# 1 Introduction

- 1 Awel y Môr Offshore Wind Farm Limited (the Applicant) has prepared this guide to its Closing submission to detail the complete list of documents submitted.
- 2 Table 1 also states whether documents submitted at the Closing Submission are also relevant to the marine licence (ML) process administered by Natural Resources Wales (NRW). The Applicant will provide these documents to NRW for the purposes of the marine licence determination.
- 3 For further detail on all documents submitted into the examination by the Applicant by date, please refer to the Documents Tracker (Document CL.2 of the Applicant's Closing Submission).
- 4 It should be noted that the Applicant has revised the way that documents are referenced following suggestions by the Examining Authority (ExA) at Issue Specific Hearing 2 (ISH2). From Deadline 4 onwards, any document that was submitted prior to examination will have an 'Application Reference' that is taken from the document reference provided at application stage. This application reference will sit alongside a standard deadline-specific document reference such as the documents prior to Deadline 4 have had. For clarity, the Applicant will now reference the tracked and clean version of the same document by the same reference number. For example, both the clean and tracked version of the Draft Development Consent Order have an Application reference of 3.1 and a Closing Submission reference of CS.4.
