***NRA methodology***

*Are you content with the methodology that has been applied to assess the Proposed Development's shipping and navigational risks in the submitted NRA (Chapter 3 in [APP-240])?*

**Trinity House Response:-**

We confirm that we are content with the methodology and that identified hazards have been addressed within the NRA.

**Question:-** NS.1.07

***NRA data sources***

*Are you content that the NRA has been informed by the correct sources of data (Chapter 5 in [APP-240])?*

*If you are not content, what other data do you think should be taken into account when assessing the navigational and shipping risks associated with the Proposed Development?*

**Trinity House Response:-**

We are content that the sources of data contained within the NRA are suitable for Trinity House's requirements.
