Hi Peter

As this Marine Licence is for the offshore works please consult Dr Julian Whitewright RCAHMW who will be the primary consultee in this case via [REDACTED]

We are only commenting on the onshore implications via the DCO process and these comments have already been made. A robust scheme of archaeological works and a protocol for discoveries has been included in the ES for the DCO and a WSI from the archaeological contractor has been approved.

Kind regards

Mark Walters

Subject: ORML2233 Awel y Mor Marine Licence Application Consultation

Dear Consultee,

Please find attached an application for a Marine Licence and covering letter for:

Awel y Môr Offshore Wind Farm

The Marine Licensing Team has received an application from Awel y Môr Offshore

Wind Farm Limited, for a Marine Licence under Part 4 of the Marine and Coastal Access Act 2009, to undertake the above stated works.

I have attached;
Consultation request letter
marine licence application form,
Marine Licence application form cover letter
AyM Document List (1.4.1 AyM Guide to the ML application)
Marine Licence Plan Areas Map,
Environmental Statement Volume 2 Chapter 1 Offshore Project Design
non-technical summary of the Environmental Statement.

A copy of all application documents can be accessed on our [fileshare system](#). The documents are also available on our online public register [REDACTED]. You can search for the documents using the application reference number **ORML2233**. If you have trouble accessing the documents please let me know, and if additional colleague require access to the file share system please could you share their email address with me.

Please submit any comments within **42 days**, this date being **3 August 2022**, referencing the case number **ORML2233**.

If you do not respond by the date above, I will assume you have no comment to make.

Please assess the application on a year timescale, to highlight any potential seasonal effects/hazards.

Please be aware that in addition to the marine licence application, Awel y Môr Offshore Wind Farm Limited has submitted an application for a Development Consent Order which is currently being considered by Planning Inspectorate. Further information on the application for a Development Consent Order can be found on the [Planning Inspectorate's website](#).

The marine licence application determination will be running in parallel to that of the DCO. Although there are areas of overlap both have a separate and distinct processes.

We would direct you to the Marine Licence Application form and the Offshore Project Description chapter of the Environmental Statement which highlights what works are within the marine licensable area.

If you have any queries regarding this application, please do not hesitate to contact myself.

Kind regards,

Pete
