Dear Applicant

The Infrastructure Planning (Examination Procedure) Rules 2010 (as amended) – Rule 17

Application by North Lincolnshire Green Energy Park Limited for an Order Granting Development Consent for the North Lincolnshire Green Energy Park Project

Request for further information

We are writing under Rule 17 of the Infrastructure Planning (Examination Procedure) Rules 2010 (as amended).

As part of the Deadline1 submissions, Document 5.2 – RDF Supply Assessment [Revision 1.0] has been provided. It appears to the ExA that there are a number of errors within the document.

In each of Tables 3, Table 4 and Table 5 the totals do not appear to add up as expected, and within Table 6 the sub totals in the 'England' column don't appear correct. Please amend the document or provide an explanation for the figures provided.

While the ExA have identified the specific Tables listed above, it would be helpful to have an assurance that the other figures within the document have been checked so we can be assured of the quality of the submission.

Responses should be submitted by **Deadline 3 (12 January 2023)**.

Yours sincerely

Edwin Maund
