

Application for Development Consent for Nationally Significant Infrastructure Projects under the Planning Act 2008

* required information

Application Form

Please read guidance documents relating to the submission of applications prior to completing this form including [government guidance](#) and the Planning Inspectorate's [Advice Note Six: Preparation and submission of application documents](#).

* Do you have a reference number?

Yes No

* Reference number

1. Applicant

* Organisation

Address

* Building number or name

* Street

* City or town

County or administrative area

* Postcode

* Country

* Name of contact

* Telephone number

Fax number

* Email

2. Agent

* Are you an agent acting on behalf of the Applicant?

Yes No

* Organisation

Continued from previous page...

Address

* Building number or name	6
* Street	New Bridge Street
* City or town	London
County or administrative area	
* Postcode	EC4V 6AB
* Country	United Kingdom
* Name of contact	COLIN TURNBULL
* Telephone number	
Fax number	
* Email	@dwdllp.com

3. Fee

* State the arrangement for the application fee payment:

BACS CHAPS Cheque

* Please provide payment reference details

The fee of £7,263.00 was paid on 13 May 2021 and was confirmed received by PINS finance team on the same date (pers. corresp. with case officer).

4. Confirming why the Planning Inspectorate should receive the application

* Brief statement to explain why this application is, or is to be treated as, a development for which development consent is required under the Planning Act 2008

The Proposed Development falls within the definition of a 'Nationally Significant Infrastructure Project' (NSIP) under Section 14(1)(a) and Sections 15(1) and (2) of the Planning Act 2008, as it is an onshore electricity generating station in England that would have a capacity greater than 50MW electrical output (50MWe). As such, a DCO application is required to authorise the Proposed Development in accordance with Section 31 of the Act.

5. Non-technical description of the Proposed Development

* Brief non-technical description of the Proposed Development

The construction, operation and maintenance of a new electricity generating station of up to 910 megawatts (MW) gross electrical output, equipped with carbon capture and compression plant and fuelled by natural gas, on land to the west of Keadby 1 Power Station and the (under construction) Keadby 2 Power Station, including connections for cooling water, electrical, gas and utilities, construction laydown areas and other associated development.

6. Location or route of the Proposed Development

* Description of location of application site(s), or route of development (reference to appropriate plans)

Within the existing Keadby Power Station, Trentside, Keadby, near Scunthorpe, North Lincolnshire (centred on grid reference (482351, 411796) along with: two existing connection corridors extending north-eastwards and

Continued from previous page...

eastwards to two points on the west bank of the River Trent (grid references 483655,412227 and 483535,411651); an existing paved temporary haul route extending eastwards to Railway Wharf (grid reference 483518,411436); a new connection corridor extending south-eastwards to a point on the Stainforth and Keadby Canal (grid reference 482716,411489); an existing track extending northwards to a point on Chapel Lane (grid reference 482694,411984); and an existing track extending southwards and over three existing private bridge crossings to two existing junctions with the A18 (grid references 480327,410025 and 480442,410015). Land for temporary uses including parts of agricultural fields centred on grid reference 480684,411037 and an existing laydown area lying south of the existing North Pilfrey Bridge at grid reference 481114,411264 are also comprised within the site. The site lies within the administrative boundary of North Lincolnshire Council (NLC).

* Is the site a single site or a linear site?

- Single site Linear site

Grid reference

* Easting
* Northing
* Document reference

7. Associated Development

* Associated Development is included within this application:

- Yes No

* Document reference

8. a) Consultation Report

* Document reference

8. b) Copies of newspaper notices

* Document reference

9. Draft Development Consent Order

* Document reference

10. Explanatory Memorandum

* Document reference

14. c) Publicity required under Regulation 13 of The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (or where the transitional provisions apply, Regulation 11 of The Infrastructure Planning (Environmental Impact Assessment) Regulations 2009)

In addition to publishing the notice, a copy of the notice was sent to:

* the consultation bodies

* Yes

* the persons notified to the Applicant in accordance with Regulation 11(1)(c) of The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (or where the transitional provisions apply, Regulation 9(1)(c) of The Infrastructure Planning (Environmental Impact Assessment) Regulations 2009):

Yes No, not applicable

15. European sites (to which Regulation 63 of The Conservation of Habitats and Species Regulations 2017 and/ or Regulation 28 of the Conservation of Offshore Marine Habitats and Species Regulations 2017 applies) or a Ramsar site.

* Report required for this application:

Yes No

* Document reference

Continued from previous page...

16. A plan, with accompanying information, identifying any statutory or non statutory sites or features of nature conservation, geological or landscape importance; habitats of protected species, important habitats or other diversity features; and water bodies in a River Basin Management Plan - together with an assessment of any effects likely to be caused by the Proposed Development.

* Issues are relevant for this application:

Yes No

18. Flood Risk Assessment

* Flood Risk Assessment required:

Yes No

* Document reference

19. Matters set out in section 79(1) (statutory nuisances etc) of the Environmental Protection Act 1990

* Statement required for this application:

Yes No

* Document reference

20. A plan with any accompanying information identifying any Crown land

* Issues are relevant for this application:

Yes No

* Document reference

21. A plan identifying new or altered means of access, stopping up of streets or any diversions, extinguishments or creation or rights of way or public rights of navigation

* Issues are relevant for this application:

Yes No

* Document reference

Continued from previous page...

Add another reference

22. Additional information for specific types of infrastructure

* Additional information is required to be submitted in accordance with Regulation 6 of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009:

Yes No

* Provide a brief description

Pursuant to Reg. 6(1)(a)(i) a statement of who will be responsible for designing and building the connection to the electricity grid is provided in 5.2 Electricity Grid Connection Statement.

Pursuant to Reg. 6(1)(a)(ii) and Reg. 6(4) a statement of who will be responsible for designing and building the gas pipeline connection to the generating station and the prescribed details of the gas connection pipeline are provided in 5.3 Gas Connection Statement.

Pursuant to Reg. 6(2)(a) sections to suitable horizontal and vertical scales are provided for the proposed highway works in 4.6 Highway Works Plans (General Arrangements: Key Plan and Sheets 2-3; Chainages & Cross Sections: Key Plan and Sheets 2-3; Long Sections; Cross Sections; Utilities Layout: Key Plan and Sheets 2-3; Site Clearance: Key Plan and Sheets 2-3; Drainage Layout: Key Plan and Sheets 2-3).

For the avoidance of doubt, the application does not include construction or alteration of harbour facilities. Work 10B (works to Railway Wharf) is limited to inspection and repair of, and the placing of mobile cranes temporarily upon, the existing wharf.

Regulation 6 of the Infrastructure Planning (Applications: Prescribed Forms and Procedures) Regulations 2009 requires additional information to be submitted with the following types of development.

* Please check any of the following boxes that apply:

- Construction or extension of a non offshore generating station (Reg. 6 (1a))
- Construction or extension of an offshore generating station (Reg. 6 (1b))
- Highway related development (Reg. 6 (2) (part 1))
- Construction or alteration of a railway (Reg. 6 (2) (part 2))
- Construction or alteration of harbour facilities (Reg. 6 (3))
- Construction of a pipeline (Reg. 6 (4))
- Construction or alteration of a hazardous waste facility (Reg. 6 (5))
- Construction of a dam or reservoir (Reg. 6 (6))

Construction or extension of a non offshore generating station (Reg. 6 (1a))

* Provide a statement of who will be responsible for designing and building the connection to the electricity grid

Pursuant to Reg. 6(1)(a)(i) a statement of who will be responsible for designing and building the connection to the electricity grid is provided in 5.2 Electricity Grid Connection Statement.

* Is it a gas fuelled generating station?

- Yes No

* Provide a statement of who will be responsible for designing and building the gas pipeline connection to the generating station

Pursuant to Reg. 6(1)(a)(ii) and Reg. 6(4) a statement of who will be responsible for designing and building the gas pipeline connection to the generating station and the prescribed details of the gas connection pipeline are provided in 5.3 Gas Connection Statement.

Highway related development (Reg. 6 (2) (part 1))

Ensure section drawings have been included as part of this application, with suitable horizontal and vertical scales, which show the levels, proposed works including in particular and where relevant by reference to Ordnance Survey or Chart datum

* Document reference

* Document reference

* Document reference

Continued from previous page...

Add another reference

Provide the levels of the proposed works, in particular and where relevant:

* Ground levels

Road level at replacement Mabey Bridge: 2.62m AOD (Document 4.16).
Road level at Emergency Access Bridge: 0.75m AOD (Document 4.17).

* The height of every proposed bridge, viaduct, aqueduct, embankment and elevated guide way

Soffit level of replacement Mabey Bridge: 1.55m AOD (Document 4.16).
Soffit level of Emergency Access Bridge: 0.03m AOD (Document 4.17).

* The depth of every proposed cutting and tunnel

N/A. No cutting or tunnel is proposed.

* The levels of the bed of any tidal waters or inland waterway in which it is proposed that any works should be situated

N/A. Mabey Bridge comprises the replacement of an existing private crossing of the Hatfield Waste Drain which is not a navigable waterway. The Emergency Access Bridge is a crossing of an Internal Drainage Board watercourse.

* The height of every structure or device intended to be erected above, on or below the surface of, or on or beneath the bed of tidal waters or inland waterway

N/A. Mabey Bridge comprises the replacement of an existing private crossing of the Hatfield Waste Drain which is not a navigable waterway. The Emergency Access Bridge is a crossing of an Internal Drainage Board watercourse.

* Drainage outfall details for highways

Drainage layouts and proposed kerb gullies based on topographical survey for the highway works are contained in Document 4.6 Highway Works Plan. Proposed outfalls for the bridges are shown in Document 4.16 Mabey Bridge and Document 4.17 Emergency Access Bridge.

Provide a cross section of every intended tunnel and any altered gradient of a carriageway or a way forming part of a guided transport system on either side of every level crossing, bridge tunnel or underpass which would carry the carriageway or way or through which it would pass

* Document reference

N/A. No guided transport system is proposed.

Construction of a pipeline (Reg. 6 (4))

Continued from previous page...

Enter details of the name of the proposed pipeline

* Name	Natural Gas Connection to the Low Carbon Electricity Generating Station
* Owner	Keadby Generation Limited
* Start point	482156, 411639
* End point	482154, 411932
* Length (in kilometres)	0.3
* External diameter (in mm)	800

* What will be conveyed by the proposed pipeline

Natural gas (high pressure)

* State whether the grant of any rights in land or consents to road or river crossing works are required:

Yes No

23. Any other plans, drawings and sections necessary to describe the proposal for which development consent is sought, and any other documents, reports or information to support the application

Provide a brief description of any other plans, drawings and sections that are being submitted with this application

4.7 Indicative Proposed Power and Carbon Capture Layout, Elevations and Sections (Key Plan and Sheets 2-5)
4.8 Indicative Electrical Connection Plans (Key Plan and Sheets 2-3)
4.9 Indicative Cooling Water and Waste Water Connection Plans (Key Plan and Sheets 2-5)
4.10 Indicative Towns Water Connections Plan (Sheet 1)
4.11 Indicative Gas Supply Pipeline Connection Plans and Gas Above Ground Installation Plans (Key Plan and Sheets 2-5)
4.12 Indicative CO2 Above Ground Installation Plans (Key Plan and Sheets 2-3)
4.13 Indicative Surface Water Drainage Plan
4.14 Indicative General Arrangement and Elevations A18 Gatehouse
4.15 Indicative Landscape and Biodiversity Plan (Key Plan and Sheets 1-3)
4.16 Mabey Bridge Replacement General Arrangement and Sections (Sheets 1-2)
4.17 Emergency Access Bridge General Arrangement and Sections
4.18 SSE Land Ownership Plan (Key Plan and Sheets 1-3)
4.19 Haul Road Plans (Sheets 1-8)
4.20 Pilfrey Laydown Plans (Sheets 1-6)

Document reference

[Add another reference](#)

Provide a brief description of any other documents considered necessary to support the application

5.5 Planning Statement
5.6 Design and Access Statement
5.7 Combined Heat and Power Readiness Assessment
5.8 Carbon Capture Statement
5.10 Landscaping and Biodiversity Management and Enhancement Plan
5.11 Indicative Lighting Strategy

Continued from previous page...

24. Other consents/ licences required under other legislation

* Other consents/ licences are required:

Yes No

* Provide a list of consents/licences

A list of other consents and licences required for the project and a description of their current status is contained within 5.4 Schedule of Other Consents and Licences.

You must cite the document references as appropriate

* Document reference

5.4 Schedule of Other Consents and Licences
