

Submission ID: 25477

I have lived in Cowfold for over 33 years and have walked the local extensively during those years. As a regular walker of Dragons Lane/Moatfield/Crakes farm/Kent Street and Park Lane areas I have seen a myriad of wildlife over the years and enjoyed the beautiful ever changing environment.

I cannot believe that anyone who's visited these locations can honestly say they are suitable for what's being proposed. So I would like an accompanied site visit to "enlighten" Rampion and express my views on this beautiful, unspoilt area with it's wildlife and diverse countryside.

Thank you
