Dear Secretary of State

I am appealing to you to refuse permission for the above incinerator to be built. I am concerned for multiple reasons not least, the effects of noxious gases [Redacted] [Redacted] in addition to the threat to our roads from HGVs bringing waste in from other areas, the potential to reduce recycling and the affect on farm production.

I understand there are no plans for carbon capture and storage and therefore we won't reach our NET Zero targets.

All in all, **not** a proposition that I can support as a local resident. Please take note.

Yours sincerely

Jane Hill
