p>Rights to install, execute, implement, retain, repair, improve, renew, remove, relocate and plant trees, woodlands, shrubs, hedgerows, seeding, landscaping and other ecological measures together with the right to maintain, inspect and replant such trees, shrubs, hedgerows, landscaping and other ecological measures the right to pass and repass on foot, with or without vehicles, plant and machinery for all purposes in connection with the implementation and maintenance of landscaping and ecological mitigation or enhancement works</p> <p>Restrictions on erecting buildings or structures, altering ground levels, planting trees or carrying out operations or actions (including but not limited to blasting and piling) which may obstruct, interrupt, or interfere with the exercise of the rights or damage the authorised development</p>
10/1a, 10/1b, 10/1c, 10/2a, 10/2b, 10/2c, 10/2d, 10/2e, 10/2f, 10/2g, 10/3a, 10/4a, 10/5a, 11/1a, 11/2a	Rights to install, retain, use, maintain, inspect, alter, remove, refurbish, reconstruct, replace, protect and improve a potable water connection (including but not limited to pipes, trenches, ducting, protection plates, jointing bays,

	<p>associated telemetry and other ancillary apparatus) and any other works as necessary together with the right to fell, trim or lop trees and bushes which may obstruct or interfere with the said combined potable water connection and other ancillary apparatus</p>
	<p>Rights to pass and repass on foot, with or without vehicles, plant and machinery (including any temporary surface) for all purposes in connection with the construction, use, maintenance and decommissioning of the authorised development</p>
	<p>Rights to continuous vertical and lateral support for the authorised development</p>
	<p>Rights to install, retain, use, maintain, inspect, alter, remove, refurbish, reconstruct, replace, protect and improve security fencing, gates, boundary treatment, public rights of way and any other ancillary apparatus and any other works as necessary</p>
	<p>Rights to install, execute, implement, retain, repair, improve, renew, remove, relocate and plant trees, woodlands, shrubs, hedgerows, seeding, landscaping and other ecological measures together with the right to maintain, inspect and replant such trees, shrubs, hedgerows, landscaping and other ecological measures the right to pass and repass on foot, with or without vehicles, plant and machinery for all purposes in connection with the implementation and maintenance of landscaping and ecological mitigation or enhancement works</p>
	<p>Restrictions on erecting buildings or structures, altering ground levels, planting trees or carrying out operations or actions (including but not limited to blasting and piling) which may obstruct, interrupt, or interfere with the exercise of the rights</p>
13/5a	<p>Rights to install, retain, use, maintain, inspect, alter, remove, refurbish, reconstruct, replace, protect and improve a foul water connection (including but not limited to pipes, trenches, ducting, protection plates, jointing bays, associated telemetry and other ancillary apparatus) and any other works as necessary together with the right to fell, trim or lop trees and bushes which may obstruct or interfere with the said combined potable water connection and other ancillary apparatus</p>
	<p>Rights to pass and repass on foot, with or without vehicles, plant and machinery (including any temporary surface) for all purposes in connection with the construction, use, maintenance and decommissioning of the authorised development</p>

	Right to continuous vertical and lateral support for the authorised development
	Rights to install, retain, use, maintain, inspect, alter, remove, refurbish, reconstruct, replace, protect and improve security fencing, gates, boundary treatment, public rights of way and any other ancillary apparatus and any other works as necessary
	Rights to install, execute, implement, retain, repair, improve, renew, remove, relocate and plant trees, woodlands, shrubs, hedgerows, seeding, landscaping and other ecological measures together with the right to maintain, inspect and replant such trees, shrubs, hedgerows, landscaping and other ecological measures the right to pass and repass on foot, with or without vehicles, plant and machinery for all purposes in connection with the implementation and maintenance of landscaping and ecological mitigation or enhancement works
	Restrictions on erecting buildings or structures, altering ground levels, planting trees or carrying out operations or actions (including but not limited to blasting and piling) which may obstruct, interrupt, or interfere with the exercise of the rights
11/2d, 11/2f, 11/7b, 13/4a	Rights to install, retain, use, maintain, inspect, alter, remove, refurbish, reconstruct, replace, protect and improve sewers, drains, pipes, ducts, mains, conduits, services, flues and to drain into and manage waterflows in any drains, watercourses and culverts
	Rights to pass and repass on foot, with or without vehicles, plant and machinery (including any temporary surface) for all purposes in connection with the construction, use, maintenance and decommissioning of the authorised development
	Rights to install, retain, use, maintain, inspect, alter, remove, refurbish, reconstruct, replace, protect and improve security fencing, gates, boundary treatment, public rights of way and any other ancillary apparatus and any other works as necessary
	Rights to install, execute, implement, retain, repair, improve, renew, remove, relocate and plant trees, woodlands, shrubs, hedgerows, seeding, landscaping and other ecological measures together with the right to maintain, inspect and replant such trees, shrubs, hedgerows, landscaping and other ecological measures the right to pass and repass on foot, with or without vehicles, plant and machinery for all purposes in connection with the implementation and maintenance of

	landscaping and ecological mitigation or enhancement works
	Restrictions on erecting buildings or structures, altering ground levels, planting trees or carrying out operations or actions (including but not limited to blasting and piling) which may obstruct, interrupt, or interfere with the exercise of the rights
11/8a	Rights to install, retain, use, maintain, inspect, alter, remove, refurbish, reconstruct, replace, protect and improve acoustic fencing and gates and any other ancillary apparatus or works as necessary
	Rights to pass and repass on foot, with or without vehicles, plant and machinery for all purposes in connection with the construction, use, maintenance and decommissioning of the acoustic fencing and gates
	Restrictions on erecting buildings or structures, altering ground levels, planting trees or carrying out operations or actions (including but not limited to blasting and piling) which may obstruct, interrupt, or interfere with the exercise of the rights or damage acoustic fencing and gates
13/1a, 15/1a, 15/2a, 15/2b, 16/1a, 16/1b, 16/2a, 16/3a, 16/4a, 16/5a, 17/1a	Rights to install, retain, use, maintain, inspect, alter, remove, refurbish, reconstruct, replace, protect and improve combined heat and power equipment (including but not limited to steam and condensate pipes, pipe racks, supports, pipe runs, valving, electrical supply cables and associated telemetry, vertical expansion loops, pipe bridges and other ancillary apparatus) and any other works as necessary together with the right to fell, trim or lop trees and bushes which may obstruct or interfere with the said combined heat and power equipment and other ancillary apparatus
	Rights to pass and repass on foot, with or without vehicles, plant and machinery (including any temporary surface) for all purposes in connection with the construction, use, maintenance and decommissioning of the authorised development
	Rights to install, execute, implement, retain, repair, improve, renew, remove, relocate and plant trees, woodlands, shrubs, hedgerows, seeding, landscaping and other ecological measures together with the right to maintain, inspect and replant such trees, shrubs, hedgerows, landscaping and other ecological measures and the right to pass and repass on foot, with or without vehicles, plant and machinery for all purposes in connection with the implementation and maintenance of landscaping and ecological mitigation or

	<p>enhancement works</p> <p>Rights to install, retain, use, maintain, inspect, alter, remove, refurbish, reconstruct, replace, protect and improve security fencing, gates, boundary treatment, public rights of way and any other ancillary apparatus and any other works as necessary</p> <p>Restrictions on erecting buildings or structures, altering ground levels, planting trees or carrying out operations or actions (including but not limited to blasting and piling) which may obstruct, interrupt, or interfere with the exercise of the rights or damage the authorised development</p>
--	---

**MODIFICATION OF COMPENSATION AND COMPULSORY PURCHASE ENACTMENTS FOR CREATION OF NEW RIGHTS AND IMPOSITION OF NEW RESTRICTIVE COVENANTS**

**Compensation enactments**

1. The enactments for the time being in force with respect to compensation for the compulsory purchase of land are to apply, with the necessary modifications as respects compensation, in the case of a compulsory acquisition under this Order of a right by the creation of a new right or restrictive covenant as they apply as respects compensation on the compulsory purchase of land and interests in land.

2.—(1) Without limitation on the scope of paragraph 1, the Land Compensation Act 1973(a) has effect subject to the modifications set out in sub-paragraph (2).

(2) In section 44(1) (compensation for injurious affection), as it applies to compensation for injurious affection under section 7 of the 1965 Act as substituted by paragraph 5—

- (a) for “land is acquired or taken from” substitute “a right or restrictive covenant over land is purchased from or imposed on”; and
- (b) for “acquired or taken from him” substitute “over which the right is exercisable or the restrictive covenant enforceable”.

3.—(1) Without limitation on the scope of paragraph 1, the Land Compensation Act 1961 has effect subject to the modification set out in paragraph 2(2).

(2) For section 5A (relevant valuation date) of the 1961 Act, after “if” substitute—

- “(a) the acquiring authority enters on land for the purpose of exercising a right in pursuance of a notice of entry under section 11(1) of the 1965 Act (as modified by paragraph 5(5) of Schedule 9 to the Medworth Energy from Waste Combined Heat and Power Order 202\*;
- (b) the acquiring authority is subsequently required by a determination under paragraph 12 of Schedule 2A to the 1965 Act (as substituted by paragraph 5(8) of Schedule 9 to the Medworth Energy from Waste Combined Heat and Power Order 202\*) to acquire an interest in the land; and
- (c) the acquiring authority enters on and takes possession of that land,

the authority is deemed for the purposes of subsection (3)(a) to have entered on that land where it entered on that land for the purpose of exercising that right.”.

**Application of Part 1 of the 1965 Act**

4.—(1) Part 1 (compulsory purchase under Acquisition of Land Act 1946) of the 1965 Act, as applied by section 125 (application of compulsory acquisition provisions) of the 2008 Act (and modified by article 29 (modification of Part 1 of the 1965 Act)) to the acquisition of land under article 22 (compulsory acquisition of land), applies to the compulsory acquisition of a right by the creation of a new right under article 24 (compulsory acquisition of rights and imposition of restrictive covenants)—

- (a) with the modifications specified in paragraph 5; and
- (b) with such other modifications as may be necessary.

---

(a) 1973 c.26

5.—(1) The modifications referred to in paragraph 4(1)(a) are as follows.

(2) References in the 1965 Act to land are, in the appropriate contexts, to be read (according to the requirements of the particular context) as referring to, or as including references to—

- (a) the right acquired or to be acquired, or the restriction imposed or to be imposed; or
- (b) the land over which the right is or is to be exercisable, or the restriction is to be enforceable.

(3) For section 7 (measure of compensation in case of severance) of the 1965 Act substitute—

“7. In assessing the compensation to be paid by the acquiring authority under this Act, regard must be had not only to the extent (if any) to which the value of the land over which the right is to be acquired or the restrictive covenant is to be imposed is depreciated by the acquisition of the right or the imposition of the covenant but also to the damage (if any) to be sustained by the owner of the land by reason of its severance from other land of the owner, or injuriously affecting that other land by the exercise of the powers conferred by this or the special Act.”.

(4) The following provisions of the 1965 Act (which state the effect of a deed poll executed in various circumstances where there is no conveyance by persons with interests in the land), that is to say—

- (a) section 9(4) (refusal to convey, failure to make title etc.);
- (b) paragraph 10(3) of Schedule 1 (persons without power to sell their interests);
- (c) paragraph 2(3) of Schedule 2 (absent and untraced owners); and
- (d) paragraphs 2(3) and 7(2) of Schedule 4 (common land),

are modified to secure that, as against persons with interests in the land which are expressed to be overridden by the deed, the right which is to be compulsorily acquired or the restrictive covenant which is to be imposed is vested absolutely in the acquiring authority.

(5) Section 11 (powers of entry) of the 1965 Act is modified to secure that, where the acquiring authority has served notice to treat in respect of any right or restriction, as well as the notice of entry required by subsection (1) of that section (as it applied to compulsory acquisition under article 22), it has power, exercisable in equivalent circumstances and subject to equivalent conditions, to enter for the purpose of exercising that right or enforcing that restrictive covenant; and sections 11A (powers of entry: further notices of entry), 11B (counter-notice requiring possession to be taken on specified date), 12 (penalty for unauthorised entry) and 13 (refusal to give possession to acquiring authority) of the 1965 Act are modified correspondingly.

(6) Section 20 (protection for interests of tenants at will, etc.) of the 1965 Act applies with the modifications necessary to secure that persons with such interests in land as are mentioned in that section are compensated in a manner corresponding to that in which they would be compensated on a compulsory acquisition under this Order of that land, but taking into account only the extent (if any) of such interference with such an interest as is actually caused, or likely to be caused, by the exercise of the right or the enforcement of the restrictive covenant in question.

(7) Section 22 (interests omitted from purchase) of the 1965 Act as modified by article 26(3) (private rights) is also modified as to enable the acquiring authority, in circumstances corresponding to those referred to in that section, to continue to be entitled to exercise the right acquired, or enforce the restriction imposed, subject to compliance with that section as respects compensation.

(8) For Schedule 2A (counter-notice requiring purchase of land not in notice to treat) to the 1965 Act substitute—

## “SCHEDULE 2A COUNTER-NOTICE REQUIRING PURCHASE OF LAND

### **Introduction**

1.—(1) This Schedule applies where an acquiring authority serve a notice to treat in respect of a right over, or restrictive covenant affecting, the whole or part of a house, building or factory and have not executed a general vesting declaration under section 4 (execution of declaration) of the 1981 Act as applied by article 28 (application of the 1981 Act) of the Medworth Energy from Waste Combined Heat and Power Facility Order 202\* in respect of the land to which the notice to treat relates.

(2) But see article 25 (acquisition of subsoil only) of the Medworth Energy from Waste Combined Heat and Power Facility Order 202\* which excludes the acquisition of subsoil only from this Schedule.

2. In this Schedule, “house” includes any park or garden belonging to a house.

### **Counter-notice requiring purchase of land**

3. A person who is able to sell the house, building or factory (“the owner”) may serve a counter-notice requiring the authority to purchase the owner’s interest in the house, building or factory.

4. A counter-notice under paragraph 3 must be served within the period of twenty-eight days beginning with the day on which the notice to treat was served.

### **Response to counter-notice**

5. On receiving a counter-notice, the acquiring authority must decide whether to—

- (a) withdraw the notice to treat,
- (b) accept the counter-notice, or
- (c) refer the counter-notice to the Upper Tribunal.

6. The authority must serve notice of their decision on the owner within the period of three months beginning with the day on which the counter-notice is served (“the decision period”).

7. If the authority decide to refer the counter-notice to the Upper Tribunal they must do so within the decision period.

8. If the authority do not serve notice of a decision within the decision period they are to be treated as if they had served notice of a decision to withdraw the notice to treat at the end of that period.

9. If the authority serve notice of a decision to accept the counter-notice, the compulsory purchase order and the notice to treat are to have effect as if they included the owner’s interest in the house, building or factory.

### **Determination by Upper Tribunal**

10. On a referral under paragraph 7, the Upper Tribunal must determine whether the acquisition of the right or the imposition of the restrictive covenant would—

- (a) in the case of a house, building or factory, cause material detriment to the house, building or factory, or
- (b) in the case of a park or garden, seriously affect the amenity or convenience of the house to which the park or garden belongs.

- 11.** In making its determination, the Upper Tribunal must take into account—
- (a) the effect of the acquisition of the right or the imposition of the covenant,
  - (b) the use to be made of the right or covenant proposed to be acquired or imposed, and
  - (c) if the right or covenant is proposed to be acquired or imposed for works or other purposes extending to other land, the effect of the whole of the works and the use of the other land.

**12.** If the Upper Tribunal determines that the acquisition of the right or the imposition of the covenant would have either of the consequences described in paragraph 10, it must determine how much of the house, building or factory the authority ought to be required to take.

**13.** If the Upper Tribunal determines that the authority ought to be required to take some or all of the house, building or factory, the compulsory purchase order and the notice to treat are to have effect as if they included the owner’s interest in that land.

**14.—(1)** If the Upper Tribunal determines that the authority ought to be required to take some or all of the house, building or factory, the authority may at any time within the period of six weeks beginning with the day on which the Upper Tribunal makes its determination withdraw the notice to treat in relation to that land.

(2) If the acquiring authority withdraws the notice to treat under this paragraph they must pay the person on whom the notice was served compensation for any loss or expense caused by the giving and withdrawal of the notice.

(3) Any dispute as to the compensation is to be determined by the Upper Tribunal.”.

SCHEDULE 10

Article 31

LAND OF WHICH TEMPORARY POSSESSION MAY BE TAKEN

**Table 9**

<i>(1)</i> <i>Location</i>	<i>(2)</i> <i>Number of land shown on land plans</i>	<i>(3)</i> <i>Purpose for which temporary possession may be taken</i>
Norfolk	4/1c, 4/1d	Temporary use (including access and compound) of a lay-by to facilitate construction for Work No. 7 and 8
Cambridgeshire	8/1c	Temporary use (including access and compound) to a lay-by to facilitate construction for Work No. 7 and 8
Cambridgeshire	11/2e, 11/2g, 11/2h, 11/2i, 11/2j, 11/2k, 11/2l, 11/2m, 11/2n, 11/2o, 13/4b	Temporary use (including access and compound) to facilitate construction for Work No. 1, 1A, 1B, 2A, 2B, 3, 3A, 3B, 4A, 4B, 5, 6A, 6B, 7, 8, 9 and 10
Cambridgeshire	11/3b, 12/5b	Temporary use (including access) to facilitate construction for Work No. 4A

## PROTECTIVE PROVISIONS

## PART 1

## FOR THE PROTECTION OF ELECTRICITY, GAS WATER AND SEWERAGE UNDERTAKERS

1. The provisions of this Part have effect for the protection of statutory undertakers (save for EPN, Cadent Gas Limited and Anglian Water) unless otherwise agreed in writing between the undertaker and the statutory undertaker in question.

2. In this Part of this Schedule—

“alternative apparatus” means alternative apparatus adequate to enable the statutory undertaker in question to fulfil its statutory functions in a manner not less efficient than previously;

“apparatus” means—

- (a) in the case of a statutory undertaker within paragraph (a) of the definition of that term, electric lines or electrical plant (as defined in the Electricity Act 1989(a)), belonging to or maintained by the statutory undertaker for the purposes of electricity supply;
- (b) in the case of a statutory undertaker within paragraph (b) of the definition of that term, any mains, pipes or other apparatus belonging to or maintained by the statutory undertaker for the purposes of gas supply;
- (c) in the case of a statutory undertaker within paragraph (c) of the definition of that term—
  - (i) mains, pipes or other water apparatus belonging to or maintained by the statutory undertaker for the purposes of water supply; and
  - (ii) mains, pipes or other water apparatus that is the subject of an agreement to adopt made under section 51A of the Water Industry Act 1991; and
- (d) in the case of a sewerage undertaker—
  - (i) any drain or works vested in the sewerage undertaker under the Water Industry Act 1991(b); and
  - (ii) any sewer which is so vested or is the subject of a notice of intention to adopt given under section 102(4) of that Act(c) or an agreement to adopt made under section 104 of that Act,

and includes a sludge main, disposal main (within the meaning of section 219 of that Act) or sewer outfall and any manholes, ventilating shafts, pumps or other accessories forming part of any such sewer, drain or works, and in each case includes any structure in which apparatus is or is to be lodged or which gives or will give access to apparatus;

“functions” includes powers and duties;

“in” in a context referring to apparatus or alternative apparatus in land includes a reference to apparatus or alternative apparatus under, over or upon land; and

“utility undertaker” means—

- (a) any licence holder within the meaning of Part 1 of the Electricity Act 1989;

---

(a) 1989 c.29.

(b) 1991 c.56.

(c) 1991 c.56. Section 102 was amended by sections 96(1)(a), 96(1)(b), 96(1)(c), 96(1)(d) and 96(1)(e) of the Water Act 2003 c.37 and paragraph 90 of Schedule 7 to the Water Act 2014 c.21.

- (b) a gas transporter within the meaning of Part 1 of the Gas Act 1986(a);
  - (c) a water undertaker within the meaning of the Water Industry Act 1991; and
  - (d) a sewerage undertaker within the meaning of Part 1 of the Water Industry Act 1991,
- for the area of the authorised development, and in relation to any apparatus, means the utility undertaker to whom it belongs or by whom it is maintained.

3. This Part of this Schedule does not apply to apparatus in respect of which the relations between the undertaker and the utility undertaker are regulated by Part 3 of the 1991 Act.

4. Regardless of the temporary prohibition or restriction of use of streets under the powers conferred by article 13 (temporary prohibition or restriction of use of streets and public right of ways), a utility undertaker is at liberty at all times to take all necessary access across any such street and to execute and do all such works and things in, upon or under any such street as may be reasonably necessary or desirable to enable it to maintain any apparatus which at the time of the prohibition or restriction was in that street.

5. Regardless of any provision in this Order or anything shown on the land plans, the undertaker must not acquire any apparatus otherwise than by agreement.

6.—(1) If, in the exercise of the powers conferred by this Order, the undertaker acquires any interest in any land in which any apparatus is placed or over which access to any apparatus is enjoyed or requires that the utility undertaker's apparatus is relocated or diverted, that apparatus must not be removed under this Part of this Schedule, and any right of a utility undertaker to maintain that apparatus in that land and to gain access to it must not be extinguished, until alternative apparatus has been constructed and is in operation, and access to it has been provided, to the reasonable satisfaction of the utility undertaker in question in accordance with sub-paragraphs (2) to (7).

(2) If, for the purpose of executing any works in, on or under any land purchased, held, appropriated or used under this Order, the undertaker requires the removal of any apparatus placed in that land, the undertaker must give to the utility undertaker in question written notice of that requirement, together with a plan and section of the work proposed, and of the proposed position of the alternative apparatus to be provided or constructed and in that case (or if in consequence of the exercise of any of the powers conferred by this Order a utility undertaker reasonably needs to remove any of its apparatus) the undertaker must, subject to sub-paragraph (3), afford to the utility undertaker the necessary facilities and rights for the construction of alternative apparatus in other land of the undertaker and subsequently for the maintenance of that apparatus.

(3) If alternative apparatus or any part of such apparatus is to be constructed elsewhere than in other land of the undertaker, or the undertaker is unable to afford such facilities and rights as are mentioned in sub-paragraph (2), in the land in which the alternative apparatus or part of such apparatus is to be constructed, the utility undertaker in question must, on receipt of a written notice to that effect from the undertaker, as soon as reasonably possible use reasonable endeavours to obtain the necessary facilities and rights in the land in which the alternative apparatus is to be constructed.

(4) Any alternative apparatus to be constructed in land of the undertaker under this Part of this Schedule must be constructed in such manner and in such line or situation as may be agreed between the utility undertaker in question and the undertaker or in default of agreement settled by arbitration in accordance with article 45 (arbitration).

(5) The utility undertaker in question must, after the alternative apparatus to be provided or constructed has been agreed or settled by arbitration in accordance with article 45, and after the grant to the utility undertaker of any such facilities and rights as are referred to in sub-paragraph (2) or (3), proceed without unnecessary delay to construct and bring into operation the alternative apparatus and subsequently to remove any apparatus required by the undertaker to be removed under the provisions of this Part of this Schedule.

---

(a) 1986 c.44. A new section 7 was substituted by section 5 of the Gas Act 1995 (c.45), and was further amended by section 76 of the Utilities Act 2000 (c.27).

(6) Regardless of anything in sub-paragraph (5), if the undertaker gives notice in writing to the utility undertaker in question that it desires itself to execute any work, or part of any work, in connection with the construction or removal of apparatus in any land controlled by the undertaker, that work, instead of being executed by the utility undertaker, must be executed by the undertaker without unnecessary delay under the superintendence, if given, and to the reasonable satisfaction of the utility undertaker.

(7) Nothing in sub-paragraph (6) authorises the undertaker to execute the placing, installation, bedding, packing, removal, connection or disconnection of any apparatus, or execute any filling around the apparatus (where the apparatus is laid in a trench) within 300 millimetres of the apparatus.

7.—(1) Where, in accordance with the provisions of this Part of this Schedule, the undertaker affords to a utility undertaker facilities and rights for the construction and maintenance in land of the undertaker of alternative apparatus in substitution for apparatus to be removed, those facilities and rights must be granted upon such terms and conditions as may be agreed between the undertaker and the utility undertaker in question or in default of agreement settled by arbitration in accordance with article 45 (arbitration).

(2) If the facilities and rights to be afforded by the undertaker in respect of any alternative apparatus, and the terms and conditions subject to which those facilities and rights are to be granted, are in the opinion of the arbitrator less favourable on the whole to the utility undertaker in question than the facilities and rights enjoyed by it in respect of the apparatus to be removed and the terms and conditions to which those facilities and rights are subject, the arbitrator must make such provision for the payment of compensation by the undertaker to that utility undertaker as appears to the arbitrator to be reasonable having regard to all the circumstances of the particular case.

8.—(1) Not less than 28 days before starting the execution of any works in, on or under any land purchased, held, appropriated or used under this Order that are near to, or will or may affect, any apparatus the removal of which has not been required by the undertaker under paragraph (5), the undertaker must submit to the utility undertaker in question a plan, section and description of the works to be executed.

(2) Those works must be executed only in accordance with the plan, section and description submitted under sub-paragraph (1) and in accordance with such reasonable requirements as may be made in accordance with sub-paragraph (3) by the utility undertaker for the alteration or otherwise for the protection of the apparatus, or for securing access to it, and the utility undertaker is entitled to watch and inspect the execution of those works.

(3) Any requirements made by a utility undertaker under sub-paragraph (2) must be made within a period of 21 days beginning with the date on which a plan, section and description under sub-paragraph (1) are submitted to it.

(4) If a utility undertaker in accordance with sub-paragraph (3) and in consequence of the works proposed by the undertaker, reasonably requires the removal of any apparatus and gives written notice to the undertaker of that requirement, paragraphs 1 to 7 apply as if the removal of the apparatus had been required by the undertaker under sub-paragraph (2).

(5) Nothing in this paragraph precludes the undertaker from submitting at any time or from time to time, but in no case less than 28 days before commencing the execution of any works, a new plan, section and description instead of the plan, section and description previously submitted, and having done so the provisions of this paragraph apply to and in respect of the new plan, section and description.

(6) The undertaker is not required to comply with sub-paragraph (1) in a case of emergency but in that case it must give to the utility undertaker in question notice as soon as is reasonably practicable and a plan, section and description of those works as soon as reasonably practicable subsequently and must comply with sub-paragraph (2) in so far as is reasonably practicable in the circumstances.

9.—(1) Subject to the following provisions of this paragraph, the undertaker must repay to a utility undertaker the reasonable expenses incurred by that utility undertaker in, or in connection

with, the inspection, removal, alteration or protection of any apparatus or the construction of any new apparatus which may be required in consequence of the execution of any such works as are referred to in paragraph 8(2).

(2) There is to be deducted from any sum payable under sub-paragraph (1) the value of any apparatus removed under the provisions of this Part of this Schedule, that value being calculated after removal.

(3) If in accordance with the provisions of this Part of this Schedule—

- (a) apparatus of better type, of greater capacity or of greater dimensions is placed in substitution for existing apparatus of worse type, of smaller capacity or of smaller dimensions; or
- (b) apparatus (whether existing apparatus or apparatus substituted for existing apparatus) is placed at a depth greater than the depth at which the existing apparatus was,

and the placing of apparatus of that type or capacity or of those dimensions or the placing of apparatus at that depth, as the case may be, is not agreed by the undertaker or, in default of agreement, is not determined by arbitration in accordance with article 45 (arbitration) to be necessary, then, if such placing involves cost in the construction of works under this Part of this Schedule exceeding that which would have been involved if the apparatus placed had been of the existing type, capacity or dimensions, or at the existing depth, as the case may be, the amount which apart from this sub-paragraph would be payable to the utility undertaker in question by virtue of sub-paragraph (1) is to be reduced by the amount of that excess.

(4) For the purposes of sub-paragraph (3)—

- (a) an extension of apparatus to a length greater than the length of existing apparatus is not to be treated as a placing of apparatus of greater dimensions than those of the existing apparatus where such extension is required in consequence of the execution of any such works as are referred to in paragraph 8(2); and
- (b) where the provision of a joint in a cable is agreed, or is determined to be necessary, the consequential provision of a jointing chamber or of a manhole is to be treated as if it also had been agreed or had been so determined.

(5) An amount which apart from this sub-paragraph would be payable to a utility undertaker in respect of works by virtue of sub-paragraph (1) if the works include the placing of apparatus provided in substitution for apparatus placed more than 7 years and 6 months earlier so as to confer on the utility undertaker any financial benefit by deferment of the time for renewal of the apparatus in the ordinary course, is to be reduced by the amount which represents that benefit.

**10.—**(1) Subject to sub-paragraphs (2) and (3), if by reason or in consequence of the construction of any of the works referred to in paragraph 8(2), any damage is caused to any apparatus (other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of those works) or property of a utility undertaker, or there is any interruption in any service provided, or in the supply of any goods, by any utility undertaker, the undertaker must—

- (a) bear and pay the cost reasonably incurred by that utility undertaker in making good such damage or restoring the supply; and
- (b) make reasonable compensation to that utility undertaker for any other expenses, loss, damages, penalty or costs incurred by the utility undertaker,

by reason or in consequence of any such damage or interruption.

(2) Nothing in paragraph 8(2) imposes any liability on the undertaker with respect to any damage or interruption to the extent that it is attributable to the act, neglect or default of a utility undertaker, its officers, servants, contractors or agents.

(3) A utility undertaker must give the undertaker reasonable notice of any such claim or demand and no settlement or compromise is to be made without the consent of the undertaker which, if it withholds such consent, has the sole conduct of any settlement or compromise or of any proceedings necessary to resist the claim or demand.

11. Nothing in this Part of this Schedule affects the provisions of any enactment or agreement regulating the relations between the undertaker and a utility undertaking in respect of any apparatus laid or erected in land belonging to the undertaker on the date on which this Order is made.

## PART 2

### PROTECTION FOR OPERATORS OF ELECTRONIC COMMUNICATIONS CODE NETWORKS

12.—(1) For the protection of any operator, the following provisions, unless otherwise agreed in writing between the undertaker and the operator, have effect.

13. In this Part of this Schedule—

“the 2003 Act” means the Communications Act 2003(a);

“conduit system” has the same meaning as in the electronic communications code and references to providing a conduit system is construed in accordance with paragraph 1(3A) of that code;

“electronic communications apparatus” has the same meaning as in the electronic communications code;

“the electronic communications code” has the same meaning as in Chapter 1 of Part 2 of the 2003 Act(b);

“electronic communications code network” means—

- (a) so much of an electronic communications network or conduit system provided by an electronic communications code operator as is not excluded from the application of the electronic communications code by a direction under section 106 of the 2003 Act; and
- (b) an electronic communications network which the Secretary of State is providing or proposing to provide;

“electronic communications code operator” means a person in whose case the electronic communications code is applied by a direction under section 106 of the 2003 Act; and

“operator” means the operator of an electronic communications code network.

14. The exercise of the powers of article 33 (statutory undertakers) are subject to part 10 of Schedule 3A to the 2003 Act(c).

15.—(1) Subject to sub-paragraphs (2) to (4), if as the result of the authorised development or their construction, or of any subsidence resulting from any of those works—

- (a) any damage is caused to any electronic communications apparatus belonging to an operator (other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of those works, or other property of an operator); or
- (b) there is any interruption in the supply of the service provided by an operator, the undertaker must bear and pay the cost reasonably incurred by the operator in making good such damage or restoring the supply and must—
  - (i) make reasonable compensation to an operator for loss sustained by it; and
  - (ii) indemnify an operator against claims, demands, proceedings, costs, damages and expenses which may be made or taken against, or recovered from, or incurred by, an operator by reason, or in consequence of, any such damage or interruption.

---

(a) 2003 c.21.  
(b) See section 106.  
(c) 2003 c.21.

(2) Nothing in sub-paragraph (1) imposes any liability on the undertaker with respect to any damage or interruption to the extent that it is attributable to the act, neglect or default of an operator, its officers, servants, contractors or agents.

(3) The operator must give the undertaker reasonable notice of any such claim or demand and no settlement or compromise of the claim or demand may be made without the consent of the undertaker which, if it withholds such consent, shall have the sole conduct of any settlement or compromise or of any proceedings necessary to resist the claim or demand.

(4) Any difference arising between the undertaker and the operator under this paragraph must be referred to and settled by arbitration under article 45 (arbitration).

**16.** This Part of this Schedule does not apply to—

- (a) any apparatus in respect of which the relations between the undertaker and an operator are regulated by the provisions of Part 3 of the 1991 Act; or
- (b) any damage, or any interruption, caused by electro-magnetic interference arising from the construction or use of the authorised development.

## PART 3

### FOR THE PROTECTION OF CADENT GAS LIMITED

#### **Application**

**17.—**(1) For the protection of Cadent the following provisions will, unless otherwise agreed in writing between the undertaker and Cadent, have effect.

#### **Interpretation**

**18.—**(1) In this Part of this Schedule—

“alternative apparatus” means appropriate alternative apparatus to the reasonable satisfaction of Cadent to enable Cadent to fulfil its statutory functions in a manner no less efficient than previously;

“apparatus” means any gas mains, pipes, pressure governors, ventilators, cathodic protections, cables or other apparatus belonging to or maintained by Cadent for the purposes of Cadent’s undertaking together with any replacement apparatus and such other apparatus constructed pursuant to this Order that becomes operational apparatus of Cadent for the purposes of Cadent’s undertaking and includes any structure in which apparatus is or will be lodged or which gives or will give access to apparatus;

“authorised development” has the same meaning as in article 2 (interpretation) of the Order and includes any associated development authorised by the Order and for the purposes of this Part of this Schedule includes the use and maintenance of the authorised development;

“Cadent” means Cadent Gas Limited and includes its successors in title or any successor as a gas transporter within the meaning of Part 1 of the Gas Act 1986;

“Cadent’s undertaking” means the rights, duties and obligations of Cadent Gas Limited as a public gas transporter within the meaning of Section 7 of the Gas Act 1986 (as amended by the Gas Act 1995);

“commence” and “commencement” has the same meaning as given in article 2(1) and for the purpose of this Part of this Schedule only includes any below ground surveys, monitoring, work operations, remedial work in respect of any contamination or other adverse ground condition, the receipt and erection of construction plant and equipment, and non-intrusive investigations for the purpose of assessing ground conditions;

“deed of consent” means a deed of consent, crossing agreement, deed of variation or new deed of grant agreed between the parties acting reasonably in order to vary or replace existing easements, agreements, enactments and other such interests so as to secure land rights and

interests as are necessary to carry out, maintain, operate and use the apparatus in a manner consistent with the terms of this Part of this Schedule;

“facilities and rights” for construction and for maintenance include any appropriate working areas required to reasonably and safely undertake that construction or maintenance, and any necessary rights of access;

“functions” includes powers and duties;

“ground mitigation scheme” means a scheme approved by Cadent (such approval not to be unreasonably withheld or delayed) setting out the necessary measures (if any) for a ground subsidence event;

“ground monitoring scheme” means a scheme for monitoring ground subsidence which sets out the apparatus which is to be subject to such monitoring, the extent of land to be monitored, the manner in which ground levels are to be monitored, the timescales of any monitoring activities and the extent of ground subsidence which, if exceeded, requires the undertaker to submit for Cadent’s approval a ground mitigation scheme;

“ground subsidence event” means any ground subsidence identified by the monitoring activities set out in the ground monitoring scheme that has exceeded the level described in the ground monitoring scheme as requiring a ground mitigation scheme;

“in” in a context referring to apparatus or alternative apparatus in land includes a reference to apparatus or alternative apparatus under, over, across, along or upon such land;

“maintain” and “maintenance” have effect as if Cadent’s existing apparatus was authorised development and as if the term maintain includes protect and use;

“plan” or “plans” include all designs, drawings, specifications, method statements, soil reports, programmes, calculations, risk assessments and other documents that are reasonably necessary properly and sufficiently to describe and assess the works to be executed;

“rights” includes restrictive covenants and, in relation to decommissioned apparatus, the surrender of rights, release of liabilities and transfer of decommissioned apparatus; and

“specified works” means any part of the authorised development or activities (including maintenance) undertaken in association with the authorised development which—

- (a) will or may be situated over, or within 15 metres measured in any direction of any apparatus the removal of which has not been required by the undertaker under sub-paragraph 23(2) or otherwise; or
- (b) may in any way adversely affect any apparatus the removal of which has not been required by the undertaker under sub-paragraph 23(2) or otherwise.

### **On street apparatus**

**19.—**(1) This Part of this Schedule does not apply to apparatus in respect of which the relations between the undertaker and Cadent are regulated by the provisions of Part 3 of the 1991 Act, except for—

- (a) paragraphs 20, 25, 26, 27 and 28; and
- (b) where sub-paragraphs 18(2) applies, paragraphs 23 and 24.

(2) This sub-paragraph applies where any apparatus is diverted from an alignment within the existing adopted public highway but not wholly replaced within the existing public highway, notwithstanding that any diversion may be carried out under the provisions of Part 3 of the 1991 Act.

(3) The protective provisions in this Part of this Schedule apply and take precedence over article 34 (apparatus and rights of statutory undertakers in stopped up streets) of the Order which does not apply to Cadent.

### **Apparatus of Cadent in stopped up streets**

20.—(1) Where any street is stopped up under article 14 (stopping up of streets), if Cadent has any apparatus in the street or accessed via that street Cadent is entitled to the same rights in respect of such apparatus as it enjoyed immediately before the stopping up and the undertaker must grant to Cadent, or procure the granting to Cadent of, legal easements reasonably satisfactory to Cadent in respect of such apparatus and access to it prior to the stopping up of any such street or highway, but nothing in this paragraph affects any right of the undertaker or of Cadent to require the removal of that apparatus under paragraph 23.

(2) Notwithstanding the temporary alteration, diversion or restriction of use of any street under the powers of article 13 (temporary prohibition or restriction of use of streets and public right of ways), Cadent will be at liberty at all times to take all necessary access across any such street and to execute and do all such works and things in, upon or under any such street as it would have been entitled to do immediately before such temporary alteration, diversion or restriction in respect of any apparatus which at the time of the stopping up or diversion was in that street.

### **Protective works to buildings**

21.—(1) The undertaker must exercise the powers conferred by article 20 (protective works to buildings) so as not to obstruct or render less convenient the access to any apparatus without the written consent of Cadent (such consent not to be unreasonably withheld or delayed).

### **Acquisition of land**

22.—(1) Regardless of any provision in this Order or anything shown on the land plans or contained in the book of reference to the Order, the undertaker may not appropriate or acquire any interest in land or appropriate, acquire, extinguish, interfere with or override any easement or other interest in land of Cadent otherwise than by agreement.

(2) As a condition of agreement between the parties in sub-paragraph (1), prior to the construction or maintenance of any part of the authorised development (or in such other timeframe as may be agreed between Cadent and the undertaker) that is subject to the requirements of this Part of this Schedule that will cause any conflict with or breach the terms of any easement or other legal or land interest of Cadent or affect the provisions of any enactment or agreement regulating the relations between Cadent and the undertaker in respect of any apparatus laid or erected in land belonging to or secured by the undertaker, the undertaker must as Cadent reasonably requires enter into such deeds of consent upon such terms and conditions as may be agreed between Cadent and the undertaker acting reasonably and which must be no less favourable on the whole to Cadent unless otherwise agreed by Cadent.

(3) The undertaker and Cadent agree that where there is any inconsistency or duplication between the provisions set out in this Part of this Schedule relating to the relocation or removal of apparatus, including but not limited to the payment of costs and expenses relating to such relocation or removal of apparatus and the provisions of any existing easement, rights, agreements and licences granted, used, enjoyed or exercised by Cadent and other enactments relied upon by Cadent as of right or other use in relation to the apparatus, then the provisions in this Schedule prevail.

(4) Any agreement or consent granted by Cadent under paragraph 25 or any other paragraph of this Part of this Schedule, is not to be taken to constitute agreement under sub-paragraph (1).

### **Removal of apparatus**

23.—(1) If, in the exercise of the powers conferred by this Order, including pursuant to any agreement reached in accordance with paragraph 22, the undertaker acquires any interest in any land in which any apparatus is placed, that apparatus must not be decommissioned or removed and any right of Cadent to maintain that apparatus in that land must not be extinguished or interfered with until alternative apparatus has been constructed, is in operation, and the facilities and rights

referred to in sub-paragraph (2) have been provided, to the reasonable satisfaction of Cadent and in accordance with sub-paragraphs (2) to (5) inclusive.

(2) If, for the purpose of executing any works in, on, under or over any land purchased, held, appropriated or used under this Order, the undertaker requires the removal of any apparatus placed in that land, it must give to Cadent advance written notice of that requirement, together with a plan and section of the work proposed, and of the proposed position of the alternative apparatus to be provided or constructed and in that case (or if in consequence of the exercise of any of the powers conferred by this Order Cadent reasonably needs to move or remove any of its apparatus) the undertaker must afford to Cadent to its satisfaction (taking into account paragraph 24(1)) the necessary facilities and rights—

- (a) for the construction of alternative apparatus (including appropriate working areas required to reasonably and safely undertake necessary works by Cadent in respect of the apparatus);
- (b) subsequently for the maintenance of that apparatus (including appropriate working areas required to reasonably and safely undertake necessary works by Cadent in respect of the apparatus); and
- (c) to allow access to that apparatus (including appropriate working areas required to reasonably and safely undertake necessary works by Cadent in respect of the apparatus).

(3) If the undertaker is unable to afford such facilities and rights as are mentioned in sub-paragraph (2), in the land in which the alternative apparatus or part of such apparatus is to be constructed, Cadent must, on receipt of a written notice to that effect from the undertaker, take such steps as are reasonable in the circumstances in an endeavour to assist the undertaker in obtaining the necessary facilities and rights in the land in which the alternative apparatus is to be constructed save that this obligation does not extend to the requirement for Cadent to use its compulsory purchase powers to this end unless it (in its absolute discretion) elects to so do.

(4) Any alternative apparatus to be constructed in land of or land secured by the undertaker under this Part of this Schedule must be constructed in such manner and in such line or situation as may be agreed between Cadent and the undertaker.

(5) Cadent must, after the alternative apparatus to be provided or constructed has been agreed, and subject to the prior grant to Cadent of such facilities and rights as are referred to in sub-paragraph (2) or (3), then proceed without unnecessary delay to construct and bring into operation the alternative apparatus and subsequently to decommission or remove any apparatus required by the undertaker to be decommissioned or removed under the provisions of this Part of this Schedule.

### **Facilities and rights for alternative apparatus**

**24.—**(1) Where, in accordance with the provisions of this Part of this Schedule, the undertaker affords to or secures for Cadent facilities and rights in land for the access to, construction and maintenance of alternative apparatus in substitution for apparatus to be decommissioned or removed, those facilities and rights must be granted upon such terms and conditions as may be agreed between the undertaker and Cadent and must be no less favourable on the whole to Cadent than the facilities and rights enjoyed by it in respect of the apparatus to be decommissioned or removed unless otherwise agreed by Cadent.

(2) If the facilities and rights to be afforded by the undertaker and agreed with Cadent under sub-paragraph (1) in respect of any alternative apparatus, and the terms and conditions subject to which those facilities and rights are to be granted, are less favourable on the whole to Cadent than the facilities and rights enjoyed by it in respect of the apparatus to be decommissioned or removed, then the terms and conditions to which those facilities and rights are subject may be referred to arbitration in accordance with paragraph 31 of this Part of this Schedule and the arbitrator must make such provision for the payment of compensation by the undertaker to Cadent as appears to the arbitrator to be reasonable having regard to all the circumstances of the particular case.

## **Retained apparatus: protection of Cadent**

25.—(1) Not less than 56 days (or such time period as may be agreed in writing between Cadent and the undertaker) before the commencement of any specified works the undertaker must submit to Cadent a plan and, if reasonably required by Cadent, a ground monitoring scheme in respect of those works.

(2) The plan to be submitted to Cadent under sub-paragraph (1) must include a method statement which describes—

- (a) the exact position of the works;
- (b) the level at which these are proposed to be constructed or renewed;
- (c) the manner of their construction or renewal including details of excavation, positioning of plant etc.;
- (d) the position of all apparatus;
- (e) by way of detailed drawings, every alteration proposed to be made to or close to any such apparatus; and
- (f) any intended maintenance regimes.

(3) The undertaker must not commence any specified works until Cadent has given written approval of the plan so submitted (and the ground monitoring scheme if required).

(4) Any approval of Cadent given under sub-paragraph (3)—

- (a) may be given subject to reasonable conditions for any purpose mentioned in sub-paragraph (5); and
- (b) must not be unreasonably withheld or delayed and Cadent must meaningfully engage with the undertaker within 28 days of the date of submission of the plan under sub-paragraph (1).

(5) In relation to any specified works to which sub-paragraph (1) applies, Cadent may require such modifications to be made to the plan as may be reasonably necessary for the purpose of securing its apparatus against interference or risk of damage or for the purpose of providing or securing proper and convenient means of access to any apparatus.

(6) Specified works must only be executed in accordance with—

- (a) the plan submitted under sub-paragraph (1) (and ground monitoring scheme if required), as approved or as amended from time to time by agreement between the undertaker and Cadent; and
- (b) all conditions imposed under sub-paragraph (4)(a), and Cadent is entitled to watch and inspect the execution of those works.

(7) Where Cadent requires any protective works to be carried out by itself or by the undertaker (whether of a temporary or permanent nature) such protective works, inclusive of any measures or schemes required and approved as part of the plan approved pursuant to this paragraph, must be carried out to Cadent's satisfaction prior to the commencement of any specified works (or any relevant part thereof) for which protective works are required prior to commencement.

(8) If Cadent, in consequence of the works proposed by the undertaker, reasonably requires the removal of any apparatus and gives written notice to the undertaker of that requirement, paragraphs (1) to (3) and (6) to (8) apply as if the removal of the apparatus had been required by the undertaker under paragraph 23(2) provided that such written notice must be given by Cadent to the undertaker within 28 days of submission of a plan pursuant to sub-paragraph (1).

(9) Nothing in this paragraph precludes the undertaker from submitting at any time or from time to time, but in no case less than 56 days (unless otherwise agreed in writing by Cadent and the undertaker) before commencing the execution of the specified works, a new plan, instead of the plan previously submitted, and having done so the provisions of this paragraph will apply to and in respect of the new plan.

(10) As soon as reasonably practicable after any ground subsidence event attributable to the authorised development (including such an event attributable to its maintenance)—

- (a) the undertaker must implement an appropriate ground mitigation scheme; and
- (b) Cadent retains the right to carry out any further necessary protective works for the safeguarding of its apparatus and can recover any such costs in line with paragraph 10.

(11) The undertaker is not required to comply with sub-paragraph (1) where it needs to carry out emergency works but in that case it must give to Cadent notice as soon as is reasonably practicable and a plan of those works and must comply with the conditions imposed under sub-paragraph (4)(a) insofar as is reasonably practicable in the circumstances.

(12) In this paragraph, “emergency works” means works whose execution at the time when they are executed is required in order to put an end to, or to prevent the occurrence of, circumstances then existing or imminent (or which the person responsible for the works believes on reasonable grounds to be existing or imminent) which are likely to cause danger to persons or property.

## Expenses

26.—(1) Subject to the following provisions of this paragraph, the undertaker must pay to Cadent on demand, all charges, costs and expenses reasonably incurred by Cadent in, or in connection with, the inspection, removal, relaying or replacing, alteration or protection of any apparatus or the construction of any new or alternative apparatus which may be required in consequence of the execution of any authorised development including without limitation—

- (a) any costs reasonably incurred by or compensation properly paid by Cadent in connection with the acquisition of rights or the exercise of statutory powers for such apparatus including without limitation all costs (including professional fees) incurred by Cadent as a consequence of Cadent;
  - (i) using its own compulsory purchase powers to acquire any necessary rights under paragraph 23(3) if it elects to do so; or
  - (ii) exercising any compulsory purchase powers under this Order transferred to or benefitting Cadent;
- (b) in connection with the cost of the carrying out of any diversion work or the provision of any alternative apparatus;
- (c) the cutting off of any apparatus from any other apparatus or the making safe of redundant apparatus;
- (d) the approval of plans;
- (e) the carrying out of protective works (including any protective works pursuant to article 20 (protective works to buildings), plus a capitalised sum to cover the cost of maintaining and renewing permanent protective works if required;
- (f) the survey of any land, apparatus or works, the inspection and monitoring of works or the installation or removal of any temporary works reasonably necessary in consequence of the execution of any such works referred to in this Part of this Schedule; and
- (g) any watching brief pursuant to sub-paragraph 25(6).

(2) There will be deducted from any sum payable under sub-paragraph (1) the value of any apparatus removed under the provisions of this Part of this Schedule and which is not re-used as part of the alternative apparatus, that value being calculated after removal.

(3) If in accordance with the provisions of this Part of this Schedule—

- (a) apparatus of better type, of greater capacity or of greater dimensions is placed in substitution for existing apparatus of worse type, of smaller capacity or of smaller dimensions; or
- (b) apparatus (whether existing apparatus or apparatus substituted for existing apparatus) is placed at a depth greater than the depth at which the existing apparatus was,

and the placing of apparatus of that type or capacity or of those dimensions or the placing of apparatus at that depth, as the case may be, is not agreed by the undertaker or, in default of agreement, is not determined by arbitration in accordance with paragraph 31 to be necessary, then,

if such placing involves cost in the construction of works under this Part of this Schedule exceeding that which would have been involved if the apparatus placed had been of the existing type, capacity or dimensions, or at the existing depth, as the case may be, the amount which apart from this sub-paragraph would be payable to Cadent by virtue of sub-paragraph (1) is to be reduced by the amount of that excess.

(4) For the purposes of sub-paragraph (3)—

- (a) an extension of apparatus to a length greater than the length of existing apparatus is not to be treated as a placing of apparatus of greater dimensions than those of the existing apparatus; and
- (b) where the provision of a joint in a cable is agreed, or is determined to be necessary, the consequential provision of a jointing chamber or of a manhole is to be treated as if it also had been agreed or had been so determined.

(5) An amount which apart from this sub-paragraph would be payable to Cadent in respect of works by virtue of sub-paragraph (1) will, if the works include the placing of apparatus provided in substitution for apparatus placed more than 7 years and 6 months earlier so as to confer on Cadent any financial benefit by deferment of the time for renewal of the apparatus in the ordinary course, be reduced by the amount which represents that benefit.

## **Indemnity**

27.—(1) Subject to sub-paragraphs (2) and (3), if by reason or in consequence of the construction of any such works authorised by this Part of this Schedule (including without limitation relocation, diversion, decommissioning, construction and maintenance of apparatus or alternative apparatus) or in consequence of the construction, use, maintenance or failure of any of the authorised development (including works carried out under article 20 (protective works to buildings)) by or on behalf of the undertaker or in consequence of any act or default of the undertaker (or any person employed or authorised by the undertaker) in the course of carrying out such works, including without limitation works carried out by the undertaker under this Part of this Schedule or any subsidence resulting from any of these works, any damage is caused to any apparatus or alternative apparatus (other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of the authorised development) or property of Cadent, or there is any interruption in any service provided, or in the supply of any goods, by Cadent, or Cadent becomes liable to pay any amount to any third party, the undertaker will—

- (a) bear and pay on demand accompanied by an invoice or claim from Cadent, the cost reasonably incurred by Cadent in making good such damage or restoring the supply; and
- (b) indemnify Cadent for any other expenses, loss, demands, proceedings, damages, claims, penalty, or costs properly incurred by, or recovered from Cadent, by reason or in consequence of any such damage or interruption or Cadent becoming liable to any third party as aforesaid other than arising from any negligence, omission or default of Cadent.

(2) The fact that any act or thing may have been done by Cadent on behalf of the undertaker or in accordance with a plan approved by Cadent or in accordance with any requirement of Cadent or under its supervision including under any watching brief will not (unless sub-paragraph (3) applies) excuse the undertaker from liability under the provisions of this sub-paragraph (1) unless Cadent fails to carry out and execute the works properly with due care and attention and in a skilful and workman like manner or in a manner that does not accord with the approved plan or as otherwise agreed between the undertaker and Cadent.

(3) Nothing in sub-paragraph (1) imposes any liability on the undertaker in respect of—

- (a) any damage or interruption to the extent that it is attributable to the neglect, omission or default of Cadent, its officers, servants, contractors or agents; and
- (b) any part of the authorised development or any other works authorised by this Part of this Schedule carried out by Cadent as an assignee, transferee or lessee of the undertaker with the benefit of the Order pursuant to section 156 (benefit of order granting development consent) of the 2008 Act or article 8 (consent to transfer benefit of the Order) subject to

the proviso that once such works become apparatus, any specified works yet to be executed and not falling within this paragraph (b) are subject to the full terms of this Part of this Schedule including this paragraph 27 in respect of such new apparatus.

(4) Cadent must give the undertaker reasonable notice of any such third party claim or demand and no settlement, admission of liability or compromise must, unless payment is required in connection with a statutory compensation scheme, be made without first consulting the undertaker and considering its representations.

(5) Cadent must use its reasonable endeavours to mitigate in whole or in part and to minimise any costs, expenses, loss, demands, and penalties to which the indemnity under this paragraph 27 applies. If requested to do so by the undertaker, Cadent must provide an explanation of how the claim has been minimised. The undertaker is only liable under this paragraph 27 for claims reasonably incurred by Cadent.

### **Enactments and agreements**

28. Except where this Part of this Schedule provides otherwise, or by agreement in writing between Cadent and the undertaker, nothing in this Part of this Schedule affects the provisions of any enactment or agreement regulating the relations between the undertaker and Cadent in respect of any apparatus laid or erected in land belonging to the undertaker on the date on which this Order is made.

### **Co-operation**

29.—(1) Where in consequence of the proposed construction of any part of the authorised development, the undertaker or Cadent requires the removal of apparatus under paragraph 23(2) or Cadent makes requirements for the protection or alteration of apparatus under paragraph 25, the undertaker must use its best endeavours to co-ordinate the execution of the works in the interests of safety and the efficient and economic execution of the authorised development and taking into account the need to ensure the safe and efficient operation of Cadent's undertaking and Cadent must use its best endeavours to co-operate with the undertaker for that purpose.

(2) For the avoidance of doubt whenever Cadent's consent, agreement or approval is required in relation to plans, documents or other information submitted by the undertaker or the taking of action by Cadent, it must not be unreasonably withheld or delayed.

### **Access**

30. If in consequence of any agreement reached in accordance with paragraph 22(1) or the powers granted under this Order the access to any apparatus is materially obstructed, the undertaker must provide such alternative rights and means of access to such apparatus as will enable Cadent to maintain or use the apparatus no less effectively than was possible before such obstruction.

### **Arbitration**

31. Any difference or dispute arising between the undertaker and Cadent under this Part of this Schedule must, unless otherwise agreed in writing between the undertaker and Cadent, be determined by arbitration in accordance with article 45 (arbitration).

### **Notices**

32. Notwithstanding article 42 (service of notices) any plans submitted to Cadent by the undertaker pursuant to sub-paragraph 25(1) must be sent via email to Cadent Gas Limited Plant Protection at [plantprotection@cadentgas.com](mailto:plantprotection@cadentgas.com) copied by e-mail to [vicky.cashman@cadentgas.com](mailto:vicky.cashman@cadentgas.com) and sent to the General Counsel Department at Cadent's registered office or such other address as Cadent may from time to time appoint instead for that purpose and notify to the undertaker in writing.

## PART 4

### FOR THE PROTECTION OF EASTERN POWER NETWORKS

**33.** For the protection of EPN as referred to in this Part of this Schedule the following provisions have effect, unless otherwise agreed in writing between the undertaker and EPN.

**34.** In this Part of this Schedule—

“alternative apparatus” means alternative apparatus adequate to enable EPN to fulfil its statutory functions in a manner not less efficient than previously;

“apparatus” means electric lines or electrical plant (as defined in the Electricity Act 1989(a)), belonging to or maintained by EPN;

“functions” includes powers and duties;

“in”, in a context referring to apparatus or alternative apparatus in land, includes a reference to apparatus or alternative apparatus under, over or upon land; and

“EPN” means Eastern Power Networks plc (company number 02366906) whose registered office is at Newington House, 237 Southwark Bridge Road, London SE1 6NP;

**35.** This Part of this Schedule does not apply to apparatus in respect of which the relations between the undertaker and EPN are regulated by the provisions of Part 3 of the 1991 Act.

**36.** Regardless of the temporary prohibition or restriction of use of streets under the powers conferred by article 13 (temporary prohibition or restriction of use of streets and public right of ways), EPN is at liberty at all times to take all necessary access across any such street and to execute and do all such works and things in, upon or under any such street as may be reasonably necessary or desirable to enable it to maintain any apparatus which at the time of the prohibition or restriction was in that street.

**37.** Regardless of any provision in this Order or anything shown on the land plans, the undertaker must not acquire any apparatus otherwise than by agreement.

**38.**—(1) If, in the exercise of the powers conferred by this Order, the undertaker acquires any interest in any land in which any apparatus is placed or over which access to any apparatus is enjoyed or requires that EPN’s apparatus is relocated or diverted, that apparatus must not be removed under this Part of this Schedule, and any right of EPN to maintain that apparatus in that land and to gain access to it must not be extinguished, until alternative apparatus has been constructed and is in operation, and access to it has been provided, to the reasonable satisfaction of EPN in accordance with sub-paragraphs (2) to (7).

(2) If, for the purpose of executing any works in, on or under any land purchased, held, appropriated or used under this Order, the undertaker requires the removal of any apparatus placed in that land, the undertaker must give to EPN written notice of that requirement, together with a plan and section of the work proposed, and of the proposed position of the alternative apparatus to be provided or constructed and in that case (or if in consequence of the exercise of any of the powers conferred by this Order EPN reasonably needs to remove any of its apparatus) the undertaker must, subject to sub-paragraph (3), afford to EPN the necessary facilities and rights for the construction of alternative apparatus in other land of the undertaker and subsequently for the maintenance of that apparatus.

(3) If alternative apparatus or any part of such apparatus is to be constructed elsewhere than in other land of the undertaker, or the undertaker is unable to afford such facilities and rights as are mentioned in sub-paragraph (2), in the land in which the alternative apparatus or part of such apparatus is to be constructed, EPN must, on receipt of a written notice to that effect from the undertaker, as soon as reasonably possible use reasonable endeavours to obtain the necessary facilities and rights in the land in which the alternative apparatus is to be constructed provided that

---

(a) 1989 c.29.

this obligation shall not require EPN to exercise any power it may have to acquire any land or rights by compulsory purchase order.

(4) Any alternative apparatus to be constructed in land of the undertaker under this Part of this Schedule must be constructed in such manner and in such line or situation as may be agreed between EPN and the undertaker or in default of agreement settled by arbitration in accordance with article 45 (arbitration).

(5) EPN must, after the alternative apparatus to be provided or constructed has been agreed or settled by arbitration in accordance with article 45 (arbitration), and after the grant to EPN of any such facilities and rights as are referred to in sub-paragraph (2) or (3), proceed without unnecessary delay to construct and bring into operation the alternative apparatus and subsequently to remove any apparatus required by the undertaker to be removed under the provisions of this Part of this Schedule.

(6) Regardless of anything in sub-paragraph (5), if the undertaker gives notice in writing to EPN that it desires itself to execute any work, or part of any work, in connection with the construction or removal of apparatus in any land controlled by the undertaker, that work, instead of being executed by EPN, must be executed by the undertaker without unnecessary delay under the superintendence, if given, and to the reasonable satisfaction of EPN.

(7) Nothing in sub-paragraph (6) authorises the undertaker to execute the placing, installation, bedding, packing, removal, connection or disconnection of any apparatus, or execute any filling around the apparatus (where the apparatus is laid in a trench) within 300 millimetres of the apparatus.

**39.—**(1) Where, in accordance with the provisions of this Part of this Schedule, the undertaker affords to EPN facilities and rights for the construction and maintenance in land of the undertaker of alternative apparatus in substitution for apparatus to be removed, those facilities and rights must be granted upon such terms and conditions as may be agreed between the undertaker and EPN or in default of agreement settled by arbitration in accordance with article 45 (arbitration).

(2) If the facilities and rights to be afforded by the undertaker in respect of any alternative apparatus, and the terms and conditions subject to which those facilities and rights are to be granted, are in the opinion of the arbitrator less favourable on the whole to EPN than the facilities and rights enjoyed by it in respect of the apparatus to be removed and the terms and conditions to which those facilities and rights are subject, the arbitrator must make such provision for the payment of compensation by the undertaker to EPN as appears to the arbitrator to be reasonable having regard to all the circumstances of the particular case.

**40.—**(1) Not less than 28 days before starting the execution of any works in, on or under any land purchased, held, appropriated or used under this Order that are near to, or will or may affect, any apparatus the removal of which has not been required by the undertaker under paragraph 38(2), the undertaker must submit to EPN a plan, section and description of the works to be executed.

(2) Those works must be executed only in accordance with the plan, section and description submitted under sub-paragraph (1) and in accordance with such reasonable requirements as may be made in accordance with sub-paragraph (3) by EPN for the alteration or otherwise for the protection of the apparatus, or for securing access to it, and EPN is entitled to watch and inspect the execution of those works.

(3) Any requirements made by EPN under sub-paragraph (2) must be made within a period of 21 days beginning with the date on which a plan, section and description under sub-paragraph (1) are submitted to it.

(4) If EPN in accordance with sub-paragraph (3) and in consequence of the works proposed by the undertaker, reasonably requires the removal of any apparatus and gives written notice to the undertaker of that requirement, paragraphs 33 to 39 apply as if the removal of the apparatus had been required by the undertaker under paragraph 38(2).

(5) Nothing in this paragraph precludes the undertaker from submitting at any time or from time to time, but in no case less than 28 days before commencing the execution of any works, a new plan, section and description instead of the plan, section and description previously submitted, and

having done so the provisions of this paragraph apply to and in respect of the new plan, section and description.

(6) The undertaker is not required to comply with sub-paragraph (1) in a case of emergency but in that case it must give to EPN notice as soon as is reasonably practicable and a plan, section and description of those works as soon as reasonably practicable subsequently and must comply with sub-paragraph (2) in so far as is reasonably practicable in the circumstances.

**41.**—(1) Subject to the following provisions of this paragraph, the undertaker must repay to EPN the reasonable expenses incurred by EPN in, or in connection with, the inspection, removal, alteration or protection of any apparatus or the construction of any new apparatus which may be required in consequence of the execution of any such works as are referred to in paragraph 38(2).

(2) There is to be deducted from any sum payable under sub-paragraph (1) the value of any apparatus removed under the provisions of this Part of this Schedule, that value being calculated after removal.

(3) If in accordance with the provisions of this Part of this Schedule—

(a) apparatus of better type, of greater capacity or of greater dimensions is placed in substitution for existing apparatus of worse type, of smaller capacity or of smaller dimensions; or

(b) apparatus (whether existing apparatus or apparatus substituted for existing apparatus) is placed at a depth greater than the depth at which the existing apparatus was,

and the placing of apparatus of that type or capacity or of those dimensions or the placing of apparatus at that depth, as the case may be, is not agreed by the undertaker or, in default of agreement, is not determined by arbitration in accordance with article 45 (arbitration) to be necessary, then, if such placing involves cost in the construction of works under this Part of this Schedule exceeding that which would have been involved if the apparatus placed had been of the existing type, capacity or dimensions, or at the existing depth, as the case may be, the amount which apart from this sub-paragraph would be payable to EPN by virtue of sub-paragraph (1) is to be reduced by the amount of that excess.

(4) For the purposes of sub-paragraph (3)—

(a) an extension of apparatus to a length greater than the length of existing apparatus is not to be treated as a placing of apparatus of greater dimensions than those of the existing apparatus where such extension is required in consequence of the execution of any such works as are referred to in paragraph 38(2); and

(b) where the provision of a joint in a cable is agreed, or is determined to be necessary, the consequential provision of a jointing chamber or of a manhole is to be treated as if it also had been agreed or had been so determined.

(5) An amount which apart from this sub-paragraph would be payable to EPN in respect of works by virtue of sub-paragraph (1), if the works include the placing of apparatus provided in substitution for apparatus placed more than 7 years and 6 months earlier so as to confer on EPN any financial benefit by deferment of the time for renewal of the apparatus in the ordinary course, is to be reduced by the amount which represents that benefit.

**42.**—(1) Subject to sub-paragraphs (2) and (3), if by reason or in consequence of the construction of any of the works referred to in paragraph 38(2), any damage is caused to any apparatus (other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of those works) or property of EPN, or there is any interruption in any service provided, or in the supply of any goods, by EPN, the undertaker must—

(a) bear and pay the cost reasonably incurred by EPN in making good such damage or restoring the supply; and

(b) indemnify EPN for any other expenses, loss, demands, proceedings, damages, claims, penalty or costs incurred by or recovered from EPN,

by reason or in consequence of any such damage or interruption.

(2) Nothing in sub-paragraph (1) imposes any liability on the undertaker with respect to any damage or interruption to the extent that it is attributable to the act, neglect or default of EPN, its officers, servants, contractors or agents.

(3) EPN must give the undertaker reasonable notice of any such claim or demand and no settlement or compromise is to be made without the consent of the undertaker which, if it withholds such consent, has the sole conduct of any settlement or compromise or of any proceedings necessary to resist the claim or demand.

43. Nothing in this Part of this Schedule affects the provisions of any enactment or agreement regulating the relations between the undertaker and EPN in respect of any apparatus laid or erected in land belonging to the undertaker on the date on which this Order is made.

## PART 5

### FOR THE PROTECTION OF NATIONAL HIGHWAYS

44.—(1) The following provisions of this Part of this Schedule, unless otherwise agreed in writing between the undertaker and National Highways, have effect.

(2) In this Part of this Schedule—

“highway” means any highway of which National Highways is the highway authority;

“National Highways” means National Highways Limited (company number 13574541);

“plans” includes sections, designs, drawings, specifications, soil reports, staging proposals, programmes, calculations, methods of construction, risk assessments and details of the extent, timing and duration of any proposed occupation of any highway and “approved plans” means plans approved or deemed to be approved or settled by arbitration in accordance with the provisions of this Part of this Schedule; and

“property of National Highways” means any apparatus or street furniture of the relevant highway authority affixed to or placed under any highway.

(3) Wherever in this Part of this Schedule provision is made with respect to the approval or consent of National Highways, that approval or consent must be in writing and subject to such reasonable terms and conditions as National Highways may require.

(4) In exercising the powers conferred by this Order in relation to any highway the undertaker must have regard to the potential disruption of traffic which may be caused and must seek to minimise such disruption so far as is reasonably practicable.

45.—(1) Before commencing the construction of, or the carrying out of any work which involves interference with a highway, the undertaker must submit to National Highways for its approval plans relating thereto, and the works must not be carried out except in accordance with the plans submitted to, and approved by, National Highways.

(2) If within 28 days after the plans have been submitted National Highways has not approved or disapproved them, it is deemed to have approved the plans as submitted.

(3) Any officer of National Highways duly appointed for the purpose may at all reasonable times, on giving to the undertaker such notice as may in the circumstances be reasonable, enter upon and inspect any part of the works authorised by this Order which—

(a) is in, over or under any highway; or

(b) which may affect any highway or any property of National Highways,

during the carrying out of the work, and the undertaker must give to such officer all reasonable facilities for such inspection and, if the officer is of the opinion that the construction of the work is attended with danger to any highway or to any property of National Highways on or under any highway, the undertaker must adopt such measures and precautions as may be reasonably practicable for the purpose of preventing any damage or injury to the highway.

(4) In the construction of any part of the said works under a highway no part of it shall, except with the consent of National Highways, be so constructed as to interfere with the provision of proper means of drainage of the surface of the highway.

**46.—**(1) The undertaker must not alter, disturb or in any way interfere with any property of National Highways on or under any highway, or the access thereto, without the consent of the National Highways, and any alteration, diversion, replacement or reconstruction of any such property which may be necessary may be made by National Highways or the undertaker as the National Highways thinks fit, and the expense reasonably incurred by National Highways in so doing must be repaid to National Highways by the undertaker.

(2) The undertaker must not under the powers conferred by or under this Order without the consent of National Highways, acquire or enter upon, take or use whether temporarily or permanently or acquire any new rights over any part of any highway, including subsoil beneath the surface of any highway.

(3) If within 28 days after a request for consent has been submitted National Highways has not given or refused such consent, it is deemed to have consented to the request as submitted.

**47.—**(1) Where any part of any highway has been broken up or disturbed by the undertaker, the undertaker must make good the subsoil, foundations and surface of that part of the highway to the reasonable satisfaction of National Highways and must maintain the same to the reasonable satisfaction of National Highways for such time as may reasonably be required for the permanent reinstatement of the highway.

(2) The reinstatement of that part of the highway must be carried out by the undertaker to the reasonable satisfaction of National Highways in accordance with such requirements as to specification of material and standards of workmanship as may be prescribed for equivalent reinstatement work by regulations made under section 71 of the 1991 Act.

**48.** If any damage to any highway or any property of National Highways on or under any highway is caused by, or results from, the construction of any work authorised by this Order or any act or omission of the undertaker, its contractors, agents or employees whilst engaged upon such work, the undertaker must, in the case of damage to a highway, make good such damage to the reasonable satisfaction of National Highways and, where the undertaker does not make good, or in the case of damage to property of National Highways, the undertaker must pay reasonable compensation to National Highways for such damage.

**49.** The fact that any act or thing may have been done in accordance with plans approved by National Highways does not (if it was not attributable to the act, neglect or default of National Highways or of any person in its employment or its contractors or agents) exonerate the undertaker from any liability, or affect any claim for damages, under this Part or otherwise.

**50.** National Highways must use its reasonable endeavours to mitigate in whole or in part and to minimise any costs, expenses, loss, demands, and penalties to which paragraph 48 applies. If requested to do so by the undertaker, National Highways must provide an explanation of how the claim has been minimised. The undertaker is only liable under paragraph 48 for claims reasonably incurred by National Highways.

**51.** Any difference arising between the undertaker and the relevant highway authority under this part of this Schedule (other than in difference as to the meaning or construction of this Part of this Schedule) shall be resolved by arbitration under article 45 (arbitration).

## PART 6

### FOR THE PROTECTION OF INTERNAL DRAINAGE BOARD

**52.** The provisions of this Part have effect for the protection of the Board unless otherwise agreed in writing between the undertaker and the Board.

**53.** In this Part—

“construction” includes execution, placing, altering, replacing, relaying and removal; and “construct” and “constructed” must be construed accordingly;

“the Board” means Hundred of Wisbech Internal Drainage Board or King’s Lynn Internal Drainage Board (as applicable);

“drainage work” means any ordinary watercourse and includes any land that provides or is expected to provide flood storage capacity for any ordinary watercourse and any bank, wall, embankment or other structure, or any appliance, constructed or used for land drainage or flood defence;

“Internal Drainage District” has the meaning given in the Land Drainage Act 1991;

“ordinary watercourse” has the meaning given in section 72 (Interpretation) of the Land Drainage Act 1991;

“plans” includes sections, drawings, specifications and method statements;

“evidence” includes hydraulic modelling, infiltration test results and geotechnical evaluations;

“specified work” means so much of any work or operation authorised by this Order as is in, on, under, over or within 9 metres of a drainage work within the Board’s Internal Drainage District or is otherwise likely to—

- (a) affect any drainage work within the Board’s Internal Drainage District
- (b) affect the total volume or volumetric rate of flow of water in or flowing to or from any drainage work within the Board’s Internal Drainage District;
- (c) affect the flow of water in any drainage work within the Board’s Internal Drainage District; or
- (d) affect the conservation, distribution or use of water resources.

**54.**—(1) Before beginning to construct any specified work, the undertaker must submit to the Board plans of the specified work, evidence to support said plans and any such further particulars available to it as the Board may within 28 days of the submission of the plans reasonably require (or submission of further particulars if required by the Board).

(2) Any such specified work must not be constructed except in accordance with such plans as may be approved in writing by the Board or determined under paragraph 54.

(3) Any approval of the Board required under this paragraph—

- (a) must not be unreasonably withheld or delayed;
- (b) is deemed to have been given if it is neither given nor refused within 2 months of the submission of the plans for approval (or the submission of further particulars if applicable) or, in the case of a refusal, if it is not accompanied by a statement of the grounds of refusal; and
- (c) may be given subject to such reasonable requirements and conditions as the Board may consider appropriate,

(4) the Board must use its reasonable endeavours to respond to the submission of any plans before the expiration of the period mentioned in sub-paragraph (3)(b).

**55.** Without limiting paragraph 54, the requirements which the Board may make under that paragraph include conditions requiring the undertaker at its own expense to construct such protective works, whether temporary or permanent, during the construction of the specified work (including the provision of flood banks, walls or embankments or other new works and the strengthening, repair or renewal of existing banks, walls or embankments) as are reasonably necessary—

- (a) to safeguard any drainage work against damage; or
- (b) to secure that its efficiency for flood defence purposes is not impaired and that the risk of flooding is not otherwise increased, by reason of any specified work.

**56.**—(1) Subject to sub-paragraph (2), any specified work, and all protective works required by the Board under paragraph 55, must be constructed—

- (a) without unreasonable delay in accordance with the plans approved or deemed to have been approved or settled under this Part; and
- (b) to the reasonable satisfaction of the Board, and an officer of the Board is entitled to give such notice as may be reasonably required in the circumstances to watch and inspect the construction of such works.

(2) The undertaker must give to the Board—

- (a) not less than 14 days' notice in writing of its intention to commence construction of any specified work; and
- (b) notice in writing of its completion not later than 7 days after the date on which it is brought into use.

(3) If the Board reasonably requires, the undertaker must construct all or part of the protective works so that they are in place before the construction of the specified work.

(4) If any part of a specified work or any protective work required by the Board is constructed otherwise than in accordance with the requirements of this Part, the Board may by notice in writing require the undertaker at the undertaker's expense to comply with the requirements of this Part or (if the undertaker so elects and the Board in writing consents, such consent not to be unreasonably withheld or delayed) to remove, alter or pull down the work and, where removal is required, to restore the site to its former condition to such extent and within such limits as the Board reasonably requires.

(5) Subject to sub-paragraph (6), if within a reasonable period, being not less than 28 days from the date when a notice under sub-paragraph (4) is served on the undertaker, the undertaker has failed to begin taking steps to comply with the requirements of the notice and subsequently to make reasonably expeditious progress towards their implementation, the Board may execute the works specified in the notice, and any expenditure reasonably incurred by it in so doing is recoverable from the undertaker.

(6) In the event of any dispute as to whether sub-paragraph (4) is properly applicable to any work in respect of which notice has been served under that sub-paragraph, or as to the reasonableness of any requirement of such a notice, the Board must not except in emergency exercise the powers conferred by sub-paragraph (4) until the dispute has been finally resolved by agreement or determined under paragraph 61.

**57.** If by reason of the construction of any specified work or of the failure of any such work the efficiency of any drainage work for flood defence purposes is impaired, or the drainage work is otherwise damaged, the impairment or damage must be made good by the undertaker to the reasonable satisfaction of the Board and, if the undertaker fails to do so, the Board may make good the impairment or damage and recover from the undertaker the expense reasonably incurred by it in doing so.

**58.** The undertaker must compensate the Board in respect of all costs, charges and expenses that the Board may reasonably incur, have to pay or may sustain—

- (a) in the examination or approval of plans and evidence under this Part;
- (b) in inspecting the proposed site for and construction of any specified work or any protective works required by the Board under this Part; and
- (c) in carrying out of any surveys or tests by the Board that are reasonably required in connection with the construction of the specified work.

**59.—(1)** Without limiting the other provisions of this Part, the undertaker must compensate the Board in respect of all claims, demands, proceedings, costs, damages, expenses or loss that may be made or taken against, reasonably recovered from or incurred by the Board by reason of—

- (a) any damage to any drainage work so as to impair its efficiency for the purposes of flood defence;
- (b) any flooding or increased flooding of any such land which is caused by, or results from, the construction of the specified work or any act or omission of the undertaker, its contractors, agents or employees whilst engaged upon the work.

(2) The Board must give to the undertaker reasonable notice of any such claim or demand, and no settlement or compromise may be made without the agreement of the undertaker which agreement must not be unreasonably withheld or delayed.

(3) The Board must use its reasonable endeavours to mitigate in whole or in part and to minimise any claims, demands, proceedings, costs, damages, expenses or loss to which this paragraph 59 applies. If requested to do so by the undertaker, the Board must provide an explanation of how the claim has been minimised. The undertaker is only liable under this paragraph 59 for claims reasonably incurred by the Board.

**60.** The fact that any work or thing has been executed or done by the undertaker in accordance with a plan approved or deemed to be approved by the Board, or to its satisfaction, or in accordance with any directions or award of an arbitrator, does not relieve the undertaker from any liability under this Part.

**61.** Any dispute between the undertaker and the Board under this Part, unless otherwise agreed, must be determined by arbitration under article 45 (arbitration), but must be determined by the Secretary of State for Environment, Food and Rural Affairs and the Secretary of State for Business, Energy and Industrial Strategy acting jointly on a reference to them by the undertaker or the Board, after notice in writing by one to the other.

## PART 7

### FOR THE PROTECTION OF ANGLIAN WATER

**62.** For the protection of Anglian Water, the following provisions shall, unless otherwise agreed in writing between the undertaker and Anglian Water, have effect.

**63.** In this Part of this Schedule—

“alternative apparatus” means alternative apparatus adequate to enable Anglian Water to fulfil its statutory functions in no less efficient a manner than previously;

“Anglian Water” means Anglian Water Services Limited (company number 02366656);

“apparatus” means any works, mains, pipes or other apparatus belonging to or maintained by Anglian Water for the purposes of water supply and sewerage and

- (a) any drain or works vested in Anglian Water under The Water Industry Act 1991,
- (b) any sewer which is so vested or is the subject of a notice of intention to adopt given under section 102 (4) of The Water Industry Act 1991 or an agreement to adopt made under section 104 of that Act,

and includes a sludge main, disposal main or sewer outfall and any manholes, ventilating shafts, pumps or other accessories forming part of any sewer, drain, or works (within the meaning of section 219 of that Act) and any structure in which apparatus is or is to be lodged or which gives or will give access to apparatus;

“functions” includes powers and duties;

“in” in a context referring to apparatus or alternative apparatus in land includes a reference to apparatus or alternative apparatus under, over or upon land; and

“plan” includes sections, drawings, specifications and method statements.

**64.** The undertaker shall not interfere with, build over or near to any apparatus within the Order Land or execute the placing, installation, bedding, packing, removal, connection or disconnection of any apparatus, or carry out any filling around the apparatus (where the apparatus is laid in a trench) within the standard protection strips which are the strips of land falling within the following distances to either side of the medial line of any relevant apparatus;

- (a) 2.25 metres where the diameter of the pipe is less than 150 millimetres;
- (b) 3 metres where the diameter of the pipe is between 150 and 450 millimetres;
- (c) 4.5 metres where the diameter of the pipe is between 450 and 750 millimetres; and

(d) 6 metres where the diameter of the pipe exceeds 750 millimetres, unless otherwise agreed in writing with Anglian Water, such agreement not to be unreasonably withheld or delayed, and such provision being brought to the attention of any agent or contractor responsible for carrying out any work on behalf of the undertaker in writing.

**65.** The alteration, extension, removal or re-location of any apparatus shall not be implemented until—

- (a) any requirement for any permits under the Environmental Permitting (England and Wales) Regulations 2016 or other legislation and any other associated consents are obtained by the undertaker, and any approval or agreement required from Anglian Water on alternative outfall locations as a result of such re-location are approved, such approvals from Anglian Water not to be unreasonably withheld or delayed; and
- (b) the undertaker has made the appropriate application required under the Water Industry Act 1991 together with a plan and section of the works proposed and Anglian Water has agreed all of the contractual documentation required under the Water Industry Act 1991, such agreement not to be unreasonably withheld or delayed; and such works to be carried out only in accordance with the plan, section and description submitted and in accordance with such reasonable requirements as may be made by Anglian Water for the alteration or otherwise for the protection of the apparatus, or for securing access to it.

**66.** In the situation, where in exercise of the powers conferred by the Order, the undertaker acquires any interest in any land in which apparatus is placed and such apparatus is to be relocated, extended, removed or altered in any way, an alteration or extension must not take place until Anglian Water has established to its reasonable satisfaction, contingency arrangements in order to conduct its functions for the duration of the works to relocate, extend, remove or alter the apparatus.

**67.** Regardless of any provision in this Order or anything shown on any plan, the undertaker must not acquire any apparatus otherwise than by agreement with Anglian Water, and before extinguishing any existing rights for Anglian Water to use, keep, inspect, renew and maintain its apparatus in the Order land, the undertaker shall, with the agreement of Anglian Water, create a new right to use, keep, inspect, renew and maintain the apparatus that is reasonably convenient for Anglian Water such agreement not to be unreasonably withheld or delayed, and to be subject to arbitration under article 45 (arbitration).

**68.** If in consequence of the exercise of the powers conferred by the Order the access to any apparatus is materially obstructed the undertaker shall provide such alternative means of access to such apparatus as will enable Anglian Water to maintain or use the apparatus no less effectively than was possible before such obstruction.

**69.** If in consequence of the exercise of the powers conferred by the Order, previously unmapped sewers, lateral drains or other apparatus belonging to Anglian Water are identified by the undertaker, notification of the location of such assets will immediately be given to Anglian Water and afforded the same protection as other Anglian Water apparatus.

**70.** If for any reason or in consequence of the construction of any of the works referred to in paragraphs 65 to 67 and 69 above any damage is caused to any apparatus (other than apparatus the repair of which is not reasonably necessary in view of its intended removal for the purposes of those works) or property of Anglian Water, or there is any interruption in any service provided, or in the supply of any goods, by Anglian Water, the undertaker shall,

- (a) bear and pay the cost reasonably incurred by Anglian Water in making good any damage or restoring the supply; and
- (b) make reasonable compensation to Anglian Water for any other expenses, loss, damages, penalty or costs incurred by Anglian Water.

**71.** To the extent (but not greater) that Anglian Water has not used its reasonable endeavours to mitigate and minimise in whole or in part any costs, expenses, loss, demands, and penalties to which the provisions of this Part apply, that amount of such costs, expenses, loss, demands and

penalties shall not be recoverable from the undertaker. If requested to do so by the undertaker, Anglian Water shall provide an explanation of how any claim has been minimised. The undertaker shall only be liable under paragraph 70 for claims reasonably incurred by Anglian Water.

## PART 8

### FOR THE PROTECTION OF RAILWAY INTERESTS

72. The provisions of this Part of this Schedule have effect, unless otherwise agreed in writing between the undertaker and Network Rail and, in the case of paragraph 86 of this Part of this Schedule any other person on whom rights or obligations are conferred by that paragraph.

73. In this Part of this Schedule—

“asset protection agreement” means an agreement to regulate the construction and maintenance of the specified work in a form prescribed from time to time by Network Rail;

“construction” includes execution, placing, alteration and reconstruction and “construct” and “constructed” have corresponding meanings;

“the engineer” means an engineer appointed by Network Rail for the purposes of this Order;

“network licence” means the network licence, as the same is amended from time to time, granted to Network Rail Infrastructure Limited by the Secretary of State in exercise of their powers under section 8 (licences) of the Railways Act 1993;

“Network Rail” means Network Rail Infrastructure Limited (company number 02904587, whose registered office is at 1 Eversholt Street, London NW1 2DN) and any associated company of Network Rail Infrastructure Limited which holds property for railway purposes, and for the purpose of this definition “associated company” means any company which is (within the meaning of section 1159 of the Companies Act 2006) the holding company of Network Rail Infrastructure Limited, a subsidiary of Network Rail Infrastructure Limited or another subsidiary of the holding company of Network Rail Infrastructure Limited and any successor to Network Rail Infrastructure Limited’s railway undertaking;

“plans” includes sections, designs, design data, software, drawings, specifications, soil reports, calculations, descriptions (including descriptions of methods of construction), staging proposals, programmes and details of the extent, timing and duration of any proposed occupation of railway property;

“railway operational procedures” means procedures specified under any access agreement (as defined in the Railways Act 1993) or station lease;

“railway property” means any railway belonging to Network Rail and—

- (a) any station, land, works, apparatus and equipment belonging to Network Rail or connected with any such railway; and
- (b) any easement or other property interest held or used by Network Rail or a tenant or licensee of Network Rail for the purposes of such railway or works, apparatus or equipment;

“regulatory consents” means any consent or approval required under:

- (a) the Railways Act 1993;
- (b) the network licence; and/or
- (c) any other relevant statutory or regulatory provisions;

by either the Office of Rail and Road or the Secretary of State for Transport or any other competent body including change procedures and any other consents, approvals of any access or beneficiary that may be required in relation to the authorised development;

“specified work” means so much of any of the authorised development as is situated upon, across, under, over or within 15 metres of, or may in any way adversely affect, railway property and, for the avoidance of doubt, includes the maintenance of such works under the

powers conferred by article 4 (maintenance of authorised development) in respect of such works.

**74.**—(1) Where under this Part of this Schedule Network Rail is required to give its consent or approval in respect of any matter, that consent or approval is subject to the condition that Network Rail complies with any relevant railway operational procedures and any obligations under its network licence or under statute.

(2) In so far as any specified work or the acquisition or use of railway property is or may be subject to railway operational procedures, Network Rail must—

- (a) co-operate with the undertaker with a view to avoiding undue delay and securing conformity as between any plans approved by the engineer and requirements emanating from those procedures; and
- (b) use their reasonable endeavours to avoid any conflict arising between the application of those procedures and the proper implementation of the authorised development pursuant to this Order.

**75.**—(1) The undertaker must not exercise the powers conferred by—

- (a) article 3 (development consent granted by the Order);
- (b) article 4 (maintenance of authorised development);
- (c) article 18 (discharge of water);
- (d) article 19 (authority to survey and investigate the land);
- (e) article 22 (compulsory acquisition of land);
- (f) article 24 (compulsory acquisition of rights and imposition of restrictive covenants);
- (g) article 25 (acquisition of subsoil only);
- (h) article 27 (power to override easements and other rights);
- (i) article 31 (temporary use of land for carrying out the authorised development);
- (j) article 32 (temporary use of land for maintaining the authorised development);
- (k) article 33 (statutory undertakers);
- (l) article 26 (private rights);
- (m) article 21 (felling or lopping of trees);
- (n) the powers conferred by section 11(3) (power of entry) of the 1965 Act;
- (o) the powers conferred by section 203 (power to override easements and rights) of the Housing and Planning Act 2016;
- (p) the powers conferred by section 172 (right to enter and survey land) of the Housing and Planning Act 2016;
- (q) any powers under in respect of the temporary possession of land under the Neighbourhood Planning Act 2017;

in respect of any railway property unless the exercise of such powers is with the consent of Network Rail.

(2) The undertaker must not in the exercise of the powers conferred by this Order prevent pedestrian or vehicular access to any railway property, unless preventing such access is with the consent of Network Rail.

(3) The undertaker must not exercise the powers conferred by sections 271 or 272 of the 1990 Act, article 33 (statutory undertakers), article 27 (power to override easements and other rights) or article 26 (private rights), in relation to any right of access of Network Rail to railway property, but such right of access may be diverted with the consent of Network Rail.

(4) The undertaker must not under the powers of this Order acquire or use or acquire new rights over, or seek to impose any restrictive covenants over, any railway property, or extinguish any existing rights of Network Rail in respect of any third party property, except with the consent of Network Rail.

(5) The undertaker must not under the powers of this Order do anything which would result in railway property being incapable of being used or maintained or which would affect the safe running of trains on the railway.

(6) Where Network Rail is asked to give its consent pursuant to this paragraph, such consent must not be unreasonably withheld but may be given subject to reasonable conditions but it shall never be unreasonable to withhold consent for reasons of operational or railway safety (such matters to be in Network Rail's absolute discretion).

(7) The undertaker must enter into an asset protection agreement prior to the carrying out of any specified work.

**76.—**(1) The undertaker must before commencing construction of any specified work supply to Network Rail proper and sufficient plans of that work for the reasonable approval of the engineer and the specified work must not be commenced except in accordance with such plans as have been approved in writing by the engineer or settled by arbitration.

(2) The approval of the engineer under sub-paragraph (1) must not be unreasonably withheld, and if by the end of the period of 28 days beginning with the date on which such plans have been supplied to Network Rail the engineer has not intimated their disapproval of those plans and the grounds of such disapproval the undertaker may serve upon the engineer written notice requiring the engineer to intimate approval or disapproval within a further period of 28 days beginning with the date upon which the engineer receives written notice from the undertaker. If by the expiry of the further 28 days the engineer has not intimated approval or disapproval, the engineer shall be deemed to have approved the plans as submitted.

(3) If by the end of the period of 28 days beginning with the date on which written notice was served upon the engineer under sub-paragraph (2), Network Rail gives notice to the undertaker that Network Rail desires itself to construct any part of a specified work which in the opinion of the engineer will or may affect the stability of railway property or the safe operation of traffic on the railways of Network Rail then, if the undertaker desires such part of the specified work to be constructed, Network Rail must construct it without unnecessary delay on behalf of and to the reasonable satisfaction of the undertaker in accordance with the plans approved or deemed to be approved or settled under this paragraph, and under the supervision (where appropriate and if given) of the undertaker.

(4) When signifying their approval of the plans the engineer may specify any protective works (whether temporary or permanent) which in the engineer's opinion should be carried out before the commencement of the construction of a specified work to ensure the safety or stability of railway property or the continuation of safe and efficient operation of the railways of Network Rail or the services of operators using the same (including any relocation de-commissioning and removal of works, apparatus and equipment necessitated by a specified work and the comfort and safety of passengers who may be affected by the specified works), and such protective works as may be reasonably necessary for those purposes must be constructed by Network Rail or by the undertaker, if Network Rail so desires, and such protective works must be carried out at the expense of the undertaker in either case without unnecessary delay and the undertaker must not commence the construction of the specified works until the engineer has notified the undertaker that the protective works have been completed to their reasonable satisfaction.

**77.—**(1) Any specified work and any protective works to be constructed by virtue of paragraph 76(4) must, when commenced, be constructed—

- (a) without unnecessary delay in accordance with the plans approved or deemed to have been approved or settled under paragraph 76;
- (b) under the supervision (where appropriate and if given) and to the reasonable satisfaction of the engineer;
- (c) in such manner as to cause as little damage as is possible to railway property; and
- (d) so far as is reasonably practicable, so as not to interfere with or obstruct the free, uninterrupted and safe use of any railway of Network Rail or the traffic thereon and the use by passengers of railway property.

(2) If any damage to railway property or any such interference or obstruction shall be caused by the carrying out of, or in consequence of the construction of a specified work, the undertaker must, notwithstanding any such approval, make good such damage and must pay to Network Rail all reasonable expenses to which Network Rail may be put and compensation for any loss which it may sustain by reason of any such damage, interference or obstruction.

(3) Nothing in this Part of this Schedule imposes any liability on the undertaker with respect to any damage, costs, expenses or loss attributable to the negligence of Network Rail or its servants, contractors or agents or any liability on Network Rail with respect of any damage, costs, expenses or loss attributable to the negligence of the undertaker or its servants, contractors or agents.

**78.** The undertaker must—

- (a) at all times afford reasonable facilities to the engineer for access to a specified work during its construction; and
- (b) supply the engineer with all such information as they may reasonably require with regard to a specified work or the method of constructing it.

**79.** Network Rail must at all times afford reasonable facilities to the undertaker and its agents for access to any works carried out by Network Rail under this Part of this Schedule during their construction and must supply the undertaker with such information as it may reasonably require with regard to such works or the method of constructing them.

**80.—(1)** If any permanent or temporary alterations or additions to railway property are reasonably necessary in consequence of the construction or completion of a specified work in order to ensure the safety of railway property or the continued safe operation of the railway of Network Rail, such alterations and additions may be carried out by Network Rail and if Network Rail gives to the undertaker 56 days' notice (or in the event of an emergency or safety critical issue such notice as is reasonable in the circumstances) of its intention to carry out such alterations or additions (which must be specified in the notice), the undertaker must pay to Network Rail the reasonable cost of those alterations or additions including, in respect of any such alterations and additions as are to be permanent, a capitalised sum representing the increase of the costs which may be expected to be reasonably incurred by Network Rail in maintaining, working and, when necessary, renewing any such alterations or additions.

(2) If during the construction of a specified work by the undertaker, Network Rail gives notice to the undertaker that Network Rail desires itself to construct that part of the specified work which in the opinion of the engineer is endangering the stability of railway property or the safe operation of traffic on the railways of Network Rail then, if the undertaker decides that part of the specified work is to be constructed, Network Rail must assume construction of that part of the specified work and the undertaker must, notwithstanding any such approval of a specified work under paragraph 76(3), pay to Network Rail all reasonable expenses to which Network Rail may be put and compensation for any loss which it may suffer by reason of the execution by Network Rail of that specified work.

(3) The engineer must, in respect of the capitalised sums referred to in this paragraph and paragraph 81(a) provide such details of the formula by which those sums have been calculated as the undertaker may reasonably require.

(4) If the cost of maintaining, working or renewing railway property is reduced in consequence of any such alterations or additions a capitalised sum representing such saving must be set off against any sum payable by the undertaker to Network Rail under this paragraph.

**81.** The undertaker must repay to Network Rail all reasonable fees, costs, charges and expenses reasonably incurred by Network Rail—

- (a) in constructing any part of a specified work on behalf of the undertaker as provided by paragraph 76(3) or in constructing any protective works under the provisions of paragraph 76(4) including, in respect of any permanent protective works, a capitalised sum representing the cost of maintaining and renewing those works;
- (b) in respect of the approval by the engineer of plans submitted by the undertaker and the supervision by the engineer of the construction of a specified work;

- (c) in respect of the employment or procurement of the services of any inspectors, signallers, watch-persons and other persons whom it shall be reasonably necessary to appoint for inspecting, signalling, watching and lighting railway property and for preventing, so far as may be reasonably practicable, interference, obstruction, danger or accident arising from the construction or failure of a specified work;
- (d) in respect of any special traffic working resulting from any speed restrictions which may in the opinion of the engineer, require to be imposed by reason or in consequence of the construction or failure of a specified work or from the substitution or diversion of services which may be reasonably necessary for the same reason; and
- (e) in respect of any additional temporary lighting of railway property in the vicinity of the specified works, being lighting made reasonably necessary by reason or in consequence of the construction or failure of a specified work.

**82.—(1)** In this paragraph—

“EMI” means, subject to sub-paragraph (2), electromagnetic interference with Network Rail apparatus generated by the operation of the authorised development where such interference is of a level which adversely affects the safe operation of Network Rail’s apparatus; and

“Network Rail’s apparatus” means any lines, circuits, wires, apparatus or equipment (whether or not modified or installed as part of the authorised development) which are owned or used by Network Rail for the purpose of transmitting or receiving electrical energy or of radio, telegraphic, telephonic, electric, electronic or other like means of signalling or other communications.

(2) This paragraph applies to EMI only to the extent that such EMI is not attributable to any change to Network Rail’s apparatus carried out after approval of plans under paragraph 76(1) for the relevant part of the authorised development giving rise to EMI (unless the undertaker has been given notice in writing before the approval of those plans of the intention to make such change).

(3) Subject to sub-paragraph (5), the undertaker must in the design and construction of the authorised development take all measures necessary to prevent EMI and must establish with Network Rail (both parties acting reasonably) appropriate arrangements to verify their effectiveness.

(4) In order to facilitate the undertaker’s compliance with sub-paragraph (3)—

- (a) the undertaker must consult with Network Rail as early as reasonably practicable to identify all Network Rail’s apparatus which may be at risk of EMI, and thereafter must continue to consult with Network Rail (both before and after formal submission of plans under paragraph 76(1)) in order to identify all potential causes of EMI and the measures required to eliminate them;
- (b) Network Rail must make available to the undertaker all information in the possession of Network Rail reasonably requested by the undertaker in respect of Network Rail’s apparatus identified pursuant to sub-paragraph (a); and
- (c) Network Rail must allow the undertaker reasonable facilities for the inspection of Network Rail’s apparatus identified pursuant to sub-paragraph (a).

(5) In any case where it is established that EMI can only reasonably be prevented by modifications to Network Rail’s apparatus, Network Rail must not withhold its consent unreasonably to modifications of Network Rail’s apparatus, but the means of prevention and the method of their execution must be selected in the reasonable discretion of Network Rail, and in relation to such modifications paragraph 76(1) has effect subject to the sub-paragraph.

(6) Prior to the commencement of operation of the authorised development the undertaker shall test the use of the authorised development in a manner that shall first have been agreed with Network Rail and if, notwithstanding any measures adopted pursuant to sub-paragraph (3), the testing of the authorised development causes EMI then the undertaker must immediately upon receipt of notification by Network Rail of such EMI either in writing or communicated orally (such oral communication to be confirmed in writing as soon as reasonably practicable after it has been issued) forthwith cease to use (or procure the cessation of use of) the undertaker’s apparatus causing such EMI until all measures necessary have been taken to remedy such EMI by way of

modification to the source of such EMI or (in the circumstances, and subject to the consent, specified in sub-paragraph (5)) to Network Rail's apparatus.

(7) In the event of EMI having occurred—

- (a) the undertaker must afford reasonable facilities to Network Rail for access to the undertaker's apparatus in the investigation of such EMI;
- (b) Network Rail must afford reasonable facilities to the undertaker for access to Network Rail's apparatus in the investigation of such EMI;
- (c) Network Rail must make available to the undertaker any additional material information in its possession reasonably requested by the undertaker in respect of Network Rail's apparatus or such EMI; and
- (d) the undertaker shall not allow the use or operation of the authorised development in a manner that has caused or will cause EMI until measures have been taken in accordance with this paragraph to prevent EMI occurring.

(8) Where Network Rail approves modifications to Network Rail's apparatus pursuant to sub-paragraphs (5) or (6)—

- (a) Network Rail must allow the undertaker reasonable facilities for the inspection of the relevant part of Network Rail's apparatus;
- (b) any modifications to Network Rail's apparatus approved pursuant to those sub-paragraphs must be carried out and completed by the undertaker in accordance with paragraph 77.

(9) To the extent that it would not otherwise do so, the indemnity in paragraph 86(1) applies to the costs and expenses reasonably incurred or losses suffered by Network Rail through the implementation of the provisions of this paragraph (including costs incurred in connection with the consideration of proposals, approval of plans, supervision and inspection of works and facilitating access to Network Rail's apparatus) or in consequence of any EMI to which sub-paragraph 77 applies.

(10) For the purpose of paragraph 81(a) any modifications to Network Rail's apparatus under this paragraph shall be deemed to be protective works referred to in that paragraph.

(11) In relation to any dispute arising under this paragraph the reference in article 45 (arbitration) to the Institution of Civil Engineers shall be read as a reference to the Institution of Engineering and Technology.

**83.** If at any time after the completion of a specified work, not being a work vested in Network Rail, Network Rail gives notice to the undertaker informing it that the state of maintenance of any part of the specified work appears to be such as adversely affects the operation of railway property, the undertaker must, on receipt of such notice, take such steps as may be reasonably necessary to put that specified work in such state of maintenance as not adversely to affect railway property.

**84.** The undertaker must not provide any illumination or illuminated sign or signal on or in connection with a specified work in the vicinity of any railway belonging to Network Rail unless it has first consulted Network Rail and it must comply with Network Rail's reasonable requirements for preventing confusion between such illumination or illuminated sign or signal and any railway signal or other light used for controlling, directing or securing the safety of traffic on the railway.

**85.** Any additional expenses which Network Rail may reasonably incur in altering, reconstructing or maintaining railway property under any powers existing at the making of this Order by reason of the existence of a specified work must, provided that 56 days' previous notice of the commencement of such alteration, reconstruction or maintenance has been given to the undertaker, be repaid by the undertaker to Network Rail.

**86.—(1)** The undertaker must pay to Network Rail all reasonable costs, charges, damages and expenses not otherwise provided for in this Part of this Schedule (subject to article 44 (no double recovery)) which may be occasioned to or reasonably incurred by Network Rail—

- (a) by reason of the construction, maintenance or operation of a specified work or the failure thereof; or
- (b) by reason of any act or omission of the undertaker or of any person in its employ or of its contractors or others whilst engaged upon a specified work;
- (c) by reason of any act or omission of the undertaker or any person in its employ or of its contractors or others whilst accessing to or egressing from the authorised development;
- (d) in respect of any damage caused to or additional maintenance required to, railway property or any such interference or obstruction or delay to the operation of the railway as a result of access to or egress from the authorised development by the undertaker or any person in its employ or of its contractors or others;
- (e) in respect of costs incurred by Network Rail in complying with any railway operational procedures or obtaining any regulatory consents which procedures are required to be followed or consents obtained to facilitate the carrying out or operation of the authorised development;

and the undertaker must indemnify and keep indemnified Network Rail from and against all claims and demands arising out of or in connection with a specified work or any such failure, act or omission: and the fact that any act or thing may have been done by Network Rail on behalf of the undertaker or in accordance with plans approved by the engineer or in accordance with any requirement of the engineer or under the engineer's supervision shall not (if it was done without negligence on the part of Network Rail or of any person in its employ or of its contractors or agents) excuse the undertaker from any liability under the provisions of this sub-paragraph.

(2) Network Rail must—

- (a) give the undertaker reasonable written notice of any such claims or demands
- (b) not make any settlement or compromise of such a claim or demand without the prior consent of the undertaker; and
- (c) take such steps as are within its control and are reasonable in the circumstances to mitigate any liabilities relating to such claims or demands.

(3) The sums payable by the undertaker under sub-paragraph (1) shall if relevant include a sum equivalent to the relevant costs.

(4) Subject to the terms of any agreement between Network Rail and a train operator regarding the timing or method of payment of the relevant costs in respect of that train operator, Network Rail must promptly pay to each train operator the amount of any sums which Network Rail receives under sub-paragraph (3) which relates to the relevant costs of that train operator.

(5) The obligation under sub-paragraph (3) to pay Network Rail the relevant costs shall, in the event of default, be enforceable directly by any train operator concerned to the extent that such sums would be payable to that operator pursuant to sub-paragraph (4).

(6) In this paragraph—

“the relevant costs” means the costs, losses and expenses (including loss of revenue) reasonably incurred by each train operator as a consequence of any specified work including but not limited to any restriction of the use of Network Rail's railway network as a result of the construction, maintenance or failure of a specified work or any such act or omission as mentioned in sub-paragraph (1); and

“train operator” means any person who is authorised to act as the operator of a train by a licence under section 8 of the Railways Act 1993.

**87.** Network Rail must, on receipt of a request from the undertaker, from time to time provide the undertaker free of charge with written estimates of the costs, charges, expenses and other liabilities for which the undertaker is or will become liable under this Part of this Schedule (including the amount of the relevant costs mentioned in paragraph 86) and with such information as may reasonably enable the undertaker to assess the reasonableness of any such estimate or claim made or to be made pursuant to this Part of this Schedule (including any claim relating to those relevant costs).

**88.** In the assessment of any sums payable to Network Rail under this Part of this Schedule there must not be taken into account any increase in the sums claimed that is attributable to any action taken by or any agreement entered into by Network Rail if that action or agreement was not reasonably necessary and was taken or entered into with a view to obtaining the payment of those sums by the undertaker under this Part of this Schedule or increasing the sums so payable.

**89.** The undertaker and Network Rail may, subject in the case of Network Rail to compliance with the terms of its network licence, enter into, and carry into effect, agreements for the transfer to the undertaker of—

- (a) any railway property shown on the works and land plans and described in the book of reference;
- (b) any lands, works or other property held in connection with any such railway property; and
- (c) any rights and obligations (whether or not statutory) of Network Rail relating to any railway property or any lands, works or other property referred to in this paragraph.

**90.** Nothing in this Order, or in any enactment incorporated with or applied by this Order, prejudices or affects the operation of Part I of the Railways Act 1993.

**91.** The undertaker must give written notice to Network Rail if any application is proposed to be made by the undertaker for the Secretary of State's consent, under article 8 (consent to transfer benefit of the Order) of this Order and any such notice must be given no later than 28 days before any such application is made and must describe or give (as appropriate)—

- (a) the nature of the application to be made;
- (b) the extent of the geographical area to which the application relates; and
- (c) the name and address of the person acting for the Secretary of State to whom the application is to be made.

**92.** The undertaker must no later than 28 days from the date that the plans submitted to and certified by the Secretary of State in accordance with article 41 (certification of plans etc.) are certified by the Secretary of State, provide a set of those plans to Network Rail in a format specified by Network Rail.

**93.** In relation to any dispute arising under this part of this Part of this Schedule (except for those disputes referred to in paragraph 82) the provisions of article 45 (arbitration) shall not apply and any such dispute, unless otherwise provided for, must be referred to and settled by a single arbitrator in accordance with the Rules at Schedule 15 to be agreed between the parties or, failing agreement, to be appointed on the application of either party (after giving notice in writing to the other) to the President of the Institution of Civil Engineers.

## PROCEDURE FOR THE DISCHARGE OF REQUIREMENTS

**Interpretation of Schedule 12****1.** In this Schedule 12—

“relevant authority” means the relevant planning authority, relevant highway authority, traffic authority, street authority, or the owner of a watercourse, sewer or drain as may be appropriate to the consent, agreement or approval sought; and

“requirement consultee” means any body named in a requirement as a body to be consulted by the relevant planning authority in discharging that requirement.

**Applications made under requirements**

**2.**—(1) Where an application has been made to the relevant authority for any consent, agreement or approval required by a requirement (including consent, agreement or approval in respect of part of a requirement) the relevant authority must give notice to the undertaker of their decision on the application within a period of nine (9) weeks beginning with—

- (a) the day immediately following that on which the application is received by the authority;
- (b) the day immediately following that on which further information has been supplied by the undertaker under sub-paragraph (2); or
- (c) such longer period as may be agreed in writing by the undertaker and the relevant authority.

(2) Subject to sub-paragraph (3), in the event that the relevant authority does not determine an application within the period set out in sub-paragraph (1), the relevant authority is to be taken to have granted all parts of the application (without any condition or qualification) at the end of that period.

(3) Where an application has been made to the relevant authority for any consent, agreement or approval required by a requirement included in this Order, and—

- (a) the relevant authority does not determine the application within the period set out in sub-paragraph (1) and such application is accompanied by a report which states that the subject matter of such application is likely to give rise to any materially new or materially different environmental effects compared to those in the environmental statement; or
- (b) the relevant planning authority determines during the period set out in sub-paragraph (1) that it considers that the subject matter of such application will give rise to any materially new or materially different environmental effects compared to those in the environmental statement,

then the application is to be taken to have been refused by the relevant authority at the end of that period.

**Further information and consultation**

**3.**—(1) In relation to any application to which this Schedule applies, the relevant authority may request such reasonable further information from the undertaker as is necessary to enable it to consider the application.

(2) In the event that the relevant authority considers such further information to be necessary and the provision governing or requiring the application does not specify that consultation with a requirement consultee is required the relevant authority must, within fourteen business days of receipt of the application, notify the undertaker in writing specifying the further information required.

(3) If the provision governing or requiring the application specifies that consultation with a requirement consultee is required, the relevant authority must issue the consultation to the requirement consultee within five business days of receipt of the application, and must notify the undertaker in writing specifying any further information requested by the requirement consultee within five business days of receipt of such a request and in any event within fourteen business days of receipt of the application.

(4) In the event that the relevant authority does not give notification as specified in sub-paragraph (2) or (3) it is to be deemed to have sufficient information to consider the application and is not thereafter entitled to request further information without the prior agreement of the undertaker.

(5) Where further information is requested under this paragraph 3 in relation to part only of an application, that part is to be treated as separate from the remainder of the application for the purposes of calculating time periods in paragraph 2(1)(b), paragraph 2(3) and paragraph 3.

## Appeals

4.—(1) The undertaker may appeal in the event that—

- (a) the relevant authority refuses (including a deemed refusal pursuant to paragraph 2(3)) an application for any consent, agreement or approval required by an article or requirement included in this Order or grants it subject to conditions;
- (b) on receipt of a request for further information pursuant to paragraph 3 the undertaker considers that either the whole or part of the specified information requested by the relevant authority is not necessary for consideration of the application; or
- (c) on receipt of any further information requested, the relevant authority notifies the undertaker that the information provided is inadequate and requests additional information which the undertaker considers is not necessary for consideration of the application.

(2) The appeal process is to be as follows—

- (a) the undertaker must submit the appeal documentation to the Secretary of State and must on the same day provide copies of the appeal documentation to the relevant authority and any consultee required to be consulted pursuant to the article or requirement the subject of the appeal (together with the undertaker, these are the “appeal parties”);
- (b) the Secretary of State is to appoint a person within twenty business days of receiving the appeal documentation and must forthwith notify the appeal parties of the identity of the appointed person and the address to which all correspondence for his attention should be sent, the date of such notification being the “start date” for the purposes of this sub-paragraph (2);
- (c) the relevant authority and any consultee required to be consulted pursuant to the article or requirement the subject of the appeal must submit written representations to the appointed person in respect of the appeal within ten business days of the start date and must ensure that copies of their written representations are sent to each other and to the undertaker on the day on which they are submitted to the appointed person;
- (d) the appeal parties must make any counter-submissions to the appointed person within ten business days of receipt of written representations pursuant to sub-paragraph (c) above; and
- (e) the appointed person must make his decision and notify it to the appeal parties, with reasons, as soon as reasonably practicable and in any event within thirty business days of the deadline for the receipt of counter-submissions pursuant to sub-paragraph (d),

the appointment of the person pursuant to sub-paragraph (b) may be undertaken by a person appointed by the Secretary of State for this purpose instead of by the Secretary of State.

(3) In the event that the appointed person considers that further information is necessary to enable him to consider the appeal he must, within five business days of his appointment, notify the appeal parties in writing specifying the further information required.

(4) Any further information required pursuant to sub-paragraph (3) must be provided by the undertaker to the appointed person, the relevant authority and any consultee required to be consulted pursuant to the article or requirement the subject of the appeal on the date specified by the appointed person (the “specified date”), and the appointed person must notify the appeal parties of the revised timetable for the appeal on or before that day. The revised timetable for the appeal must require submission of written representations to the appointed person within ten business days of the specified date but otherwise is to be in accordance with the process and time limits set out in sub-paragraphs (2)(c) to (2)(e).

(5) On an appeal under this paragraph, the appointed person may—

- (a) allow or dismiss the appeal; or
- (b) reverse or vary any part of the decision of the relevant authority (whether the appeal relates to that part of it or not),

and may deal with the application as if it had been made to him in the first instance.

(6) The appointed person may proceed to a decision on an appeal taking into account only such written representations as have been sent within the relevant time limits.

(7) The appointed person may proceed to a decision even though no written representations have been made within the relevant time limits, if it appears to him that there is sufficient material to enable a decision to be made on the merits of the case.

(8) The decision of the appointed person on an appeal is to be final and binding on the parties, and a court may entertain proceedings for questioning the decision only if the proceedings are brought by a claim for judicial review.

(9) If an approval is given by the appointed person pursuant to this Schedule, it is to be deemed to be an approval for the purpose of Schedule 2 (Requirements) as if it had been given by the relevant authority. The relevant authority may confirm any determination given by the appointed person in identical form in writing but a failure to give such confirmation (or a failure to give it in identical form) is not to be taken to affect or invalidate the effect of the appointed person’s determination.

(10) The appointed person may or may not be a member of the Planning Inspectorate but must be a qualified town planner of at least ten years experience.

(11) Save where a direction is given pursuant to sub-paragraph (12) requiring the costs of the appointed person to be paid by the relevant authority, the reasonable costs of the appointed person must be met by the undertaker.

(12) On application by the relevant authority or the undertaker, the appointed person may give directions as to the costs of the appeal parties and as to the parties by whom the costs of the appeal are to be paid. In considering whether to make any such direction and the terms on which it is to be made, the appointed person must have regard to Planning Practice Guidance: Appeals (March 2014) or any circular or guidance which may from time to time replace it.

## SCHEDULE 15

Article 45

### ARBITRATION RULES

#### Primary objective

1.—(1) The primary objective of these Arbitration Rules is to achieve a fair, impartial, final and binding award on the substantive difference between the parties (save as to costs) within 4 months from the date the arbitrator is appointed pursuant to article 45 of the Order.

(2) The parties will first use their reasonable endeavours to settle a dispute amicably through negotiations undertaken in good faith by the senior management of the parties. Any dispute which is not resolved amicably by the senior management of the parties within twenty (20) working days of the dispute arising, or such longer period as agreed in writing by the parties, will be subject to arbitration in accordance with the terms of this Schedule.

(3) The Arbitration will be deemed to have commenced when a party (“the Claimant”) serves a written notice of arbitration on the other party (“the Respondent”).

#### Time periods

2.—(1) All time periods in these Arbitration Rules will be measured in working days and this will exclude weekends, bank and public holidays.

(2) Time periods will be calculated from the day after the arbitrator is appointed which will be either—

- (a) the date the arbitrator notifies the parties in writing of his/her acceptance of an appointment by agreement of the parties; or
- (b) the date the arbitrator is appointed by the Secretary of State.

#### Timetable

3.—(1) The timetable for the arbitration will be that set out in sub-paragraphs (2) to (4) below unless amended in accordance with paragraph 5(3).

(2) Within 15 days of the arbitrator being appointed, the Claimant will provide both the Respondent and the arbitrator with—

- (a) a written Statement of Claim which describes the nature of the difference between the parties, the legal and factual issues, the Claimant’s contentions as to those issues, and the remedy it is seeking; and
- (b) all statements of evidence and copies of all documents on which it relies, including contractual documentation, correspondence (including electronic documents), legal precedents and expert witness reports.

(3) Within 15 days of receipt of the Claimant’s statements under sub-paragraph (2) by the arbitrator and Respondent, the Respondent will provide the Claimant and the arbitrator with—

- (a) a written Statement of Defence responding to the Claimant’s Statement of Claim, its statement in respect of the nature of the difference, the legal and factual issues in the Claimant’s claim, its acceptance of any element(s) of the Claimant’s claim, its contentions as to those elements of the Claimant’s claim it does not accept;
- (b) all statements of evidence and copies of all documents on which it relies, including contractual documentation, correspondence (including electronic documents), legal precedents and expert witness reports; and
- (c) any objections it wishes to make to the Claimant’s statements, comments on the Claimant’s expert report(s) (if submitted by the Claimant) and explanations for the objections.

(4) Within 5 days of the Respondent serving its statements sub-paragraph (3), the Claimant may make a Statement of Reply by providing both the Respondent and the arbitrator with—

- (a) a written statement responding to the Respondent's submissions, including its reply in respect of the nature of the difference, the issues (both factual and legal) and its contentions in relation to the issues;
- (b) all statements of evidence and copies of documents in response to the Respondent's submissions;
- (c) any expert report in response to the Respondent's submissions;
- (d) any objections to the statements of evidence, expert reports or other documents submitted by the Respondent; and
- (e) its written submissions in response to the legal and factual issues involved.

## **Procedure**

4.—(1) The arbitrator will make an award on the substantive difference(s) based solely on the written material submitted by the parties unless the arbitrator decides that a hearing is necessary to explain or resolve any matters.

(2) Either party may, within 2 days of delivery of the last submission, request a hearing giving specific reasons why it considers a hearing is required.

(3) Within 5 days of receiving the last submission, the arbitrator will notify the parties whether a hearing is to be held and the length of that hearing.

(4) Within 10 days of the arbitrator advising the parties that he will hold a hearing, the date and venue for the hearing will be fixed by agreement with the parties, save that if there is no agreement the arbitrator will direct a date and venue which he considers is fair and reasonable in all the circumstances. The date for the hearing will not be less than 35 days from the date of the arbitrator's direction confirming the date and venue of the hearing.

(5) A decision will be made by the arbitrator on whether there is any need for expert evidence to be submitted orally at the hearing. If oral expert evidence is required by the arbitrator, then any expert(s) attending the hearing may be asked questions by the arbitrator.

(6) There will be no process of examination and cross-examination of experts, but the arbitrator will invite the parties to ask questions of the experts by way of clarification of any answers given by the expert(s) in response to the arbitrator's questions. Prior to the hearing the procedure for the expert(s) will be that—

- (a) at least 20 days before a hearing, the arbitrator will provide a list of issues to be addressed by the expert(s);
- (b) if more than one expert is called, they will jointly confer and produce a joint report or reports within 10 days of the issues being provided; and
- (c) the form and content of a joint report will be as directed by the arbitrator and must be provided at least 5 days before the hearing.

(7) Within 10 days of a Hearing or a decision by the arbitrator that no hearing is to be held the Parties may by way of exchange provide the arbitrator with a final submission in connection with the matters in dispute and any submissions on costs. The arbitrator will take these submissions into account in the award.

(8) The arbitrator may make other directions or rulings as considered appropriate in order to ensure that the parties comply with the timetable and procedures to achieve an award on the substantive difference within 4 months of the date on which they are appointed, unless both parties otherwise agree to an extension to the date for the award.

(9) If a party fails to comply with the timetable, procedure or any other direction then the arbitrator may continue in the absence of a party or submission or document, and may make a decision on the information before them attaching the appropriate weight to any evidence submitted beyond any timetable or in breach of any procedure and/or direction.

(10) The arbitrator's award will include reasons. The parties will accept that the extent to which reasons are given will be proportionate to the issues in dispute and the time available to the arbitrator to deliver the award.

### **Arbitrator's powers**

5.—(1) The arbitrator has all the powers of the Arbitration Act 1996(a), including the non-mandatory sections, save where modified by these Rules.

(2) There will be no discovery or disclosure, except that the arbitrator will have the power to order the parties to produce such documents as are reasonably requested by another party no later than the Statement of Reply, or by the arbitrator, where the documents are manifestly relevant, specifically identified and the burden of production is not excessive. Any application and orders should be made by way of a Redfern Schedule without any hearing.

(3) Any time limits fixed in accordance with this procedure or by the arbitrator may be varied by agreement between the parties, subject to any such variation being acceptable to and approved by the arbitrator. In the absence of agreement, the arbitrator may vary the timescales and/or procedure—

- (a) if the arbitrator is satisfied that a variation of any fixed time limit is reasonably necessary to avoid a breach of the rules of natural justice and then;
- (b) only for such a period that is necessary to achieve fairness between the parties.

(4) On the date the award is made, the arbitrator will notify the parties that the award is completed, signed and dated, and that it will be issued to the parties on receipt of cleared funds for the arbitrator's fees and expenses.

### **Costs**

6.—(1) The costs of the Arbitration will include the fees and expenses of the arbitrator, the reasonable fees and expenses of any experts and the reasonable legal and other costs incurred by the parties for the Arbitration.

(2) Subject to sub-paragraph (3), the arbitrator will award recoverable costs on the general principle that each party should bear its own costs.

(3) The arbitrator may depart from the general principle in sub-paragraph (2) and make such other costs award as it considers reasonable where a party has behaved unreasonably as defined within the National Planning Practice Guidance or such other guidance as may replace it.

### **Confidentiality**

7.—(1) Subject to sub-paragraphs (2) and (3), any arbitration hearing and documentation will be open to and accessible by the public.

(2) The arbitrator may direct that the whole or part of a hearing is to be private or any documentation to be confidential where it is necessary in order to protect commercially sensitive information.

(3) Nothing in this paragraph will prevent any disclosure of a document by a party pursuant to an order of a court in England and Wales or where disclosure is required under any enactment.

#### **EXPLANATORY NOTE**

*(This note is not part of the Order)*

This Order authorises Medworth CHP Limited (referred to in this Order as the undertaker) to construct, operate and maintain an Energy from Waste Combined Heat and Power Facility. The Order would permit the undertaker to acquire, compulsorily or by agreement, land and rights in

---

(a) 1996 c.23.

land and to use land for this purpose. The Order also makes provision in connection with the maintenance of the new section of highway.

A copy of the Order plans and the book of reference mentioned in this Order and certified in accordance with article 41 (certification of plans etc.) of this Order may be inspected free of charge during working hours at [\*\*\*\*\*].
