Dear Mr Tim Marks,

**EN010110 – Medworth Energy from Waste Combined heat and power Facility –
Adoption of Algores Way**

I am writing to you following the recent Issue Specific Hearing 1 (22 February 2023) relating to the above, during which the Planning Inspector / Examining Authority requested that Cambridgeshire County Council submit in writing our intentions regarding Algores Way, should consent be granted for the Development Consent Order.

I can confirm that there are no current proposals to adopt those sections of Algores Way that are not adopted Public Highway. It is considered that significant works would be required to bring the street to current adoptable standards by a third-party promoter for the County to consider potential adoption.

We will be submitting a copy of this letter to the Inspector at Deadline 1.

Yours sincerely

[REDACTED]

David Allatt

Assistant Director for Transport Strategy and Network Management
