Good morning Alberto

Thank you for contacting ECC on this NSIP project. Due to the distance between Essex and Medway it is not considered right for us to need to comment on the attached, as far as I am aware ECC has not been a consultee in this process nor would it need to be as it has little or no impact on Essex.

Kind regards

**In line with government advice relating to the COVID-19 pandemic, from 20 March the ECC Planning Service is working remotely, away from the office for the foreseeable future. This is a challenging time, and as a service we are adapting where possible. This means staff are working flexibly throughout the day around caring responsibilities and/or have been redeployed to support critical council services.**
