Subject: Stop the Wisbech Incinerator Medworth EN010110

For the attention of Claire Coutinho
Secretary of State for Net Zero.

We totally support Councillor Alexandra Kemp I her appeal and that
you should refuse the Medworth Incinerator application in Wisbech.

Incinerators increase carbon and greenhouse gases in the

atmosphere, this one could bring waste from London in HGV's onto local roads, harmful air particulate pollution, reduce recycling, affect local farm produce and children's health.

The National Infrastructure Commission is calling for a ban on all new incinerators that do not have plans for carbon capture and storage and this one doesn't.

Yours faithfully

Susan and Richard Turner
