

## WRITTEN REPRESENTATION

### Representation by National Grid Electricity Transmission Plc and National Grid Gas Plc in relation to the Keadby 3 Low Carbon Gas Power Station Project ("the Project")

1. **Introduction**
  - 1.1 National Grid Electricity Transmission Plc and National Grid Gas Plc (together "National Grid") wish to make a written representation to protect its position in relation to infrastructure and land which is within or in close proximity to the proposed Order limits.
  - 1.2 National Grid's rights to retain its apparatus in situ and rights of access to inspect, maintain, renew and repair such apparatus located within or in close proximity to the Order limits must be maintained at all times and access to inspect and maintain such apparatus must not be restricted.
  - 1.3 As a responsible statutory undertaker, National Grid's primary concern is to meet its statutory obligations and ensure that any development does not impact in any adverse way upon those statutory obligations.
  - 1.4 National Grid are in ongoing discussions with the Promoter in relation to the points below.
2. **Land and Apparatus**
  - 2.1 As set out in the Relevant Representation submitted, the following assets, which form an essential part of the electricity transmission network in England and Wales are within, or in close proximity to, the Order limits:
    - 2.1.1 Substation: Keadby 400kV Sub Station
    - 2.1.2 Associated overhead and underground apparatus including cables
    - 2.1.3 Overhead Lines
      - 2.1.3.1 ZDA 400kV Over Head Line;
      - 2.1.3.2 4TM 400kV Over Head Line;
      - 2.1.3.3 4ZQ 400kV Over Head Line;
      - 2.1.3.4 4KG 400kV Over Head Line; and
      - 2.1.3.5 Other apparatus above and below ground including underground electricity cables.
  - 2.2 Further, the following assets, which form an essential part of the gas transmission network in England and Wales are within, or in close proximity to, the Order limits:
    - 2.2.1 Keadby Power Station Gas Transmission Site;
    - 2.2.2 Feeder Main 7 – Eastoft to Keadby Power Station; and
    - 2.2.3 Above and below ground associated apparatus.
  - 2.3 The table below sets out the land interests of National Grid Electricity Transmission Plc which are impacted by the Project along with the relevant plot numbers:

<b>Plot Numbers</b>	<b>Interests</b>
11, 12, 13, 14, 16a, 17, 17a, 48, 49, 49a, 51, 72a	In respect of a restriction on freehold title HS308249
16, 17b, 50, 72, 165	In respect of overhead cables and a restriction on freehold title HS308249
165a	In respect of overhead cables, pylon and restriction on freehold title HS308249
32	In respect of overhead cables and pylon
32a, 41, 54, 61, 69, 73, 74, 76, 79, 80, 81, 98, 100	In respect of overhead cables
64, 65, 67, 68, 70, 83, 85, 87, 90, 166, 167	In respect of freehold title HS367748
82	In respect of freehold title HS221644
84, 86	In respect of freehold title HS375015
88	In respect of access relating to title HS358556
94, 107, 106, 110	In respect of underground cable
111, 112, 120, 121, 124, 125, 127, 128, 129, 130, 132, 133, 134, 140, 141, 142, 143, 147, 152, 153, 161, 162	In respect of underground water pipes
148	In respect of access relating to unregistered title of sluices grassland and shrubbery west of river Trent and east of Trent Side
159, 160	In respect of access relating to freehold title HS288642

2.4 The table below sets out the land interests of National Grid Gas Plc which are impacted by the Project along with the relevant plot numbers:

<b>Plot Numbers</b>	<b>Interests</b>
12, 13, 14, 16, 16a, 17, 17a, 17b, 46, 49, 49a, 50, 50a, 51, 72a, 79, 98, 100, 165, 165a	In respect of underground gas pipeline

2.5 National Grid anticipates that land rights agreements will be required with the Promoter for an easement options and to grant rights for temporary working areas.

2.6 National Grid object to compulsory purchase powers being granted over its land – the land and rights are essential to the operational of the gas and electricity transmission systems and all rights and interests must be maintained.

2.7 It is also essential that National Grid retains access to its apparatus at all times for operational and maintenance purposes.

### 3. **Benefit of the Order**

3.1 National Grid note that Work Nos. 2A and 3A relate to connections into the gas and electricity transmission systems respectfully and that National Grid have the benefit of these works under the draft DCO.

3.2 National Grid are in the process are assessing these works to ensure adequate provision has been made for the connections.

3.3 National Grid will raise any concerns in relation to these connections works with the Promoter.

### 4. **Protection Provisions and Side Agreement**

4.1 National Grid notes that protection provisions for its benefit have been included in the draft Development Consent Order and are currently reviewing these provisions fully and considering whether any supplementary agreement is required.

4.2 National Grid will raise any issues in this regard with the Promoter.
