Subject: Rampion 2 offshore wind farm development in Cowfold

You don't often get email from [REDACTED]. [Learn why this is important](#)

Greetings,

I am responding to the 16 January 2024 deadline to request an **accompanied site visit** to areas that will be effected by the planned haul road access to the development; specifically the area between Kent Street and Moatfield Lane and, also, the Cratemans Farm area, including Cowfold Stream.

In order to appreciate the full environmental impact of the work on local flora and fauna, I would suggest Spring, perhaps May, would be a most suitable time. That way, you would fully appreciate the potential damage and disruption that would occur by the use of these access routes.

Michael J. Gething, *MRAeS, MCIJ*
