You don't often get email from [REDACTED] [Learn why this is important](#)

I object whole heartedly to this development. It should not be built so close to schools and the town of Wisbech. The infrastructure ie. Roads will not cope. The routes into Wisbech are just not robust enough to accommodate the amount of lorries that will be needed to feed the incinerator. The burning of the waste will produce pollution. The actual burning of the waste will certainly not help reduce net zero.
