We write in response to the Rule 6 letter pursuant to the Section 88 and 89 Planning Act 2008 (“Act”) and The Infrastructure Planning (Examination Procedure) Rules 2010 regarding the application by Rampion Extension Development Ltd (“RED”) for a new offshore windfarm.

We act on behalf of Green Properties (Kent & Sussex) Ltd who is an interested party with unique reference number 20045340. The purpose of this letter is to deal with the respective procedural points as detailed in the Rule 6 Letter.

Responses to the Rule 6 letter

Clarification on Specific Hearing (ISH1)

1. Our client is intending to make written submissions on the matters to be considered at ISH1 (Environment).
2. If it is necessary to present written evidence in advance of ISH1 there does not appear to be any timetable or procedure for accommodating the submission of those written submissions and evidence. This is contrary to the indication given in Annex B (page B8) of the Rule 6 letter. We would be grateful for clarification on how the Examining Authority anticipates managing this.
