WHEREAS:

- (A) By an agreement under Section 278 of the Highways Act 1980 for the carrying out of works to the highway (the "Works" as defined in that agreement) entered into or to be entered into between the Developer and the Beneficiary (the "S278 Agreement"), the Developer has agreed with the Beneficiary to carry out and complete highway works at the Site upon and subject to the terms and conditions of the S278 Agreement.
- (B) By a contract dated the day of 20[] made between the Developer and the Contractor (the "**Contract**") the Developer has appointed the Contractor to carry out and complete the entirety of the Works; and
- (C) The Contractor has agreed to enter into a Warranty in favour of the Beneficiary in the terms contained in this Deed.

NOW THIS DEED WITNESSETH as follows:

1. DUTY OF CARE

- 1.1 The Contractor warrants to the Beneficiary that the Contractor has carried out or will carry out and complete the Works with all due diligence according to the terms of the Contract and has observed and performed or will observe and perform all of its duties and obligations expressed in or arising out of the Contract and has exercised and will exercise all reasonable skill care and diligence in and about the performance of the Works.
- 1.2 Without prejudice to the provisions of clause 1.1 the Contractor warrants to the Beneficiary that the Contractor has exercised and will exercise all reasonable skill and care in:
 - 1.2.1 the design of the Works insofar as the Works have been or will be designed by the Contractor;

1.2.2 the selection of materials, goods, equipment and plant for the Works insofar as such materials, goods, equipment or plant have been or will be selected by the Contractor; and

1.2.3 the satisfaction of any performance specification or requirement which according to the Contract the Contractor has agreed to satisfy.

1.3 For the purposes of clause 1.2 above, any design or selection which the Contractor has caused or shall cause to be prepared or made by any third person shall be deemed to be a design or selection prepared or made by the Contractor.

2. **DESIGN DOCUMENTS**

2.1 The Beneficiary shall be entitled on written request without charge to be supplied by the Contractor with full and proper copies of all and any drawings, details, plans, specifications or other documents prepared by or on behalf of the Contractor relating to the Works.

2.2 The Contractor retains all present and future intellectual property rights (whether or not registered or capable of registration) in all design drawings, plans, specifications, reports and other documents created or to be created by or on behalf of the Contractor in the course of and for the purpose of executing the Works but the Contractor grants to the Beneficiary and its nominees a non-exclusive irrevocable royalty free licence to copy and use such design drawings, plans, specifications, reports and other documents and to reproduce the designs contained in them for any purpose. Such licence shall include a licence to grant sub-licences and to transfer the same to third parties.

2.3 The Contractor shall not be liable for any use of such designs or documents for any purpose other than those for which the same are or were prepared.

3. **NON-DEROGATION**

It is agreed that neither this Deed nor any term of the S278 Agreement or the Contract shall affect or derogate from any duty or liability otherwise owed to the Beneficiary by the Contractor.

4. **ASSIGNMENT**

4.1 The Beneficiary shall, with the written consent of the Developer, be entitled to assign to any person or persons acquiring the interest of the Beneficiary in the Works or any part thereof all or any of its rights under this Deed and in this Deed references to the Beneficiary shall where the context admits include its permitted assigns.

4.2 The Contractor undertakes with the Beneficiary not to contend that any person to whom this Deed shall be assigned shall be precluded from recovering under this Deed any loss resulting from any breach of this Deed by reason that such person is an assignee and not the original promisee hereunder.

5. **SUBSTITUTION**

5.1 The Contractor shall not exercise nor seek to exercise any right of termination of the Contract or to treat the Contract as having been repudiated by the Developer or to discontinue the performance of any of the Contractor's obligations in relation to the Works by reason of breach on the part of the Developer (or otherwise) without giving to the Beneficiary at least 21 days' notice, or such notice as otherwise agreed between the Developer and the Contractor and approved by the Beneficiary (such approval not to be unreasonably withheld or delayed) in writing of its intention to do so and specifying the grounds for the proposed termination.

5.2 Compliance by the Contractor with the provisions of clause 5.1 shall not be treated as a waiver of any breach on the part of the Developer giving rise to the right of termination or otherwise prevent the Contractor from exercising its rights after the expiry of the notice unless the right of termination shall have ceased under the provisions of clause 5.3.

5.3 The right of the Contractor to terminate the Contract or to treat the Contract as having been repudiated or to discontinue the performance of any of its obligations in relation to the Works shall cease if within the period of notice given in accordance with clause 5.1 the Beneficiary shall give notice to the Contractor:

5.3.1 requiring the Contractor to continue its obligations under the Contract;

5.3.3 undertaking to the Contractor to discharge all payments which may subsequently become due to the Contractor under the terms of the Contract;

and shall pay to the Contractor any sums which have become due and payable to the Contractor under the Contract but which were then unpaid.

5.4 Upon compliance by the Beneficiary with the requirements of clause 5.3 the Contract shall continue in full force and effect as if the right of termination on the part of the Contractor had not arisen and in all respects as if the Contract had been made between the Beneficiary and the Contractor to the exclusion of the Developer.

5.5 The Contractor acting in accordance with the provisions of this clause 5 shall not by so doing incur any liability to the Developer.

5.6 Unless and until the Beneficiary has given notice under this clause 5:

5.6.1 the Beneficiary has no liability to the Contractor in respect of payments under the Contract; and

5.6.2 the Beneficiary has no authority to issue any direction or instruction to the Contractor in relation to the performance of the Contractor's duties under the Contract save to the extent (if any) provided for in the S278 Agreement.

7. EXPIRY OF DEED

Upon the issuance of the Final Certificate under paragraph 15 of the S278 Agreement this Deed shall cease to have effect save in relation to any claims in respect of which proceedings shall then have been commenced.
