Good Morning,

With reference to the Rampion 2 project and its environmental impact to the surrounding area , I would like to request an accompanied visit to and along Dragons Lane and Cratemans Farm. This, as I'm sure will be evident during the visit, is an environmentally sensitive area. The lane itself provides much needed peaceful access to the countryside both for local wildlife and nearby residents.

As a frequent cyclist and walker in this undisturbed area, it further acts as a safe entry corridor , away from the busy A272 & A281 to allow exploration of our local area.

May I suggest a May/June visit when the countryside is at its flourishing best and you can appreciate the locality and scale, not just from a vehicular view point.

Kind regards
