APPENDIX C-1: LPA FEEDBACK ON EARLY DRAFT SOCC

Good afternoon [REDACTED]

Thank you for your email dated 10 February and the attached draft SoCC.

I have reviewed the draft SoCC in detail and can confirm on behalf of the LPA that the approach to community consultation is deemed acceptable.

It is noted that the current Government restrictions and uncertainty of how these restrictions may change in the future has influenced the consultation measures proposed and this is understandable. I am happy to see that you have retained flexibility in the draft SoCC to allow for the possibility of physical consultation via public meetings should Government advice and restrictions allow for this. Should this transpire then I would advise you to contact the LPA as we will be able to provide advice and agreement on suitable venues etc.

The only point of correction/clarification that I would like to note is in the paragraph immediately preceding Table 1: Feedback from SoCC consultation which states that the host authority was consulted on the development of the SoCC between 1 March 2021 and 29 March 2021. I assume this is referring to the current consultation with the LPA and should be 10 February to 19 February?

I have no further comments to make on the draft SoCC. Please do not hesitate to contact me should you wish to discuss this matter further.

Kind Regards

[REDACTED]
