Subject: ISH Algores way cpo

Hi Tracey

Apologies if you are not the correct person to be emailing. I am emailing in regards to the meeting today discussing the cpo of Algores way. Could you please forward this to Mr Pinto.

Unfortunately I was unable to attend due to the [REDACTED] earlier in the week.

My correspondence is regarding the contact between Mr Carey and the business owners of Algores way. I have heard from those in attendance that Mr Carey said he had been talking to me ahead of this meeting.

To set the record straight I would explain that I did meet with Mr Carey at the end of February after the first round of inspectorate meetings to discuss the reality of disruption to my business through MVV's activities on Algores way. This meeting was somewhat clarifying although Mr Carey could not speak to the disruptions which would be caused during construction as he is not a builder, he did want to send his head of construction to our facility so I could discuss it with the actual builders although I received no further contact regarding this.

I did have another meeting planned with Mr Carey this week although I cancelled that through email due to the birth of my son.

I would just like to make sure that there were no misrepresentations of the contact I have had with Mr Carey and to again state that I and my business are still fully in opposition to the construction of this incinerator across from our food manufacturing factory.

Kind regards
Dr Oliver Mackle
