DEFINITIONS

Term, abbreviation, acronym or initialism	Definition
2008 Act	Planning Act 2008
2009 Regulations	Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009
Applicant	Five Estuaries Offshore Wind Farm Limited
Authorised development	The development authorised by the Five Estuaries development consent order, if made
DCO	Development Consent Order
Order	The Five Estuaries DCO, if made
Order land	The land shown on the Land Plans which is within the limits of land to be acquired or used and described in the Book of Reference.
Plot	Each piece or area of land identified individually in the Book of Reference; any reference to Plots or a numbered Plot shall be construed accordingly.

1 INTRODUCTION

- 1.1 This Book of Reference accompanies the proposed Development Consent Order ('the Order') for the Five Estuaries Offshore Wind Farm (the 'authorised development'), as required by Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the '2009 Regulations').
- 1.2 The land described in this Book of Reference, which is to be subject to powers of compulsory acquisition and/or temporary possession, is required to deliver the works comprising the authorised development which are described in detail in Part 1 of Schedule 1 of the Order and shown on the works plans. This Book of Reference is part of the application documents for the authorised development and should be read in conjunction with the following:
- Land Plans (application document 2.3),
 - Statement of Reasons (application document 4.3),
 - Special category Land Plan (application document 2.4),
 - Crown Land Plan (application document 2.16),
 - draft DCO (application document 3.1).
- 1.3 Every parcel of land that is affected is identified on a plot by plot basis and a unique number has been ascribed to each Plot. The Plots are shown on the Land Plans which accompany the Order. For each Plot it identifies whether the Applicant (Five Estuaries Offshore Wind Farm Limited) is seeking the power to acquire that Plot outright, the power to create and/ or acquire permanent rights, and/ or the power to create and/ or acquire temporary rights of possession and use. It also lists the persons with land outside the order limits who may be entitled to make a relevant claim for compensation due to the effects of construction or when the authorised development is operational.
- 1.4 The Order seeks powers to compulsorily acquire land and new rights (both temporary and permanent) for the purposes of the construction, operation and maintenance of the authorised development. Some of the Plots identified in Part 1 of the Book of Reference will be subject to acquisition of permanent rights (including restrictive covenants) pursuant to Article 23 (Compulsory acquisition of rights) and Schedule 7 (Land in which only new rights etc. may be required) of the Order. These Plots are shown coloured blue on the land plans.
- 1.5 Plots that are subject to powers of temporary possession, such as for the purpose of access or areas only required during construction are listed in Schedule 6 of the Order and shown coloured yellow on the land plans.
- 1.6 Plots that are subject to powers of non-exclusive temporary possession, such as for the purpose of access or areas only required during construction are listed in Schedule 6 of the Order and shown coloured green on the land plans.
- 1.7 The colours shown on the land plans indicate the type of acquisition sought as set out in the table below.

Table 1 Land Plan colour key

Colour of the Plot on land plans	Description of acquisition sought in Book of reference	Acquisition sought	Principal relevant DCO article(s)
Pink	“Freehold Acquisition”	Compulsory acquisition of all interests and rights in land (including as required, subsoil, surface land)	Article 21, Compulsory acquisition of land; Article 23, Compulsory acquisition of rights
Blue	“Acquisition of Rights”	Creation and compulsory acquisition of new rights (including where necessary, a right to impose restrictive covenants)	Article 23, Compulsory acquisition of rights; Article 25, Private Rights
Yellow	“Temporary Possession”	Temporary possession and use of land, primarily during construction	Article 30, Temporary use of land for carrying out the authorised development; Article 31, Temporary use of land for maintaining the authorised development
Green	“Temporary Possession (Non-exclusive)”	Non-exclusive temporary possession and use of land, primarily during construction	Article 30, Temporary use of land for carrying out the authorised development; Article 31, Temporary use of land for maintaining the authorised development

- 1.8 The Applicant has taken the cautious approach of seeking powers of compulsory acquisition (or rights of use) in respect of all Plots of land required for the scheme even where it already holds an interest or presumes it holds an interest in the land. This approach has been taken to ensure that it has the right to acquire the interests it needs in the whole of the Order limits even where an unidentified owner later asserts an interest in land which the Applicant believes it owns or has rights.

2 RIGHTS WHICH MAY BE ACQUIRED

2.1 For Plots in which rights are to be acquired or restrictive covenants are to be imposed, the rights sought for the authorised development have been categorised as shown in the table below.

Table 2 Categories of new rights and restrictive covenants

Number of Plot shown on Land Plans	Purpose for which rights may be acquired

3 STRUCTURE OF THIS BOOK OF REFERENCE

3.1 This Book of Reference is comprised of five Parts, in accordance with Regulation 7(1) of the Regulations, as follows:

- a) Part 1 contains the names and addresses of those who own, lease, occupy or have another interest in the land that will be affected by the authorised development and the rights contained in the Order. A person is within Category 1 if the Applicant after making diligent inquiry, knows that they are an owner, lessee, tenant, or occupier of the land. A person is within Category 2 if they are interested in the land or have the power to sell and convey or release the land.

Parties recorded in Part 3 of this Book of Reference have also been included in Part 1.

- b) Part 2 lists persons who may be entitled to make a relevant claim, also called category 3 persons. A person is within Category 3 if the Applicant believes that, if the Order were to be made and fully implemented, they would or might be entitled to make a relevant claim as defined in section 57(6) of the Planning Act 2008 (the '2008 Act'). A relevant claim is a claim under section 10 of the Compulsory Acquisition Act 1965, a claim under part 1 of the Land Compensation Act 1973, or a claim under section 152(3) of the 2008 Act. This part therefore contains the names and addresses of those who have an interest in the Order land and may be entitled to claim compensation for loss resulting from the implementation of the Order and use of the authorised development. This part also contains the names and addresses of those without an interest in the Order land, who may be entitled to claim compensation for loss resulting from the implementation of the Order and use of the authorised development;
- c) Part 3 contains the names and addresses of those entitled to enjoy easements or other private rights which it is proposed may be extinguished, suspended or interfered with in connection with the authorised development, pursuant to the Order;
- d) Part 4 identifies Plots in which there is a Crown interest that will be affected by the authorised development and the rights contained in the Order; and
- e) Part 5 identifies Plots which constitute "special category land" for the purposes of section 130 and 132 of the Planning Act 2008 that will be affected by the authorised development and the rights contained in the Order.

4 BOOK OF REFERENCE NOTES

4.1 This Book of Reference provides the area in square metres of all land included in the DCO.

4.2 The term “approximately” is used before all Plot area measurements as these measurements are given in square metres and each measurement is rounded up to the nearest whole square metre.

4.3 Plot numbering follows the format *sheet number/ Plot number*. So for example, Plot “05-001” would describe Plot 001 on sheet 05 of the land plans.

4.4 In Part 1, a person is within Category 1 if the applicant, after making diligent inquiry, knows that the person is an owner, lessee, tenant (whatever the tenancy period) or occupier of the land.

4.5 In Part 1, a person is within Category 2 if the applicant, after making diligent inquiry, knows that the person (a) is interested in the land, or (b) has power (i) to sell and convey the land, or (ii) to release the land.
