Dear Claire Coutinho

I am writing to you to implore that you decide against the Mega Wisbech Incinerator. We do not want this monstrosity on our doorstep. The area to which it could be built is on an industrial estate where there are Princes food and Lamb and Weston to name a few. Both large companies have stated their disapproval for the Incinerator. There are homes nearby and a large secondary school. Wisbech Town is nearby with many great historical buildings which draw in sightseers from afar. This proposed monstrosity is to be as high as Ely Cathedral which will be seen for miles away. This will undoubtedly deter people from visiting and have a detrimental effect on the town which is struggling like a lot of towns at the moment. There will also be around 300 lorries a day coming and going and our roads are not up to the traffic as it is. There will also be a loss to house prices. There is farm land which also surrounds the area and the fallout will affect

these fields far and wide. I speak on behalf of family and friends who are against this proposal. There are plans to build an Incinerator in nearby Boston so why is there a need in Wisbech? I would suggest that the company look to a site away from a town where it would not affect people's lives. I ask if you would be happy to have this built near to where you live.

Thank you for taking the time to read

Yours sincerely

Mrs. Christina Montgomery
