Dear Planning Inspectorate,

Thank you for your email sent on 15 May 2024 to our Espoo contact point about a transboundary notification regarding the proposed development of Five Estuaries offshore windfarm. With this email, we would like to notify you that the Dutch government would like to participate in the EIA procedure under Regulation 32 in relation to this proposed development. We have not officially registered as an interested party, but nevertheless welcome any information on this project through this channel as well if that is possible.

With kind regards,
