Dear Sirs

Application by North Lincolnshire Green Energy Park Limited for an Order Granting Development Consent for the North Lincolnshire Green Energy Park Project, on land adj to Flixborough Industrial Estate, Stather Road/First Avenue, Flixborough, DN15 8SF – Deadline 4 submission

The Environment Agency has reviewed the additional information submitted into the Examination by the Applicant at Deadline 3, in particular the updated Code of Construction Practice, Revision 02 [[REP3-015](#)].

The focus of our review of this document was in relation to the protection of controlled waters, and the addition of Appendix K, the Outline Piling and Foundation Works Management Plan. The plan presents a comprehensive strategy for how any piling works will be completed to prevent pollution of controlled waters. This document, together with the amendment to the Development Consent Order (Schedule 2, Part 1 [[REP2-005](#)]) Requirement 4, adequately addresses the concerns previously raised in respect of controlled waters and we will reflect that this issue is now agreed in the future revision to our Statement of Common Ground with the Applicant.

Should you require any additional information, or wish to discuss these matters further, please do not hesitate to contact me at the number below.

Yours faithfully

Annette Hewitson
Principal Planning Adviser
