2 February 2024

SB116672 – Case Reference

Dear Claire

I maintain my strong opposition to the proposed incinerator in Wisbech.

The size of the facility is unsuitable for the area and there are several concerns, including its impact on the local school, health, traffic, historic buildings, and the environment. The project needs to generate over 50 megawatts of power, but the timescale for achieving this level of energy production is unclear and there seems to be no demand for the energy produced. It will be a blight on the landscape and a poor welcome for visitors to the Fens.

I urge careful consideration of how approving this application will affect my constituents now and in the future.

Yours sincerely,

A solid black rectangular box redacting the signature of Stephen Barclay.
